

Form C: Project Summary

Name of Organization	
----------------------	--

An eligible project is the arts and/or culture activity proposed by the applicant for funding; it should address the outcomes of the Creative Communities San Diego program.

Eligible projects are typically one or a series of events united by a single theme or purpose and typically of limited duration. Applicants should be careful not to try to make general operations look like a project or to define a project too broadly. Applicants should consult with staff to confirm that their proposed activity qualifies as a project if they have any doubts.

Applicants should carefully describe who the project serves, how and what services it provides and who the primary service providers are. Do not assume that the name of the project and the names of the fiscal sponsor, community partners and/or applicant organization are sufficient to define a project.
