**PETER NAVARRO  
Business Professor  
PLAN! Chairperson**

Dear Friend,

My wife and I have made San Diego our home. We are deeply involved in the community.

My wife is on the Board of our neighborhood association. I founded Prevent Los Angelization Now! because I believe it's important to protect our quality of life and manage growth.

I grew up poor in a single parent household, and my brother and I were first in our family to earn college degrees. I was a teacher in the Peace Corps. I understand the need for youth recreation programs and the importance of quality education.

I managed a small business while earning my economics Ph.D. at Harvard. Today, I'm a University of California Business Professor with a plan to put San Diegans back to work.

One of my highest priorities is neighborhood safety. I'll increase police protection and expand Neighborhood Watch.

I'm committed to bringing San Diego's border problems under control.

Walking door-to-door, my wife and I hear the same message: You want strong representation.

You know me as an independent leader. I won't be afraid to shake things up at City Hall if that's what it takes to protect our neighborhoods.

Please vote for me.

**Experienced**

Kehoe has hands-on experience with district issues while serving as a key assistant to a city councilman. Kehoe worked daily with district residents and their concerns, including graffiti, single family neighborhood protection, and crime prevention.

As your Council Representative I will work hard to:

- ✓ Bring back safety and security to our streets
- ✓ Revitalize and retain small businesses
- ✓ Create opportunities for family home ownership
- ✓ Sweep graffiti from our streets and eliminate gang violence
- ✓ Bring young people back into the mainstream of neighborhood life
- ✓ Curb racial tension and mounting hate crimes
- ✓ Unite the Third District's diverse cultures

Most recently, as Executive Director of the Normal Heights Community Development Corporation, I successfully:

- ✓ Protected single family neighborhoods from high density development
- ✓ Worked to promote more effective neighborhood policing
- ✓ Secured start-up loans for small businesses
- ✓ Instituted San Diego's first Federally assisted program for first time home buyers
- ✓ Developed the first joint-use community/school park in San Diego.

Give me your vote and I will put my experience, energy, and dedication to work for you. As a direct, accessible and effective leader, I will bring economic health and personal safety back to the Third District.

**WHY YOU SHOULD ELECT ME TO CITY COUNCIL**

I have been walking house-to-house throughout the district. Voters have told me they want their city government to be responsive, especially in the following areas:

- 1. More police and support for fire fighters.**
- 2. Get tough with graffiti taggers.**
- 3. Avoid more taxes on businesses and residents.**

I am not a professional politician. I just want to do this job well. After my wife was mugged twice, I knew first-hand the meaning of government responsiveness. We need more of it.

**KIMBERLEY McMANUS  
Independent State Senator's Assistant**

I am a third generation San Diegan. Born at Sharp Memorial; attended Jefferson Elementary, Roosevelt Junior High, and San Diego High School; graduated from the University of California.

I now serve as our Independent State Senator's staff director. She taught me about public service: how to represent the best in people; why there is no substitute for quality; and how the quality of leadership determines the quality of our lives.

Having served as President of the Mid-City Chamber of Commerce, I know the critical role of our neighborhood business districts. When crime and graffiti force businesses to close, our neighborhoods decline. People lose their connecting points with their neighbors and neighborhoods lose their sense of pride and identity.

I will take immediate action:

- A new police substation for Mid-City and "storefront" stations in every business district.
- Community Oriented Policing to put more officers on neighborhood beats.
- More Detective Teams to crack down on drug and prostitution rings.

The City Council must set priorities. We can't afford to be all things to all people. My first priority is to make our neighborhoods safe places in which to live and do business. I appreciate your consideration.

As your Councilmember, I will bring new ideas, honesty, integrity and continuity to City Hall.

Great cities assets are: unlimited fresh water, viable seaport, comprehensive commuter loop railway. The immediate plan for San Diego must be: build plants to recycle fresh water, actively seek merchant ships to use port facilities, plan and build a comprehensive loop railway. These projects are vital producers of new continuing jobs; they would aid construction, manufacturing, and ancillary jobs, goods and services. The taxes produced would enable the hiring of more police, fire, teachers, and other City service workers with no additional taxes to the residents. Property values would be maintained, wages would go up, San Diego would become a desirable place to live and work.

BOB O'Dwyer will also promote a favorable business climate by cutting red tape and encouraging entrepreneurs to locate in San Diego. Greater cooperation with Federal Agencies to stem the inexorable wave of illegal immigrants.

BOB O'DWYER has this VISION. VOTE for BOB O'DWYER.

**SHE MEANS BUSINESS . . .**

- As a successful businesswoman, I know what it takes to live within existing revenues and meet the needs of my customers.
- Declining city revenues require more emphasis on cutting bureaucracy and red tape.
- More taxes and fees are not the answer. They discourage business expansion. I will work to retain existing businesses, attract new businesses, and strengthen our local economy.

**. . . AND SAFE NEIGHBORHOODS**

- City government must focus on providing adequate police, fire and other basic municipal services, not expanding City Hall bureaucracy.
- In addition to making tough budget choices, I will expand successful citizen-based programs, like the Retired Senior Volunteer Patrol, to make our communities safer.
- I want tougher enforcement of curfew and trespassing laws along with expanded youth programs to reduce crime and gang activity.

SAN DIEGO CITY COUNCIL  
District No. 7

**APRIL BOLING**  
Certified Public Accountant

I grew up in Allied Gardens and graduated from Hoover High. I live with my husband and children in San Carlos.

I will not sit and watch our communities deteriorate.

**\* CRIME IS UP ALMOST 10% IN DISTRICT 7 SINCE 1987, WHILE CRIME DROPPED 5.4% CITYWIDE.** Violent crime: Up 113% in San Carlos, 54% in Montezuma. Armed robberies: Up 65% in Tierrasanta, 48% in Rolando/Redwood.

I support the Police Officers Association initiative to increase the police force.

**\* TAXES AND FEES GO UP — YET WE GET LESS AND LESS.**

The Council keeps raising "fees". I will be a Taxpayer Watchdog!

**\* OUR PLIGHT: INCREASED GRAFFITI. NEGLECTED PARKS. FORGOTTEN LIBRARIES. POTHOLES.** A Union-Tribune study says: our district ranks 7th in fixing potholes; 5th for fire response.

We need an effective advocate for OUR COMMUNITY at City Hall.

As an accountant, I can cut waste. As a community advocate (Past President, Navajo Community Planners), I understand community needs. On the Council, I will:

- \* CUT BUREAUCRACY. USE SAVINGS FOR POLICE AND FIRE PROTECTION!**
- \* DEMAND OUR FAIR SHARE OF CITY SERVICES!**
- \* FIGHT FEE AND TAX INCREASES. TAXPAYERS COME FIRST!**

**MARCO LI MANDRI**

Never, since the end of World War II have the good citizens of District 7 been confronted with a more important election. How the citizens of District 7 vote on Sept. 21st will determine the future prospects and hopes of the District and City into the next century.

As a former small manufacturer, a business and labor consultant, a father of five and a citizen of District 7 for 25 years, I was compelled to enter this race. I refuse to allow my children, my neighbors and friends to tolerate the disintegration of our communities, any longer. All our major problems — increasing violent and senseless crime, the lack of economic opportunities, the collapse of our small business communities, the lack of civil respect can be tied to the decline of our local economic base.

The City government must create the conditions for job creation in the private sector. This private sector should be based upon the rapid expansion of our commercial port facilities as well as growth of small manufacturing. I have a specific plan which will attract high paying, manufacturing and distribution jobs to the East San Diego and Mission Gorge areas.

Vote for constructive, energetic and rapid change. Vote for Marco Li Mandri.

My wife and I are tremendously grateful for the generous outpouring of goodwill that accompanied my election in February. I have been working hard on the tough issues that face our neighborhoods.

**FIGHTING CRIME AND GANGS.**

- \* I voted to add 95 more police officers this year and 313 officers over the next five years.
- \* At my urging, opening day for the Nestor Police Station on Coronado Avenue was moved up.
- \* I am working on increased Gang Prevention and a plan to disarm the gangs.

**FIGHT GRAFFITI.**

- \* I have doubled the District 8 Graffiti Patrol.
- \* We are holding regular Community Cleanups.
- \* I am proposing legislation to make San Diego the toughest city in the nation on graffiti vandals.

**ECONOMIC DEVELOPMENT.**

- \* I am fighting to stop Twin Ports — to bring jobs to our community.
- \* I want to attract jobs to revitalize our neighborhoods and provide hope for our future.

We are off to a good start. Everyday, our Mobile Office is out in the neighborhoods. Please stop by and share your concerns.
