

List of Noticed Unreinforced Masonry (URM) Buildings Built Prior to March 24, 1939
Sorted by Assessors Parcel Number (APN)

[Revision Date: September 1, 2007]

The following list was compiled as a result of a limited visual survey of buildings which were identified on SANBORN maps as containing any type of masonry construction in any form.
 The URM Ordinance published under Chapter 14 Article 5 Division 4 of the San Diego Municipal Code calls for only addresses of un-reinforced masonry bearing wall buildings, which were constructed prior to March 24, 1939.

NOTE: The Building Status shows the current status of the noticed URM building that is based on the information we have on our records. Please be advised that every effort is made to create an accurate list of URM buildings as of the date of its publication. If any errors or discrepancies are noticed please notify us in writing and we will gladly make corrections as needed.

Note: This list contains **858 APN #'s** with Noticed URM Buildings.
