BACKGROUND

The project proposes a waiver from the requirements of a Tentative Map to convert two existing industrial buildings into 48 industrial condominiums on 5.97-acre site. The project is located at 10065 Via De La Amistad in the Industrial zone of the Otay Mesa Development District in the Otay International Center Precise Plan within the Otay Mesa Community Plan area.

The project site is surrounded by industrial use to the north and west, international border to the south and County of San Diego land to the east. The project consists of two industrial building
containing 48 lease spaces. The zone requires 76 parking spaces. The project contains a total of 185 existing parking spaces that are located on site around the buildings accessed through Via De La Amistad. The current use is industrial warehouse.

The project is in compliance with current applicable regulations per San Diego Municipal Code (SDMC) section 125.0120 and Otay Mesa Development District (OMDD) section 103.1104. The original development was permitted by right and constructed in the early 1990’s. There are no open Building or Zoning Code violations of record against this property.

DISCUSSION

Staff has reviewed the Map Waiver request to waive the requirement for a Tentative Map. The project is in conformance with the applicable sections of the San Diego Municipal Code for Map Waivers. The development is also consistent with the Industrial Land Use designation of the Otay Mesa Development District OMDD. Therefore, staff recommends approval of the project.
