General Fund

Fund Status Summary

Fiscal Year 2013 has reflected a year of continued recovery for the City of San Diego as major revenues for the General Fund continued to increase, most significantly Property Tax, Sales Tax, and Transient Occupancy Tax. The General Fund ended the year with revenues exceeding expenditures by approximately \$12.6 million. When taking into account the projected deficit assumed in the revised budget of \$14.5 million and excluding encumbrances of \$6.7 million, the General Fund ended the fiscal year with a budgetary surplus of approximately \$27.1 million.

At the end of Fiscal Year 2013, General Fund revenues totaled \$1.184 billion which represents an approximate \$5.0 million (0.4%) decrease from Fiscal Year 2012. This variance is mainly due to onetime prior year revenue from a litigation settlement related to the Fiscal Year 2007 Wildfires and onetime property taxes related to the dissolution of the former Redevelopment Agency. This decrease was offset by growth in Property Taxes, Sales Taxes, Transient Occupancy Taxes, and Revenue from Other Agencies. Additionally, actual revenues are approximately \$12.2 million (1.0%) higher than the Fiscal Year 2013 Revised Budget.

General Fund expenditures totaled \$1.171 billion as of June 30, 2013 which marks an increase of \$35.0 million (3.1%) from Fiscal Year 2012. This variance is primarily due to increases in workers' compensation insurance in accordance with the revised City's Reserve Policy, retirement expenses allocated to the General Fund, and data center and network costs associated with the transition from San Diego Data Processing Corporation (SDDPC) to outside vendors. Additionally, expenditures were under budget by approximately \$15.0 million while expenditures and encumbrances together were \$8.2 million (0.7%) lower than the Fiscal Year 2013 Revised Budget.

The following table shows a General Fund financial status summary for Fiscal Year 2013.

- *Property Taxes* totaled \$412.2 million which is approximately \$890 thousand higher than Fiscal Year 2012. The growth in property taxes between the current and prior fiscal years was offset by onetime revenue in both fiscal years. In the prior fiscal year, onetime property taxes from the dissolution of the former Redevelopment Agency increased property taxes by approximately \$24 million. In the current fiscal year there was a onetime refund of about \$6.9 million in property tax administration fees from the County of San Diego.
- *Sales Taxes* totaled \$232.9 million which is approximately \$12.7 million higher than Fiscal Year 2012. This variance is primarily due to increases in consumer spending.
- *Transient Occupancy Taxes* totaled \$83.9 million which is \$5.6 million higher than Fiscal Year 2012. This variance is primarily due to continued growth in the local tourism industry.
- *Fines and Forfeitures* totaled approximately \$29.4 million which is approximately \$33.1 million lower than Fiscal Year 2012. This variance is primarily due to a onetime receipt of a litigation settlement related to the Fiscal Year 2007 wildfires in Fiscal Year 2012 and also due to year over year decreases in other litigation awards.
- *Rents and Concessions* totaled approximately \$49.0 million which is approximately \$3.1 million higher than Fiscal Year 2012. This variance is primarily due to an increase in Mission Bay lease revenues.
- *Revenue from Other Agencies* totaled approximately \$11.4 million which is approximately \$8.2 million higher than Fiscal Year 2012. This variance is primarily due to the onetime distribution

of excess SAFE reserve funds from San Diego Association of Governments (SANDAG) and reimbursements from the Successor Agency for Civic San Diego administrative service costs.

- *Transfers* totaled approximately \$88.0 million which is approximately \$4.2 million lower than Fiscal Year 2012 and is primarily due to a onetime transfer from TransNet American Recovery and Reinvestment Act (ARRA) Exchange Fund to General Fund in Fiscal Year 2012.
- *Other Revenue* totaled \$7.5 million which is approximately \$2.7 million higher than Fiscal Year 2012 and is primarily due to the City's TRAN bond premium recorded in Fiscal Year 2013.

Expenditures Summary

General Fund expenditures and encumbrances totaled approximately \$1.178 billion which is a \$33.1 million (2.9%) increase over Fiscal Year 2012. The following exhibit illustrates the historical trend of General Fund expenditures as well as a comparison to the expenditures incurred as of Period 12 of Fiscal Year 2013.

- *Personnel Services* expenditures are up approximately \$3.3 million from Fiscal Year 2012 mostly due to citywide increases in discretionary leave and vacation pay in lieu of annual leave expenses.
- *Fringe Benefits* expenditures are up \$10.2 million from Fiscal Year 2012 which is mainly due to current year increases related to workers’ compensation insurance in accordance with the revised City’s Reserve Policy, increases in the supplemental pension saving plan costs, as well as a greater allocation of retirement expenditures to the General Fund.
- *Contract* expenditures and encumbrances are down \$6.9 million from Fiscal Year 2012 which is mainly due to the reclassification of fleet fuel costs to Energy and Utilities. This decrease was partially offset by increases in SAP allocation transfers, construction expenditures and professional services related to work performed by Civic San Diego.
- *Information Technology* expenditures and encumbrances are up \$11.4 million from Fiscal Year 2012 which is primarily due to an increase in data center and network costs associated with the transition from San Diego Data Processing Corporation (SDDPC) to Atos IT Solutions & Services, CGI Technologies and Solutions, Inc., and Xerox State & Local Solutions, Inc.
- *Energy and Utilities* expenditures and encumbrances are up approximately \$8.9 million from Fiscal Year 2012 which is primarily due to the reclassification of fleet fuel costs previously reported as Contracts expenditures.
- *Transfers* are up \$2.8 million from Fiscal Year 2012 which is primarily due to the increase in transfers to Police Decentralization Fund.

- *Library* expenditures and encumbrances totaled \$39.5 million which is approximately \$6.0 million higher than Fiscal Year 2012. This variance is primarily due to restoring hours and services to the public, and increases in retiree health contributions, data center and network costs, and internal delivery services.
- *Park and Recreation* expenditures and encumbrances totaled \$86.7 million which is approximately \$3.0 million higher than Fiscal Year 2012. This variance is primarily due to increases in retiree health contributions, water hydrant costs, data center and network costs, in grant matching for Carmel Valley brush management, and expenses related to replacement trailers for Pershing Yard.
- *Economic Development* expenditures and encumbrances totaled \$11.5 million which is approximately \$7.4 million higher than Fiscal Year 2012. This variance is primarily due to increases in reimbursements to San Diego Housing Commission for oversight and management of the Neil Good Day Center, administrative expenses for Civic San Diego, as well as a Fiscal Year 2013 restructure which moved Economic Growth Services from the Community and Legislative Services Department to the Economic Development Department.
- *Citywide Program* expenditures and encumbrances totaled \$76.4 million which is approximately \$5.3 million lower than Fiscal Year 2012. This variance is primarily due to a prior year onetime transfer of litigation settlement revenue related to the Fiscal Year 2007 wildfires in Fiscal Year 2012, which was partially offset by increases in debt service payments on Deferred Capital Financing bonds, cash transfers to the Public Liability fund, cash transfers to the Capital Improvement Project Fund, and cash transfers to other special funds for public use leases.

Water Fund

Water Fund revenue totaled approximately \$448.6 million which is \$79.5 million (15.1%) lower than Fiscal Year 2012 and is primarily due to lower State Revolving Loan Fund proceeds and bond proceeds, which were partially offset by increases in water sales, capacity charges, disaster recovery payments from FEMA related to the 2007 wildfires, and a payment related to the assignment of the Witman Ranch claim for wildfire damage.

Water Fund expenses and encumbrances totaled \$422.6 million which represents an increase of approximately \$25.0 million (6.3%) from Fiscal Year 2012 and is primarily due to increases in water purchases, and expensing of prior year CIP related costs which had been previously capitalized.

As the following table indicates, Fiscal Year 2013 revenue exceeds operating expenses by approximately \$39.3 million. Once the \$13.3 million of encumbered commitments are taken into account, revenue continues to exceed expenses and encumbrances approximately \$25.9 million.

Sewer Fund

Sewer Fund revenue totaled approximately \$406.2 million which is approximately \$13.9 million (3.3%) lower than Fiscal Year 2012 and is primarily due to decreases in bond proceeds and sewer service charges. These decreases are partially offset by increases in capacity charges and State Revolving Loan Fund proceeds.

Sewer Fund expenses and encumbrances totaled approximately \$334.1 million which represent an increase of approximately \$4.7 million (1.4%) from Fiscal Year 2012 and is primarily due to an increase in refunds to Participating Agencies and expensing of prior year CIP related costs which had previously been capitalized, partially offset by a reduction in debt service payments.

As the following table indicates, Fiscal Year 2013 revenue exceeds operating expenses by approximately \$92.4 million. Once the \$20.3 million of encumbered commitments are taken into account, revenue continues to exceed expenses and encumbrances by approximately \$72.1 million.
