Master Storm Water System Maintenance Program

Prepared by:

Transportation & Storm Water Department
Storm Water Division
Operations & Maintenance Section
2781 Caminito Chollas
San Diego, CA
92105

June 2009
Revised June 2011
Revised September 2011
Revised October 2011
Revised December 2012 per CDP A-6-NOC-11-086
Revised July 2013 per Settlement Agreement 4-23-13
Amended January 2018

TABLE OF CONTENTS

Executive Summary	ES-1
1.0. Introduction.....	1
1.1 History.....	1
1.2 Storm Water System	1
1.3 Master Program Goals and Objections	2
2.0 Storm Water System.....	4
3.0 Maintenance Methods	6
3.1 Equipment Types	6
3.2 Maintenance Methodologies and Techniques.....	7
3.3 Access	9
3.4 Staging and Stockpiling	9
3.5 Runoff Control	10
4.0 Maintenance Guidelines	11
4.1 Maintenance Protocols.....	11
4.2 PEIR Mitigation Measures.....	14
5.0 Maintenance Programs	15
5.1 Annual Maintenance Needs Determination Process.....	16
5.2 Individual Technical Assessments	17
5.3 Individual Maintenance Plan	20
5.4 Maintenance Implementation.....	21
5.5 Maintenance Reporting.....	22
6.0 Substantial Conformance Review Process.....	24
6.1 City of San Diego.....	24
6.2 State and Federal Agencies	27
7.0 Emergency Maintenance	29

FIGURES

Follows Page

1 Major Storm Water Facility Locations	6
2a Storm Water Facilities – Rancho Bernardo Area.....	6
2b Storm Water Facilities – Soledad Area.....	6
2c Storm Water Facilities – I-8 Corridor	6
2d Storm Water Facilities – Central San Diego Area	6
2e Storm Water Facilities – Otay Mesa Area	6

APPENDICES

APPENDIX A Master Program Storm Water Facilities

APPENDIX B – Storm Water Facility Maps

APPENDIX C – Mitigating Monitoring and Reporting Program

APPENDIX D – Individual Biological Assessment Report Form

APPENDIX E – Individual Historical Assessment Report Form

APPENDIX F – Individual Hydrologic and Hydraulic Assessment Report Form

APPENDIX G – Individual Water Quality Assessment Form

APPENDIX H – Individual Noise Assessment Report Form

APPENDIX I – Individual Maintenance Activity Report Form

APPENDIX J – Substantial Conformance Review Checklist

LIST OF ACRONYMS

BMP - Best Management Practice
CCC – California Coastal Commission
CEQA – California Environmental Quality Act
CDFG - California Department of Fish and Game
CDP - Coastal Development Permit
Corps - U.S. Army Corps of Engineers
dBA - A-weighted decibel
DSD - Development Services Department
HEC - Hydrologic Engineering Center
IAA - Individual Access Assessment
IMP - Individual Maintenance Plan
IBA - Individual Biological Assessment
IHA - Individual Historical Assessment
IHHA - Individual Hydrologic and Hydraulic Assessment
INA - Individual Noise Assessment
IWQA - Individual Water Quality Assessment
L_{eq} - time-averaged one-hour equivalent level
MAR – Maintenance Activity Report
MC - Maintenance Contractor
MMC - Mitigation Monitoring Coordinator
MMRP – Mitigation, Monitoring and Reporting Program
NPDES - National Pollutant Discharge Elimination System
PEIR - Program Environmental Impact Report
PWS – Public Works Supervisor
RWQCB - Regional Water Quality Control Board
SDP - Site Development Permit
SCR - Substantial Conformance Review
SWD – Storm Water Division
T&SWD – Transportation & Storm Water Department
USFWS - U.S. Fish and Wildlife Service
