**It's Time for New Leadership on City Council.**

Our Council is in chaos. We need leadership, not broken promises. Our present Council has failed us. They are more concerned with **BIG BUSINESS**, than in serving neighborhoods. Streets go unrepaired while **\$60,000,000.00** is wasted on Jackson Drive.

**Make City Government Work for YOU!**

Rich Grosch believes in **Neighborhood Empowerment**. **Local leaders** making **local decisions**. This insures that community priorities are followed. For example:

**Pacific Beach / Mission Beach** - Protection of our Single Family Neighborhoods.

**Ocean Beach / Pt. Loma** - Close Lindbergh Field. We are tired of living in the crash zone.

**Mission Hills / Hillcrest / University Heights** - More police. There are less officers on the street now, than four years ago.

**Nestor** - Complete the sewage clean up. Stop the Border Airport.

**Experienced**

Rich Grosch is a **retired teacher**, former **City Council Representative**, and former **Director of Alumni Development**. Rich has been active for years in civic activities and youth sports. Rich has fought to **protect our communities**. Rich can represent our neighborhood concerns.

REPORTED ROBBERIES ARE UP 21%  
AGGRAVATED ASSAULTS ARE UP 19%  
REPORTED RAPES ARE UP 12%  
HOMICIDES ARE UP 11.5%

During the last three years, our councilman has never held a Town Hall meeting to discuss this alarming situation. Unlike myself, he is seldom seen at neighborhood watch groups or P.T.A. meetings. We are left to fend for ourselves.

**I HAVE A PLAN!**

I have a plan to take back our community. I will personally help turn your neighborhood around, close down drug houses, and confront gang members.

Together we will:

- \* Insist City, County, and State agencies **Do Their Job** providing services to which we are entitled.
- \* Develop neighborhood councils throughout the District to improve citizen participation.
- \* Make our children's education a top City priority by providing safe places to learn and encouraging young people to stay in school.

**A 25 YEAR RECORD!**

I bring to the Council a track record of leadership, commitment, and achievement. I have delivered. In Emerald Hills, where I am president of the neighborhood council, **Crime Dropped 66%** after we implemented my plan to take back our community.

Elect **GEORGE STEVENS**, Your Councilman!

DISTRICT NO. 6**

**VALERIE STALLINGS**  
Researcher, Salk Institute  
Community leader

**Endorsed by the Sierra Club**

**CITY GOVERNMENT PARALYZED**

City Council is the least respected government body in San Diego. The incumbent and his fellow councilmembers are more interested in their political careers than in solving our problems. I'll work for you, not higher office.

**NEIGHBORHOODS NEGLECTED**

The incumbent told voters he was "the neighborhood protection candidate" but rated dead-last by the Sierra Club in protecting our neighborhoods from growth and traffic. As a Planning Group member and Town Council director, protecting neighborhoods is more than a slogan for me.

**MORE POLICE**

We have fewer police per resident than other major cities. Yet, the City Council voted against increasing the ratio of police. I am committed to increasing the number of police per citizen.

**STOP SEWAGE POLLUTION**

The incumbent blocked efforts to clean-up San Diego's sewage. As a result, millions of gallons of partially treated sewage will continue to pollute our ocean and bays daily. I will work to stop ocean pollution without exorbitant costs.

**REFERENDUM ON CITY COUNCIL PERFORMANCE**

If you agree it's time for a change at City Hall, please give me your vote on September 17.

**COMMITMENT**

We share a common comitment, District 8! I am committed to working to solve the problems neglect and "political selfishness" have caused. I have proven my commitment by living and working in the District as a teacher, an administrator, and community activist, for over 35 years. I commit to a four-year term in District 8 and pledge to open government to all. WE ARE THE SOLUTION.

**LEADERSHIP**

LEADERSHIP IS EFFECTIVE INVOLVEMENT IN ONE's community and I have proudly served as:

- Chair, Citizens Advisory Board Police/Community Relations
- Chair, Community Planning Group
- Co-Chair, Regional Urban Design Assistance Team
- Board Member, Police Athletic League  
San Diego Repertory Theatre (TSF)
- Past State Vice President, California Federation of Teachers

**VISION**

Quality of life in District 8 will improve by giving power to YOU and the COMMUNITY. My commitment to the future is:

- Stop the "Fighting" at City Hall, by working with others to address District needs.
- Give you a voice in City decisions that affect you.
- Making Hard Decisions with your help.
- Address real issues of crime and prevention — NO MORE symbolic efforts.

**SAN DIEGO CITY COUNCIL  
DISTRICT NO. 8**

**LINCOLN PICKARD**

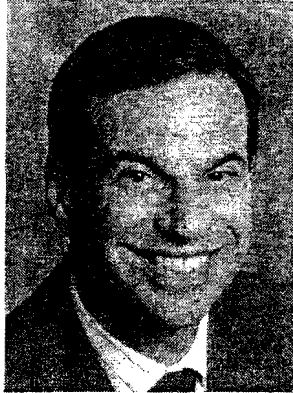

Fellow citizens. We need a commitment to seeking an equal distribution of resources from the City of San Diego to District 8. We need a budget broken down by district that will assure us we are on equal footing with the other seven districts.

We need a commitment to find a solution to the illegal alien problem. We need to stop the robbery, rape, murder and extortion of Mexican citizens as they illegally cross our border. If the political reality is that we want and/or need Mexican citizens in our country let us make their trek into our country a legal act. We could then attempt to stop the drugs, control the disease and have the opportunity to screen out the criminal element that crosses our border. We need a commitment to treat all minorities equally, as if we were members of that minority.

Brown Field, NO! Twinport, yes if we mitigate the problems, compose a satisfactory Mexico-United States agreement and District 8 receives the full benefits of an airport. If we want prosperity, respect and empowerment in our District 8 community, we need a project like Twinport.

We are not without challenging issues and opportunities.

**SAN DIEGO CITY COUNCIL  
DISTRICT NO. 8**

**BOB FILNER**

**Fighting for us!**

"People should not be shut out of City Hall decisions. Everyone deserves a voice at City Hall. I've worked hard to be that voice. I'm fiercely independent, determined, and willing to shake things up.

"Crime, drugs and gangs have reached crisis proportions. I will not tolerate this. That's why I'm taking strong action.

"We have had many successes. But much remains to be done. Join me in our fight to protect our neighborhoods."

Respectfully, Bob Filner

**Bob Filner Fights For Our Neighborhoods Against Crime.**

• **Drug-Free Zones at Schools**

Bob Filner wrote San Diego's Drug-Free Zone law to keep drugs and pushers away from schools and playgrounds.

• **Neighborhood Graffiti Patrol**

Fed up with graffiti, Bob Filner got a truck, some paint, and started daily patrols of neighborhoods to attack the problem.

• **New Jobs**

Bob Filner created business "enterprise zones" and thousands of new jobs.

• **Leader in Protecting Our Environment**

The Sierra Club gave Bob Filner one of its highest ratings. He leads the fight to clean up raw sewage from Tijuana.

• **Stands Up For The South Bay**

Bob Filner opened the first permanent South Bay City Council office.
