City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15. Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Maya Edstrom

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15. Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Feb 17, 2014

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15. Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Kris Hronek

These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15. Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Andrea Kaltenbrunner

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15. Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Yvonne Jeffery

Also, if this is the same beach as Children's Pool, then I suggest the man made sea wall be taken down to let the ocean come in and clean up the area. If you want to eliminate the seal problem for once and for all then take that stupid sea wall down. Otherwise, just close the beach until pupping season is over.

Sincerely,

Mary Elerding
