Connect canyons to neighborhood
Urban 'orchard' trails
+ complete green streets
EL CAJON: DENSITY: PERHAPS HIGHER ON SOUTH
Digs in University: potential for larger/taller bldgs that are less visible: Cuplicks & pass get filled here!
Complete street: Park Blvd.
Uptown sidewalks
Improve (e) E-W connection
Lake
Mobility Hub
Complete Plan
Elliptical opportunity
Current to sidewalks
ONE-WAY?
Luis Wood
* ALLEYS AS CROSS-PROPERTY FACILITIES: - REFUSE - RECYCLING - ENERGY (SOLAR, ETC.) + WATER RECLAMATION
* CANYONS: POTENTIALLY CONFLICTING INTEREST OF ACCESS & HABITAT
: SCARY & ILLICIT USES, BUT MORE PROPER USE COULD DISPLACE ILLICIT ONES.
- Using Streets for urban forestry
- Arizona, Myrtle, Granada and others are really wide.
- Vacate Streets for water reclamation facilities.
