### Maintenance Assessment District

---

#### Preamble

Pursuant to the provisions of the "San Diego Maintenance Assessment District Ordinance" (being Division 2, Article 5, Chapter VI beginning at Section 65.0201 of the San Diego Municipal Code), provisions of the "Landscaping and Lighting Act of 1972" (being Part 2 of Division 15 of the California Streets and Highways Code), applicable provisions of "Proposition 218" (being Article XIID of the California Constitution), and provisions of the "Proposition 218 Omnibus Implementation Act" (being California Senate Bill 919) (the aforementioned provisions are hereinafter referred to collectively as "Assessment Law"), in connection with the proceedings for the DEL MAR TERRACE MAINTENANCE ASSESSMENT DISTRICT (hereinafter referred to as "District"), EFS ENGINEERING, INC., as Assessment Engineer to the City of San Diego for these proceedings, submits herewith this report for the District as required by California Streets and Highways Code Section 22565.

FINAL APPROVAL, BY RESOLUTION NO. \_\_\_\_\_ ,  
ADOPTED BY THE CITY COUNCIL OF THE CITY OF SAN  
DIEGO, COUNTY OF SAN DIEGO, CALIFORNIA, ON THE  
\_\_\_\_\_ DAY OF \_\_\_\_\_, 2015.

---

Elizabeth Maland, CITY CLERK  
CITY OF SAN DIEGO  
STATE OF CALIFORNIA

## Executive Summary

**Project:** Del Mar Terrace  
 Maintenance Assessment District

**Apportionment Method:** Equivalent Dwelling Unit (EDU)

	<b>FY 2015</b>	<b>FY 2016 <sup>(1)</sup></b>	<b>Maximum Authorized</b>
<b>Total Parcels Assessed:</b>	336	336	--
<b>Total Estimated Assessment:</b>	\$65,427	\$65,427	--
<b>Total Number of EDUs:</b>	339.00	339.00	--
<b>Assessment per EDU:</b>	\$193.00	\$193.00	\$193.00

<sup>(1)</sup> FY 2016 is the City's Fiscal Year 2016, which begins July 1, 2015 and ends June 30, 2016. Total Parcels Assessed, Total Estimated Assessment, and Total Number of EDUs may vary from prior year values due to parcel changes.

**District History:** The District was established in May 1994.

**Annual Cost-Indexing:** Indexing of assessments is not permitted under the current apportionment methodology.

**Bonds:** No bonds will be issued in connection with this District.

---

## Background

In the 1960's, a developed area known as Del Mar Terrace was annexed to the City of San Diego (City). At that time the streets were not improved to City standards, and therefore were not accepted for maintenance by the City. Historically, the streets have been in a deteriorated condition, resulting in numerous complaints from property owners. The City's Capital Improvement Program does not include improvement of these streets since they were not constructed to City standards. As such, only minimal City maintenance is provided.

Between 1984 and 1989, there were several unsuccessful petition efforts by property owners to improve these streets to City standards using the Municipal Improvement Act of 1913 for assessment district financing. On January 15, 1991 and January 27, 1992, the City Council accepted two separate property owner petitions (under Resolutions R-277215 and R-279357, respectively). The January 27, 1992 petition included sixty-two protest waivers signed by property owners. The City Council then authorized the City Manager to prepare preliminary plans, specifications, and cost estimates for street improvements to current City standards for the Del Mar Terrace neighborhood.

On August 5, 1993, staff from the City's Engineering & Development Department met with Del Mar Terrace property owners to explain the proposed improvement project, the estimated project costs, and the estimated assessments. At this meeting many owners expressed concern over the scope and cost of the project (\$6.5 to \$7.5 million). Citizens requested that City staff investigate alternative ways to lower the project costs and explore other options available to improve the streets. At a subsequent meeting held on October 21, 1993, staff from the City's Engineering & Development Department presented property owners with a variety of improvement alternatives, as well as a new option to form a district to fund the repair of the streets with asphalt pavement four (4) inches thick without typical amenities (i.e., storm drains and sidewalks), and provide annual street maintenance.

On November 24, 1993, all property owners of record within the proposed district boundaries were mailed an explanation letter and survey postcard that listed the various street improvement or maintenance and repair options. Owners were asked to select their

preferred option choice on the postcard and mail it back to the City. The results of this postcard survey (as tabulated on January 18, 1994) were:

◆ <i>Survey Cards Sent:</i>	334
◆ <i>Survey Cards Returned:</i>	262 (78%)
◆ In Favor of Forming a District to Construct a Substandard Street:	65%
◆ In favor of Doing Nothing:	20.5%
◆ In Favor of Forming a District to Construct a City Standard Street:	14%
◆ Other:	0.5%

The results of the survey indicated that a majority (65%) of property owners preferred to form a district to construct a substandard street.

The Del Mar Terrace Maintenance Assessment District (District) was established in May 1994. The original Assessment Engineer's Report (Document No. RR-283873, filed May 16, 1994) is on file in the City Clerk's office. The District was established to fund initial capital improvements and continuing periodic maintenance. With the capital improvements (substandard streets) completed in Fiscal Year 1995, the purpose of the District is to fund the periodic maintenance of the substandard streets. No assessment has been levied for Fiscal Years 1996 through 2004.

---

## District Proceedings for Fiscal Year 2016

This District is authorized and administered under the provisions of the "San Diego Maintenance Assessment District Procedural Ordinance of 1986" (being Division 2, Article 5, Chapter VI beginning at Section 65.0201 of the San Diego Municipal Code), provisions of the "Landscaping and Lighting Act of 1972" (being Part 2 of Division 15 of the California Streets and Highways Code), and applicable provisions of "Proposition 218" (being Article XIID of the California Constitution), and provisions of the "Proposition 218 Omnibus Implementation Act" (being California Senate Bill 919) (the aforementioned provisions are hereinafter referred to collectively as "Assessment Law").

The purpose of the proposed proceedings and this Assessment Engineer's Report is to update the District budget and assessments for Fiscal Year 2016. The Fiscal Year 2016 assessments proposed within this Assessment Engineer's Report are equal to or less than the maximum authorized assessment. Therefore, the vote requirements of Section 4 of Article XIID do not apply to these proceedings.

A public hearing will be scheduled where public testimony will be heard by the Council, and the Council may, at its discretion, adopt a resolution ordering the levying of the proposed assessments.

### **Bond Declaration**

No bonds will be issued in connection with this District.

---

## **District Boundary**

The Boundary Map for the District (Document No. M-332-1) is on file with the City Clerk, and by reference is made a part of this report. The Boundary Map is available for public inspection during normal business hours. A reduced copy of the Boundary Map is depicted in **Exhibit A**.

---

## **Project Description**

The project to be funded by the proposed assessments is initial street repair work and continuing periodic maintenance. The specific repair and maintenance services to be provided to the district area as follows:

- ◆ Remove four (4) inches of the existing roadway;
- ◆ Place two and one-half (2½) inches of asphaltic concrete and a surface overlay of one and one-half (1½) inches of rubberized asphalt.

The above listed repairs were to be provided for one year terminating on June 30, 1995.

Continued maintenance includes slurry coating the streets at both five and ten years, and adding an additional overlay of one (1) inch of asphaltic concrete during the fifteenth year.

---

## Separation of General and Special Benefits

The identified improvements/services provide benefits to the parcels located within the District. Some of these benefits are “special benefits,” benefits that are above and beyond the City’s standard level of service, and exclusive of those “general benefits” provided to the public at large or properties located outside the District. Under Assessment Law, only “special benefits” are assessable. As such, isolation and quantification of the “special benefits” associated with the improvements/services are paramount, and illustrated in the following equations:

$$\text{Special Benefits} = \text{Total Benefits} - \text{General Benefits}$$

$$\text{General Benefits} = \text{City Standard} + \text{External Benefits}$$

$$\text{Special Benefits} = \text{Total Benefits} - [\text{City Standard} + \text{External Benefits}]$$

In these equations, “Total Benefits” refers to the cost of providing the total benefits of the improvements/services; “City Standard” represents the cost of providing the City’s standard level of service; and “External Benefits” refers to the cost of those additional benefits accruing to the public at large or properties located outside the District. In order to isolate the “Special Benefits,” it is necessary to quantify the amount of “General Benefits” associated with the improvements/services.

### City Standard

As a “general benefit” (not funded by assessments), the District will continue to receive the standard level of service provided to the public at large under City-funded and administered programs for maintenance and servicing of public facilities and improvements (e.g., medians, open space, street lights, street trees, sidewalks, parks, etc.), including street sweeping and graffiti removal on public property. Consistent with City policy for the public at large, the City will provide the District with standard service levels. The City’s Capital Improvement Program does not include improvement of substandard streets; only minimal City maintenance is provided. These levels of service,

reviewed and adjusted annually by the City, are “general benefits” administered by the District.

### External Benefits

Assessment Law prohibits levying assessments to pay for “general benefits” conferred to the public at large or properties located outside the District. Based on a review of the spatial limits of the District and the proposed improvements/services, it has been determined that the maintenance and servicing of the improvements does not confer benefits to others outside the District. The local/neighborhood street network exclusively serves the parcels within the District. The benefits associated with the improvements/services accrue to the properties within the District by the provision of reliable all-weather access for personal vehicular and pedestrian trips, and access for other services commonly associated with land ownership (e.g., postal, utility, fire, police, emergency response, etc.).

---

## Cost Estimate

### Estimated Costs

Estimated Fiscal Year 2016 annual expenses, revenues, reserves, and assessments (provided by the City) for the District are included as **Exhibit B** hereto. For historical reference, the following costs were estimated in 1994:

◆ FY 1995 Capital Improvements: (substandard street construction)	\$1,020,000
◆ Annual Maintenance Funding:	\$65,000

### Annual Cost-Indexing

With the passage of Proposition 218, any proposed increase in assessments must be placed for approval before the property owners by a mail ballot and a public hearing process. A majority of ballots received must be affirmative for the City Council to confirm and levy the increased assessments. The current assessments (established in 1994) are not authorized to be indexed (increased or decreased) without a vote of the affected property owners.

## Method of Apportionment

The costs of street repair and maintenance have been apportioned to the parcels in the District based on each parcel's estimated equivalent dwelling units (EDUs). EDUs for each parcel have been determined based on an EDU Factor applicable to the subject land use, as shown in the following equation:

$EDUs = (Acres \text{ or } Units) \times EDU \text{ Factor}$
--

The total assessment for a given parcel is equal to the parcel's total EDUs multiplied by the unit assessment rate, as shown in the following equation:

$Total \text{ Assessment} = Total \text{ EDUs} \times Unit \text{ Assessment Rate}$
---

Current parcel land uses, corresponding EDU factors, and District EDUs are summarized in **Table 1**.

**TABLE 1: District EDU Summary**

Existing Land Use	Code	EDU Factor	Total EDUs
Single Family Dwelling	SFD	1.0 per unit	287.00
Condominium	CND	0.7 per unit	14.70
Multi-Family Dwelling	MFR	0.7 per unit	17.50
Commercial	COM	15.0 per acre	19.80
Street/Roadway	STR	0.0 per acre	0.00
Undevelopable	UND	0.0 per acre	0.00
<b>TOTAL</b>			<b>339.00</b>

### Unit Assessment Rate

The authorized unit assessment rates (unit costs per EDU) established in 1994 are as follows:

- ◆ FY 1995 (first year): \$3,026 per EDU
- ◆ Annual (subsequent years): \$193 per EDU

### Sample Calculations

As described above, the number of Equivalent Dwelling Units (EDUs) assigned to each parcel in the District has been calculated based on each parcel's land use and the identified apportionment factors, as shown in the following equation:

$\text{EDUs} = (\text{Acres or Units}) \times \text{EDU Factor}$
--

Shown below are sample EDU calculations for several common land uses found in the District.

- **1 Single-Family Residence**  
EDUs = 1 unit x 1.00 = 1.00 EDUs
- **1 Condominium**  
EDUs = 1 unit x 0.70 = 0.70 EDUs
- **10-unit Apartment Complex**  
EDUs = 10 units x 0.70 = 7.00 EDUs
- **½-acre Commercial Property**  
EDUs = 0.50 acres x 15.00 = 7.50 EDUs

The total assessment for each parcel in the District is based on the calculated EDUs for the parcel and the applicable unit assessment rate, as shown in the following equation:

$\text{Total Assessment} = \text{Total EDUs} \times \text{Unit Assessment Rate}$
--

Based on the above methodology, the apportionment factors, EDUs, unit assessment rates, and total assessment calculated for each parcel can be found in the Assessment Roll (**Exhibit C**).

---

## Summary Results

The Boundary Map for the District is shown in **Exhibit A**.

An estimate of the costs of the improvements provided by the District is included as **Exhibit B** to this report.

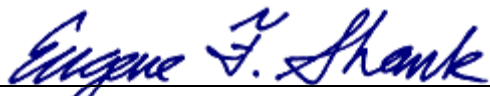

The assessment methodology utilized is as described in the text of this report. Based on this methodology, the EDUs and Fiscal Year 2016 District assessment for each parcel were calculated and are shown in the Assessment Roll (**Exhibit C**).

Each lot or parcel of land within the District has been identified by unique County Assessor's Parcel Number on the Assessment Roll and the Boundary Map and Assessment Diagram referenced herein. The net assessment for each parcel for Fiscal Year 2016 can be found on the Assessment Roll.

**ASSESSMENT ENGINEER'S REPORT  
ASSESSMENT ROLL**

The undersigned, pursuant to the "Maintenance Assessment Districts Ordinance" (Division 2, Article 5, Chapter VI beginning at Section 65.0201 of the San Diego Municipal Code), the "Landscaping and Lighting Act of 1972" (Part 2, Division 15 of the California Streets and Highways Code), applicable provisions of "Proposition 218" (Article XIII D of the California Constitution), and the "Proposition 218 Omnibus Implementation Act" (California Senate Bill 919) (the aforementioned provisions are hereinafter referred to collectively as "Assessment Law"), does hereby submit the following:

1. Pursuant to the provisions of Assessment Law and the Resolution of Intention, we have assessed the costs and expenses of the works of improvement (maintenance) to be performed in the Assessment District upon the parcels of land in the Assessment District in accordance with the approved apportionment methodology. For particulars as to the identification of said parcels, reference is made to the Assessment Diagram and Boundary Map on file in the Maintenance Assessment Districts section of the Park and Recreation Department of the City of San Diego. A copy of the Boundary Map is included in the Assessment Engineer's Report as **Exhibit A**.
2. The Assessment Diagram included in this report shows the Assessment District, as well as the boundaries and dimensions of the respective parcels and subdivisions of land within the Assessment District, the same as existed at the time of the passage of the Resolution of Intention, each of which subdivisions of land or parcels or lots respectively have been given a separate number upon the Assessment Diagram and in the Assessment Roll (**Exhibit C**).
3. By virtue of the authority contained in said Assessment Law, and by further direction and order of the legislative body, we hereby make the following assessment to cover the costs and expenses of the works of improvement (maintenance) for the Assessment District based on the costs and expenses as set forth in the Assessment Engineer's Report.

For particulars as to the individual assessments and their descriptions, reference is made to the Assessment Roll (**Exhibit C**) attached hereto.

DATED: May 15, 2015
