

City Councilman Scott Peters' Rancho Peñasquitos Community Traffic and Engineering Accomplishments from May - October 2005

Traffic Signal Coordination (Contact person Wahad Habbaba, 619-533-3091)

- Adjusted traffic signal timing at the intersection of Black Mountain Road and Park Village Road to allow the traffic signal to cycle faster and to reduce the delay for eastbound left turning traffic.
- Adjusted traffic signal coordination for Camino Del Sur at Carmel Valley Road and Watson Ranch Road to operate on demand, depending on the traffic volume approaching each signal.
- Increased green time for north and southbound left turning vehicles during morning peak hours on Camino Del Sur and Wolverine Way to provide additional green time if needed during the morning peak hours.
- Got Caltrans to adjust lights at Black Mountain Road and SR 56.
