### Introduction

The formation of Community Facilities District No. 1 (Miramar Ranch North) was approved by the City Council of the City of San Diego on January 8, 1991 with the adoption of Resolution R-277111. The CFD was formed to fund the construction and acquisition of authorized public facilities benefiting the Miramar Ranch North development. The public facilities funded through constructions and acquisitions are depicted in Table 1. Additionally, the City Council adopted Resolution R-277110 to incur bonded indebtedness in an amount not to exceed \$73,000,000 to be issued in a phased series. On April 30, 1991, the City Council approved Resolution R-277835 that authorized the sale of 1991 Series A bonds in the amount of \$35,340,000. On November 27, 1995, the City Council approved Resolution R-286622 which authorized the sale of the 1995 Series B bonds in the amount of \$20,865,000 which completes the issuance for CFD No. 1.

On November 30, 1993, the City Council approved modifications to the Community Facilities District with the adoption of Resolution R-283093. The resolution ordered changes to the tax formula to allow partial payoffs of the special tax, modified the list of authorized public facilities to be funded with the proceeds of the bonds and modified the maximum special tax to be applied to developed and undeveloped land.

On June 8, 1998, the City Council adopted Resolution R-290218 which approved Special Tax Refunding Bonds, Series 1998. The Series 1998 Bonds were issued to provide funds (1) to refund and defease the outstanding Community Facilities District No. 1, 1991 Series A Bonds and 1995 Series B Bonds, (2) to establish a reserve fund for the Series 1998 Bonds and (3) to pay the costs of issuing the Series 1998 Bonds.

The purpose of this report is to describe the Fiscal Year 2008/2009 Maximum Special Tax rates and the rates proposed to be levied by the City Council, as well as provide general information regarding the district.

### Rate and Method of Apportionment of Special Tax

The application of the special tax rates to the developed and undeveloped parcels of land within the District is set forth below. Classification of the parcels into developed, undeveloped and exempt property was conducted following the Modified Rate and Method of Apportionment of Special Tax as approved by the City Council on November 30, 1993.

The Rate and Method of Apportionment of Special Tax provides that the special tax shall be levied at its maximum rate upon all developed property. If this amount should exceed the annual levy requirements, the special tax shall be proportionally reduced.

Table 2 illustrates the maximum tax rates and the actual tax rates to be levied, in accordance with the above.

*A. Definitions.* The following terms shall have the meaning specified below:

*Acre or Acreage:* The area of an Assessor's Parcel as shown on the latest map of the County Assessor of the County of San Diego, or if the area of an Assessor's Parcel is not shown on such a map, the area shall be as shown on a current recorded subdivision map, parcel map, record of survey or other recorded document creating or describing the Assessor's Parcel. on all Taxable Property within the District in each ensuing Fiscal Year in which District bonds are outstanding. The determination by the Special Tax Consultant of the Projected Special Tax shall be based upon the reasonable projections of development provided by the property owners of the Taxable Property within the District (projections to be provided to Special Tax Consultant by the property owners of Undeveloped Property on or before March 15 each Fiscal Year Projected Special Taxes are to be calculated until such time as Full Buildout occurs); provided, however, such development projections may not exceed the maximum development permitted by then applicable final subdivision maps, tentative subdivision maps, the Community Plan, the Development Agreement and the Settlement Agreement.

- C. *Maximum Special Tax Rates.* The Maximum Special Tax Rates for Assessor's Parcels in Land Use Categories 1 through 6, commencing with July 1, 1994, are specified in Table 1, below:

<i>TABLE 1 MAXIMUM SPECIAL TAX RATES</i>		
<i>LAND USE CATEGORY</i>	<i>DESCRIPTION</i>	<i>MAXIMUM SPECIAL TAX RATE</i>
1	Residential	\$0.92 per Square Foot of Improvement rounded to the nearest hundred square feet
2	Commercial	\$12,000 per Acre
3	Industrial	\$12,000 per Acre
4	Other	\$12,000 per Acre
5	Undeveloped	\$16,000 per Acre and, if applicable, the Extraordinary Special Tax levy per Acre as determined in Section H
6	Exempt	None

1. Beginning with Fiscal Year 1993/1994, the Building Permit Special Tax will be determined as follows:
  - a. At the time of issuance of building permits within the District, Company, or its successors and assigns, shall pay the Building Permit Special Tax to the District in an amount equal to (i) \$0.92 per Square Foot of Improvement with respect to Residential Property and (ii) \$12,000 per Acre with respect to Commercial, Industrial and Other Property. The equivalent square feet of improvement for Commercial, Industrial, and Other Property shall be computed at 13,000 square feet per Acre. Payment of the Building Permit Special Tax shall be levied until building permits have been issued representing a total of two million (2,000,000) square feet of development within the District. All Building Permit Special Tax proceeds shall be deposited in the Building Permit Special Tax Account (the "Account") and invested and reinvested in Authorized Investments (as defined in the Indenture). Any income realized from such investments shall be deposited in the Account.
  - b. The funds in the Account may be drawn upon only as a result of and to the extent funds in the Bond Service Account (as established by the Indenture), without taking into account transfers from the Reserve Account (as established by the Indenture), are insufficient to pay debt service of the Series A bonds as a result of nonpayment of special taxes on Undeveloped Property. If the

District draws on funds in the Account and thereafter receives payment of the delinquent special taxes or proceeds of a foreclosure sale of the parcel(s) of land for which the special taxes were not paid, such payments and proceeds not required to reimburse the District for its costs of collection shall be deposited in the Account.

- c. Funds in the Account shall be released to the payor(s) of the Building Permit Special Taxes in an appropriate and equitable reimbursement method as determined by the City Manager which release payments shall occur not later than the issuance of building permits representing a total of three million two hundred thousand (3,200,000) square feet of improvement within the District.
2. Beginning with Fiscal Year 1994/1995, the Maximum Special Tax Rates may be increased annually determined as follows:
    - a. As of March 15, 1991 and each Fiscal Year thereafter, the City Engineer or his designed shall obtain improvement cost information form the Company and all other appropriate sources, and estimate the increase, if any, in the estimated cost of improvements (which cost shall include construction and related incidentals, but exclude financing) of the District over the estimated cost of improvements (which cost shall include construction and related incidentals, but exclude financing) of the District contained in the Report of Engineer, or as last determined, whichever is more recent.
    - b. Divide the estimated increase in improvement cost determined in a. above by the estimated improvement cost for all improvements as last determined to obtain the percentage increase.
    - c. As of July 1, 1994 and each Fiscal Year thereafter, compute the Square Feet of Improvement of Residential, Commercial, Industrial and Other Property for which building permits have been issued, including any units or Acres that have not been classified as Developed Property, but are part of the same subdivision map creating lots or parcels for such Residential, Commercial, Industrial, and Other Property. The equivalent Square Feet of Improvement for Commercial, Industrial, and Other Property shall be computed at 13,000 square feet per Acre. Subtract this sum from the total of Square Feet of Improvement expected to be constructed in the District, which total is 6,500,000 square feet. The result represents the number of Square Feet of Improvement remaining to be constructed (the "Remaining Square Feet of Improvement").

- d. Divide the Remaining Square Feet of Improvement by 6,500,000 to obtain the percentage remaining to be constructed.
- e. Divide the percentage increase in construction costs (b. above) by the percentage of Square Feet of Improvement remaining to be constructed (d. above). This is the percentage by which to increase the Maximum Special Tax Rates (as last increased) to obtain the Maximum Special Tax Rates for properties classified as Developed Property as of July 1 of the next Fiscal Year. However, such Maximum Special Tax Rates shall not be increased (to account for increases in construction costs) above the amounts shown on Table 2, below:

<i>LAND USE CATEGORY</i>	<i>DESCRIPTION</i>	<i>INCREASED MAXIMUM SPECIAL TAX RATE</i>
1	Residential	\$1.37 per Square Foot of Improvement rounded to the nearest hundred square feet
2	Commercial	\$18,000 per Acre
3	Industrial	\$18,000 per Acre
4	Other	\$18,000 per Acre
5	Undeveloped	\$17,000 per Acre and, if applicable, the Extraordinary Special Tax levy per Acre as determined in Section H
6	Exempt	None

3. A Maximum Special Tax Rate will be assigned to Assessor's Parcels classified as Developed Property as of July 1 of the Fiscal Year in which such classification occurs.
4. The Maximum Special Tax Rate to be assigned to Assessor's Parcels classified as Developed Property as of July 1 of the Fiscal Year will be determined as follows:

If the Assessor's Parcel is Residential, Commercial, Industrial, and Other Property and part of a subdivision map creating lots or parcels to be developed for similar use, i.e., single family residences, the Maximum Special Tax Rate for all lots or parcels of such subdivision shall be the Maximum Special Tax Rate in effect when the first building permit is issued for a production dwelling unit (as opposed to a permit issued for a model home).

Once the Maximum Special Tax Rate is assigned to an Assessor's Parcel of Developed Property, it shall not be increased.

- D. *Method of Apportionment of Special Taxes.*
1. As of July 1 of each Fiscal Year, commencing with July 1, 1991, all Assessor's Parcels within the District shall be assigned to one of the Land Use Categories specified in Section B.
  2. The City Council shall determine for each Fiscal Year, the Annual Special Tax Levy, and, if applicable, the Extraordinary Special Tax Levy pursuant to Section H.
  3. The City Council shall levy the special taxes for each Fiscal Year, commencing on July 1, 1991 as follows:
    - a. Levy the special tax at its Maximum Special Tax Rate upon all Developed Property; however, should this amount exceed the Annual Special Tax Levy and provided all bonds have been issued, the special tax will be proportionally reduced.
    - b. Should this amount be insufficient to satisfy the Annual Special Tax Levy, the excess shall be levied uniformly upon all Undeveloped Property.
    - c. If applicable, the Extraordinary Special Tax shall be levied uniformly upon all Undeveloped Property according to Section H.
- E. *Number of Years of Levy of Maximum Special Tax.* The special tax shall be levied upon an Assessor's Parcel of Developed Property for a maximum of 25 years.
- F. *Manner of Collection of Special Taxes.* The special taxes which shall be levied in each Fiscal Year shall be collected in the same manner as ordinary ad valorem property taxes are collected and shall be subject to the same penalties and the same procedure, sale, and lien priority in case of delinquency as is provided for ad valorem taxes. The special taxes when levied shall be secured by the lien imposed pursuant to Section 3115.5 of the Streets and Highways Code. This lien shall be a continuing lien and shall secure each levy of special taxes. The lien of the special taxes shall continue in force and effect until the special tax obligation is prepaid, permanently satisfied, and canceled in accordance with Section 53344 of the Government Code or until the special taxes cease to be levied in the manner provided by Section 53330.5 of the Government Code.
- G. *Prepayment of Special Tax Obligation*
1. Any owner of Developed Property subject to the special tax may discharge the special tax obligation in full, or in part at any time, by making payment as follows:

- a. If all bonds of the District have not been issued, compute the present value of the remaining payments of special tax, utilizing a term determined in accordance with Section E above, at the weighted average coupon rate of the outstanding bonds using the Maximum Special Tax Rate for the Assessor's Parcel;

If all bonds of the District have been issued, compute the present value of the remaining payments of special tax using (i) the lesser of the remaining term of the outstanding bonds or the years remaining in which the special tax may be levied on the Assessor's Parcel in accordance with Section E above, (ii) the weighted average coupon rate of the outstanding bonds, and (iii) the Maximum Special Tax Rate for the Assessor's Parcel.

- b. Based on the development projections made in connection with the determination of the Projected Special Taxes, determine the Assessor's Parcel's special tax per square foot for Residential Property and special tax per acre for Commercial, Industrial and Other Property that will equate to the Debt Service Requirement.
- c. Subtract from the Assessor's Parcel's Maximum Special Tax Rate the special tax rate determined in 1.b. above to determine the special tax rate attributable to remaining bond authorization, if any. If no remaining bond authorization exists, skip to 1.f. and steps 1.d. and 1.e. will not apply.
- d. Determine the Assessor's Parcel's percentage of the Maximum Special Tax Rate attributable to remaining bond authorization by dividing 1.c. above by the Assessor's Parcel's Maximum Special Tax Rate.
- e. Multiply the percentage obtained in 1.d. above by the amount determined in 1.a. above to determine the amount of prepayment attributable to remaining bond authorization.
- f. Multiply the amount in 1.a. above by the owner's desired prepayment percentage to determine the prepayment amount. A Merchant Builder who desires to prepay all or part of the special taxes shall be required to use a prepayment percentage necessary to ensure that all Residential units within the same Neighborhood are subject to the same Maximum Special Tax Rate as a result of the prepayment. Such uniform Maximum Special Tax Rate shall be established at or prior to the issuance of the building permit for the first production Residential Unit within a Neighborhood. Special Tax prepayments to be made by a Merchant Builder shall be made at the issuance of building permits for each production Residential

unit within a Neighborhood. Special Tax prepayments for model units shall be made at the time of issuance of the building permit for the first production Residential unit within the Neighborhood.

- g. Subtract from the amount in 1.f. the amount in 1.e. to determine the amount of prepayment attributable to bond redemption.
- (1) If the result is greater than zero, enter the positive amount at 1.h. and the amount determined in 1.e. at 1.j.
  - (2) If the result is less than or equal to zero, skip to 1.j. and enter the amount determined in 1.f.
- h. Enter the applicable amount from 1.g. and add the following:
- (1) Call premium as required in the bond instrument;
  - (2) Interest on the positive amount in 1.g. at the applicable bond rate for each year, if any, to the next bond call date.
- i. To the result of 1.h. above, subtract the following:
- (1) The Assessor's Parcels' pro rata share of the bond reserve fund allowance, computed at the rate used in establishing the reserve fund for outstanding bonds. This shall be determined by dividing the Assessor's Parcel's applicable square footage by the total square footage as determined in connection with the determination of Projected Special Taxes. For purposes of this determination, the square footage of Commercial, Industrial and Other Property shall be computed at 13,000 square feet per Acre. The Assessor's Parcel's pro rata share shall be multiplied by the quotient obtained by dividing 1.g. by the difference obtained in subtracting from the amount in 1.a. the amount in 1.e.
  - (2) The interest earnings to be generated at the reinvestment rate as determined by the City of San Diego from the discharge date to the next bond call date.
- j. Add the bond redemption amount in 1.i. above, if any, to the amount attributable to remaining bond authorization in 1.g. above.
- k. To the result of 1.j. above, add the following items to determine the Assessor's Parcel's total prepayment required:

- (1) Unpaid special taxes, interest and penalties, if any, which have been entered on the Assessor's roll;
  - (2) A \$250 administrative fee, increased by the same percentage increase in the Consumer Price Index, San Diego all urban consumers index, as of January 1<sup>st</sup> of each year.
2. The Maximum Special Tax Rate for Developed Property applicable to an Assessor's Parcel utilizing a prepayment percentage less than 100% shall be reduced in subsequent Fiscal Years by multiplying the Assessor's Parcel's Maximum Special Tax Rate by prepayment percentage actually used in Section G.1.f.

H. *Extraordinary Special Tax.*

1. As of March 1, 1992 and annually as of each March 1 thereafter, until such time as the Maximum Special Tax Rates which may be levied on Developed Property will equal or exceed the Debt Service Requirement or until Full Buildout, whichever occurs earlier, the District shall cause the special tax consultant to determine if a Projected Special Tax Deficiency exists. If a Projected Special Tax Deficiency exists, then the Total Projected Special Tax Deficiency shall be calculated by the District as specified in Section A.
2. The District shall levy the Extraordinary Special Tax, in any Fiscal Year, under the following circumstances:
  - a. *Initial Levy.* The first time the Extraordinary Special Tax is applicable under Section A, the entire amount determined under such definition shall be levied uniformly on all Undeveloped Property and such amount shall be deposited in the Extraordinary Special Tax Account. Upon determination that the Extraordinary Special Tax is applicable under Section A, the property owners have the opportunity to deposit monies or security for the amount of the Extraordinary Special Tax pursuant to the Official Statement and Indenture of Trust. A determination of whether the property owners will use this opportunity must be made prior to the levy of the Extraordinary Special Tax.
  - b. *Subsequent Levies.* In each Fiscal Year subsequent to the initial levy of the Extraordinary Special Tax as described in H.2.a.above, an additional Extraordinary Special Tax shall be levied uniformly on all Undeveloped Property, to the extent the Extraordinary Special Tax of such Fiscal Year exceeds the Extraordinary Special Tax Account. To the extent the Extraordinary Special Tax

001049

Account, in any Fiscal Year, exceeds the Extraordinary Special Tax, then no Extraordinary Special Tax shall be levied in such Fiscal Year. Upon determination that the Extraordinary Special Tax is applicable under Section A, the property owners have the opportunity to deposit monies or security for the amount of the Extraordinary Special Tax pursuant to the Official Statement and Indenture of Trust. A determination of whether the property owners will use this opportunity must be made prior to the levy of the Extraordinary Special Tax.
