RESOLUTION NO. 153558

WHEREAS, the City Manager has recommended the construction of concrete walls, paving of existing paths and resurfacing of roads at the Balboa Park nursery, in the City of San Diego, California; and

WHEREAS, said City Manager has submitted estimates for said work, and has indicated that the same can be done by the City forces more economically than if let by contract; NOW, THEREFORE,

BE IT RESOLVED, By the Council of The City of San Diego, as follows:

That the City Manager be, and he is hereby authorized and empowered to do all of the work in connection with the construction of concrete walls, paving of existing paths and resurfacing of roads at the Balboa Park nursery, in said City, by appropriate City forces, in accordance with his said recommendation.

Presented by _____

Approved as
to form by J. F. DuPAUL, City Attorney,

By _____
Chief Deputy.

REQUEST FOR COUNCIL ACTION

2. FROM: Park & Recreation Director

3. DATE: 3/3/59

4. ACTION REQUESTED:

Council Resolution authorizing the City Manager to use city forces for the paving of existing paths and resurfacing old road at Balboa Park Nursery.

Ref. Approved and Budgeted Improvement Request #26-6

5. SUPPORTING INFORMATION:

Area involved is one of the most heavily traveled sections of the nursery. The dirt generated in this area makesit impossible to produce clean cut flowers and special plants. Mud in the winter makes operation of power cart very difficult. Paving will eliminate these situations.

This improvement has been modified to exclude culverts and install appropriately shaped gutter with concrete catch basin.

Due to plant moving requirements and general scheduling, between Park Division and the personnel performing the work, this work can be done more economically by City forces. Since work must be done in small amounts, this project will most likely not conform to private contractor operations.

REQUEST FOR COUNCIL ACTION

2. FROM:
Park & Recreation Director

3. DATE: 3/3/59

4. ACTION REQUESTED:
Council Resolution authorizing the City Manager to use appropriate city forces for the construction of concrete walls at Balboa Park Nursery, ~~as previously approved and budgeted.~~

~~Ref. Improvement Request #26-5~~

5. SUPPORTING INFORMATION:

The existing terrace walls are deteriorated and no longer functional. The area of the nursery involved is situated on a steep grade and requires concrete walls to prevent erosion and thus provide areas for field stocks.

Due to plant moving requirements and general scheduling, between Park Division and the personnel performing the work, this work can be done more economically by City forces. Since work must be done in small amounts, this project will most likely not conform to private contractor operations.
