## SECTION I. EXECUTIVE SUMMARY

---

**PROJECT:** Central Commercial Maintenance Assessment District (“District”)

**APPORTIONMENT METHOD:** Lot Square Footage (“LSF”)  
 Linear Front Foot (“LFF”)  
 Land Use Trips (“Trips”)

**TABLE 1 – SUMMARY INFORMATION**

Central Commercial	FY 2014	FY 2015 (1)	Maximum Authorized
Total Parcels Assessed:	430	430	
Total Estimated Assessment:	\$222,132	\$222,132	
Total Number of Units:			
LSF	2,879,828.00	2,879,828.00	
LFF	35,646.00	35,646.00	
Trips	20,443.00	20,443.00	
Unit Assessment Rate			
\$/LSF	\$0.0417	\$0.0417	\$0.0766
\$/LFF	\$1.7576	\$1.7576	\$3.2928
\$/Trips	\$1.9269	\$1.9269	\$3.6374
Estimated Assessment Revenue			
\$/LSF	\$120,088.83	\$120,088.83	
\$/LFF	\$62,651.41	\$62,651.41	
\$/Trips	\$39,391.62	\$39,391.62	

1. FY 2015 is the City’s Fiscal Year 2015, which begins July 1, 2014 and ends June 30, 2015. Total Parcels Assessed, Total Estimated Assessment, and Total Estimated Factors may vary from prior year due to parcel changes.

**DISTRICT HISTORY:** The District was formed in 2000 in compliance with Proposition 218. A property owner ballot proceeding was conducted and a weighted majority (61%) of property owners, based on assessment amount, approved the assessments and the annual cost indexing provisions.

**ANNUAL COST INDEXING:** The assessments are authorized to increase by the greater of the annual change in the San Diego Area Consumer Price Index (the SDCPI-U) or 5% of the previous year’s rate beginning in Fiscal Year 2001.

**BONDS:** No bonds will be issued in connection with this District.

## SECTION II. BACKGROUND

---

### A. INTRODUCTION

The Central Commercial Maintenance Assessment District was established by Resolution R-201471 of the City Council on August 8, 2000. The District was formed in compliance with the provision of Proposition 218. An assessment ballot proceeding was conducted and a weighted majority of property owners based on assessment amount were in support of the continuation of the assessments and services and improvements the assessments fund.

This report constitutes the annual update of the Engineer's Report for the City of San Diego ("City") Central Commercial Maintenance Assessment District for Fiscal Year ("FY") 2015 which provides updated information regarding the budget and factors that affect the assessment. This report relies on the assessment methodology and benefit analysis from the Engineer's Report prepared at the time of formation and approved by the property owners. The City Council pursuant to the provisions of the San Diego Maintenance Assessment District Procedural Ordinance of 1986 (the "Ordinance"), Landscaping and Lighting Act of 1972, Being Division 15, Part 2 of the Streets and Highways Code of the State of California, beginning with Section 22500 (the "1972 Act"), Article XIID of the Constitution of the State of California ("Article XIID"), the Proposition 218 Omnibus Implementation Act (Government Code Section 53750 and following) (the "Implementation Act"), and (the Ordinance, 1972 Act, Article XIID and the Implementation Act are referred to collectively as the "Assessment Law") desires to levy and collect annual assessments against lots and parcels within the District in the fiscal year commencing July 1, 2014 and ending June 30, 2015 to pay for the operation, maintenance and servicing of landscaping, lighting, public safety, vagrancy issues and all appurtenant facilities. The assessment rates set for 2014/2015 as set forth in this Engineer's Report do not exceed the maximum rates established at the time the District was formed, therefore, the City and the District are not required to go through a property owner ballot protest procedure in order to establish the 2014/2015 assessment rates.

Each lot or parcel within the District is assessed proportionately for only the improvements and services that are determined to be special benefit. For this report, each lot or parcel to be assessed, refers to an individual property assigned its own Assessor Parcel Number by the San Diego County ("County") Assessor's Office as shown on the last equalized roll of the assessor.

A Public Hearing will be scheduled where public testimony will be heard by the City Council. Following the conclusion of the Public Hearing, the City Council will confirm the Engineer's Report as submitted or amended and may order the collection of assessments for FY 2015.

## **SECTION III. PLANS AND SPECIFICATION**

---

### **A. GENERAL DESCRIPTION OF THE DISTRICT**

The territory within the District consists of all lots, parcels and subdivisions of land as shown on the Boundary Diagram titled “Map of Proposed Boundaries of the City of San Diego Central Commercial Maintenance Assessment District” contained within this report in Section VI.

The District is located in the Southeastern San Diego Community Planning Area, Sherman Heights neighborhood situated along Imperial Avenue from Interstate 5 to 32<sup>nd</sup> Street; Commercial Avenue from Interstate 5 to 28<sup>th</sup> Street; National Avenue from 28<sup>th</sup> Street to 32<sup>nd</sup> Street; and all side streets in between Imperial Avenue and Commercial Avenue between Interstate 5 and 28<sup>th</sup> Street. The non-profit Central Commercial District Revitalization Corporation manages the District.

### **B. DESCRIPTION OF IMPROVEMENTS TO BE MAINTAINED AND SERVICES**

The District, through the levy of special assessments, provides funding for ongoing maintenance, operation and servicing of landscaping, lighting, and other improvements or appurtenant facilities located within the public rights-of-ways and dedicated easements located within the District. Maintenance services will be provided by City personnel and/or private contractors. The improvements maintained and services provided by the District are generally described as follows:

- Public safety, security, and suppression of gang activity;
- Managing with homeless and vagrancy issues;
- Maintaining and beautifying the areas adjacent to the street rights-of-way, which are landscaped with groundcover, trees and shrubs;
- Graffiti removal;
- Tree planting and trimming;
- Regular sidewalk and street gutter sweeping;
- Operation of enhanced street lighting for pedestrian safety and encouragement;
- Administration/Corporate Operations/Outreach including;
  - District management
  - Overseeing of contract
  - Relations with City and Council office
  - Relations with property owners
  - Relations with Community Planning Groups
  - Insurance
  - Legal and accounting
  - Office related expenses

Plans and specifications for these improvements to be maintained by the District are on file with the City Engineer’s office and by reference are made part of this Report. These documents are on file with the City Clerk and the City Planning and Community

Investment Department and are available for public inspection during normal business hours.

**C. DESCRIPTION OF MAINTENANCE AND SERVICES**

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of improvements, services and appurtenant facilities, including repair, removal or replacement of all or part of any of the improvements, services or appurtenant facilities; providing for the life, growth, health and beauty of the landscaping improvements including cultivation, drainage, irrigation, trimming, mowing, spraying, fertilizing and treating for disease or injury; the removal of trimmings, rubbish, debris and other solid waste; the cleaning and sweeping of the sidewalk and gutter, collection and disposal of fallen branches and trees, tree and bush trimming, placement of street furniture, banner installation, security services, including homeless patrolling and reporting of security and safety problems to governmental agencies and the cleaning, sandblasting, and painting of walls, and other improvements to remove or cover graffiti.

Servicing means the furnishing of water and electricity for the irrigation of the improvements or appurtenant facilities including any decorative lighting and the furnishing of electric current or energy, gas or other illuminating agent for the lighting improvements. Servicing also allows for the replacement of the facilities in order to maintain them in proper working order and to provide specific benefit to the District; or providing security and homeless patrols and other activities related to maintaining security.

## SECTION IV. ESTIMATE OF COSTS

---

### A. ESTIMATE OF COSTS TABLE

Below are the estimated costs of maintenance and services for the District including incidental costs and expenses, revenue and reserves.

**TABLE 2– ESTIMATE OF COSTS**

<b>CENTRAL COMMERCIAL MAD</b>	<b>FY 2012/13 BUDGET</b>	<b>FY 2013/14 BUDGET</b>	<b>FY 2014/15 PROPOSED</b>
<b>BALANCE</b>	\$50,000	\$65,000	<b>\$75,000</b>
<b>Revenue</b>			
Assessments	\$222,167	\$222,065	<b>\$222,132</b>
General Benefit Portion (Non Assessment Sources) <sup>1</sup>			<b>\$10,326</b>
<b>TOTAL OPERATING REVENUE</b>	<b>\$222,167</b>	<b>\$222,065</b>	<b>\$232,458</b>
<b>TOTAL REVENUE AND BALANCE</b>	<b>\$272,167</b>	<b>\$287,065</b>	<b>\$307,458</b>
<b>Expense</b>			
Personnel	\$0	\$0	<b>\$0</b>
Contractual	\$185,000	\$202,558	<b>\$222,245</b>
Incidentals / Administration <sup>2</sup>	\$55,000	\$55,000	<b>\$55,000</b>
Utilities	\$9,950	\$7,300	<b>\$8,000</b>
Capital Improvement Projects	\$0	\$0	<b>\$0</b>
Contingency Reserve <sup>3</sup>	\$22,167	\$22,207	<b>\$22,213</b>
<b>TOTAL EXPENSE</b>	<b>\$272,167</b>	<b>\$287,065</b>	<b>\$307,458</b>
<b>BALANCE</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>

1. Please refer to Section V.B. for a discussion of the quantification of general and special benefit

2. Includes City Administration Fee of 4%.

3. The contingency builds a reserve for the District for funding emergency needs and provides a source of funds to operate from July through December while waiting for County property tax distributions that typically occur in January and May.

## SECTION V. METHOD OF APPORTIONMENT

---

### A. GENERAL

The Implementation Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of street lights, traffic signals, landscaping and drainage facilities.

Streets and Highways Code Section 22573 requires that maintenance assessments be levied according to benefit rather than the assessed value.

*“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”*

In addition, Article XIID and the Implementation Act require that a parcel’s assessment may not exceed the reasonable cost for the proportional special benefit conferred to that parcel. Article XIID and the Implementation Act further provides that only special benefits are assessable and the City must separate the general benefits from the special benefits. They also require that publicly owned properties which specifically benefit from the improvements be assessed.

### B. SPECIAL BENEFIT ANALYSIS

As determined in the formation Engineer’s Report, each of the proposed improvements and the associated costs and assessments within the District were reviewed, identified and allocated based on special benefit pursuant to the provisions of the Assessment Law. Based on recent court opinions, the City requested the reevaluation of the separation of general and special benefits in the annual update to the Engineer’s Report.

Proper maintenance and operation of landscaping, street trees, streetlights, sidewalks, gutters and litter removal provides special benefit to properties within the District by providing community character, security, safety and vitality. In addition, the Improvements will enhance the ability of property owners to attract and maintain customers as well as increase the viability of commercial development. These special benefits are benefits that are above and beyond the City’s standard level of service, and exclusive of those “general benefits” provided to the public at large or properties located outside the District. Under Assessment Law, only “special benefits” are assessable. As such, separation and quantification of the “special benefits” associated with the improvements/services are illustrated in the following equations:

$$\text{Special Benefits} = \text{Total Benefits} - \text{General Benefits}$$

$$\text{General Benefits} = \text{City Standard} + \text{External Benefits}$$

$$\text{Special Benefits} = \text{Total Benefits} - [\text{City Standard} + \text{External Benefits}]$$

In these equations, “Total Benefits” refers to the cost of providing the total benefits of the improvements/services; “City Standard” represents the cost of providing the City’s standard level of service; and “External Benefits” refers to the cost of those additional benefits accruing to the public at large or properties located outside the District. In order to isolate the “Special Benefits,” it is necessary to quantify the amount of “General Benefits” associated with the improvements/services.

#### **CITY STANDARD**

The District will continue to receive the standard level of service provided to the public at large under City funded and administered programs. These cost and service allocations, reviewed and adjusted annually by the City, are representative of the City’s standard level of service for maintenance and servicing of public facilities and improvements (e.g., medians, open space, street lights, street trees, sidewalks, parks, etc.), including street sweeping and graffiti removal on public property. With or without the proposed assessment District, the area will continue to receive the City’s standard level of services, a “general benefit” that is not funded by assessments.

#### **EXTERNAL BENEFITS**

Assessment Law prohibits levying assessments to pay for “general benefits” conferred to the public at large or properties located outside the District. Public safety benefits of the improvements may accrue to persons traveling through the improvements (incidental beneficiaries). Based on a review of the spatial limits of the District and the proposed improvements/services, it has been determined that the maintenance and servicing of the improvements does not confer benefit to properties outside District.

To quantify the benefit to persons traveling through the District, a traffic study was completed to isolate the estimated “pass-through” traffic along each segment. Pass-through traffic is traffic that has neither an origin nor destination within the defined area, which provides a reasonable means of quantifying benefits not accrued to property within the District.

Additionally, improvements have been reviewed to determine the potential amount of benefit to Pass-through traffic. Since much of the District budget is for improvements that are a direct benefit to property within the District such as sidewalk spraying, gutter clean up and utility costs, the potential benefit to Pass-through traffic was considered low and was factored into the traffic counts.

It is estimated that as much as 3.58% of the total benefit may accrue to the public at large as incidental beneficiaries passing through the District. The estimated costs associated with these “general benefits” have been quantified and will not be funded by the assessments.

## **SPECIAL BENEFIT**

Parcels within the District receive a special benefit resulting from the maintenance and services and improvement provided with the assessments. Specifically the special benefits are summarized as follows:

- Improved cleanliness and maintenance of sidewalks used to access property in the District.
- Enhanced cleanliness and desirability of the area, including removal of litter and debris from sidewalks and other public facilities for the direct advantage of property in the District.
- Protection and improvement of views, scenery and other permanent public facility resources for property in the District and preservation of public assets maintained by the District.
- Enhanced safety of property in the District and reduced liability risk.
- Improved illumination of property in the District.
- Improved access to property in the District due to cleaner and safer sidewalks and improved lighting.
- Improved nighttime visibility for the local access of emergency vehicles.
- Improved safety and traffic circulation to and from parcels.
- Increased deterrence of crime and aid to police and emergency vehicles.

## **C. ASSESSMENT METHODOLOGY**

To establish the special benefit to the individual lots and parcels within the District a formula that spreads the costs of the maintenance based on the special benefit must be established. At the time of formation, the improvements were reviewed and a formula was established to apportion the maintenance costs based on special benefit.

The method of assessment established at the time of the District's formation is based on a combination of three factors; Lot Square Footage ("LSF"), Linear Front Footage ("LFF"), and the parcel's Trips by Land Use ("Trips") for each parcel located within the District. The table below defines these factors, the weighting of total assessment given to each factor, and the rationale for each factor.

**TABLE 3 – FACTORS**

<b>FACTOR</b>	<b>WEIGHT<sup>1</sup></b>	<b>RATIONALE</b>
Lot Square Footage (Size) (LSF)	50%	Measure of a parcel’s proportionate LSF ownership or stakeholder interest in the community.
Linear Front Footage (LFF)	25%	Measure of a parcel’s LFF share of the linear footage of right-of-way enhancement/services.
Trips by Land Use (Trips)	25%	Measure of a parcel’s proportionate contribution to the intensity of public right-of-way use. A Single Family Residential parcel is assigned 10 and other land uses are compared to this land use shown in Table 2 below.

1. The total assessment for each parcel is the sum of the assessment calculated by the application of each factor.

**LOT SQUARE FOOTAGE FACTOR**

The Lot Square Footage (LSF) Factor is a measure of a parcel’s proportionate area of ownership or stakeholder interest relative to the total area of the District, which is receiving enhanced and increased maintenance, beautification, and other property related services provided by the District. This factor has been weighted to provide a “target component” of 50% of the total assessment.

**LINEAR FRONT FOOTAGE FACTOR**

The Linear Front Footage (LFF) Factor is a measure of a parcel’s proportionate share of the LFF of the total LFF length of the public right-of-way for which the District is providing enhanced and increased maintenance, beautification, and other property related services provided by the District. This factor has been weighted to provide a “target component” of 25% of the total assessment.

## TRIPS BY LAND USE FACTOR

The Trips by Land Use (Trips) Factor is a measure of a parcel's proportionate contribution to the intensity of use of the public right-of-way. This intensity of use can be quantified by the number of trips a parcel generates to and from the public right-of-way. The standard and accepted document for establishment of the number of trips generated by a parcel is the "Trip Generation Manual" as approved by the City of San Diego in September 1998. The Trip Generation Manual bases trip generations on a rate of trips per residential dwelling unit, or per building square footage and/or lot acreage for the various classifications or non-residential land uses. The land use classification for each parcel within the District boundary has been identified and the number of daily trips generated by each parcel has been calculated. This factor has been weighted to provide a "target component" of 25% of the total assessment. However, due to the variation of land use intensity, this target component is not achievable. The actual land use factor was calculated such that the assessment on any parcel would not exceed that assessment which would result if the land uses were uniform and the total land use component would add up to the target component. For ease and reasonableness of calculation, land use trip generation rates have been grouped and averaged.

The following table summarizes the trip generation rates used for the assessment calculation.

**TABLE 4 – TRIPS BY LAND USE FACTOR**

<b>Land Use</b>	<b>Code</b>	<b>Trip Factor</b>
Single Family Residential	SFR	10 per dwelling unit
Multi-Family Residential	MFR	7 per dwelling unit
Commercial	COM	32 per 1,000 sq ft
House of Worship	HOW	9 per 1,000 sq ft
Industrial	IND	12 per 1,000 sq ft
Institutional	INST	14 per 1,000 sq ft
Parking Lot	PRK	0
Vacant	VAC	0

## SAMPLE CALCULATIONS

As described above, assessments have been calculated for each parcel based the LSF, LFF of the property along the improvement/service corridor, and the Trips.

LSF = Lot Square Footage
LFF = Linear Front Footage
Trips = Trip Generation by Land Use

Shown below are calculations for various sample parcels.

- **Commercial Property with 190-foot frontage, 5,000 square feet of building on .16 acres**  
LSF= 6,970 LSF  
LFF = 190.00 LFF  
Trips= (5,000 ÷ 1,000) x32 trips = 160 Trips
- **Multi-Family Residential property with 50-foot frontage, 4 units on .16 Acres**  
LSF= 6,970 LSF  
LFF = 50.00 LFF  
Trips= 4 units x 7 Trips per unit = 28 Trips

The total assessment for each parcel in the District is based on the calculated LFF, LSF and Trips for the parcel and the applicable unit assessment rate, as shown in the following equation:

$\text{Total Assessment} = \text{LSF} \times \text{LSF Unit Assessment Rate} + \text{Total LFF} \times \text{LFF Unit Assessment Rate} + \text{Total Trips} \times \text{Trip Unit Assessment Rate}$
--

### D. ASSESSMENT RANGE FORMULA

The purpose of establishing an Assessment Range Formula is to provide for reasonable increases and inflationary adjustment to annual assessments without requiring the District to go through the requirements of Proposition 218 in order to get a small increase. This Assessment Range Formula was approved by the property owners at the time the District was formed. If the budget and assessments calculated requires an increase greater than the adjusted Maximum Assessment, then the assessment is considered an increased assessment and would be subject to Proposition 218 balloting.

The maximum authorized assessment established in the Fiscal Year 2000 proceedings are authorized to be indexed (increased or decreased) annually by the factor published in the SDCPI-U or 5% whichever is greater. The annual change in second half SDCPI-U values, as compiled by the U.S. Bureau of Labor Statistics (see [www.bls.gov](http://www.bls.gov)), for the prior year period was from 257.285 to 261.679 (a 1.71 % increase). In accordance with the approved

cost-indexing provisions, the maximum authorized assessment rates contained within this Assessment Engineer's Report have been increased by 5.00%.

The Maximum Assessment is adjusted annually and is calculated independent of the District's annual budget and proposed annual assessment. Any proposed annual assessment is not considered an increased assessment, even if the proposed assessment is greater than the assessment applied in the prior fiscal year.

## **SECTION VI. ASSESSMENT DIAGRAM**

---

The parcels within the Central Commercial Maintenance Assessment District consist of all lots, parcels depicted within the boundaries of the District. The District diagram reflecting the exterior boundaries of the District is on file with the City Clerk.

FILED IN THE OFFICE OF THE CITY CLERK OF THE CITY OF SAN DIEGO COUNTY OF SAN DIEGO, CALIFORNIA, THIS \_\_\_\_\_ DAY OF \_\_\_\_\_, 20\_\_.

CITY CLERK  
 RECORDED IN THE OFFICE OF THE CITY CLERK OF THE CITY OF SAN DIEGO COUNTY OF SAN DIEGO, CALIFORNIA, THIS \_\_\_\_\_ DAY OF \_\_\_\_\_, 20\_\_.

CITY CLERK  
 AN ASSESSMENT WAS CONFIRMED AND LEVIED BY THE CITY COUNCIL OF THE CITY OF SAN DIEGO ON THE LOTS, PIECES AND PARCELS OF LAND ON THIS ASSESSMENT DIAGRAM ON THE \_\_\_\_\_ FOR FISCAL YEAR 20\_\_ AND SAID ASSESSMENT DIAGRAM AND THE ASSESSMENT ROLL FOR SAID FISCAL YEAR WERE FILED IN THE OFFICE OF THE COUNTY AUDITOR OF THE COUNTY OF SAN DIEGO ON THE \_\_\_\_\_ DAY OF \_\_\_\_\_ AND SAID ASSESSMENT ROLL IS HEREBY MADE TO BE A PUBLIC ASSESSMENT ROLL FOR THE EXACT AMOUNT OF EACH ASSESSMENT LEVIED AGAINST EACH PARCEL OF LAND.

CITY CLERK  
 FILED THIS \_\_\_\_\_ DAY OF \_\_\_\_\_, 20\_\_ AT \_\_\_\_\_ O'CLOCK \_\_\_\_\_ IN THE OFFICE OF THE COUNTY AUDITOR OF THE COUNTY OF SAN DIEGO, CALIFORNIA AT THE REQUEST OF THE CITY OF SAN DIEGO CITY COUNCIL.

## **SECTION VII. ASSESSMENT ROLL**

---

The assessment roll is a listing of the Fiscal Year 2015 Assessment apportioned to each lot or parcel, as shown on the San Diego County last equalized roll of the assessor and reflective of the Assessor's Parcel Map(s) associated with the equalized roll. A listing of parcels proposed to be assessed within this District is shown on the following table.

## CENTRAL COMMERCIAL MAINTENANCE ASSESSMENT DISTRICT

### ENGINEER'S REPORT FISCAL YEAR 2015

This report has been prepared and submitted by:

---

C. Stephen Bucknam Jr. C 20903

---

Koppel & Gruber Public Finance

I, \_\_\_\_\_, as City Clerk of the City of San Diego, County of San Diego, California, do hereby certify that the Assessment as shown on the Assessment Roll, together with the Assessment Diagram, both of which are incorporated into this report, were filed in my office on the \_\_\_\_ day of \_\_\_\_\_, 2014.

\_\_\_\_\_  
Elizabeth Maland, City Clerk  
City of San Diego  
State of California

I, \_\_\_\_\_, as City Clerk of the City of San Diego, County of San Diego, California, do hereby certify that the foregoing Assessment as shown together with the Assessment Diagram incorporated into this report, was approved and confirmed by the City Council of said City on the \_\_\_\_ day of \_\_\_\_\_, 2014.

\_\_\_\_\_  
Elizabeth Maland, City Clerk  
City of San Diego  
State of California
