- 📌 Street Lights
- 📌 Traffic Signals
- 📌 Utilities Undergrounding
- 📌 Water Facilities
- 📌 Sewer Facilities
- 📌 Water Pipelines
- 📌 Sewer Pipelines

Why does the City want my feedback on this project?

The City understands that construction can be inconvenient for residents, businesses and other stakeholders, and is committed to reducing disturbance and addressing community concerns to the maximum extent possible. With this in mind, the City would like to receive your comments or concerns regarding this Project, and you are encouraged to stay involved as the project moves ahead. Please visit the project website regularly for updates; you can also subscribe to email updates via the project website.

When and where will Community Meetings be held to inform me of the Project?

Initial community meetings are planned for Fall 2012. Dates and locations will be posted on the project website and announced via mailings to area residents, businesses and facilities. Please visit the project website regularly for the latest; you can also subscribe to e-mail updates via the project website.

Who is being noticed for the Community Meetings?

Notices are being mailed to owners and occupants of all properties within approximately one block of the Project alignment. In addition, schools, emergency facilities, communities of faith and other facilities/organizations that are outside the immediate project area but might be affected by traffic detours were also noticed. If you would like to be added to the noticing list, please email engineering@sandiego.gov or visit the project website.

How can I make sure I receive updates on project progress?

For questions and comments at any time:

- Call 619.533.4207 – project information line
- Email engineering@sandiego.gov

Do I need to provide my comments by a certain date?

No, the City is interested in hearing your questions and comments at any time throughout the design and construction periods. Consistent with California state law, there will be a defined comment period for the project CEQA document. Information on the CEQA review period, including the closing date for submittal of comments on the CEQA document, will be made available via the project website and hard-copy and email notices.
