

Dumpster Placement Criteria

- A dumpster permit must first be obtained before placing a dumpster in the right of way. The **permit fee** is **\$109.20**.
- A dumpster may not be placed in front of a painted curb, such as a no parking zone (red curb), passenger loading zone (white curb) or disabled person parking zones (blue curb).
- A minimum of 10 feet clearance from the dumpster door to the nearest obstruction. A minimum of 25 feet of clearance from the dumpster door to the alley or curb return. A minimum of 15 feet from the dumpster door to the fire hydrant.
- A dumpster shall be placed entirely in front of the requesting business or residence and shall not be placed in front of the adjacent business or residence.
- "No Parking" signs shall be posted 72 hours before dumpster placement.
- If a dumpster is being used within the parking meters' area, a fee of \$6.00 per day per meter is required for parking meters' bags/signs.
- Vehicles shall not park in the surplus area of a dumpster zone. Violators are subject to parking citations.
- A "**type 1**" barricade with a flashing light is **required** to be placed at each end of the dumpster. [See the typical dumpster layout for reference.](#)
- The minimum street width required to place a dumpster in the street is:
 - i. 36 feet if parking is allowed on both sides.
 - ii. 32 feet if parking is allowed only on one side.
