

Carmel Mountain Community Pool

Is

Closed

The City of San Diego Parks and Recreation Department has been working diligently to reopen the Carmel Mountain Community Pool as quickly as possible to meet the needs of the community. As part of the reopening process, a number of additional maintenance and infrastructure issues were discovered that need to be addressed before the pool is safe for public use. As a result, the pool will need to remain closed until further notice while these issues are resolved. We apologize for the delay, and we appreciate the community's patience as we take the necessary steps to ensure the pool reopens in a safe and accessible manner.

We will keep the public updated as soon as a reopening timeline is firmly established and remain committed to reopening as soon as possible.
