

As part of the Police Department's Vision Zero effort, Traffic Division increased enforcement and education operations at locations identified on statistically based maps as having three or more injury collisions. The comparison chart below shows the number of citations issued during calendar years 2017, and 2018, at those locations. Note: Vision Zero efforts were undertaken in calendar year 2017; therefore, the data for calendar year 2017 is compared to the ensuing calendar year, 2018, as the same scope of data was not available for calendar year 2016. Targeted locations are updated each year based on revised collision data, (so the year to year comparisons may not always be of the same targeted locations within the Division.)
