Subject: Please Protect Seals by Supporting the Winter Closure of Casa Beach!

Feb 16, 2014

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15. Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Barbara Hawryszczak

Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15.

Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Fabiola La Madrid

Feb 16, 2014

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15. Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Nat Lakso

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15.

Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Margaret Kirkpatrick

Subject: Please Protect Seals by Supporting the Winter Closure of Casa Beach!

Feb 16, 2014

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15.

Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Allison Jones

Feb 16, 2014

City Clerk

Dear Clerk,

Dear San Diego City Council Members:

The La Jolla Harbor Seal Rookery at Casa Beach is a natural treasure worthy of special protection year-round, being the only harbor seal rookery on the Southern California mainland coast where our public can view harbor seals in the wild. Protecting the seals against human harassment in this rookery is of special importance during the pupping season, since young nursing pups cannot survive the permanent separation from their moms which often occurs in connection with human-induced harassment. .

Because the best recreational sealwatching at Casa is from the seawall and the sidewalks above the rookery, and because the seals using the rookery need to be separated from humans to prevent "flushing" and the associated pup mortality, I ask that you please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15.

Banning our public from the rookery sand during that period will not only insure that the the seal pups have their optimum opportunity for survival, but also will encourage the parenting seals not to abandon the rookery due to harassment pressures.

Sincerely,

James Hudnall

Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15.

Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Joshua Howard

Subject: Please Protect Seals by Supporting the Winter Closure of Casa Beach!

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15. Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Colby Hayes

Yanez, David
