**Subject:** Please Protect Seals by Supporting the Winter Closure of Casa Beach!

Feb 16, 2014

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15.

Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Martha Buchan

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15. Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Etienne Deligenza

Feb 16, 2014

City Clerk

Dear Clerk,

Hi--

From childhood I have thought of the San Diego area as my "safe haven" of escape from LA life. I was planning another visit for later this spring, when I saw some material about seals being abused.

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15.

Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban. I'd like to be able to revisit SD as I used to, but this is definitely keeping me away.

Thank you for your consideration.

Sincerely,

Diane Cunningham

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15.

Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

heather crynock

Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15.

Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Doris Cloud

Feb 16, 2014

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15. Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Klark Clevenger

These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15.

Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Rita Casolari

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15.

Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Griselda Casas

**Subject:** Please Protect Seals by Supporting the Winter Closure of Casa Beach!

Feb 16, 2014

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15.

Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Severino Buratti
