Subject: Annual Beach Area Construction Restriction - 2024

The City of San Diego Annual Beach Area Construction Restriction limits non-emergency construction work during the summer period, minimizing impacts on beach area businesses and tourism. The summer period is considered to extend from Memorial Day to Labor Day.

This restriction affects travel lanes, parking lanes and pedestrian walkways on significant roadways entering and exiting the beach areas, where merchants and tourism could be adversely affected by construction activities. The periods of most critical concern are Memorial Day (May 27), Independence Day (July 4) and Labor Day (Sept. 2).

Your cooperation is greatly appreciated. If you have any questions about the items discussed above, please contact Tanner French at tfrench@sandiego.gov and Mike Inerowicz at minerowicz@sandiego.gov.

Where Can I find the Annual Beach Area Construction Restriction?
