REPORT TO THE HEARING OFFICER

HEARING DATE: January 29, 2014 REPORT NO. HO-14-003

ATTENTION: Hearing Officer

SUBJECT: PACIFIC HOPE CHURCH
PROJECT NUMBER 307296

LOCATION: 3550 Afton Road

APPLICANT: Mark Schroeder/Pacific Hope Church

SUMMARY

Requested Action - Should the Hearing Officer approve a Conditional Use Permit to operate a church use in an existing 12,276 square foot building?

Staff Recommendation - APPROVE Conditional Use Permit No. 1076640.

Community Planning Group Recommendation – On February 20, 2013, the Kearny Mesa Planning Group voted 12-0-0 to recommend approval of the project with no conditions (Attachment 7).

Environmental Review – The project was determined to be exempt pursuant to California Environmental Quality Act (CEQA) Guidelines Section 15301. This project is not pending an appeal of the environmental determination. The environmental exemption determination for this project was made on December 11, 2013 and the opportunity to appeal that determination ended December 26, 2013.

BACKGROUND

The project proposes to maintain a church use in an existing 12,276 square-foot building originally approved by Hearing Officer on March 5, 2008 under Conditional Use Permit No. 456664 for five years. The previous permit expired on March 5, 2013. An application for a new Conditional use Permit for the site was submitted on February 4, 2013. The project site is located at 3550 Afton Road, South of Aero Drive (Attachment 1), in the IP-2-1 zone within the Kearny Mesa Community Planning area (Attachment 2). No increase in square footage is requested. The existing building is used for church related office, fellowship, and classroom uses Monday through Saturday. On Sunday the building is used for church services. The Kearny
Mesa Community Plan designates the site and adjacent properties as Industrial Parks/Light Industry. The site is surrounded by light industrial development and temporary church/educational uses to the north and west and single family residential uses to the east.

The property is currently developed with a one story, 12,276 square foot structure that was built in 1981 and surface parking spaces. Prior to the church use, the building was used for storage and operations of Balboa Medical Services. The proposed project requires a Conditional Use Permit to locate a church use in the IP-2-1 zone.

**DISCUSSION**

The applicant proposes to maintain the existing 12,276 square foot structure as a religious facility for the Pacific Hope Church for 20 years.

The community plan identifies the erosion of the industrial base due in part to the development of non-industrial uses on industrially designated land. The issue of preservation of industrial lands is also addressed in the adopted Strategic Framework Element of the General Plan. The plan states that industrially designated areas should be utilized for general industrial, business park, and scientific research and development uses. The proposed church use is not contained within the community plan recommendations for industrial land, however a time limit of 20 years would be placed on the use, so that it is temporary in nature. In addition, while the site is located in an industrial park, no heavy industrial uses exist near the site. A public park is located to the southwest and single family residential uses exist to the east, therefore, the proposed use transitions the area from a business park to the less intense uses of residential and park facilities to the southwest and east.

The project site however, is located within the boundaries of the West Aero Drive Land Use Study that was accepted by the Planning Department and utilized by the City Council in 2006. The study notes that this area, south of Aero Drive between Kearny Villa Road and Ruffin Road has slowly been changing from light industrial uses to more institutional uses. In addition, with its close proximity to the residential area of Serra Mesa, these non hazardous uses may be more appropriate.

**CONCLUSION:**

Staff has determined that the project complies with the development regulations of all applicable sections of the Land Development Code. Staff has determined that the required findings can be made as the project meets the applicable San Diego Municipal Code regulations and requirements. Staff recommends approval of the project as proposed.
ALTERNATIVES:

1. Approve Conditional Use Permit No. 1076640, with modifications.

2. Deny Conditional Use Permit No. 1076640, if the findings required to approve the project cannot be affirmed.

Respectfully submitted,

[Signature]
William Zounes
Development Project Manager

### COMMUNITY PLANNING GROUP RECOMMENDATION:

On February 20, 2013, the Kearny Mesa Planning Group voted 12-0-0 to recommend approval of the project and with the recommendation of a 20 CUP
This Conditional Use Permit No. 1076640 is granted by the Hearing Officer of the City of San Diego to MAKARIOS PARTNERS LLC, Owner and PACIFIC HOPE CHURCH, Permittee, pursuant to San Diego Municipal Code [SDMC] section 126.0305. The 1.08 acre site is located at 3550 Afton Road in the IP-2-1 Zone within the Kearny Mesa Community Planning area. The project site is legally described as Parcel 1 of Parcel Map No. 18122.

Subject to the terms and conditions set forth in this Permit, permission is granted to Owner and Permittee to operate a church use in an existing 12,276 square foot building, described and identified by size, dimension, quantity, type, and location on the approved exhibits [Exhibit "A"] dated January 29, 2014, on file in the Development Services Department.

The project shall include:

a. A church use in an existing 12,276 square-foot building with 135 fixed seats;

b. Landscaping (planting, irrigation and landscape related improvements);

c. Off-street parking;

d. Accessory improvements determined by the Development Services Department to be consistent with the land use and development standards in effect for this site per the adopted community plan, California Environmental Quality Act Guidelines, public and private improvement requirements of the City Engineer, the underlying zone(s), conditions of this Permit, and any other applicable regulations of the SDMC in effect for this site.
STANDARD REQUIREMENTS:

1. This permit must be utilized within thirty-six (36) months after the date on which all rights of appeal have expired. Failure to utilize and maintain utilization of this permit as described in the SDMC will automatically void the permit unless an Extension of Time has been granted. Any such Extension of Time must meet all SDMC requirements and applicable guidelines in affect at the time the extension is considered by the appropriate decision maker. This permit must be utilized by February 12, 2012.

2. This Conditional Use Permit (CUP) and corresponding use of this site shall expire on, January 29, 2034. Upon expiration of this Permit, the facilities and improvements described herein shall be removed from this site and the property shall be restored to its original condition preceding approval of this Permit unless a new Conditional Use Permit is granted.

2. No permit for the construction, occupancy or operation of any facility or improvement described herein shall be granted, nor shall any activity authorized by this Permit be conducted on the premises until:

   a. The Owner/Permittee signs and returns the Permit to the Development Services Department; and

   b. The Permit is recorded in the Office of the San Diego County Recorder.

3. While this Permit is in effect, the subject property shall be used only for the purposes and under the terms and conditions set forth in this Permit unless otherwise authorized by the appropriate City decision maker.

4. This Permit is a covenant running with the subject property and all of the requirements and conditions of this Permit and related documents shall be binding upon the Owner/Permittee and any successor(s) in interest.

5. The continued use of this Permit shall be subject to the regulations of this and any other applicable governmental agency.

6. Issuance of this Permit by the City of San Diego does not authorize the Owner/Permittee for this Permit to violate any Federal, State or City laws, ordinances, regulations or policies including, but not limited to, the Endangered Species Act of 1973 [ESA] and any amendments thereto (16 U.S.C. § 1531 et seq.).

7. The Owner/Permittee shall secure all necessary building permits. The Owner/Permittee is informed that to secure these permits, substantial building modifications and site improvements may be required to comply with applicable building, fire, mechanical, and plumbing codes, and State and Federal disability access laws.

8. Construction plans shall be in substantial conformity to Exhibit “A.” Changes, modifications, or alterations to the construction plans are prohibited unless appropriate application(s) or amendment(s) to this Permit have been granted.
9. All of the conditions contained in this Permit have been considered and were determined necessary to make the findings required for approval of this Permit. The Permit holder is required to comply with each and every condition in order to maintain the entitlements that are granted by this Permit.

If any condition of this Permit, on a legal challenge by the Owner/Permittee of this Permit, is found or held by a court of competent jurisdiction to be invalid, unenforceable, or unreasonable, this Permit shall be void. However, in such an event, the Owner/Permittee shall have the right, by paying applicable processing fees, to bring a request for a new permit without the "invalid" conditions(s) back to the discretionary body which approved the Permit for a determination by that body as to whether all of the findings necessary for the issuance of the proposed permit can still be made in the absence of the "invalid" condition(s). Such hearing shall be a hearing de novo, and the discretionary body shall have the absolute right to approve, disapprove, or modify the proposed permit and the condition(s) contained therein.

10. The Owner/Permittee shall defend, indemnify, and hold harmless the City, its agents, officers, and employees from any and all claims, actions, proceedings, damages, judgments, or costs, including attorney’s fees, against the City or its agents, officers, or employees, relating to the issuance of this permit including, but not limited to, any action to attack, set aside, void, challenge, or annul this development approval and any environmental document or decision. The City will promptly notify Owner/Permittee of any claim, action, or proceeding and, if the City should fail to cooperate fully in the defense, the Owner/Permittee shall not thereafter be responsible to defend, indemnify, and hold harmless the City or its agents, officers, and employees. The City may elect to conduct its own defense, participate in its own defense, or obtain independent legal counsel in defense of any claim related to this indemnification. In the event of such election, Owner/Permittee shall pay all of the costs related thereto, including without limitation reasonable attorney’s fees and costs. In the event of a disagreement between the City and Owner/Permittee regarding litigation issues, the City shall have the authority to control the litigation and make litigation related decisions, including, but not limited to, settlement or other disposition of the matter. However, the Owner/Permittee shall not be required to pay or perform any settlement unless such settlement is approved by Owner/Permittee.

LANDSCAPE REQUIREMENTS:

11. Proposed landscape shall observe the Minimum Tree Separation Distance requirements, as shown in the Landscape Regulations. The location of the utilities or trees shall be adjusted to comply with the separation requirements. In no case shall the quantity of trees as shown on Exhibit "A" be decreased due to conflicts with utilities.

12. In the event that the Landscape Plan and the Site Plan conflict, the Site Plan shall be revised to be consistent with the Landscape Plan such that landscape areas are consistent with the Exhibit “A” Landscape Development Plan.

13. Prior to issuance of any construction permits, complete landscape and irrigation construction documents consistent with the Land Development Manual: Landscape Standards shall be submitted to the City Manager for approval. The construction documents shall be in
substantial conformance with Exhibit “A,” Landscape Development Plan, on file in the Office of the Development Services Department. Construction plans shall take into account a 40 square foot area around each tree which is unencumbered by hardscape and utilities as set forth under LDC 142.0403(b)5.

14. All required landscape shall be maintained in a disease, weed and litter free condition at all times. Severe pruning or "topping" of trees is not permitted. The trees shall be maintained in a safe manner to allow each tree to grow to its mature height and spread.

15. If any required landscape (including existing or new plantings, hardscape, landscape features, etc.) indicated on the approved construction document plans is damaged or removed during demolition or construction, it shall be repaired and/or replaced in kind and equivalent size per the approved documents to the satisfaction of the Development Services Department within 30 days of damage or Certificate of Occupancy or a Final Landscape Inspection.

16. Any required planting that dies within 3 years of installation shall be replaced within 30 calendar days of plant death with the same size and species of plant material shown on the approved plan. Required shrubs or trees that die 3 years or more after installation shall be replaced with 15 gallon size or 60-inch box size material, respectively. Development Services may authorize adjustment of the size and quantity of replacement material where material replacement would occur in inaccessible areas or where the existing plant being replaced is larger than a 15 gallon shrub or 60-inch box tree.

TRANSPORTATION REQUIREMENTS:

17. No fewer than 45 off-street parking spaces (with 49 on-site parking spaces provided) including 2 disabled accessible spaces (with at least one van-sized disabled accessible space), 2 motorcycle spaces, and 2 bicycle spaces shall be permanently maintained on the property within the approximate location shown on the project's Exhibit "A". Further, all on-site parking stalls and aisle widths shall be in compliance with requirements of the City's Municipal Code, and shall not be converted and/or utilized for any other purpose, unless otherwise authorized in writing by the Development Services Department Director.

18. The sanctuary and fellowship hall/classroom/office areas shall not be used concurrently.

PLANNING/DESIGN REQUIREMENTS:

19. All signs associated with this development shall be consistent with sign criteria established by City-wide sign regulations.

INFORMATION ONLY:

• Any party on whom fees, dedications, reservations, or other exactions have been imposed as conditions of approval of this development permit, may protest the imposition within ninety days of the approval of this development permit by filing a written protest with the City Clerk pursuant to California Government Code §66020.
• This development may be subject to impact fees at the time of construction permit issuance

APPROVED by the Hearing Officer of the City of San Diego on January 29, 2014.

HEARING OFFICER RESOLUTION NO. XXXXXX
CONDITIONAL USE PERMIT NO. 1076640
PACIFIC HOPE CHURCH – PROJECT NO. 307296

WHEREAS, MAKARIOS PARTNERS, LLC, A CALIFORNIA LIMITED LIABILITY COMPANY, Owner, and PACIFIC HOPE CHURCH, Permittee, filed an application with the City of San Diego for a permit to operate a church use in an existing 12,276 square foot building (as described in and by reference to the approved Exhibits "A" and corresponding conditions of approval for the associated Permit No. 456664), on portions of a 1.08 acre site;

WHEREAS, the project site is located at 3550 Afton Road in the IP-2-1 Zone within the Kearny Mesa Community Planning area;

WHEREAS, the project site is legally described as Parcel 1 of Parcel Map No. 1812;

WHEREAS, on January 29, 2014, the Hearing Officer of the City of San Diego considered Conditional Use Permit No. 1076640 pursuant to the Land Development Code of the City of San Diego; NOW, THEREFORE,

BE IT RESOLVED by the Hearing Officer of the City of San Diego as follows:

That the Hearing Officer adopts the following written Findings, dated January 29, 2014.

Conditional Use Permit - Section 126.0305

1. The proposed development will not adversely affect the applicable land use plan.

The project proposes the continued operation of a church use within an existing 12,276 square foot building previously approved by the Hearing Officer on March 5, 2008 for a maximum of five years. The project is located at 3550 Afton Road within the IP-2-1 zone within the Kearny Mesa Community Plan with a designation of Industrial Parks/Light Industry.

The community plan identifies the erosion of the industrial base due in part to the development of non-industrial uses on industrially designated land. The issue of preservation of industrial lands is also addressed in the adopted Strategic Framework Element of the General Plan. The plan states that industrially designated areas should be utilized for general industrial, business park, and scientific research and development uses. The proposed church use is not contained within the community plan recommendations for industrial land, however a time limit of 20 years would be placed on the use, so that it is temporary in nature. In addition, while the site is located in an industrial park no heavy industrial uses exist near the site as residential uses exist to the east, a private school to the north, and a public park is located to the southwest. The project site however, is located within the boundaries of the West Aero Drive Land Use Study that was accepted by the Planning Department and utilized by the City Council in 2006. The study notes that this area, south of Aero Drive between Kearny Villa Road and Ruffin Road has slowly been changing from light industrial uses to more institutional uses. In addition, with its close proximity to the residential area of Serra Mesa, these non hazardous uses may be more appropriate. The proposed use transitions the area from a business park to the less intense uses. Therefore, the proposed development will not adversely affect the applicable land use plan.
2. **The proposed development will not be detrimental to the public health, safety, and welfare.**

The project proposes the continued operation of a church use within an existing 12,276 square foot building previously approved by the Hearing Officer on March 5, 2008 for a maximum of five years. The project is located at 3550 Afton Road within the IP-2-1 zone within the Kearny Mesa Community Plan with a designation of Industrial Parks/Light Industry.

The proposed project, to operate a church use in an existing 12,276 square foot building, has been conditioned to comply with all building and safety codes. The project has been conditioned to maintain a minimum number of parking spaces on the site at all time and restrict the time during which services may be held to reduce the potential for traffic/parking conflicts with adjacent neighbors. The site is located in an industrial park however no heavy industrial uses exist near the site. A public park is located to the southwest and single family residential uses exist to the east. Therefore, the proposed development will not be detrimental to the public health safety and welfare.

3. **The proposed development will comply to the maximum extent feasible with the regulations of the Land Development Code.**

The project proposes the continued operation of a church use within an existing 12,276 square foot building previously approved by the Hearing Officer on March 5, 2008 for a maximum of five years. The project is located at 3550 Afton Road within the IP-2-1 zone within the Kearny Mesa Community Plan with a designation of Industrial Parks/Light Industry.

The project proposes the addition of a new wrought iron gate near the driveway entrance and new parking lot trees and landscaping in accordance with Land Development Code Landscape Ordinance. The existing floor plan and structure will remain the same. Therefore, the proposed project complies with all regulations of the Land Development Code.

4. **The proposed use is appropriate at the proposed location.**

The project proposes the continued operation of a church use within an existing 12,276 square foot building. The project is located at 3550 Afton Road within the IP-2-1 zone within the Kearny Mesa Community Plan with a designation of Industrial Parks/Light Industry.

The community plan identifies the erosion of the industrial base due in part to the development of non-industrial uses on industrially designated land. The issue of preservation of industrial lands is also addressed in the adopted Strategic Framework Element of the General Plan. The plan states that industrially designated areas should be utilized for general industrial, business park, and scientific research and development uses. The proposed church use is not contained within the community plan recommendations for industrial land, however a time limit of 20 years would be placed on the use, so that it is temporary in nature. In addition, while the site is located in an industrial park no heavy industrial uses exist near the site as residential uses exist to the east, a private school to the north, and a public park is located to the southwest. The project site however, is located within the boundaries of the West Aero Drive Land Use Study that was accepted by the Planning Department and utilized by the City Council in
2006. The study notes that this area, south of Aero Drive between Kearny Villa Road and Ruffin Road has slowly been changing from light industrial uses to more institutional uses. In addition, with its close proximity to the residential area of Serra Mesa, these non hazardous uses may be more appropriate. The proposed use transitions the area from a business park to the less intense uses. Therefore, the proposed use transitions the area from a business park to a less intense uses is appropriate at the proposed location.

BE IT FURTHER RESOLVED that, based on the findings hereinbefore adopted by the Hearing Officer, Conditional Use Permit No. 1076640 is hereby GRANTED by the Hearing Officer to the referenced Owner/Permittee, in the form, exhibits, terms and conditions as set forth in Permit No. 1076640, a copy of which is attached hereto and made a part hereof.

STANDARD REQUIREMENTS:

1. This permit must be utilized within thirty-six (36) months after the date on which all rights of appeal have expired. Failure to utilize and maintain utilization of this permit as described in the SDMC will automatically void the permit unless an Extension of Time has been granted. Any such Extension of Time must meet all SDMC requirements and applicable guidelines in effect at the time the extension is considered by the appropriate decision maker.

2. This Conditional Use Permit [CUP] and corresponding use of this site shall expire on March 5, 2013. Upon expiration of this Permit, the facilities and improvements described herein shall be removed from this site and the property shall be restored to its original condition preceding approval of this Permit unless a new Conditional Use Permit is granted.

2. No permit for the construction, occupancy or operation of any facility or improvement described herein shall be granted, nor shall any activity authorized by this Permit be conducted on the premises until:

   a. The Owner/Permittee signs and returns the Permit to the Development Services Department; and

   b. The Permit is recorded in the Office of the San Diego County Recorder.

3. Unless this Permit has been revoked by the City of San Diego the property included by reference within this Permit shall be used only for the purposes and under the terms and conditions set forth in this Permit unless otherwise authorized by the Development Services Department.

4. This Permit is a covenant running with the subject property and shall be binding upon the Owner/Permittee and any successor or successors, and the interests of any successor shall be subject to each and every condition set out in this Permit and all referenced documents.

5. The continued use of this Permit shall be subject to the regulations of this and any other applicable governmental agency.

6. Issuance of this Permit by the City of San Diego does not authorize the Owner/Permittee for this permit to violate any Federal, State or City laws, ordinances, regulations or policies including, but not limited to, the Endangered Species Act of 1973 [ESA] and any amendments thereto (16 U.S.C. § 1531 et seq.).

7. The Owner/Permittee shall secure all necessary building permits. The Owner/Permittee is informed that to secure these permits, substantial modifications to the building and site improvements to comply with applicable building, fire, mechanical and plumbing codes and State law requiring access for disabled people may be required.
8. Construction plans shall be in substantial conformity to Exhibit "A." No changes, modifications or alterations shall be made unless appropriate application(s) or amendment(s) to this Permit have been granted.

9. All of the conditions contained in this Permit have been considered and have been determined to be necessary in order to make the findings required for this Permit. It is the intent of the City that the holder of this Permit be required to comply with each and every condition in order to be afforded the special rights which the holder of the Permit is entitled as a result of obtaining this Permit.

   In the event that any condition of this Permit, on a legal challenge by the Owner/Permittee of this Permit, is found or held by a court of competent jurisdiction to be invalid, unenforceable, or unreasonable, this Permit shall be void. However, in such an event, the Owner/Permittee shall have the right, by paying applicable processing fees, to bring a request for a new permit without the "invalid" condition(s) back to the discretionary body which approved the Permit for a determination by that body as to whether all of the findings necessary for the issuance of the proposed permit can still be made in the absence of the "invalid" condition(s). Such hearing shall be a hearing de novo and the discretionary body shall have the absolute right to approve, disapprove, or modify the proposed permit and the condition(s) contained therein.

10. The applicant shall defend, indemnify, and hold harmless the City, its agents, officers, and employees from any and all claims, actions, proceedings, damages, judgments, or costs, including attorney’s fees, against the City or its agents, officers, or employees, including, but not limited to, any to any action to attack, set aside, void, challenge, or annul this development approval and any environmental document or decision. The City will promptly notify applicant of any claim, action, or proceeding and, if the City should fail to cooperate fully in the defense, the applicant shall not thereafter be responsible to defend, indemnify, and hold harmless the City or its agents, officers, and employees. The City may elect to conduct its own defense, participate in its own defense, or obtain independent legal counsel in defense of any claim related to this indemnification. In the event of such election, applicant shall pay all of the costs related thereto, including without limitation reasonable attorney’s fees and costs. In the event of a disagreement between the City and applicant regarding litigation issues, the City shall have the authority to control the litigation and make litigation related decisions, including, but not limited to, settlement or other disposition of the matter. However, the applicant shall not be required to pay or perform any settlement unless such settlement is approved by applicant.

ENGINEERING REQUIREMENTS:

11. Prior to the issuance of any construction permits, the applicant shall incorporate any construction Best Management Practices necessary to comply with Chapter 14, Article 2, Division 1 (Grading Regulations) of the San Diego Municipal Code, into the construction plans or specifications.

12. Prior to the issuance of any construction permits, the applicant shall submit a Water Pollution Control Plan (WPCP). The WPCP shall be prepared in accordance with the guidelines in Appendix E of the City’s Storm Water Standards.
13. Prior to building occupancy, the applicant shall obtain an Encroachment Maintenance and Removal Agreement, for landscaping in Afton Road, satisfactory to the City Engineer.

14. Prior to the issuance of any building permits, the applicant shall assure, by permit and bond, the replacement of the existing driveway with a 24-foot wide G-14A driveway, to meet ADA requirements, satisfactory to the City Engineer.

**LANDSCAPE REQUIREMENTS:**

15. Proposed landscape shall observe the Minimum Tree Separation Distance requirements, as shown in the Landscape Regulations. The location of the utilities or trees shall be adjusted to comply with the separation requirements. In no case shall the quantity of trees as shown on Exhibit "A" be decreased due to conflicts with utilities.

16. In the event that the Landscape Plan and the Site Plan conflict, the Site Plan shall be revised to be consistent with the Landscape Plan such that landscape areas are consistent with the Exhibit 'A' Landscape Development Plan.

17. Prior to issuance of any construction permits, complete landscape and irrigation construction documents consistent with the Land Development Manual: Landscape Standards shall be submitted to the City Manager for approval. The construction documents shall be in substantial conformance with Exhibit 'A,' Landscape Development Plan, on file in the Office of the Development Services Department. Construction plans shall take into account a 40 square foot area around each tree which is unencumbered by hardscape and utilities as set forth under LDC 142.0403(b)5.

18. Prior to issuance of any Certificate of Occupancy, it shall be the responsibility of the Owner/Permittee to install all required landscape and obtain all required landscape inspections. A "No Fee" Street Tree Permit shall be obtained for the installation, establishment, and on-going maintenance of all street trees.

19. All required landscape shall be maintained in a disease, weed and litter free condition at all times. Severe pruning or "topping" of trees is not permitted. The trees shall be maintained in a safe manner to allow each tree to grow to its mature height and spread.

20. If any required landscape (including existing or new plantings, hardscape, landscape features, etc.) indicated on the approved construction document plans is damaged or removed during demolition or construction, it shall be repaired and/or replaced in kind and equivalent size per the approved documents to the satisfaction of the Development Services Department within 30 days of damage or Certificate of Occupancy or a Final Landscape Inspection.

21. Any required planting that dies within 3 years of installation shall be replaced within 30 calendar days of plant death with the same size and species of plant material shown on the approved plan. Required shrubs or trees that die 3 years or more after installation shall be replaced with 15 gallon size or 60-inch box size material, respectively. Development Services
may authorize adjustment of the size and quantity of replacement material where material replacement would occur in inaccessible areas or where the existing plant being replaced is larger than a 15 gallon shrub or 60-inch box tree.

PLANNING/DESIGN REQUIREMENTS:

22. No fewer than 45 automobile spaces, 2 accessible spaces (including 1 van accessible parking space), 2 motorcycle spaces, and 2 bicycle spaces with racks, shall be permanently maintained on the property within the approximate location shown on the project's Exhibit "A". Further, all on-site parking stalls and aisle widths shall be in compliance with requirements of the City's Land Development Code and shall not be converted and/or utilized for any other purpose, unless otherwise authorized in writing by the Development Services Department.

23. Prior to the issuance of the first building permit, the applicant shall record a Shared Parking Agreement to provide a minimum of 30 off-site automobile parking spaces, satisfactory to the City Engineer.

24. Church services shall be held on Sundays only.

25. The sanctuary and the offices shall not be used concurrently.

26. There shall be attendance of no greater than 300 persons on weekdays and 500 persons during weekends.

27. There shall be no uses on-site between 10pm-7am.

28. A topographical survey conforming to the provisions of the SDMC may be required if it is determined, during construction, that there may be a conflict between the building(s) under construction and a condition of this Permit or a regulation of the underlying zone. The cost of any such survey shall be borne by the Owner/Permittee.

29. All signs associated with this development shall be consistent with sign criteria established by City-wide sign regulations.

30. All private outdoor lighting shall be shaded and adjusted to fall on the same premises where such lights are located and in accordance with the applicable regulations in the SDMC.

INFORMATION ONLY:

- Any party on whom fees, dedications, reservations, or other exactions have been imposed as conditions of approval of this development permit, may protest the imposition within ninety days of the approval of this development permit by filing a written protest with the City Clerk pursuant to California Government Code §66020.

- This development may be subject to impact fees at the time of construction permit issuance.
APPROVED by the Hearing Officer of the City of San Diego on March 5, 2008 by Resolution No. HO-5963

WHEREAS, BALBOA MEDICAL SERVICES, A CALIFORNIA CORPORATION, Owner, and
PACIFIC HOPE CHURCH, Permittee, filed an application with the City of San Diego for a permit to
operate a church use in an existing 12,276 square foot building (as described in and by reference to the
approved Exhibits "A" and corresponding conditions of approval for the associated Permit No. 456664),
on portions of a 1.08 acre site;

WHEREAS, the project site is located at 3550 Afton Road in the IP-2-1 Zone within the Kearny Mesa
Community Plan;

WHEREAS, the project site is legally described as Parcel 1 of Parcel Map No. 18122;

WHEREAS, on March 5, 2008, the Hearing Officer of the City of San Diego considered Conditional Use
Permit No. 456664 pursuant to the Land Development Code of the City of San Diego; NOW,
THEREFORE,

BE IT RESOLVED by the Hearing Officer of the City of San Diego as follows:

That the Hearing Officer adopts the following written Findings, dated March 5, 2008.

Conditional Use Permit - Section 126.0305

1. The proposed development will not adversely affect the applicable land use plan.

The proposed project, to operate a church use in an existing 12,276 square foot building is located at
3550 Afton Road at the southern boundary of the Kearny Mesa Community Plan area. The proposed
project, to utilize an existing industrial building for a church, is located in the Kearny Mesa community
planning area, and has a land use designation of Industrial Parks/Light Industry.

The community plan identifies the erosion of the industrial base due in part to the development of non-industrial uses on industrially designated land. The issue of preservation of industrial lands is also addressed in the adopted Strategic Framework Element of the General Plan. The plan states that industrially designated areas should be utilized for general industrial, business park, and scientific research and development uses. The proposed church use is not contained within the community plan recommendations for industrial land, however a time limit of five years would be placed on the use, so that it is temporary in nature. In addition, while the site is located in an industrial park no heavy industrial uses exist near the site. A public park is located to the southwest and single family residential uses exist to the east, therefore, the proposed use transitions the area from a business park to the less intense uses. Therefore, the proposed development will not adversely affect the applicable land use plan.

2. The proposed development will not be detrimental to the public health, safety, and welfare.

The proposed project, to operate a church use in an existing 12,276 square foot building, has been conditioned to comply with all building and safety codes. The site is located in an industrial park however no heavy industrial uses exist near the site. A public park is located to the southwest and single
family residential uses exist to the east. Therefore, the proposed development will not be detrimental to the public health safety and welfare.

3. The proposed development will comply to the maximum extent feasible with the regulations of the Land Development Code.

The proposed project, to operate a church use in an existing 12,276 square foot building, would make minor parapet additions and modifications to the exterior, with new walls and construction on the interior to provide for a sanctuary and additional classroom space is not requesting any deviations to development regulations of the applicable zones. Therefore, the proposed project complies with all regulations of the Land Development Code.

4. The proposed use is appropriate at the proposed location.

The proposed project, to operate a church use in an existing 12,276 square foot building is located at 3550 Afton Road at the southern boundary of the Kearny Mesa Community Plan area. The proposed project, to utilize an existing industrial building for a church, is located in the Kearny Mesa community planning area, and has a land use designation of Industrial Parks/Light Industry.

The community plan identifies the erosion of the industrial base due in part to the development of non-industrial uses on industrially designated land. The issue of preservation of industrial lands is also addressed in the adopted Strategic Framework Element of the General Plan. The plan states that industrially designated areas should be utilized for general industrial, business park, and scientific research and development uses. The proposed church use is not contained within the community plan recommendations for industrial land, however a time limit of five years would be placed on the use, so that it is temporary in nature. In addition, while the site is located in an industrial park no heavy industrial uses exist near the site. A public park is located to the southwest and single family residential uses exist to the east, therefore, the proposed use transitions the area from a business park to the less intense uses and is appropriate at the proposed location.

BE IT FURTHER RESOLVED that, based on the findings hereinbefore adopted by the Hearing Officer, Conditional Use Permit No. 456664 is hereby GRANTED by the Hearing Officer to the referenced Owner/Permittee, in the form, exhibits, terms and conditions as set forth in Permit No. 456664, a copy of which is attached hereto and made a part hereof.

As a property owner, tenant, or person who has requested notice, please be advised that the Hearing Officer will hold a public hearing to approve, conditionally approve, or deny an application for Conditional Use Permit (CUP) to maintain an existing church use within an existing 12,276 square foot building on a 1.08 acre site located at 3550 Afton Road. The site is in the IP-2-1 zone within the Kearny Mesa Community Plan. The project was filed with the Development Services Department on January 13, 2013.

The decision of the Hearing Officer is final unless appealed to the Planning Commission. In order to appeal the decision you must be present at the public hearing and file a speaker slip concerning the application or have expressed interest by writing to the Hearing Officer before the close of the public hearing. The appeal must be made within 10 working days of the Hearing Officer's decision. Please do not e-mail appeals as they will not be accepted. See Information Bulletin 505 “Appeal Procedure”, available at www.sandiego.gov/development-services or in person at the Development Services Department, located at 1222 First Avenue, 3rd Floor, San Diego, CA 92101

The decision made by the Planning Commission is the final decision by the City.
This project was determined to be categorically exempt from the California Environmental Quality Act on December 11, 2013 and the opportunity to appeal that determination ended December 27, 2013.

If you wish to challenge the City's action on the above proceedings in court, you may be limited to addressing only those issues you or someone else have raised at the public hearing described in this notice, or written in correspondence to the City at or before the public hearing. If you have any questions after reviewing this notice, you can call the City Project Manager listed above.

This information will be made available in alternative formats upon request. To request an agenda in alternative format or to request a sign language or oral interpreter for the meeting, call Support Services at (619) 321-3208 at least five working days prior to the meeting to insure availability. Assistive Listening Devices (ALD's) are also available for the meeting upon request.
