SUBJECT: **Annual Holiday Construction Moratorium - 2011**

It is once again time to remind those who do construction work on public streets within the City of San Diego about the Annual Holiday Construction Moratorium. This construction moratorium applies to the downtown area and to all other streets adjacent to major retail shopping areas of the City. The purpose of this moratorium is to minimize traffic impacts of construction on retail merchants and customers during the "holiday season".

The limits of the downtown area are described as Cedar Street on the north, 12th Avenue on the east, Harbor Drive on the south, and North Harbor Drive on the west. Please see enclosed map showing the downtown moratorium area. Also included are the streets around Fashion Valley Center, Mission Valley Center, University Town Centre, downtown La Jolla as well as other major community retail shopping areas within the City of San Diego.

Construction activities which affect either on-street parking, vehicle travel lanes, or pedestrian sidewalk areas should be scheduled either before or after the holiday season. **The holiday season is described as starting on Thanksgiving Day and extending to New Year's Day.**

If this notification applies to others in your organization, please pass this along to them.

Your cooperation will be greatly appreciated. If you have any questions, please contact Ali Sabouri at (619) 446-5359.

Sincerely,

A. French Gonsalves
