

Frost Delay Procedure

Golf Operations found this procedure to be the most equitable procedure for handling delays. We realize this may cause an inconvenience for our customers and we apologize for delays and/or cancellations.

When the Superintendent opens the course the Starter will begin calling reservations.

EXAMPLE: if the course opens at 8:35am, reservations up to the opening time (7:07-8:28) will be forfeited.

If reservation holders wish to wait, they will be put on the waiting list in the order of their reservations, the early out list will follow the reservations.
