Other Issues Relevant to FY 2018

Police Sworn Positions – Budget vs. Actual

*Actual figures are as of July 1 of each fiscal year except for FY 2017, for which current figures as of April 24, 2017, are shown.

- Plans to Finance the Backlog of General Fund Capital Projects Needs
 - Capital Outlook plans for a bond issuance of \$270 million over the next 5 years
 - Plans include 'just in time' borrowing by issuing commercial paper that will ultimately be refinanced with long-term bonds
 - A Commercial Paper Borrowing Program is planned to come to Council for review and approval in the fall. The Mayor, working with the Council, will develop a list of eligible General Fund projects for financing
 - If approved, short-term Commercial Paper Notes could be issued in January 2018 or sooner
 - The FY 2018 Proposed Budget includes \$500,000 for General Fund Commercial Paper

- Street Improvements Funding
 - Many sources of financing are currently or potentially dedicated to financing street improvements:
 - State Gas Tax
 - Proposed TOT Measure
 - Infrastructure Fund
 - TransNet
 - Previous DC bond financings
 - Given the potential magnitude of new funds dedicated to street repairs, IBA recommends Council consider using future financing proceeds to address other critical unfunded capital projects such as sidewalks, parks, and fire stations

- Storm Water Permit Requirements and Funding Challenges
 - Storm Water permit costs continue to be significant:
 - \$3.1 billion in expenditures are expected to be needed through FY 2040 to ensure compliance
 - The City lacks a dedicated stream of revenue sufficient to meet these expenditure needs
 - TSW has worked with the Regional Board to refine permits and decrease costs, but even with these efforts costs remain high

- Storm Water Permit Requirements and Funding Challenges
 - The City is trending towards compliance with Total Maximum Daily Load (TMDL) deadlines beginning in FY 2018 and FY 2019
 - The City is **not** trending towards compliance with TMDLs that begin hitting in FY 2020 and FY 2021
 - Fines for non-compliance are up to \$10,000 per day, per violation
