**CONSTRUCTION INDUSTRY  
NOTICE  
June 15, 2010**

In coordination with the City's Small Local Business Enterprise (SLBE) program going into effect on July 1, 2010 we are pleased to inform the industry of a few planned updates to the Contractor Pre-Qualification Program.

For contracts valued between \$50,000 to \$1 million, a modified prequalification questionnaire, similar to that of the SLBE program, will be required. Prime contractors who are already certified with the SLBE program will be automatically prequalified for contracts up to \$1 million, or their bond capacity, whichever is less. For contracts valued in excess of \$1 million, there will be no change to the current contractor prequalification program process. However, the renewal questionnaire for the prequalification program has been updated to be consistent with the program's original prequalification questionnaire.

Information about the Small Local Business Enterprise (SLBE) Program is available on the City's website at [www.sandiego.gov/eoc/boc/slbe.shtml](http://www.sandiego.gov/eoc/boc/slbe.shtml).

Information about the Prequalification Program is available on the City's website at [www.sandiego.gov/engineering-cip/services/consultcontract/prequal.shtml](http://www.sandiego.gov/engineering-cip/services/consultcontract/prequal.shtml).

These updates are scheduled to go into effect July 1, 2010. For additional information, please contact David Stucky at (619) 533-3474 or [dstucky@sandiego.gov](mailto:dstucky@sandiego.gov).

Afshin Oskoui, PE  
City Engineer
