

Renewal Certification of Special Inspectors, Special Inspection Agencies and Testing Laboratories

By: Martin Montessoro,
Special inspection Program Manager

Revised 3/24/09

The special inspectors, special inspection agencies and construction materials testing laboratories desiring to continue to work on construction projects permitted within the City of San Diego, are required to renew their certificates by the end of December 31, 2010. Applications for renewal of certificates and fee schedule were mailed in July 2010 to all special inspectors, agencies and testing labs currently certified/registered by the City of San Diego, to the mailing address on our records. The new certificates will be valid for a period of three years, from January 1, 2011 thru December 31, 2013.

Please be advised that the current certification/registration for all categories of special inspections, inspection agency and material testing will expire on December 31, 2010.

If you have not received the certification renewal application by August 2010, contact Inspection Services so that one can be mailed to you.

If you have any questions concerning certification renewal, contact Inspection Services at (858) 492-5070.
