Subject: Please Protect Seals by Supporting the Winter Closure of Casa Beach!

Feb 15, 2014

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15. Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

ROBIN ADAIR

Subject: Please Protect Seals by Supporting the Winter Closure of Casa Beach!

Feb 15, 2014

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15.

Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Jessica Shannon

These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15. Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

betty pederson

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15. Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Anna Paunu

Feb 15, 2014

City Clerk

Dear Clerk,

I was extremely heartbroken and sickened to learn that seal families are being harassed and tortured by residents of Casa Beach for the simple reason that these residents do not want to share the beach with these gentle animals, even though by law these seals are protected and Casa Beach is officially a sea rookery.

I am elated to learn that the San Diego City Council is planning to vote on a resolution to prohibit public access to Casa Beach during the seals' pupping season.

Seals are sentient, gentle, thinking, feeling beings, capable of experiencing a myriad of emotions, just like us. Protecting these seals is not merely a noble end in itself, it is vital for California's eco-system to thrive. Furthermore, promoting animal welfare paves the way to the promotion of human welfare; for, if we get desensitized to animal pain and suffering, it is very easy to take the next step and become desensitized to human pain and suffering as well.

I am therefore pleading the city council to decidedly vote in favour of supporting the seal rookery and to prohibit public access to the rookery during pupping season. These gentle creatures deserve better!!

I sincerely thank you for your time and consideration.

Yours truly,

Nan Newall

"Animals have a life of their own that is of importance to them apart from their utility to us. They are not only in the world, they are aware of it. What happens to them matters to them." - Dr. Tom Regan

"I think how we treat animals reflects how we treat each other." - Barack Obama

Subject: Please Protect Seals by Supporting the Winter Closure of Casa Beach!

Feb 15, 2014

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15.

Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Karina Macias

Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15.

Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Ieland hodge

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15. Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

karin hoad

Feb 15, 2014

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15.

Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Dennis Doyle

Subject: Please Support Closure of Casa Beach During Harbor Seal Pupping Season

Dear San Diego City Council:

Interim Mayor Todd Gloria and Members of the City Council
City of San Diego
202 C Street, 10th Floor
San Diego, CA 92101

Dear Interim Mayor Gloria and Members of the City Council:

I support closing Casa Beach in La Jolla during the five months of harbor seal pupping season between December 15 and May 15. As you know, the Federal Marine Mammal Protection Act and the San Diego Municipal Code protect wildlife at this location.

Of the 17 mainland seal rookeries in California, only Casa Beach and Bolinas Lagoon in Marin County have no access restrictions during pupping season.

Closing this beach during pupping season will protect seal mothers and newborn seal pups from human harassment. Unfortunately, harassment and encroachment from people results in premature births, abandoned pups and increased pup mortality. An abandoned harbor seal pup cannot survive without its mother.

It is for these reasons that I encourage you to close Casa Beach during the critical months of seal pupping season.

Sincerely,

Vanessa Carlson

Subject: Please Protect Seals by Supporting the Winter Closure of Casa Beach!

Feb 15, 2014

City Clerk

Dear Clerk,

I was sickened to learn that seal families are being harassed by beachgoers as these highly sensitive animals seek a safe haven on Casa Beach during pupping season. Last year, despite protective barriers, residents were caught on video viciously harassing the animals--some of whom were apparently pregnant. These animals are just trying to survive and raise their families! Humans have razed wild coastal habitats and there are plenty of recreational beach areas available, so seal rookeries should be protected.

Please vote in support of the proposed resolution to prohibit public access to Casa Beach annually from December 15 to May 15.

Banning these events would be good for animals as well as California's fragile ecosystems, and I respectfully ask you to implement a ban.

Sincerely,

Marslyn Campbell
