

OFFICE OF THE CITY CLERK

REPORT

REPORT TO THE HONORABLE MAYOR AND COUNCIL

DATE: September 29, 2014

REPORT NO.: CC-14-07

SUBJECT: **BIENNIAL REPORT ON AMENDMENTS TO CITY'S CONFLICT OF INTEREST CODES IN COMPLIANCE WITH STATE LAW**

INFORMATIONAL REPORT (FOR COUNCIL ACTION LATER THIS YEAR)

The California Government Code designates the City Council as the City's "code reviewing body" for conflict of interest codes for City departments, agencies, boards and commissions. California Government Code section 87306.5 states that, no later than July 1 of each even numbered year, code reviewing bodies are required to direct each local agency under their jurisdiction that has a previously adopted conflict of interest code ("Code") to review that agency's code. "Local agencies" includes not only City departments, but also City-owned corporations, certain City boards and commissions, and certain other local agencies (for example, the Housing Commission).

California Government Code section 87306.5 requires local agencies to submit a biennial report identifying proposed changes to their Code, or a statement that the Code does not need to be amended at this time. These biennial reports have been submitted to the City Clerk, who collects them under state law no later than October 1 of each even-numbered year for the Council.

This Report details the status of the City's biennial conflict of interest code amendment process. This Report includes two lists:

- First, the Report lists those City departments, corporations, agencies, boards and commissions that will be submitting proposed amendments to their conflict of interest codes for Council review and approval this year.
- Second, the Report lists those departments, agencies, boards and commissions that have filed forms with the City Clerk's Office declaring that changes are not necessary to their codes this year. This list also includes several dormant boards that are not meeting this year, but whose codes will remain in place for future panels (such as the Redistricting Commission and Charter Review Committee).

Government Code section 87303 requires those entities that seek to amend their code to submit proposed amendments to the Council to ensure that the codes are considered and approved before the end of the year. Each of the 32 entities intending to amend a code this year submitted their proposed amendments to the City Clerk for review. The City Attorney's Office is now conducting a legal review of all proposed amendments. The City Attorney's Office is working with

each of the City departments, agencies, boards and commissions that intend to amend their codes and assisting those entities to bring their proposed codes before the Council between October and December 2014. The 33 codes will be brought to Council on the consent agenda. The newly amended codes will take effect on the date of their adoption by the Council, and are not subject to mayoral veto.
