PUBLIC NOTICE

Date: July 15, 2021

Subject: Electronic Permit Processing Will Be Upgraded and Unavailable This Weekend

The online permitting portal for all permit types will be offline starting tomorrow, Friday, July 16, at 5 p.m. through Monday, July 19 at 5 a.m. to accommodate the transition to full cloud permitting.

While we upgrade the permitting portal, customers will not be able to submit new applications or process resubmittals. However, all other online services will still be available, including checking project status in the hybrid Project Tracking System (PTS), submitting online payments, scheduling virtual appointments and inspections and requesting Code Enforcement investigations.

Thank you for your understanding as we upgrade our online permitting system.
