San Diego Police Department Central Division Detectives asking for the public's assistance.

On December 29, 2015, two unknown Hispanic/Caucasian males entered an unoccupied and recently renovated residence at 2832 Beech Street. The males pried open a window with an unknown tool. The male with the hat entered the residence and opened a door for the second male. They carried a backpack with them while inside of the residence. While inside the residence, they appeared to know where the surveillance cameras were and pushed them upwards toward the ceiling.

The males took a high end Bertazzoni 36" 6 burner stove valued at $5,000.00 dollars. The company, Blue Centurion Homes, purchases homes and renovates the houses before selling them. The residence at 2832 Beech Street is the second home that has been remodeled and burglarized within a week of completion with a high end appliance stolen.
