Subject: City of San Diego Housing Element Annual Progress Report 2021

I am pleased to submit the City of San Diego's Housing Element Annual Report for the Calendar Year 2021 in compliance with Government Code Section 65400. In order to demonstrate compliance with the housing element, the City must report on the following:

- Housing Development Applications Submitted (Table A)
- Annual Building Activity Report Summary (Table A2)
- Regional Housing Needs Allocation Progress (Table B)
- Program Implementation Status (Table D)
- Units Rehabilitated, Preserved and Acquired for Alternative Adequate Sites (Table F)
- Locally Owned Lands Included in the Housing Element Sites Inventory (Table G)
- Locally Owned Surplus Sites (Table H)
- Local Early Action Planning (LEAP) Reporting

Income restricted residential building activity is based upon units that have recorded covenants or deed restrictions that limit rents or sale prices over a period of time. Those units that do not have a recorded covenant or deed restriction are considered to be market-rate and are listed in the above-moderate income category.

Should you have questions about this report please contact me at (619) 533-4546 or by email at (salitchney@sandiego.gov).

Sincerely,

Seth Litchney
Community Planning & Housing Program Manager
City of San Diego Planning Department

Jurisdiction	San Diego	
Reporting Year	2021	(Jan. 1 - Dec. 31)
Planning Period	6th Cycle	04/15/2021 - 04/15/2029

Total Units			**5,033**	**-**	**-**	**-**	**-**	**-**	**-**	**-**	**-**	**5,033**	**103,003**

Note: units serving extremely low-income households are included in the very low-income permitted units totals and must be reported as very low-income units.

Please note: For the last year of the 5th cycle, Table B will only include units that were permitted during the portion of the year that was in the 5th cycle. For the first year of the 6th cycle, Table B will include units that were permitted since the start of the planning period.

Please note: The APR form can only display data for one planning period. To view progress for a different planning period, you may login to HCD's online APR system, or contact HCD staff at apr@hcd.ca.gov.

ANNUAL ELEMENT PROGRESS REPORT
Housing Element Implementation

(CCR Title 25 §6202)

Jurisdiction	San Diego	
Reporting Year	2021	(Jan. 1 - Dec. 31)

Table D

Program Implementation Status pursuant to GC Section 65583

Housing Programs Progress Report

Describe progress of all programs including local efforts to remove governmental constraints to the maintenance, improvement, and development of housing as identified in the housing element.

1	2	3	4
Name of Program	**Objective**	**Timeframe in H.E**	**Status of Program Implementation**

Affordable / Infill Housing and Sustainable Buildings Expedite Program. This program reduces processing times for discretionary and ministerial permits for projects that meet established criteria as affordable housing, infill housing, or sustainable projects.	Metric(s) # of expedited projects # of units in expedited projects Targets 15 projects per year 50 units per year	Short-term	Status: Ongoing. In addition to the Expedite Program, the Development Services Department now offers Express Plan Check service for all building permits except 1-2 unit residential projects and ADUs, and the Permit Now Program for ministerial permit applications for affordable housing projects and Master Plan Phased Residential Development of multifamily dwellings. Milestones: •56 Expedite ministerial building permits issued •1,056 housing units in Expedite ministerial projects for which building permits were issued •343 Express Plan Check ministerial building permits issued •2,806 housing units in Express Plan Check ministerial projects for which building permits were issued •7 Expedite discretionary permits/entitlements approved •5,711 housing units in Expedite discretionary permit/entitlement projects for which permits were approved •1 Express Plan Check discretionary permit/entitlement approved •20 housing units in Express Plan Check discretionary permit/entitlement projects for which permits were approved •Received Expedite Program applications for 11 affordable housing projects comprising 310 housing units Public Participation: In 2021, Development Services Department (DSD) staff hosted quarterly Technical Advisory Ad Hoc Committee (TAC) virtual public meetings. Input from the TAC and members of the public is utilized in the #DigitalDSD initiative, which aims to modernize DSD's workplace systems and cost-effectively leverage technology to increase permitting productivity and improve service delivery. In addition, throughout 2021, DSD hosted a webinar training series for permit applicants to assist

Innovation and Technology Division. This division within the Development Services Department tracks and manages information and data services for City permitting and related business processes.	Metric(s) # of initiatives completed Targets At least 8 per cycle	Short-term	Status: Ongoing. Planning Department and Innovation and Technology Division staff developed and submitted an application for the Housing Acceleration Program grants available through SANDAG to fund an initiative that improves accuracy of permitting data and streamlines permit approval processes. In 2021, Innovation and Technology Division staff implemented the following initiatives and improvements: virtual plan check counters, virtual appointments with staff, cloud permitting implementation, ongoing cloud permitting enhancements, Microsoft Power BI analytics dashboards, data quality control dashboards, geospatial zoning and permit maps (Zoning and Parcel Information Portal, ADU Map, Cannabis Map, and Traffic Control Permit Map), and data pipeline developments. In addition, the development of a permitting Call Center and an improved permit lookup map are in progress. Milestones: 8 initiatives completed in 2021. Public Participation: In 2021, Development Services Department (DSD) staff hosted quarterly Technical Advisory Ad Hoc Committee (TAC) virtual public meetings. Input from the TAC and members of the public is utilized in the #DigitalDSD initiative, which aims modernize DSD's workplace systems and cost-effectively leverage technology to increase permitting productivity and improve service delivery. In addition, throughout 2021, DSD hosted a webinar training series for permit applicants. The recorded webinars are available on the DSD website (https://www.sandiego.gov/development-services/news-programs/webinars).

Housing Code Enforcement. Continue and, where possible, expand housing-related code enforcement activities. Emphasize amelioration of defects that threaten the basic health and safety of occupants and the community. Strive to first connect low-income households that are not compliant with resources to help them pay for and complete repairs.	Metric(s) # of properties referred for repair support Targets 100 properties per year	Medium-term	Status: Ongoing. Housing code enforcement is ongoing. Development Services Department Code Enforcement Division (CED) staff work with all property owners and responsible parties to identify needed compliance measures to resolve code compliance issues. CED provides information to property owners and responsible parties on Development Services Department resources for compliance. Property owners that are unable or unwilling to remediate substandard conditions are referred to the Office of the City Attorney's Nuisance Abatement Unit (NAU) to assist with achieving compliance. Property owners can be matched with a conservator to assist with compliance, if appropriate. Tenants living in substandard conditions are provided with relocation benefits and given access to a Victim Services Coordinator. Planning Department staff is researching options for a repair support program for low-income property owners. Milestones: No milestones completed this year. Public Participation: N/A

Placemaking Program. The City's Development Services and Economic Development worked together to adopt the City's Placemaking Ordinance. The Development Services Department implements the Placemaking Ordinance and assists interested applicants to obtain permits for placemaking projects on private property and in the public right-of-way that activate and enhance neighborhood spaces. [Note: The description and metrics for this program have been updated to reflect current and ongoing program activities.]	Metric(s) # of projects permitted Targets 3 projects permitted per year	Short-term	Status: Ongoing. After adoption of the Placemaking Ordinance in a joint effort by the City's Economic Development and Development Services Departments, implementation of the ordinance has transitioned to the Development Services Department. In addition to the existing Placemaking Ordinance allowing placemaking projects to be permitted on private property and in the public right-of-way, in late October 2021, the City Council adopted the Spaces as Places Regulations which will allow a variety of outdoor amenities to be permitted to occupy the public right-of-way. Outdoor amenities can include street, sidewalk, and parking lot cafes, activated sidewalk extensions, and pedestrian-only street promenades. The City will begin accepting permit applications for Spaces as Places projects in early 2022. Milestones: 6 placemaking projects permitted under the City's existing regulations. Public Participation: The City's Spaces as Places program involved substantial public outreach, ranging from surveys to workshops, as well as public hearings of the City's Planning Commission, City Council Committees, and City Council.

HUD Entitlement Grants, the City's Consolidated Plan, and the Consolidated Plan Advisory Board. The City is an Entitlement Grantee for grants from HUD, which means that the City receives new HUD grant funding every year. These annual HUD grants include Community Development Block Grants (CDBG), HOME grants, Emergency Solutions Grants (ESG), and HOPWA grants, and are administered by the City's Economic Development Department. All of these grant programs serve low- and moderate- income residents by helping them meet their housing needs. Every five years, the City must develop a Consolidated Plan that assesses the needs of low and moderate income citizens and identifies	Metric(s) # of grants awarded Targets 35 direct assistance HOME grants per year 40 CDBG rental rehab grants per year 112 new rentals units via HOME grants per year 80 homeowner rehab CDBG grants per year	Short-term	Status: Ongoing. Grants are awarded on a fiscal year (FY) basis (July-June) annually. In FY 2021 (July 2020-June 2021), CDBG and ESG funds were used to operate the following homeless shelters and services: • Connections Housing San Diego • Family Interim Housing Program • Housing Facility for Homeless Adults (Paul Mirabile Center) • Rapid Rehousing Programs • Day Center Program • Interim Housing Milestones: In FY 2021: • 37 first-time homebuyers received interest-deferred loans and closing cost assistance grants via HOME funds. • CDBG funds were granted to rehabilitate an affordable housing building with 33 units. • CDBG funds were allocated to the San Diego Housing Commission Affordable Housing Loan Fund to finance the rehabilitation of 24 affordable housing units. • HOME funds contributed to the completion of three affordable rental housing projects with a total of 186 units, of which 41 are HOME-designated units. Public Participation: In developing the Fiscal Year 2020-2024 Consolidated Plan, the City conducted an extensive citizen community participation effort by engaging citizens and key partners. The City received input from elected officials, City departments, local nonprofit agencies, community stakeholders, and beneficiaries of entitlement. 344 participants provided input on the Consolidated Plan's goals and priorities through a total of 16 community and stakeholder consultation meetings held throughout San Diego. In addition to the consultation meetings, 1,186 participants provided responses to an online Community Needs Survey via the City's website. Input received informed the development of the priorities and strategies contained within the five-year plan.

Affirmatively Furthering Fair Housing. The City continues to take action on its own and participate in an ongoing regional collaborative effort to reduce impediments to fair housing choice and affirmatively further fair housing through education, testing, and enforcement activities. The objective of this effort is to address and eliminate housing discrimination as identified in Appendix A, the Assessment of Fair Housing, and the Regional Analysis of Impediments to Fair Housing Choice. City staff will amend the Housing Element, if needed, to address the requirements of AB 686.	Metric(s) # of paired tests # of persons reached # of fair housing presentations or workshops # of articles published in local media on fair housing topics # of fair housing training sessions for property managers and landlords # of fair housing trainings for non-profit agencies Targets 225 paired tests 38,000 persons reached 225 fair housing presentations or workshops 45 articles published in local media on fair housing topics 9 fair housing training sessions for property managers and landlords 9 fair housing trainings for non-profit agencies	Short-term	Status: Ongoing. The City amended the Housing Element in June 2021 to address the requirements of AB 686 through a newly prepared Assessment of Fair Housing prepared per the April 2021 HCD AFFH guidelines and through new Housing Element programs. The City of San Diego continued to engage with Legal Aid Society of San Diego, Inc., to provide outreach, education, investigation, and enforcement assistance related to Fair Housing in the City of San Diego. Legal Aid has a working relationship with several organizations that serve protected groups and provides these organizations with regularly scheduled trainings on a variety of topics, including fair housing. An outcome of these trainings has generated an increase in calls to the Fair Housing Hotline. Due to the pandemic, trainings were moved online, and paired testing was limited. Paired testing was also limited due to a reduced number of rentals on the market. A Fair Housing web page and hotline (1-844-449-3500) were maintained for residents to call, if they believed they experienced housing discrimination. Milestones: In FY 2021: •36 paired housing tests were completed •3,999+ persons reached with information, assistance, and workshops: •222 multilingual informational brochures (hard copies) were distributed (217 in English, 5 in Spanish) •Fair Housing newsletter distributed to 1,559 landlords •Over 200 flyers distributed to landlords about how to comply with the City's Source of Income Ordinance requirements and benefits of renting to HCV holders •1,601 fair housing inquiries were received •148 unduplicated investigations were implemented •199 unduplicated investigations were resolved. From these investigations, 14 were conciliations, 5 were referred to HUD and 5 DEFH. 3 are still pending resolution •26 fair housing workshops were conducted for home seekers, homebuyers, and tenants; 246 people attended. Workshop highlights include:

Adequate Sites Inventory. The City will establish a system to coordinate tracking units with Development Services staff, who process permitting, to ensure that as projects are developed, there is adequate capacity available citywide to meet the City's RHNA targets.	Metric(s) # of units constructed # of units of capacity available Targets RHNA targets	Short-term	Status: Ongoing. A process guide was developed for use by Development Services Department permitting staff to check remaining housing capacity when reviewing permit applications. A full review of the Adequate Sites Inventory, permitted projects, and remaining housing capacity will be conducted in 2023 as required by the letter from HCD certifying the City's Housing Element. Milestones: 4,920 housing units permitted in 2021 Public Participation: Public participation will be obtained during a public hearing of the Land Use and Housing Committee of the City Council post-APR submittal.
Community Plan Updates. The City will continue updating community plans to provide certainty in development; to identify areas appropriate for infill, residential, and mixed-use development; to encourage location- and resource-efficient development; and to provide Programmatic EIRs for tiering.	Metric(s) # of units added # of plans updated Targets At least 130,000 units of additional capacity At least 10 plans updated	Short-term	Status: Ongoing. The Clairemont Community Plan update timeline for completion has been extended to allow time to identify opportunities to plan and zone for additional housing capacity. The Mira Mesa, University, and College Area Community Plan Updates and Hillcrest Focused Community Plan Amendment are all ongoing. In addition, the Planning Department initiated the Blueprint SD project, which will analyze where housing is needed to support the City's Climate Action Plan, transit use, and active transportation. The analysis will then be used to prepare an environmental impact report that will streamline future land use plan updates and assist the City in meeting its climate goals. Blueprint SD is anticipated to go through the public hearing process in Fall 2022. Milestones: No milestones completed this year. Public Participation: Regular meetings are held with the relevant Community Planning Group, Community Planning Group Subcommittee, or Community Plan Update Advisory Committee for each Community Plan Update. In addition, community engagement events, Planning Commission workshops, and public hearings are held throughout the Community Plan Update processes, which provide additional community engagement and public comment opportunities.

Housing Ordinance and Policy Team. The Planning Department in 2019 established a team to bring forward policies and ordinances to help facilitate the City's housing goals.	Metric(s) # of code updates completed # data reports issued # of initiatives completed Targets At least 1 comprehensive update per year Issue 2 reports per year (annual inventory and APR) At least 3 initiatives per year	Short-term	Status: Ongoing. The team worked on the following code updates, reports, and initiatives in 2021: • The 2020 and 2021 comprehensive Municipal Code Updates, which were adopted in 2021. • The 2021 Housing Element APR, which was submitted to HCD on time. • The 2021 Annual Housing Report (formerly called Annual Housing Inventory Report), published in July 2021. • Airport Code Amendments (simplifying existing regulations and adding regulations for two additional airport land use compatibility plans), adopted in October 2021. • The Housing Action Package, Part 1, which was presented to the City's Planning Commission in December 2021 and received a recommendation to the City Council to approve the package. The City Council hearing will occur in 2022. The Housing Action Package includes proposed Municipal Code amendments to: o Implement SB 9 locally. o Bring the City's ADU regulations into consistency with SB 9. o Allow affordable units provided as part of density bonus projects to be built off-site at sites in High Resource areas that are near transit. o Provide incentives for non-residential development in exchange for payments to the City's Affordable Housing Trust Fund or building affordable housing units. o Create more flexibility in the City's Live/Work Units regulations. o Allow by-right affordable and middle-income housing developments on existing and new publicly-owned sites. o Incentivize housing developments to include more accessible housing than required by the California Building Code. o Incentivize development of housing units with three or more bedrooms, with additional incentives for middle income-affordable 3+ bedroom units. o Extend building permit expiration for phased development of residential master plan projects.

Housing Element Required Amendments. City staff may make non-legislative or technical changes to the adopted and certified Housing Element, if needed, at the request of the California Department of Housing and Community Development to incorporate any state requirements that are changed or implemented during the 6th cycle (2021-2029). This includes any non-legislative or technical changes necessary to reflect the adopted RHNA targets, upon which HCD would need to provide concurrence.	Metric(s) HCD-requested HE amendments adopted by City Council Targets HCD-requested HE amendments adopted by City Council	Short-term	Status: Ongoing. The City amended its Housing Element in June 2021 to make the required findings regarding the likelihood of redevelopment of non-vacant sites and to meet the State's Affirmatively Furthering Fair Housing (AFFH) requirements issued in April 2021. No additional amendments have been requested by HCD to date. Milestones: Adopted the requested amendments and received HCD certification. Public Participation: A public hearing of the City Council was held on June 8, 2021 regarding the amendments. HCD held a public comment period on the amendments prior to certifying them.

Annual Municipal Code Updates. The City will continue to identify opportunities to modify the code to provide more certainty and flexibility in the project application and permitting approval process. Each update will include all State legislative changes to ensure local consistency with State requirements and to minimize conflicts with and reduce redundancy between codes.	Metric(s) # of code updates completed Targets At least 1 comprehensive update per year	Short-term	Status: Ongoing. The 2020 and 2021 comprehensive Municipal Code Updates were adopted in 2021. Milestones: Two code updates completed. Public Participation: Code update requests are solicited from community members at the start of each annual code update process. Community engagement events, Planning Commission workshops, and public hearings are held throughout the code update process, which provide additional community engagement and public comment opportunities. The Development Services Department also facilitates monthly public meetings of a Technical Advisory Ad Hoc Committee to provide input on the development review process and regulations.
Historic Neighborhood Accessory Dwelling Unit Guidance. Develop guidance and suggestions for how homeowners can successfully add ADUs to properties that are designated as historic or are located within historic districts.	Metric(s) Guidance issued # of units Targets Release guidance At least 500 units during the 6th cycle	Medium-term	Status: Not started. Milestones: No milestones completed this year. Public Participation: N/A

Voluntary Accessibility Program. This program encourages residential development that incorporates accessible design features to meet the needs of as many users as possible. The intent is to reduce the potential for occupants to be displaced from their homes due to a disability, to allow those persons to visit neighboring dwelling units, and to increase the number of accessible dwelling units in the local housing supply that meet long term housing needs by offering incentives that facilitate this type of accessible design.	Metric(s) # of projects # of units Targets At least 100 units during the 6th cycle	Short-term	Status: Ongoing. The Planning Department is proposing to amend the Voluntary Accessibility Program to better incentivize accessible housing. The proposed amendments would offer incentives of multiple dwelling unit residential structures up to 5 stories in height that provide an elevator to all stories, as well as multi-story townhomes or duplexes that meet the California Building Code's accessibility requirements and provide an accessible bathroom, bedroom, and living area on an accessible route. In December 2021, the accessibility regulations were presented to the City's Planning Commission and received a recommendation to the City Council to approve the regulations. The City Council hearing will occur in early 2022. Milestones: No milestones completed this year. Public Participation: The staff of the City's Office of ADA Compliance and Accessibility collaborated on the development of the revised regulations. Workshops and public hearings were held during the process of developing and considering the proposed regulations.

Reasonable Accommodation Program. This program provides a process for consideration of reasonable accommodation requests. A deviation process is available to applicants for circumstances where the existing zoning regulations would preclude residential development for persons with disabilities. This process is codified in the San Diego Municipal Code.	Metric(s) Targets	Short-term	Status: Ongoing. Milestones: N/A Public Participation: N/A
Prosecution and Law Enforcement Assisted Diversion Services (PLEADS). PLEADS is a criminal diversion program established in 2019 that offers low-level drug offenders the opportunity to seek treatment for drug addiction in lieu of incarceration.	Metric(s) Program measures will be dependent upon the future adoption of metrics as identified in the Community Action (CAPH) Plan on Homelessness, adopted in October 2019 Targets As identified in the Community Action Plan on Homelessness (CAPH), a comprehensive analysis with measurable targets will be prepared as each implementation measure is reported annually to City Council	Short-term	Status: Ongoing. The PLEADS program is a collaborative effort between the County of San Diego, City of San Diego, and contracted service providers. Milestones: In Fiscal Year 2021 (June 2020-July 2021), 814 people were accepted into the PLEADS program, stayed, and were given a treatment referral. Between 85-90% of persons referred for PLEADS services self-report being homeless. Public Participation: The PLEADS program is coordinated through the County of San Diego's Behavioral Health Services Department (BHS). BHS engages and consults with the community through a number of advisory boards and councils including the Behavioral Health Advisory Board and Adult Council, as well as at public hearings of the County Board of Supervisors.

Homeless Outreach. The San Diego Police Department's Homeless Outreach Team partners with County social workers and mental health clinicians to conduct field assessments, crisis intervention, comprehensive case management, and more for people experiencing homelessness. Other outreach programs use social workers and peer specialist to connect unsheltered residents with housing and supportive services. [Note: This program was titled "Homeless Outreach Team" in the City of San Diego's 2021-2029 Housing Element. The revised title reflects current breadth of homeless outreach programs.]	Metric(s) Program measures will be dependent upon the future adoption of metrics as identified in the Community Action (CAPH) Plan on Homelessness, adopted in October 2019 Targets As identified in the Community Action Plan on Homelessness (CAPH), a comprehensive analysis with measurable targets will be prepared as each implementation measure is reported annually to City Council	Short-term	Status: Ongoing. The City's Coordinated Street Outreach Program is in partnership with the San Diego Housing Commission and operated by PATH. The program uses trained social workers and peer specialists to connect unsheltered residents with housing and supportive services. Additionally, Alpha Project, Father Joe's Village, and the LGBT Community Center also operate outreach programs to offer shelter and other housing support services. In addition, the City, in partnership with Caltrans and operated by City Net, established an outreach program to serve individuals living in dangerous conditions adjacent to state highways. Milestones: Expanded the City's Coordinated Street Outreach Program and established a new partnership with Caltrans and City Net to provide outreach specific to encampments along highways. Public Participation: The Interagency Implementation Team for the City's the Community Action Plan on Homelessness and its member organizations also interact regularly with a variety of advisory groups, including groups of persons with lived experience, to share updates, receive feedback, and create ongoing dialogue about the work supporting the CAPH. Also, annual budgets for homelessness programs administered by the San Diego Housing Commission (SDHC)'s Homeless Housing Initiatives team, as well as new contracts proposed to be issued or existing contracts requiring renewal approval, are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there

Lead Safety and Healthy Homes Programs. The City's Lead Hazard and Healthy Homes Program and the County of San Diego's Childhood Lead Poisoning Prevention Program work to eliminate childhood lead poisoning and eliminate lead hazards from housing. The Lead Safety and Healthy Homes Program oversees activities related to the City's Lead Hazard Prevention and Control Ordinance and serves as the primary liaison for connecting the community with resources to prevent lead poisoning. The Childhood Lead Poisoning Prevention Program addresses instances of child lead poisoning by caring for lead-poisoned children and identifying and eliminating sources of lead exposure, and referring cases to the	Metric(s) # of individuals provided with lead safety educational information # of lead paint-disturbing construction site visits # of code enforcement cases closed # of training activities provided Targets 15,000 individuals provided with lead safety educational information 1,160 lead paint-disturbing construction site visits 280 code enforcement cases closed 10 training activities provided	Short-term	Status: Ongoing. The City's Lead Safety and Healthy Homes Program (LSHHP) provides education and enforcement of the Safe Work Practice requirements of the City's Lead Hazard Prevention and Control Ordinance; provides education and consultation to local agency housing code enforcement staff on lead inspection and risk assessment; responds to tips about and canvasses high risk neighborhoods to identify and remedy properties with lead risk and substandard housing conditions; and responds to referrals from the County's Childhood Lead Poisoning Prevention Program. As a result of a 2019 settlement agreement between the State of California and lead paint manufacturers, the City of San Diego will receive $15 million in damages which will be used to eliminate lead hazards in privately owned housing built prior to 1960, to implement an education and outreach campaign, and to fund lead hazard remediation workforce development. In 2021, LSHHP worked to establish the groundwork for these activities: creating a database to monitor program activities and costs, including subcontracted activities; finalizing contract specifications for lead hazard evaluation services; and developing a contract agreement for a non-profit partner to provide program enrollment and household education services. Milestones: In 2021, the City's LSHHP program: • Sent 1,904 educational notifications via email or mail to lead paint-disturbing activity building permit contacts about lead-safe work practices and their benefits to employees and the community • Conducted 146 unannounced visits to lead paint-disturbing construction activity sites to verify safe work practices compliance; from which 14 Notices of Violation resulted • Worked on 64 active code enforcement cases, including: o 34 cases related to unsafe work practices o 21 "Notice to Comply" cases resulting from high risk neighborhood canvassing o 8 substandard housing cases resulting from tenant complaints regarding living

Community Balance. The City and SDHC will monitor affordable multifamily housing by community and develop programs that incentivize an equitable distribution of affordable multifamily housing across all areas of the City. The City will also work with SDHC and other partners to monitor permanent supportive housing, transitional housing, and emergency shelter capacity to ensure adequate shelter is provided to meet the needs of all individuals experiencing homelessness and to ensure all housing, shelters, and related services are distributed equitably citywide.	Metric(s) # of affordable multifamily housing units produced in each community # of PSH, TH, and ES units or beds available by community Targets N/A; will track affordable, supportive, and shelter units / beds by community	Short-term	Status: Ongoing. In 2021, SDHC launched an online interactive map and dashboard for the City's deed-restricted affordable housing inventory. The map and dashboard allows users to see the affordable housing inventory by community and by City Council district. To encourage the development of affordable housing in communities within the City with few affordable units and in high opportunity areas, the Homes for All of Us – Housing Action Package of Municipal Code amendments includes amendments that would allow the following in areas located near transit, identified as Highest and High Resource Communities by the State of California in the California Tax Credit Allocation Committee Opportunity Area Maps, and in community planning areas with less than 5% deed-restricted affordable housing: 1) Units to be developed in non-residential zones that do not allow multi-family development only if the development is 100% affordable to very low, low, and moderate-income levels; 2) Off-site affordable units built pursuant to the City's Density Bonus program; and 3) Off-site affordable units built pursuant to the City's Inclusionary Housing program. "High and highest resource" communities are defined as having access to high paying jobs, high performing schools, and better air quality. This proposal would further the city's climate and equity goals and is a key component to the City's General Plan Housing Element goals to further fair housing and make all communities in San Diego more accessible for all residents. These amendments, called the "Affordable Housing in All Communities" amendments, were presented to the City's Planning Commission on December 16, 2021, and received a recommendation to the City Council to approve the amendments. These amendments will be presented to the City Council for approval in early 2022. The City also tracks emergency shelter beds, transitional housing units, and permanent supportive housing units by community. Local plans including the draft Regional Community Action Plan to Prevent and End Homelessness in San Diego, led by the Regional Task Force on Homelessness (RTFH), recognize the need for emergency

Access to Opportunity and Housing Legislative and Action Package. The City has identified a package of local legislative efforts and actions to increase access to areas and conditions of opportunity, by increasing housing choices and programs that support racial/ethnic and socioeconomic integration; reduce displacement and racial/ethnic and socioeconomic segregation; and improve community conditions and investment in areas experiencing racial and ethnic concentrations of poverty and related challenges.	Metric(s) # of housing units produced by affordability level in high TCAC Opportunity Areas # of new recreational, active transportation, and transit infrastructure projects located in disadvantaged communities # of new housing units produced annually through each incentive program # of affordable and naturally occurring housing units preserved annually Targets 20% of new housing units produced in high TCAC Opportunity Areas be available for very low, low or moderate income households 50% of new recreational, active transportation, and transit infrastructure projects be located in disadvantaged communities 10% increase in new housing units produced annually through each incentive program 10% increase of affordable and naturally occurring housing units preserved annual	Short-term	Status: Ongoing. •Activities related to affordable housing and access to areas of high opportunity: The Housing Action Package, Part 1, was presented to the City's Planning Commission in December 2021 and received a recommendation to the City Council to approve the package. The City Council hearing will occur in 2022. The Housing Action Package includes proposed Municipal Code amendments to: o Implement SB 9 locally. o Allow affordable units provided as part of density bonus projects to be built off-site at sites in High Resource areas that are near transit. o Provide incentives for non-residential development in exchange for payments to the City's Affordable Housing Trust Fund or building affordable housing units. o Allow by-right affordable and middle-income housing developments on existing and new publicly-owned sites. o Incentivize development of housing units with three or more bedrooms, with additional incentives for middle income-affordable 3+ bedroom units. o Remove the requirement for discretionary permits for increases in density for developments that comply with the City's affordable housing regulations. •Activities related to new recreational, active transportation, and transit infrastructure projects in disadvantaged communities: o In March 2021, the San Diego City Council approved the creation of a Climate Equity Fund to fund infrastructure projects in the City's Communities of Concern, as identified by the Climate Equity Index, to allow these communities to be resilient and adapt to climate change. The fund will be funded annually through the City's budget process, from a percentage of the City's Gas Tax, Local Transnet Sales Tax, and annual Gas and Electric Franchise Fees. Additional revenue sources will be sought to supplement the fund. The first fiscal year (July 2021-June 2022) funding for the Climate Equity Fund is $6.97 million, which will be used to fully or partially fund 11 projects in Communities of Concern, including three park development plans, construction design for one park,

Fair Housing Legislative and Action Package. The City has also identified a package of local legislative efforts and actions to increase access to opportunity for persons with disabilities; increase fair housing services and enforcement and reduce mortgage lending discrimination; address housing needs that disproportionately affect certain communities of color and lower income households; further support households susceptible to displacement; and further increase investment and public services in areas of racially and ethnically concentrated poverty and segregation.	Metric(s) # of new accessible housing units available for disabled persons % of Black and Latino mortgage applicants approved for loan # of City Minimum Wage Ordinance investigations conducted # of persons successfully utilizing Rapid Rehousing/Homelessness Prevention assistance # of naturally occurring affordable housing units preserved in displacement risk areas # of deed-restricted affordable units preserved # of youth served by City recreational programs in RECAPs and minority and poverty concentration areas Targets 20% increase in new accessible housing units Reduced disparity in mortgage approval rates for Black and Latino applicants 10% increase in City Minimum Wage Ordinance investigations conducted 25% increase in persons utilizing Rapid Rehousing or Homelessness Prevention support	Medium-term	Status: Ongoing. Activities in 2021 include: • The Planning Department is proposing to amend the Voluntary Accessibility Program to better incentivize accessible housing. The proposed amendments would offer incentives of multiple dwelling unit residential structures up to 5 stories in height that provide an elevator to all stories, as well as multi-story townhomes or duplexes that meet the California Building Code's accessibility requirements and provide an accessible bathroom, bedroom, and living area on an accessible route. In December 2021, the accessibility regulations were presented to the City's Planning Commission and received a recommendation to the City Council to approve the regulations. The City Council hearing will occur in early 2022. • San Diego City-County Reinvestment Task Force received presentations at its September 16, 2021 public meeting on the state of mortgage lending to Black and Latino applicants, presented by members of the National Association of Hispanic Real Estate Professionals and the National Association of Real Estate Brokers, and these organizations' proposals to increase Black and Latino homeownership. Per 2020 Home Mortgage Disclosure Act data (most recent data currently available), mortgage approval rates for Black and Latino applicants in the San Diego-Chula Vista-Carlsbad Metropolitan Statistical Area (MSA) are lower than overall approval rates and approval rates for White applicants: 68% of all mortgage applications were approved; 70% of applications from White applicants were approved; 60% of applications from Black applicants were approved; and 63% of applications from Hispanic or Latino applicants were approved. Disparities in approval rates persisted across applicant income levels. In August 2021, Local Initiatives Support Corporation (LISC) San Diego in collaboration with the Urban League of San Diego County launched a Black Homeownership Program, with seed funding from The San Diego Foundation's Black Community Investment Fund, to provide down payment assistance grants and homebuying counseling services to black homebuyers. Also in 2021, a collaborative of local organizations and Reinvestment Task Force members was invited to submit and

Innovative Public Engagement. The City is continuously looking for new ways to engage with individuals and organizations about community planning, including parks, transportation, and housing. The City should strive to communicate more often with a wide group of stakeholders, specifically on topics pertaining to housing needs, challenges, and initiatives. Doing so should help accelerate project development and increase collaboration between the City, developers, and stakeholders. The City should embrace technological solutions as a way to reach more people and should participate in more regional and citywide events to reach the broadest range of	Metric(s) % increase in public participation # of new engagement tools or strategies used % utilization of new engagement tools Targets 15 percent increase in public participation during the 6th cycle 3 new engagement tools or strategies used 40 percent utilization of new engagement tools	Medium-term	Status: Ongoing. In May 2021, the Planning Department hired a Public Engagement Program Manager to lead the creation of an equitable public engagement program that guides external engagement for the Department's plans and initiatives. Since that time, the Department has piloted and planned for new public engagement strategies, including partnering with community-based organizations in historically underserved communities to engage their community members, working with theatre-based workshop facilitators to obtain meaningful input from these communities in a culturally sensitive manner, and engaging youth in quick-build implementation projects relating to planning projects. The Department is utilizing new engagement tools such as sending newsletters in English and Spanish to outline upcoming engagement opportunities, partnering with high schools to educate students about our plans and get their input. It is also continuing to create interactive online surveys allowing community members to visualize different alternatives for the future of housing, transportation and infrastructure in order to provide more flexibility in the ways that residents can review information and provide input. In 2022, the Department will kick off an engagement process to learn how community stakeholders want to be involved in our planning efforts, with the goal of creating an equitable public engagement guide for use by all Planning Department staff. Milestones: • 3 new engagement strategies used: partnering with community-based organizations to do outreach and engagement in historically underserved communities; quick-build implementation projects; and working with local high-school students to gather data and provide input. • Utilization of new tools and increases in public participation will be measured in program year 2022. Public Participation: The Planning and Sustainability Departments receive input on

Equity-Specific Outreach. The City's Sustainability Department hired an Equity Coordinator to ensure programming meets the needs of all residents, especially people in historically underserved communities. The City should consider expanding the Equity Coordinator's role to citywide activities, like housing, or evaluate ways to increase staffing to further equitable development.	Metric(s) % increase of citywide investments made in Communities of Concern Targets 10 percent increase	Short-term	Status: Ongoing. The Equity Stakeholder Working Group formed for the City's Climate Action Plan Update, supported by the Sustainability Department's Equity Coordinator, is continuing to meet and provide input on other City projects that affect underserved neighborhoods and resident groups. The City created a Climate Equity Fund in 2021, overseen by the Sustainability Department and funded with a portion the City's TransNet local sales tax, Gas Tax, and utility franchise fee revenues direct contributions from the City's utility franchisee for 5 years. The City anticipates it will be able to start funding projects in Communities of Concern from the Climate Equity Fund in late 2022 (City fiscal year 2023). In addition, the City hired a Chief Officer of Race and Equity in 2021, who will assist City departments including the Sustainability Department in utilizing resources, systems and engagement to best address equity among the City's neighborhoods. Further, the City's Engineering & Capital Projects Department is working on updating City Council Policy 800-14, Capital Improvement Program Prioritization, to better address equity concerns. Milestones: No milestones completed this year. Public Participation: The Sustainability Department's Equity Coordinator facilitates monthly meetings of the Equity Stakeholder Working Group. The working group and City staff are considering and discussing how the working group can continue to advise City staff and projects once the Climate Action Plan Update is completed in 2022.

Language Access Plan. SDHC administers a language access plan to ensure resources are available to residents with Limited English Proficiency (LEP). The City should ensure it is implemented in other housing and development programs and services.	Metric(s) # of households served Targets TBD	Short-term	Status: Ongoing. •SDHC status: In 2021, SDHC completed an assessment of Limited English Proficiency (LEP) populations served/encountered by SDHC programs and activities. SDHC's revised Language Access Plan (LAP) was issued on July 1, 2021, and is available on the SDHC website. The public and program participants are noticed of the availability of free language assistance services via brochures, postings in accessible areas, and community and public notices. The assessment of LEP needs conducted for the preparation of the 2021 SDHC LAP indicated that SDHC programs have approximately 3,500 LEP contacts annually. Spanish and Vietnamese speaking populations are the LEP groups with the most frequent contact with SDHC programs. Language assistance measures in place include written translation of documents, including Vital Documents critical to accessing services and programs, in Spanish and Vietnamese. Translation of documents into Tagalog, Chinese and Somali is completed as funds are available. Other language assistance measures are oral translation, hiring & retention of bilingual staff, interpretation services and sign language interpretation. •Planning Department status: The Planning Department has been increasing availability of interpretation at public meetings, workshops and hearings and translation of draft and final documents during 2021. A set of translation/interpretation contractors have been engaged by the Planning Department to provide services as needed. A translation services request form is available on the Planning Department home page (available in English, Spanish, Filipino, Chinese, and Vietnamese), and agenda translation and interpretation services are made available to the city's community planning groups on request. The Housing Element has been translated into Spanish, as well as the City's General Plan Executive Summary and the recently adopted Parks Master Plan and Barrio Logan Community Plan. •Economic Development Department status: When developing the five-year Consolidated Plans (last updated in June 2019), the department's Community Development Department engages City residents in the language groups with the

2-1-1 San Diego. This non-profit provides 24-hour support by connecting individuals with housing, health, or related needs to relevant services across San Diego.	Metric(s) # of customers served Targets 100,000 customers per year	Short-term	Status: Ongoing. Milestones: In 2021, 2-1-1 San Diego served 265,967 clients living in San Diego County and provided these clients with a total of 400,932 referrals to services. Housing was the greatest area of need for clients, with 23% of clients identifying a housing need. In addition, 14% of clients identified a utilities need and 12% identified an income support and employment need. Client referrals included: •24,365 referrals to the County of San Diego HHSA Self-Sufficiency Programs •22,552 referrals for CalFresh Enrollment Assistance •7,162 referrals to the County of San Diego's Housing Resource Directory •6,657 referrals to the San Diego Housing Commission's COVID-19 Housing Stability Assistance Program •5,945 referrals to the San Diego Housing Commission's Affordable Housing Resource Guide •13,219 referrals to home energy bill assistance programs •7,288 to homelessness assistance coordinated entry sites Public Participation: 2-1-1 San Diego utilizes several processes to obtain client and community feedback on the services 2-1-1 and its partner organizations provide: •Post-call surveys offered after every client call •SMS survey invitations •Emailed input from clients •Case management notes gathered on each call and shared, with client consent, with partner organizations through 2-1-1 San Diego's Community Information Exchange •2-1-1 San Diego analysis of client needs •Partnership with the Regional Task Force on Homelessness San Diego

Legal Aid for Eviction / Unlawful Detainer Recipients. The Legal Aid Society of San Diego, the San Diego Volunteer Lawyer Program, the Tenants Legal Center of San Diego, and other organizations provide free and low-cost guidance, legal assistance, and clinics for renters who have received eviction notices.	Metric(s) TBD Targets TBD	Short-term	Status: Ongoing. The City of San Diego Eviction Prevention Program is in operation to assist low-income renters in the City who are facing eviction due to non-payment of rent or experiencing other housing problems due to the effects of the COVID-19 pandemic. The San Diego Eviction Prevention Collaborative, which was created in 2019 and consists of several organizations including Legal Aid Society of San Diego and the San Diego Volunteer Lawyer Program, created a new tenant assistance resource website in April 2021 called HousingHelpSD.org. The website, available in English and Spanish, brings together vetted tenant information, registration for Know Your Rights workshops, and contact information for all the major organizations providing tenant support and rental assistance funds. Milestones: No milestone information was available from the service providers at the time of reporting. Public Participation: No public participation information was available from the service providers at the time of reporting.

Housing Opportunities for Persons with AIDS (HOPWA). This Federal program is dedicated to the housing needs of people living with HIV / AIDS, providing grants to local communities, states, and nonprofit organizations with projects that benefit low-income persons living with HIV / AIDS and their families. The City and County of San Diego collaborate on the expenditure and administration of these funds.	Metric(s) Provide housing assistance Provide funding to support transitional beds Provide case management Provide information services Targets House 100 participants per year Support for 50 transitional housing beds per year Provide at least 3 educational trainings per year Provide 20,000 people with housing information each year	Short-term	Status: Ongoing. The City of San Diego's HOPWA entitlement grant allocation is expended by the County of San Diego as alternative grantee. Funds are allocated, expend, and reported on each fiscal year (July-June). Milestones: In Fiscal Year 2020-2021, the following services were provided and the following numbers of clients were assisted: • Tenant-Based Rental Assistance housing subsidy: 86 households • Permanent Housing: 66 households • Transitional/Short-Term Housing: 405 households o Hotel/Motel Vouchers: 196 households o Residential Care Facility: 29 households served by 20 beds o Transitional Housing: 191 households served by 128 beds • Short-Term Rent, Mortgage, and Utility Assistance: 39 households • Supportive Services: 631 households o Employment Assistance and Training: 121 households • Housing Information and Referral Services: 2,749 persons Public Participation: Public hearings of the County Board of Supervisors are held annually for the HOPWA Annual Plan and for the HOPWA Consolidated Annual Performance and Evaluation Report (CAPER). In addition, the Regional Task Force on the Homeless (RTFH) convenes the Joint City/County HIV Housing Committee, an advisory body to the County of San Diego Housing and Community Development Services Director. This committee provides meaningful citizen and community participation in the planning process for affordable housing and related support services for persons living with HIV/AIDS.

Homeowner Repair Programs. Rebuilding Together San Diego (RTSD) offers two home repair programs for San Diegans including: •Annual Rebuilding Day: Every April, RTSD provides free “mini-makeover” home repairs and renovations for low-income seniors, elderly, veteran, and disabled homeowners. Volunteers paint, clean-up homes and yards, and perform plumbing, carpentry, and electrical repairs. •Safe at Home: This program addresses home repair and maintenance issues that represent safety risks or limit access to or within the home. This program provides minor repairs, safety and energy-efficiency modifications for low income elderly and disabled homeowners.	Metric(s) # of homes repaired Targets 200 properties per year	Short-term	Status: Ongoing. Milestones: City staff reached out to Rebuilding Together San Diego for program activity information; however, no information was received prior to the reporting deadline. Public Participation: City staff reached out to Rebuilding Together San Diego for public participation information; however, no information was received prior to the reporting deadline.

City Energy, Efficiency, and Conservation Programs. The City's Environmental Services, Development Services, and Public Utilities Departments provide programs and incentives to property owners and residents who implement water conservation, energy conservation, and waste reduction measures. [Note: The description for this program has been updated to reflect the current conservation programs offered by City departments. The metrics and targets for this program have been updated accordingly.]	Metric(s) # of households participating in program Targets 10% increase in participation in programs	Short-term	Status: Ongoing. • The Development Services Department (DSD) issues solar photovoltaic (PV) system permits. DSD has staff dedicated to processing solar PV permits and has a dedicated, staffed counter to assist PV permit applicants. While issuance of solar PV permits is currently robust, the absorption of solar PV systems in the residential realm will increase over time. As fewer residential units remain without solar PV systems permit issuance will likely slow. • DSD implements the City's Affordable Housing, Infill Projects, and Sustainable Buildings Development Regulations, which allow sustainable projects to receive expedited permit processing and deviations to development regulations with a ministerial (vs. discretionary) permit. • The Public Utilities Department oversees water conservation incentive and rebate programs, including rebates for greywater systems, rain gutters, and rain barrels. Milestones: • In 2021, the City issued 3,513 permits for solar PV systems, as compared to 2,611 solar PV system permits in 2020 (34.5% increase). • In 2021, 2 greywater system rebates, 31 rain gutter rebates, and 69 rain barrel rebates were issued. Public Participation: The City's Annual Municipal Code Updates process allows community members, permit applicants, architects, and developers to submit ideas for Municipal Code amendments to improve the City's permitting requirement and processes.

Mobilehome Park Regulations. The City's Municipal Code includes Mobilehome Park Discontinuance and Tenant Relocation Regulations (Chapter 14 Article 3 Division 6), which set forth procedures for the conversion of existing mobilehome parks and spaces to another use to minimize adverse impacts on the housing supply and on displaced persons. Mobilehome parks serve relatively few people and are a homeownership model that depreciates in value and provides short-term affordability instead of the long-term financial equity a condo or house can create for a household. The City should review the Municipal Code to potentially provide language that helps transition	Metric(s) Code changed Targets Code changed during the 6th cycle	Short-term	Status: Ongoing. The City's Mobilehome Park Discontinuance and Tenant Relocation Regulations are implemented through a Mobile Home Park Overlay Zone applied to existing mobilehome park sites. As Development Services Department Land Development Review section staff review discretionary permit/entitlement and ministerial building permit applications, staff identify applicable overlay zones and review projects for consistency with the Municipal Code regulations implemented by the relevant overlay zone(s). Review of the regulations to identify potential improvements will occur in a future program year. Milestones: No milestones completed this year. Public Participation: N/A

Accessory Dwelling Unit Incentive Program. Develop a program to incentivize construction of ADUs that are covenant-restricted for very low, low, and moderate income households.	Metric(s) Adoption of incentive program # of covenant-restricted units Targets Incentive program adopted 40 covenant-restricted units per year	Short-term	Status: The City's Accessory Dwelling Unit (ADU) incentive program was adopted in October 2020 and implemented in early 2021. Since implementation, the ADU Bonus program has received 34 project applications. Milestones: In 2021, 7 projects recorded deed restrictions to restrict 13 ADUs at moderate income (110% AMI) affordable rents. Public Participation: In response to the passing of SB 9 and some concerns expressed City residents regarding the ADU bonus program regulations, some refinements to the ADU bonus program regulations were proposed in the 2021 Housing Action Package. These refinements relate setbacks for multi-story ADUs, landscaping regulations for trees, parking, and development impact fees for ADUs in excess of the first two ADUs larger than 750 square feet. Public workshops and public hearings were held regarding the proposed refinements. The 2021 Housing Action Package, including the ADU bonus program refinements, received a recommendation for approval from the City's Planning Commission in December 2021 and was adopted by the City Council in early 2022.

Affordable Housing Density Bonus Program. This program offers set and scaled density bonuses up to 50 percent of the residential density of the applicable zone, plus incentives or waivers on standard project requirements, in exchange for dedicating a specified percentage of onsite affordable housing available only to very low or low-income households and / or to specific special needs groups. The City's Affordable Housing Density Bonus Program also provides a 100 percent density bonus for affordable micro-units.	Metric(s) # of projects # of units Targets 15 projects per year 50 units per year	Short-term	Status: The Density Bonus program continues to be a popular option for housing developers. SDHC reviewed 56 density bonus project applications in 2021. Milestones: In 2021, 45 projects with a combined total of 299 affordable units recorded deed restrictions. These include 14 projects utilizing the 100 percent micro unit bonus, 2 projects utilizing the unlimited bonus under AB1763, and 3 projects utilizing the Complete Communities program. Public Participation: In response to the public input received during the preparation of the City's Housing Element and its Assessment of Fair Housing, in 2021 the City proposed amendments to the Affordable Housing Density Bonus Regulations, as part of the 2021 Housing Action Package, to allow off-site affordable units proposed as part of a density bonus project or to meet the City's inclusionary housing requirements to be located off-site in a high opportunity area, whereas previously off-site units were required to be located within a certain distance of the density bonus project site. The 2021 Housing Action Package, including the allowance for off-site affordable units to be located in high opportunity areas, received a recommendation for approval from the City's Planning Commission in December 2021 and will be presented to the City Council for approval in early 2022.

Moderate Income Density Bonus Program. This program incentivizes the development of housing that is affordable to moderate-income households. If moderate income units and associated density bonus are combined with 15 percent very low income units or 24 percent low income units, which provide 50 percent density bonus, the maximum combined density increase is 75 percent instead of 50 percent, as otherwise permitted.	Metric(s) Adoption of program # of projects # of units Targets Program adopted At least 400 units during the 6th cycle	Short-term	Status: Approved in July 2020, the “stacked” moderate-income density bonus is not as commonly used among housing developers. As of February 2022, 1 project with 4 units at moderate income recorded deed restrictions under the “stacked” moderate-income density bonus. The majority of units restricted at moderate income are for-sale units under density bonus and rentals restricted through Complete Communities and the ADU Bonus program. Milestones: In 2021, 1 project with 2 units at moderate income recorded deed restrictions under the “stacked” moderate-income density bonus. Public Participation: N/A

The City of San Diego Community Action Plan on Homelessness. The City released a work plan in 2018, which summarizes efforts to provide services to people experiencing homelessness, to reduce homelessness, and to house San Diegans. In October 2019, the City released a Strategic Plan to address homelessness that will be implemented by an inter-agency Leadership Council and Interagency Implementation Team with staff from the City, SDHC, and RTFH.	Metric(s) % reduction in individuals experiencing homelessness Targets Decrease unsheltered population by 50% End Veteran homelessness End youth homelessness	Short- to Medium-term	Status: Ongoing. Milestones: Target: Decrease unsheltered population by 50% •18% increase in unsheltered homelessness in downtown San Diego (from 2020 to 2021 per Downtown San Diego Partnership monthly unsheltered street homeless count, excluding expanded areas) Target: End Veteran homelessness •43% decrease of sheltered veterans experiencing homelessness (from 2020 to 2021 Point-In-Time (PIT) count) Target: End youth homelessness •35% increase in sheltered youth experiencing homelessness (from 2020 to 2021 PIT count) Public Participation: Per the recommendations of the Community Action Plan on Homelessness (CAPH), a Leadership Council, an Interagency Implementation Team (Implementation Team), a Provider Advisory Group, and a Front-Line Staff Advisory Group have been formed and met regularly during 2021. The Implementation Team and its member organizations interact regularly with a variety of advisory groups, including groups of persons with lived experience, to share updates, receive feedback, and create ongoing dialogue about the work supporting the CAPH. In addition, annual budgets for homelessness programs administered by the San Diego Housing Commission (SDHC)’s Homeless Housing Initiatives team, as well as new contracts proposed to be issued or existing contracts requiring renewal approval, are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports

Connections Housing Downtown. This one-stop center serving people experiencing homelessness includes an on-site health clinic, transitional beds, beds for the chronically homeless, permanent supportive, and rental housing for very low income residents.	Metric(s) # of shelter or housing beds Targets Maintain 223 PSH units Serve 450 individuals annually with interim beds	Short-term	Status: Ongoing. The number of interim shelter beds available on a given night were impacted by COVID-19 positivity rates and/or mitigation efforts and contributed to the lower number of persons served. Milestones: Up to 65 interim shelter beds provided nightly; 187 persons served in 2021. Five units leased by tenants with a tenant-based Housing Choice Voucher. Twenty-six residents served via the short-term transitional rental assistance beds with an average of 90 percent occupancy in 2021. Public Participation: PATH, the operator of the Connections Housing Downtown facility, consults with its San Diego Advisory Board regarding local operations. The Interagency Implementation Team for the City's the Community Action Plan on Homelessness and its member organizations also interact regularly with a variety of advisory groups, including groups of persons with lived experience, to share updates, receive feedback, and create ongoing dialogue about the work supporting the CAPH. In addition, annual budgets for homelessness programs administered by the San Diego Housing Commission (SDHC)'s Homeless Housing Initiatives team, as well as new contracts proposed to be issued or existing contracts requiring renewal approval, are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there is time for public comment on the agenda items.

Family Reunification Program. “Housing Navigators,” who are trained to help connect people experiencing homelessness to housing, conduct outreach activities to engage individuals and families experiencing homelessness. The program provides relocation and follow-up services to individuals and families experiencing homelessness. [Note: The metric for this program has been updated.]	Metric(s) # persons reunited Targets As identified in the Community Action Plan on Homelessness (CAPH), a comprehensive analysis with measurable targets will be prepared as each implementation measure is reported annually to City Council	Short-term	Status: Ongoing. Milestones: 290 persons reunited Public Participation: The Interagency Implementation Team for the City’s the Community Action Plan on Homelessness and its member organizations interact regularly with a variety of advisory groups, including groups of persons with lived experience, to share updates, receive feedback, and create ongoing dialogue about the work supporting the CAPH. In addition, annual budgets for homelessness programs administered by the San Diego Housing Commission (SDHC)’s Homeless Housing Initiatives team, as well as new contracts proposed to be issued or existing contracts requiring renewal approval, are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there is time for public comment on the agenda items.

Flexible Funding Program. A Flexible Spending Pool is an innovative way to provide individuals experiencing homelessness with housing by offering master leasing and short-term subsidies for individuals. [Note: The metric for this program has been updated.]	Metric(s) # of households housed Targets As identified in the Community Action Plan on Homelessness (CAPH), a comprehensive analysis with measurable targets will be prepared as each implementation measure is reported annually to City Council	Short-term	Status: Ongoing. Milestones: 42 households housed Public Participation: The Interagency Implementation Team for the City's the Community Action Plan on Homelessness and its member organizations interact regularly with a variety of advisory groups, including groups of persons with lived experience, to share updates, receive feedback, and create ongoing dialogue about the work supporting the CAPH. In addition, annual budgets for homelessness programs administered by the San Diego Housing Commission (SDHC)'s Homeless Housing Initiatives team, as well as new contracts proposed to be issued or existing contracts requiring renewal approval, are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there is time for public comment on the agenda items.

Homelessness Prevention / Diversion. Individuals and families who are newly experiencing homelessness will receive help to identify housing options to avoid entering the shelter system. [Note: The metric for this program has been updated.]	Metric(s) # of households housed Targets As identified in the Community Action Plan on Homelessness (CAPH), a comprehensive analysis with measurable targets will be prepared as each implementation measure is reported annually to City Council	Short-term	Status: Ongoing. Milestones: 94 households housed Public Participation: The Interagency Implementation Team for the City's the Community Action Plan on Homelessness and its member organizations interact regularly with a variety of advisory groups, including groups of persons with lived experience, to share updates, receive feedback, and create ongoing dialogue about the work supporting the CAPH. In addition, annual budgets for homelessness programs administered by the San Diego Housing Commission (SDHC)'s Homeless Housing Initiatives team, as well as new contracts proposed to be issued or existing contracts requiring renewal approval, are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there is time for public comment on the agenda items.

Housing Navigation Center/Homelessness Response Center. This facility people who are experiencing homelessness, or at risk of homelessness, by identifying immediate and long-term housing solutions, providing crisis management, accessing benefits that are important to housing stability, case management and housing navigation, and providing on-site access and referrals to medical, mental health, and substance use disorder services. [Note: The City's Housing Navigation Center is now called the Homelessness Response Center]	Metric(s) Program measures will be dependent upon the future adoption of metrics as identified in the Community Action (CAPH) Plan on Homelessness, adopted in October 2019 Targets As identified in the Community Action Plan on Homelessness (CAPH), a comprehensive analysis with measurable targets will be prepared as each implementation measure is reported annually to City Council	Short-term	Status: Ongoing. San Diego Housing Commission (SDHC) executed an agreement with the program operator in spring 2021 and program opened in May 2021. Milestones: 299 persons enrolled in system navigation services. 6,925 total persons (duplicated) received services at the Homelessness Response Center overall (the total number served may reflect one or multiple services per unique person). Services offered included information and referrals to stabilizing services, referrals to shelter and safe parking programs, assistance accessing mainstream benefits programs, assistance with housing application and housing search, assistance with questions about specific housing programs, assistance obtaining updated identification documentation, supplies to help meet basic needs, and referrals to an array of on-site partner services, among other services. Public Participation: The Interagency Implementation Team for the City's the Community Action Plan on Homelessness and its member organizations interact regularly with a variety of advisory groups, including groups of persons with lived experience, to share updates, receive feedback, and create ongoing dialogue about the work supporting the CAPH. Program staff provided an overview of the program during community presentations with a variety of regional service providers across all interventions as well as at regular community meetings, such as the Regional Task Force on Homelessness' Continuum of Care General Membership meeting. Program leadership participate in regular meetings with local neighborhood associations, neighborhood safety coalitions, and homeless service providers to collaborate and share updates. In addition, annual budgets for homelessness programs administered by SDHC's Homeless Housing Initiatives team, as well as new contracts proposed to be issued or existing contracts requiring renewal approval, are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the

Landlord Engagement and Assistance Program (LEAP). Operated by SDHC, this program provides incentives to landlords with rental properties who rent to individuals and families experiencing homelessness. [Note: The metric for this program has been updated.]	Metric(s) # of housing opportunities created Targets As identified in the Community Action Plan on Homelessness (CAPH), a comprehensive analysis with measurable targets will be prepared as each implementation measure is reported annually to City Council	Short-term	Status: Ongoing. In 2021, San Diego Housing Commission (SDHC) has expanded its landlord outreach and engagement programs to expand rental opportunities for all Housing Choice Voucher (HCV) recipients. SDHC created the Landlord Services Unit, composed of seven specialized staff that provide quality customer service to landlords and tenants participating in the HCV Program. Along with the newly created Landlord Services Unit, SDHC launched its Landlord Partnership Program which focuses on expanding rental opportunities for HCV Program participants by providing both financial and supporting incentives to landlords who rent to HCV Program participants within the city of San Diego. Incentives available to landlords participating in the program now include leasing incentive payments, move flexibility allowance payments, and access to a landlord assurance fund. In addition, to assist households receiving one of 480 Emergency Housing Vouchers serving vulnerable populations including individuals at-risk of, recently, and actively experiencing homelessness, SDHC partnered with 17 service provider organizations to provide case management services to assist recipient households in staying housed. Milestones: 1,093 housing opportunities created Public Participation: The Interagency Implementation Team for the City's the Community Action Plan on Homelessness and its member organizations interact regularly with a variety of advisory groups, including groups of persons with lived experience, to share updates, receive feedback, and create ongoing dialogue about the work supporting the CAPH.

(Neil Good) Day Center for Homeless Adults. People experiencing homelessness are provided with hygiene facilities, mail, case management, and referral services. [Note: The metric for this program has been updated.]	Metric(s) # of persons served Targets As identified in the Community Action Plan on Homelessness (CAPH), a comprehensive analysis with measurable targets will be prepared as each implementation measure is reported annually to City Council	Short-term	Status: Ongoing. Milestones: 5,674 persons served Public Participation: The Interagency Implementation Team for the City's the Community Action Plan on Homelessness and its member organizations interact regularly with a variety of advisory groups, including groups of persons with lived experience, to share updates, receive feedback, and create ongoing dialogue about the work supporting the CAPH. In addition, annual budgets for homelessness programs administered by the San Diego Housing Commission (SDHC)'s Homeless Housing Initiatives team, as well as new contracts proposed to be issued or existing contracts requiring renewal approval, are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there is time for public comment on the agenda items.

Project Homeless Connect. This one-day annual resource fair provides access to a variety of services, such as health care, pet care, behavioral or mental health care, job resources, and housing access, for people experiencing homelessness.	Metric(s) # of people served per year Targets 750 attendees served per year	Short-term	Status: On hold. Project Homeless Connect was not conducted in 2021 due to COVID-19. However, intensive outreach efforts and the resources of Operation Shelter to Home helped fill this gap in calendar year 2020 and 2021. Milestones: N/A Public Participation: Annual budgets for homelessness programs administered by the San Diego Housing Commission (SDHC)'s Homeless Housing Initiatives team, as well as new contracts proposed to be issued or existing contracts requiring renewal approval, are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there is time for public comment on the agenda items.

Rapid Re-Housing. Operated by SDHC, this program helps individuals and families who become homeless because of an unexpected life experience, such as a job loss, domestic violence or a medical crisis. Using the Coordinated Entry System, individuals and families experiencing homelessness are assessed and connected to services and housing. [Note: The metric for this program has been updated.]	Metric(s) # of households served Targets As identified in the Community Action Plan on Homelessness (CAPH), a comprehensive analysis with measurable targets will be prepared as each implementation measure is reported annually to City Council	Short-term	Status: Ongoing. Milestones: The total household served among all programs is 421. The breakdown by program is as follows: • Moving Home and Continuum of Care (CoC) Domestic Violence Hybrid: 155 • CoC Transition Age Youth Rapid Re-Housing (RRH) Merged Grant (3 Programs): 59 households • CoC RRH Grant: 29 households • City RRH Merged Grant (3 Programs): 146 households • City ESG Grant: 32 households Public Participation: The Interagency Implementation Team for the City's the Community Action Plan on Homelessness and its member organizations interact regularly with a variety of advisory groups, including groups of persons with lived experience, to share updates, receive feedback, and create ongoing dialogue about the work supporting the CAPH. In addition, annual budgets for homelessness programs administered by the San Diego Housing Commission (SDHC)'s Homeless Housing Initiatives team, as well as new contracts proposed to be issued or existing contracts requiring renewal approval, are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there is time for public comment on the agenda items.

Safe Parking Lots. This program provides a secure place for people to sleep, with access to restroom facilities and services necessary to secure stable housing. [Note: The metric for this program has been updated.]	Metric(s) # of persons served Targets As identified in the Community Action Plan on Homelessness (CAPH), a comprehensive analysis with measurable targets will be prepared as each implementation measure is reported annually to City Council	Short-term	Status: Ongoing. Milestones: 1,003 persons served among the three Safe Parking Lot locations. Public Participation: The Interagency Implementation Team for the City's the Community Action Plan on Homelessness and its member organizations interact regularly with a variety of advisory groups, including groups of persons with lived experience, to share updates, receive feedback, and create ongoing dialogue about the work supporting the CAPH. In addition, annual budgets for homelessness programs administered by the San Diego Housing Commission (SDHC)'s Homeless Housing Initiatives team, as well as new contracts proposed to be issued or existing contracts requiring renewal approval, are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there is time for public comment on the agenda items.

Storage Centers. These storage centers provide a safe place for individuals who are experiencing homelessness to keep their belongings as they look for work, attend classes, or meet with a service provider or doctor. [Note: The metrics for this program have been updated.]	Metric(s) # of bins available # of persons served Targets As identified in the Community Action Plan on Homelessness (CAPH), a comprehensive analysis with measurable targets will be prepared as each implementation measure is reported annually to City Council	Short-term	Status: Ongoing. The number of bins available at each site is as follows: • Storage Connect Center 1: 500 • Storage Connect Center 2: 257 • Think Dignity Center: 400 Milestones: 1,707 persons served (Storage Connect Center 1, Storage Connect Center 2 and Think Dignity Center) Public Participation: For both Storage Connect Centers, advisory groups were formed to provide a platform for sharing updates and receiving feedback from community stakeholders. The advisory group meetings are held monthly. In addition, the Interagency Implementation Team for the City's the Community Action Plan on Homelessness and its member organizations interact regularly with a variety of advisory groups, including groups of persons with lived experience, to share updates, receive feedback, and create ongoing dialogue about the work supporting the CAPH. In addition, annual budgets for homelessness programs administered by the San Diego Housing Commission (SDHC)'s Homeless Housing Initiatives team, as well as new contracts proposed to be issued or existing contracts requiring renewal approval, are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there is time for public comment on the agenda items.

Bridge Shelters. The City's four Bridge Shelters provide more than 800 beds to address the immediate shelter needs of people experiencing homelessness. [Note: This program was titled "Temporary Bridge Shelters" in the City of San Diego's 2021-2029 Housing Element. The revised title here reflects current program terminology.]	Metric(s) # of beds available Targets 951 beds available	Short-term	Status: Ongoing. The number of bridge shelter beds available on a given night during 2021 were impacted by COVID-19 positivity rates and/or mitigation efforts. Operation Shelter to Home was in operation in the first quarter of 2021, and closed in March 2021. The Bridge Shelters resumed operations as Operation Shelter to Home ended, with a reduced bed availability to ensure proper social distancing. Milestones: 938 beds available. In total, 4,740 single adults and 144 families (consisting of 444 persons) were served. Public Participation: The Interagency Implementation Team for the City's the Community Action Plan on Homelessness and its member organizations interact regularly with a variety of advisory groups, including groups of persons with lived experience, to share updates, receive feedback, and create ongoing dialogue about the work supporting the CAPH. In addition, annual budgets for homelessness programs administered by the San Diego Housing Commission (SDHC)'s Homeless Housing Initiatives team, as well as new contracts proposed to be issued or existing contracts requiring renewal approval, are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there is time for public comment on the agenda items.

Veterans Village of San Diego. This is the region's largest provider of housing and social services for Veterans experiencing homelessness. A 12,772 square foot facility includes community space that can accommodate three classrooms, meeting space, and case management offices. [Note: The metric for this program has been updated.]	Metric(s) # of beds occupied Targets As identified in the Community Action Plan on Homelessness (CAPH), a comprehensive analysis with measurable targets will be prepared as each implementation measure is reported annually to City Council	Short-term	Status: Ongoing. COVID-19 has significantly impacted ability to bring more residents into the programs that house multiple beds per room. This caused lower census per room due to residents being grouped into three categories (No COVID Restrictions Residents, Exposed Residents, and COVID Positive Residents). These three groups of residents could not share rooms and were on different quarantine/ isolation timetables. Due to having to separate these groups, rooms that normally occupied three residents have been in many cases only one holding or two residents in the room for weeks at a time. One phase of the Veterans Village of San Diego (VVSD) campus (out of five) was recently exited by the program partner, leaving 24 beds unoccupied. VVSD is currently in discussion with SDHC/City/County to dedicate these beds to a new upcoming program. Milestones: -Beds occupied: 193 -Beds offline pending new program: 24 -Beds unoccupied due to challenges discussed above: 105 Public Participation: The Interagency Implementation Team for the City's the Community Action Plan on Homelessness and its member organizations interact regularly with a variety of advisory groups, including groups of persons with lived experience, to share updates, receive feedback, and create ongoing dialogue about the work supporting the CAPH. In addition, annual budgets for homelessness programs administered by the San Diego Housing Commission (SDHC)'s Homeless Housing Initiatives team, as well as new contracts proposed to be issued or existing contracts requiring renewal approval, are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program being considered for approval. The Board Reports are posted publicly

Year-Round Interim Housing Program. The Year-Round Interim Housing Program provides 350 beds for adult men and women who are experiencing homelessness. The program includes 140 beds that are set aside for Veterans experiencing homelessness. This permanent facility is operated by Father Joe's Villages at the Paul Mirabile Center on their downtown San Diego campus. Residents have access to supportive services, such as on-site "Housing Navigators" to help them prepare for the next appropriate housing option, including rapid re-housing, transitional housing, or permanent supportive housing. The City's Year-Round Interim Housing Program replaced two temporary Winter Shelter	Metric(s) # of persons served Targets 1,575 persons per year	Short-term	Status: Ongoing. The number of shelter beds available on a given night were impacted by COVID-19 positivity rates and/or COVID-19 mitigation efforts. In 2020 and 2021 beds were reduced to 175 during Operation Shelter to Home and were reserved for clients meeting "high risk" COVID criteria, In 2021 not all 350 beds have been put back online in due to COVID social distancing requirements. Reduced number of bed nights available impacted total number of persons served. Milestones: 829 persons served Public Participation: The Interagency Implementation Team for the City's the Community Action Plan on Homelessness and its member organizations interact regularly with a variety of advisory groups, including groups of persons with lived experience, to share updates, receive feedback, and create ongoing dialogue about the work supporting the CAPH. In addition, annual budgets for homelessness programs administered by the San Diego Housing Commission (SDHC)'s Homeless Housing Initiatives team, as well as new contracts proposed to be issued or existing contracts requiring renewal approval, are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there is time for public comment on the agenda items.

Rental Unit Rehabilitation Program. New rehabilitation program options could be explored, such as rehabilitation grants or loans to rental property owners in exchange for agreements to maintain the property's rental rate at a specific affordability level for a set period.	Metric(s) Targets	Short-term	Status: Ongoing. In 2021, San Diego Housing Commission (SDHC) issued a loan to 1 project for rehabilitation of an existing affordable project. Also in 2021, SDHC issued two Notices of Funding Availability (NOFA) under which acquisition and rehabilitation of naturally occurring or deed restricted affordable units are permitted uses of funding. On June 28, 2021 SDHC issued a Notice of Funding Availability (NOFA) for $16.6 million for Naturally Occurring Affordable Housing (NOAH) Preservation ("Preservation NOFA") under which unit rehabilitation with affordability covenants and acquisition and rehabilitation of rental housing buildings is a permitted use of funds. On August 30, 2021, SDHC issued a Notice of Funding Availability (NOFA) for $16 million for acquisition and new construction, acquisition with rehabilitation, or rehabilitation of affordable and permanent supportive housing developments ("Affordable Housing NOFA"). Milestones: The rehabilitation loan included 41 units of very low-income housing. As a result of the loan, the affordability restrictions were extended for an additional 55 years. Public Participation: Technical assistance was provided and three online webinars were held for potential applicants after release of the Preservation NOFA. A total of 44 interested applicants attended the three webinars. In addition to the webinars for interested NOFA applicants, annual budgets for programs administered by the SDHC, as well as new contracts proposed to be issued or existing contracts requiring renewal approval, are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there is time

Housing Acquisition and Rehabilitation Program. SDHC administers a program to assist non-profit and for-profit developers with acquiring and rehabilitating housing units with a portion of these units to be affordable to low-income households.	Metric(s) # of acquired units # of rehabilitated units Targets 50 acquired units per year 50 rehabilitated units per year	Short-term	Status: Ongoing. In 2021, San Diego Housing Commission (SDHC) issued two Notices of Funding Availability (NOFA) under which acquisition and rehabilitation of naturally occurring or deed restricted affordable units are permitted uses of funding. On June 28, 2021 SDHC issued a Notice of Funding Availability (NOFA) for $16.6 million for Naturally Occurring Affordable Housing (NOAH) Preservation ("Preservation NOFA") under which acquisition and rehabilitation of rental units is a permitted use of funds. On August 30, 2021, SDHC issued a Notice of Funding Availability (NOFA) for $16 million for acquisition and new construction, acquisition with rehabilitation, or rehabilitation of affordable and permanent supportive housing developments ("Affordable Housing NOFA"). The Affordable Housing NOFA includes award of 150 federal Project-Based Housing Vouchers (PBV) for City of San Diego households with low income. SDHC also issues tax-exempt Multifamily Housing Revenue Bonds to provide financing for affordable housing projects on an ongoing basis. In 2021, SDHC issued $8,815,000.00 in Multifamily Housing Revenue Bonds for an affordable housing project that would acquire and rehabilitate 41 rental units. Milestones: 41 units acquired and rehabilitated in 2021. Public Participation: Annual budgets for programs administered by the SDHC, as well as proposed Multifamily Housing Revenue Bond issuances, are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there is time for public comment on the agenda items.

Housing Preservation Program. SDHC performs outreach to owners of properties with expiring covenants to coordinate preservation of the properties and informs owners of properties with expiring covenants about their obligations under State noticing law (per California Government Code 65863). The SDHC Housing Preservation Coordinator established a comprehensive database of all affordable housing units within the city that identifies and reports on expiring affordability covenant dates. The Coordinator is also working on an Affordable Housing Preservation Study, which generated an initial report on expiring covenants, and is developing an ongoing process. SDHC is overseeing	Metric(s) # of units preserved Targets 100 units per year	Short- to Medium-term	Status: Ongoing. In 2020, the San Diego Housing Commission (SDHC) released its affordable housing preservation study, entitled Preserving Affordable Housing in the City of San Diego (https://www.sdhc.org/wp-content/uploads/2020/05/Affordable-Housing-Preservation-Study.pdf). Based on the study, the City Council directed SDHC to implement a seven-action strategy for affordable housing preservation: 1. Direct Residual Redevelopment Property Tax Trust Funds (RPTTF) to affordable housing preservation in one-year increments and within the framework of the City's budget process. 2. Establish a strategic goal, with actual appropriations subject to the City's annual budget process, of using at least 20 percent of the Fiscal Year (FY) 2021 RPTTF as an annual base figure, and any additional growth of the RPTTF in future years for affordable housing preservation. 3. Establish a Small Sites Rehabilitation Program funded with RPTTF to provide an incentive to owners of existing Naturally Occurring Affordable Housing (NOAH) properties to preserve affordability. 4. Provide initial seed funding using RPTTF to create a public-private Affordable Housing Preservation Fund, to serve as a dedicated long-term source of funding for preservation. 5. Develop an Affordable Housing Preservation Ordinance to require that owners of deed-restricted affordable housing properties who wish to sell their property provide a notice of intent to sell to the City of San Diego, SDHC, and qualified nonprofit affordable housing developers. 6. Authorize the establishment of an initial Interagency Preservation Working Group, to be convened by SDHC, for the purpose of building public agency consensus and preservation priorities. 7. Authorize the establishment of a Preservation Collaborative, to include representatives of affordable housing property owners, for- profit and nonprofit real estate developers, housing advocates and tenants' rights groups, to engage the

Choice Communities Program for Section 8 Housing Choice Voucher Holders. SDHC's designation by HUD as a "Moving to Work" (MTW) agency provides enhanced flexibility in the organization's administration of the City's Housing Choice Voucher funding. With its MTW flexibility, SDHC operates the Choice Communities program, which provides more flexibility in monthly maximum rental assistance amounts for voucher-holders to allow voucher-holders to move to neighborhoods that offer more transportation, education, and employment opportunities. [Note: The metric for this program has been updated.]	Metric(s) # of households assisted by rental assistance programs Targets 15,000 households assisted by rental assistance programs per year	Short-term	Status: Ongoing. To further incentivize families to move to areas of opportunity, SDHC added financial and staff resources to its newly expanded Move To Work Choice Communities Initiative. SDHC expanded its focus on landlord outreach and engagement with the creation of the Landlord Services Unit, composed of seven specialized staff that provide quality customer service to landlords and tenants participating in the HCV Program. Along with the newly created Landlord Services Unit, SDHC launched its Landlord Partnership Program which focuses on expanding rental opportunities for HCV Program participants by providing both financial and supporting incentives to landlords who rent to HCV Program participants within the city of San Diego. Incentives available to landlords participating in the program now include leasing incentive payments, move flexibility allowance payments, and access to a landlord assurance fund. To increase housing opportunities through this initiative and to continue to assist as many low-income families as possible, SDHC also continues to assist families through the Mobility Counseling Program. The Mobility Counseling Program provides services including Housing Search Assistance, Security Deposits, and Post-Move Counseling. These program services have succeeded to help participants prepare to enter the housing rental market in Choice or Enterprise Communities, find suitable housing and adjust to a life in a new community. Milestones: • 19,361 of households assisted through the rental assistance programs in fiscal year 2021 (July 2020-June 2021). This includes turnover vouchers (households whose participation in the program concluded). • $411,820 security deposit loan assistance paid in fiscal year 2021. Families moving to Choice or Enterprise Communities are eligible for no-interest security deposit loans and Mobility Counseling assistance. • 1,421 households moved to a Choice or Enterprise Community in fiscal year 2021.

Deferred Payment 3% Interest Loan Program. First-time home buyers purchasing market-rate and affordable homes in the City who earn up to 80 percent of the area median income (AMI) can receive deferred payment three percent interest loans with a term of 30 years. During this time, no monthly payment of principle or interest is required. The loan amount is 17-22 percent of the purchase price for down payment assistance based on borrower's need.	Metric(s) # of loans provided Targets At least 10 loans provided per year	Short-term	Status: Ongoing. Milestones: 52 loans provided in 2021. Public Participation: San Diego Housing Commission (SDHC) provides First Time Homebuyer workshops and Lender/Realtor trainings each year. It also distributes flyers marketing its First Time Homebuyer programs. SDHC receives input from homebuyers, lenders and realtors participating in the programs. In addition, annual budgets for programs administered by SDHC, new programs, and new initiatives are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program and initiative being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there is time for public comment on the agenda items.

Closing Cost Assistance Program. •Closing Cost Assistance Grant Program: City of San Diego first-time home buyers purchasing market-rate and affordability-restricted homes who earn 80 to 100 percent of AMI are eligible for grants of four percent of the purchase price, not to exceed $10,000, forgiven at escrow closing. •Closing Cost Forgivable Loan Program: City of San Diego first-time home buyers purchasing market-rate homes who earn up to 100 percent of AMI are eligible for closing cost assistance of up to four percent of the purchase price, not to exceed $10,000. If the home is sold, refinanced, or not owner-occupied within the first six years of ownership, the	Metric(s) # of grants and loans provided Targets At least 10 grants and loans provided per year	Short-term	Status: Ongoing. Milestones: 52 grants provided and one closing cost loan issued in 2021. Public Participation: San Diego Housing Commission (SDHC) provides First Time Homebuyer workshops and Lender/Realtor trainings each year. It also distributes flyers marketing its First Time Homebuyer programs. SDHC receives input from homebuyers, lenders and realtors participating in the programs. In addition, annual budgets for programs administered by SDHC, new programs, and new initiatives are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program and initiative being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there is time for public comment on the agenda items.

First-Time Homebuyers Education, Counseling, Training and Workshops. These services will be offered by HUD-approved homebuyer education providers, and will provide prospective first-time homebuyers with information, tools, and resources regarding spending plans, credit, mortgage loans, insurance, home maintenance, and other aspects of the homeownership process.	Metric(s) # of workshops hosted Targets At least 2 per year	Short-term	Status: Ongoing. Milestones: 13 workshops held, including one workshop in Spanish. Attendees at the workshops totaled 359. Public Participation: N/A

Low-Interest Loans for Housing Development. SDHC provides low-interest loans for the development of affordable rental housing targeted to extremely low-, very low-, and low-income households including families, seniors, and persons with special needs.	Metric(s) # of projects funded per year # of units constructed per year (completed) Targets Being developed	Short-term	Status: In 2021, San Diego Housing Commission (SDHC) issued loans to 2 projects, including 1 loan for new development and a second loan for rehabilitation of an existing affordable project. The new development loan project included 32 units of extremely low-income housing and 45 units of low-income housing. The rehabilitation loan included 41 units of very low-income housing. Milestones: 2 projects funded. The new development loan project included 32 units of extremely low-income housing and 45 units of low-income housing. The rehabilitation loan included 41 units of very low-income housing. Public Participation: SDHC receives input from local affordable housing developers about its affordable housing finance programs. In addition, annual budgets for programs administered by the SDHC, new programs, and new initiatives are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program and initiative being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there is time for public comment on the agenda items.

Mortgage Credit Certificate Program (MCC). SDHC administers a program to provide qualified first-time homebuyers with MCCs, which allow a credit each year on the homebuyers' federal income tax in an amount equal to 15 to 20 percent of the mortgage interest paid that year. The borrower's federal income tax liability is reduced through a direct credit, thus increasing the income available to qualify for a mortgage loan.	Metric(s) # of credits issued Targets 200 per cycle	Short-term	Status: Not operating as a result of MCC program no longer being funded by State. The City and San Diego Housing Commission (SDHC) would want to reinstate the MCC program if State funding were allocated in future years, because it helps in qualifying more low-income first-time homebuyers for home loans, demand for the program in San Diego is high, and SDHC receives many inquiries from local loan officers about MCC availability. Milestones: N/A Public Participation: SDHC receives input from local loan officers participating in the MCC program.

Rental Housing Assistance Program (Section 8 Housing Choice Voucher Program). SDHC administers the Federal Housing Choice Voucher program, which provides rent subsidies to more than 15,000 low-income families in the City. The average annual income of families with Housing Choice Vouchers is $19,611, and 56 percent of households with vouchers are elderly or disabled. Utilizing the funding flexibilities authorized under HUD's MTW program, SDHC has created programs and partnerships with agencies that encourage rental assistance families to become more self-sufficient and provide expanded opportunities for housing. Examples of MTW activities include: •The Choice Communities	Metric(s) # of households assisted Targets 15,000 households assisted per year	Short-term	Status: Ongoing. Milestones: •19,361 of households assisted through the rental assistance programs in fiscal year 2021. This includes turnover vouchers (households whose participation in the program concluded). •$411,820 security deposit loan assistance paid in fiscal year 2021. Families moving to Choice or Enterprise Communities are eligible for no-interest security deposit loans and Mobility Counseling assistance. (See Choice Communities Program for Section 8 Housing Choice Voucher Holders for additional information.) Public Participation: San Diego Housing Commission (SDHC) receives input on the programs from voucher holders and landlords through the staff of the Rental Assistance Department, the Landlord Services Unit, and the Mobility Counseling Program. In addition, annual budgets for programs administered SDHC, new programs, and new initiatives are presented to the Housing Commission Board of Commissioners for approval and also, when required, to the Housing Authority (City Council) for approval. The Board Reports include details on the operations and budgets for each program and initiative being considered for approval. The Board Reports are posted publicly in advance of these meetings in accordance to public noticing requirements. During the SDHC Housing Commission Board Meetings and the Housing Authority meetings there is time for public comment on the agenda items.

San Diego City-County Reinvestment Task Force (RTF). Created by the City and the County and administered by SDHC, the RTF monitors local banking practices and recommends lending strategies that benefit low- and moderate-income residents. The RTF helps implement the Community Reinvestment Act of 1977 (CRA), a federal law designed to bring lending capital to low- and moderate-income neighborhoods. Banks are granted a public charter conveying numerous economic benefits for which they must, in return, serve a public purpose. As federally regulated financial institutions, they are required to comply with the CRA, which requires that they act affirmatively to meet their local	Metric(s) # of RTF meetings and convenings Targets At least 3 meetings / convenings per year	Short-term	Status: Ongoing. Four public meetings of the RTF were held in 2021. Topics included: • Black, Indigenous and People of Color (BIPOC) homeownership • COVID-19 impact on homeowners • Equitable financial counseling • CRA reform (the RTF submitted a comment letter signed by the Co-chairs to the Federal Reserve and continues to monitor this issue) • Lending circles • Impact of San Diego rental properties purchased by private equity firms • "Roadmap Home 2030" initiative • Public presentation of community reinvestment report and data. The RTF also secured $150,000 grant from Wells Fargo to lead the cross-sector, collaborative development of a plan to create 5,000 net new BIPOC homeowners in the San Diego region by 2025 and began planning activities. Milestones: Four public meetings of the RTF held in 2021. Public Participation: All regular meetings of the RTF are open to the public. Meeting notices and information are posted to the RTF website and emailed to the RTF's distribution list. In response to the COVID-19 pandemic, recordings of virtual meetings were posted to the RTF website.

City Council Policy 900-09, Community Reinvestment. This policy requires that a Community Reinvestment Master Plan be developed and implemented by the RTF, and encourages financial institutions to develop and implement San Diego-specific community reinvestment programs consistent with the spirit of the CRA. Council Policy 900-09 suggests that such a reinvestment program may include “affordable single-family and multi-family residential mortgage new construction and rehabilitation lending and investing, especially to nonprofit organizations and to historically underserved and low- and moderate-income persons.”	Metric(s) # of RTF meetings and convenings Targets At least 3 meetings / convenings per year	Short-term	Status: Ongoing. Milestones: • Four public meetings of the RTF were held in 2021. Topics included: o Black, Indigenous and People of Color (BIPOC) homeownership o COVID-19 impact on homeowners o Equitable financial counseling o CRA reform (the RTF submitted a comment letter signed by the Co-chairs to the Federal Reserve and continues to monitor this issue) o Lending circles o Impact of San Diego rental properties purchased by private equity firms o "Roadmap Home 2030" initiative • Public presentation of community reinvestment report and data. • Secured $150,000 grant from Wells Fargo to lead the cross-sector, collaborative development of a plan to create 5,000 net new BIPOC homeowners in the San Diego region by 2025 and began planning activities. Public Participation: All regular meetings of the RTF are open to the public. Meeting notices and information are posted to the RTF website and emailed to the RTF’s distribution list. In response to the COVID-19 pandemic, recordings of virtual meetings were posted to the RTF website.

Affordable Housing Resource Guide. SDHC annually updates the guide with information about Section 8 rental assistance, SDHC-owned and privately-owned affordable housing, home repair and rehabilitation programs, SROs, shared housing facilities, home purchase assistance programs, and emergency shelters.	Metric(s) Targets Published or updated	Short-term	Status: Ongoing. An updated Affordable Housing Resource Guide was published on October 20, 2021. In addition, in 2021 the San Diego Housing Commission created and published an Affordable Housing Overview interactive dashboard and map (https://public.tableau.com/app/profile/san.diego.housing.commission.sdhc./viz/CityofSanDiegoAffordableHousingOverview/AffordableHousingOverview) that allows residents to find deed-restricted affordable housing units by location throughout the City. Milestones: Guide updated and interactive dashboard and map made available in 2021. Public Participation: N/A

Climate Action Plan (CAP). The CAP, adopted in 2015, is the City's blueprint for building a more sustainable and resilient future for San Diegans. The City continues to implement and monitor progress towards achieving the energy and water efficiency, clean and renewable energy, mobility and land use, zero waste, and resiliency goals outlined in the CAP. Many City departments work together under the Sustainability Department's direction to achieve CAP targets and goals.	Metric(s) VMT mileage reductions Modeshare change Targets Reduce average vehicle commute distance by two miles % modeshare change	Short-term	Status: Ongoing. The City continues to implement the strategies and actions in the 2015 CAP. Housing-related CAP actions that are ongoing or completed include adoption of a local residential energy benchmarking program; adoption of water rate structures to encourage conservation and reuse; adoption of water conservation regulations and plumbing standards; update of grey water system permitting requirements and applicant guidance; formation of a local Community Choice Aggregator (San Diego Community Power); implementing active transportation and transit priority infrastructure improvements; implementation of the San Diego General Plan's City of Villages active transportation and transit-oriented development strategy in community plan updates; implementation of a CAP Consistency Checklist for discretionary permits and municipal projects including planning documents. Also, currently, an update to the Climate Action Plan is being prepared. Milestones: VMT and modeshare data for 2020 and 2021 are not yet available. Public Participation: Sustainability Department produces annual climate action progress reports, the most recent being 2020 due to the Climate Action Plan update, which are presented to the City Council for Councilmember and public comment. In addition, the Sustainability Department is updating the Climate Action Plan through a collaborative and equity-focused public process.

Sustainable Building Practices and Certifications. The City participates in sustainable building practices certification programs for City-owned buildings and should promote adoption of such standards citywide to help achieve the City's energy, water, and waste efficiency goals as outlined in the CAP. Sustainable certification programs recognize buildings that improve quality of life for residents and community members while causing no environmental impact or creating a positive environmental impact. Examples of certification programs include Building Research Establishment Environmental Assessment Method (BREEAM), Green Globes, Leadership in Environmental Design	Metric(s) # of projects participating in certification program Targets 5% increase in participation in certification program	Short-term	Status: Ongoing. The City's Affordable, Infill Housing, and Sustainable Buildings Expedite Program Regulations offer expedited permitting, and deviations to development regulations through a ministerial permit (rather than discretionary permit), to affordable projects in Transit Priority and sustainable development projects that incorporate the Mandatory and Voluntary Tier 1 and Tier 2 Measures of Title 24, Part 11 California Green Building Standards Code. Because of the mandatory elements of the Green Building Standards Code and Milestones: As of the end of calendar year 2021, there are approximately 6 Green Globes certified residential projects, 106 LEED certified residential projects, and 259 total LEED-listed residential projects in the City. Public Participation: Municipal Code update and permit process change requests are solicited from community members at the start of each Annual Municipal Code Update process. Community engagement events, Planning Commission workshops, and public hearings are held throughout the code update process, which provide additional community engagement and public comment opportunities. The Development Services Department also facilitates monthly public meetings of a Technical Advisory Ad Hoc Committee to provide input on the development review process and regulations.

Transportation Demand Management. SANDAG coordinates programs that are increasing the number of people who carpool, vanpool, take transit, bike, walk to work, and telework. One example is the iCommute program. SANDAG works with the City, Caltrans, transit providers, and employers within the City to provide services, including free online ride matching, a vanpool subsidy program, transit solutions, bicycle encouragement programs, and SchoolPool.	Metric(s) % increase in rideshare service usage % increase in carpooling % decrease in VMT Targets 10 percent increase in rideshare service use 10 percent decrease in VMT	Short-term	Status: Ongoing. Milestones: This information has been requested from SANDAG and has not yet been received. Public Participation: N/A
