REPORT TO THE HEARING OFFICER

HEARING DATE: August 20, 2014
REPORT NO. HO-14-046

ATTENTION: Hearing Officer

SUBJECT: LJVPC MEDICAL OFFICE BUILDING
PTS PROJECT NUMBER: 313148

LOCATION: 8910 Villa La Jolla Drive, southeast corner of Villa La Jolla Drive and Villa Norte

APPLICANT: Daniel Robinson, Gensler

OWNER: La Jolla Village Professional Center Associates
Robert Goodman, President (Attachment 10)

SUMMARY

Issue: Should the Hearing Officer approve a Site Development Permit to demolish an existing, vacant 8,320 square foot restaurant building and construct a new 2-story, 14,750 square foot medical office building located at 8910 Villa La Jolla Drive, at the southeast corner of Villa La Jolla Drive and Villa Norte, within the University Community Planning area?

Staff Recommendations -

1. CERTIFY Mitigated Negative Declaration (MND) No. 313148 and ADOPT Mitigation Monitoring and Reporting Program (MMRP); and

2. APPROVE Site Development Permit No. 1099918

Community Planning Group Recommendation - On May 13, 2014, the University Community Planning Group voted 13-0-1 to recommend approval of the project with no conditions (Attachment 9). The chair of the group is the abstention.

Environmental Review: Mitigated Negative Declaration No. 313148 has been prepared for the project in accordance with the State of California Environmental Quality Act (CEQA) Guidelines. A Mitigation Monitoring and Reporting Program has been prepared for the project and will be implemented which will reduce any potential impacts identified in the environmental review process, to a level below significance.
BACKGROUND

The 6.78 -acre project site is currently developed with a 167,672 square foot office building, a 13,213 square foot restaurant, and the existing vacant 8,320 square foot restaurant building (prior El Torito restaurant) proposed for demolition. The property is located at 8910 Villa La Jolla Drive, on the southeast corner of Villa La Jolla Drive and Villa Norte, in the CO-1-2 Zone, Coastal Height Limitation Overlay Zone, Community Plan Implementation Overlay Zone (CPIOZ - Type A), Parking Impact Overlay Zone (Campus Impact Area), and the University Community Plan Area. (Attachments 1-3).

A Site Development Permit (SDP) is required for development with the Community Plan Implementation Overlay Zone (CPIOZ - Type A) that does not comply with the development intensity standards in the University Community Plan. The project varies from the Development Intensity section of the community plan.

DISCUSSION

The proposed project would demolish the existing 8,320 square foot vacant restaurant building (prior El Torito restaurant) and construct a two-story, 14,750 square foot medical office building. The existing structures on the premise that include a 167,672 square foot office building and a 13,213 square foot restaurant will remain on the 6.78 -acre project site. Once the proposed building is constructed, the 6.78 -acre site would contain a total of 195,635 square feet of office/restaurant uses. At the time when the original buildings were constructed, they were built consistent with the underlying zone.

The 6.78 -acre site current contains a total of 696 parking spaces, including 14 accessible spaces. Once the proposed building is constructed, the site will contain a total of 721 parking spaces, including 14 accessible spaces and 56 dedicated carpool spaces. Additionally, the site will provide 14 motorcycle spaces, 14 bicycle spaces and 2 loading areas, as reflected in Condition Number 33 of the permit (Attachment 6).

The project site is located within subarea 71 (La Jolla Professional Center) as identified in Table 3 of the Development Intensity Element in the University Community Plan. Subarea 71 is assigned a specific development intensity of 168,382 square feet of office/bank use and 21,533 square feet of restaurant use. This allocation is based upon the trip generation rates of the assigned uses in terms of Average Daily Trips (ADT's). The proposed demolition of 8,320 square feet of restaurant use and development of 14,750 square feet of additional office use would result in a net decrease of approximately 82 ADT's for the site. The project has been determined to be consistent with the land use and development intensity assigned to subarea 71 based upon the overall mix of uses that would exist on-site and no net increase in ADT's for subarea 71.
The proposed medical office building will contain five (5) office spaces within the first floor, along with a lobby area adjacent to the front door, an elevator and bathrooms. The second floor will contain five (5) office spaces, an elevator and bathrooms. The exterior of the building will consist of concrete panel, aluminum panel, grey aluminum and glass. The proposed building will keep in character with the existing structures on the project site.

Environmental Analysis:

A Mitigated Negative Declaration No. 313148 has been prepared for the project in accordance with the State of California Environmental Quality Act (CEQA) Guidelines. Implementation of the Mitigation, Monitoring and Reporting Program (MMRP) would reduce impacts to a level below significance in the following category: Circulation/Transportation. The following mitigation measures are included in Mitigated Negative Declaration No. 313148 and summarized here.

Circulation/Transportation

Specific mitigation measures would be implemented which would require a fair-share contribution of 2.6 percent of the total cost of widening the eastbound approach of Villa La Jolla Drive/La Jolla Village Drive intersection to construct a second right-turn lane on the eastbound approach while maintaining the right-turn overlap phase.

CONCLUSION

Staff has reviewed the application for the Site Development Permit and determined the project is consistent with the University Community Plan and the City of San Diego Land Development Code. Staff recommends that the Hearing Officer approve the requested permit.

ALTERNATIVES

1. Approve Site Development Permit No. 1099918, with modifications.

2. Deny Site Development Permit No. 1099918, if the findings required to approve the project cannot be affirmed.

Respectfully submitted,

[Signature]

### COMMUNITY PLANNING GROUP RECOMMENDATION:

- On May 13, 2014, the University Community Planning Group voted 13-1 to recommend approval of the project with no conditions.
WHEREAS, La Jolla Village Professional Center Association, Robert Goodman, Owner/Permittee, filed an application with the City of San Diego for a permit to demolish an existing vacant, 8,320 square foot restaurant and construct a 2-story, 14,750 square foot medical office building (as described in and by reference to the approved Exhibits "A" and corresponding conditions of approval for the associated Permit No. 1099918 on portions of a 6.78-acre site;

WHEREAS, the project site is located at 8910 Villa La Jolla Drive, southeast corner of Villa La Jolla Drive and Villa Norte, in the CO-1-2 Zone, Coastal Height Limitation Overlay Zone, Community Plan Implementation Overlay Zone (CPIOZ - Type A), Parking Impact Overlay Zone (Campus Impact Area), and within the University Community Plan Area;

WHEREAS, the project site is legally described as Parcel 1 of Parcel Map No. 6810, filed in the Office of County Recorder of San Diego County, January 25, 1978, being a division of Parcels 3 and 4 of Map No. 5323;

WHEREAS, on August 20, 2014, the Hearing Officer of the City of San Diego considered Site Development Permit No. 1099918 pursuant to the Land Development Code of the City of San Diego;

BE IT RESOLVED by the Hearing Officer of the City of San Diego as follows:

That the Hearing Officer adopts the following written Findings, dated August 20, 2014.

FINDINGS:

A. Findings for all Site Development Permits

1. The proposed development will not adversely affect the applicable land use plan;

The University Community Plan (UCP) designates the project site for commercial uses and the proposed project is consistent with this land use designation. The proposed project varies from the Development Intensity section of the University Community Plan, the Community Plan states “The basis for regulating the intensity of development is the finite traffic capacity of the projected circulation system”. The entire project would be 195,635 square feet once the medical office building is constructed, when the UCP allows for a total of 189,935 square feet of development. The project site is located within subarea 71 (La Jolla Professional Center) as identified in Table 3 of the Development Intensity Element in the University Community Plan. Subarea 71 is assigned a specific development intensity of 168,382 square feet of office/bank use and 21,533 square feet of restaurant use. This allocation is based upon the trip generation rates of the assigned uses in terms of Average Daily Trips (ADT’s). The proposed demolition of 8,320 square feet of restaurant use and development of 14,750 square feet of additional office use would result in a net decrease of approximately 82 ADT’s for the site. The project has been determined
to be consistent with the land use and development intensity assigned to subarea 71 based upon
the overall mix of uses that would exist on-site and no net increase in ADT's for subarea 71.

Based on the trip generation data within the University Community Plan and the site specific
analysis provided in the “Focused Traffic Impact Analysis Report,” prepared by RBF Consulting,
the proposed development will generate fewer trips than the existing building to be demolished,
that has the prior use as a restaurant. Therefore, the proposed project will not adversely affect the
University Community Plan.

2. The proposed development will not be detrimental to the public health, safety, and
welfare; and

The project proposes to demolish an existing vacant, 8,320 square foot restaurant and construct a
2-story, 14,750 square foot medical office building. The proposed project will connect all
necessary sewer and water facilities to serve the occupants of the development. The project will
incorporate construction Best Management Practices (BMP) necessary to comply with Chapter 14
Article 2, Division 1 of the San Diego Municipal Code. The project will prepare and implement a
Water Pollution Control Plan in accordance with the guidelines in Appendix E of the City’s
Storm Water Standards. The project will enter into a Maintenance Agreement for ongoing
permanent BMP maintenance. The project will comply with all requirements of State Water
Resources Control Board (SWRCB) Order No. 2009-0009-DWQ and Amended by Order No.
2010-0014-DWQ and the Municipal Storm Water Permit, Order No. R9-2007-0001 (NPDES
General Permit No. CAS0108758), Waste Discharge Requirements for Discharges of Storm
Water Runoff Associated with Construction Activity. All Uniform Building, Fire, Plumbing,
Electrical, Mechanical Code requirements will be met with the proposed project. Therefore, the
proposed project will not be detrimental to the public health, safety and welfare.

3. The proposed development will comply with the applicable regulations of the
Land Development Code, including any allowable deviations pursuant to the Land
Development Code.

The project proposes to demolish an existing vacant, 8,320 square foot restaurant and construct a
2-story, 14,750 square foot medical office building. The proposed project complies with the
relevant regulations of the Land Development Code. Conditions of approval require the continued
compliance with all relevant regulations of the City of San Diego effective for this site and
incorporated into Site Development Permit No. 1099918. The proposed project conforms to the
overall policies and regulations of the City of San Diego and represents a desirable project for the
site and the University Community Plan area.

BE IT FURTHER RESOLVED that, based on the findings hereinbefore adopted by the Hearing Officer,
Site Development Permit No. 1099918 is hereby GRANTED by the Hearing Officer to the referenced
Owner/Permittee, in the form, exhibits, terms and conditions as set forth in Permit No. 1099918, a copy
of which is attached hereto and made a part hereof.

Laura C. Black, AICP
Development Project Manager, Development Services
SITE DEVELOPMENT PERMIT NO. 1099918  
LJVPC MEDICAL OFFICE BUILDING - PROJECT NO. 313148 [MMRP]  
HEARING OFFICER

This Site Development Permit No. 1099918 is granted by the Hearing Officer of the City of San Diego to La Jolla Village Professional Center Associates, a California limited partnership, Owner/Permittee, pursuant to San Diego Municipal Code [SDMC] section 126.0504. The 6.78-acre site is located at 8910 Villa La Jolla Drive, southeast corner of Villa La Jolla Drive and Villa Norte, in the CO-1-2 Zone, Coastal Height Limitation Overlay Zone, Community Plan Implementation Overlay Zone (CPIOZ - Type A), Parking Impact Overlay Zone (Campus Impact Area), and the University Community Plan Area. The project site is legally described as: Parcel 1 of Parcel Map No. 6810, filed in the Office of County Recorder of San Diego County, January 25, 1978, being a division of Parcels 3 and 4 of Map No. 5323.

Subject to the terms and conditions set forth in this Permit, permission is granted to Owner/Permittee to demolish an existing vacant, 8,320 square foot restaurant and the construction of a 2-story, 14,750 square foot medical office building, described and identified by size, dimension, quantity, type, and location on the approved exhibits [Exhibit "A"] dated August 20, 2014, on file in the Development Services Department.

The project shall include:

a. Demolition of the existing, vacant 8,320 square foot restaurant building;

b. Construction of a new 2-story, 14,750 square foot medical office building;

c. Retaining the existing structures on the premise that include a 167,672 square foot office building and a 13,213 square foot restaurant;

d. Landscaping (planting, irrigation and landscape related improvements);
e. Off-street parking;

f. Incorporation of sustainable building techniques sufficient to achieve Leadership in Energy and Environmental Design (LEED) Silver Certification; and

g. Public and private accessory improvements determined by the Development Services Department to be consistent with the land use and development standards for this site in accordance with the adopted community plan, the California Environmental Quality Act [CEQA] and the CEQA Guidelines, the City Engineer’s requirements, zoning regulations, conditions of this Permit, and any other applicable regulations of the SDMC.

STANDARD REQUIREMENTS:

1. This permit must be utilized within thirty-six (36) months after the date on which all rights of appeal have expired. If this permit is not utilized in accordance with Chapter 12, Article 6, Division 1 of the SDMC within the 36 month period, this permit shall be void unless an Extension of Time has been granted. Any such Extension of Time must meet all SDMC requirements and applicable guidelines in effect at the time the extension is considered by the appropriate decision maker. This permit must be utilized by September 4, 2017.

2. No permit for the construction, occupancy, or operation of any facility or improvement described herein shall be granted, nor shall any activity authorized by this Permit be conducted on the premises until:
   a. The Owner/Permittee sign and return the Permit to the Development Services Department; and
   b. The Permit is recorded in the Office of the San Diego County Recorder.

3. While this Permit is in effect, the subject property shall be used only for the purposes and under the terms and conditions set forth in this Permit unless otherwise authorized by the appropriate City decision maker.

4. This Permit is a covenant running with the subject property and all of the requirements and conditions of this Permit and related documents shall be binding upon the Owner/Permittee and any successor(s) in interest.

5. The continued use of this Permit shall be subject to the regulations of this and any other applicable governmental agency.

6. Issuance of this Permit by the City of San Diego does not authorize the Owner/Permittee for this Permit to violate any Federal, State or City laws, ordinances, regulations or policies including, but not limited to, the Endangered Species Act of 1973 [ESA] and any amendments thereto (16 U.S.C. § 1531 et seq.).
7. The Owner/Permittee shall secure all necessary building permits. The Owner/Permittee is informed that to secure these permits, substantial building modifications and site improvements may be required to comply with applicable building, fire, mechanical, and plumbing codes, and State and Federal disability access laws.

8. Construction plans shall be in substantial conformity to Exhibit “A.” Changes, modifications, or alterations to the construction plans are prohibited unless appropriate application(s) or amendment(s) to this Permit have been granted.

9. All of the conditions contained in this Permit have been considered and were determined-necessary to make the findings required for approval of this Permit. The Permit holder is required to comply with each and every condition in order to maintain the entitlements that are granted by this Permit.

If any condition of this Permit, on a legal challenge by the Owner/Permittee of this Permit, is found or held by a court of competent jurisdiction to be invalid, unenforceable, or unreasonable, this Permit shall be void. However, in such an event, the Owner/Permittee shall have the right, by paying applicable processing fees, to bring a request for a new permit without the "invalid" conditions(s) back to the discretionary body which approved the Permit for a determination by that body as to whether all of the findings necessary for the issuance of the proposed permit can still be made in the absence of the "invalid" condition(s). Such hearing shall be a hearing de novo, and the discretionary body shall have the absolute right to approve, disapprove, or modify the proposed permit and the condition(s) contained therein.

10. The Owner/Permittee shall defend, indemnify, and hold harmless the City, its agents, officers, and employees from any and all claims, actions, proceedings, damages, judgments, or costs, including attorney’s fees, against the City or its agents, officers, or employees, relating to the issuance of this permit including, but not limited to, any action to attack, set aside, void, challenge, or annul this development approval and any environmental document or decision. The City will promptly notify Owner/Permittee of any claim, action, or proceeding and, if the City should fail to cooperate fully in the defense, the Owner/Permittee shall not thereafter be responsible to defend, indemnify, and hold harmless the City or its agents, officers, and employees. The City may elect to conduct its own defense, participate in its own defense, or obtain independent legal counsel in defense of any claim related to this indemnification. In the event of such election, Owner/Permittee shall pay all of the costs related thereto, including without limitation reasonable attorney’s fees and costs. In the event of a disagreement between the City and Owner/Permittee regarding litigation issues, the City shall have the authority to control the litigation and make litigation related decisions, including, but not limited to, settlement or other disposition of the matter. However, the Owner/Permittee shall not be required to pay or perform any settlement unless such settlement is approved by Owner/Permittee.
ENVIRONMENTAL/MITIGATION REQUIREMENTS:

11. Mitigation requirements in the Mitigation, Monitoring, and Reporting Program [MMRP] shall apply to this Permit. These MMRP conditions are hereby incorporated into this Permit by reference.

12. The mitigation measures specified in the MMRP and outlined in Mitigated Negative Declaration No. 313148, shall be noted on the construction plans and specifications under the heading ENVIRONMENTAL MITIGATION REQUIREMENTS.

13. The Owner/Permittee shall comply with the MMRP as specified in Mitigated Negative Declaration No. 313148, to the satisfaction of the Development Services Department and the City Engineer. Prior to issuance of any construction permit, all conditions of the MMRP shall be adhered to, to the satisfaction of the City Engineer. All mitigation measures described in the MMRP shall be implemented for the following issue areas:

Circulation/Transportation

ENGINEERING REQUIREMENTS:

14. Prior to the issuance of any building permit, Owner/Permittee shall assure by permit and bond the replacement of the existing driveway with a 25-foot wide City standard driveway, on Villa Norte, per Standard Drawing SDG-159, satisfactory to the City Engineer.

15. Prior to the issuance of any building permit, Owner/Permittee shall grant a pedestrian casement for the sidewalk transition adjacent to the driveway on Villa La Jolla Drive, satisfactory to the City Engineer.

16. Prior to the issuance of any construction permit, Owner/Permittee shall enter into a Maintenance Agreement for the ongoing permanent BMP maintenance, satisfactory to the City Engineer.

17. Prior to the issuance of any construction permit, Owner/Permittee shall incorporate any construction Best Management Practices necessary to comply with Chapter 14, Article 2, Division 1 (Grading Regulations) of the Municipal Code, into the construction plans or specifications.

18. Prior to the issuance of any construction permit, the Owner/Permittee shall submit a Water Pollution Control Plan (WPCP). The WPCP shall be prepared in accordance with the guidelines in Appendix E of the City’s Storm Water Standards.

19. The drainage system for this project shall be private and will be subject to approval by the City Engineer.

20. Prior to the issuance of any building permits, Owner/Permittee shall obtain a bonded grading permit for the grading proposed for this project. All grading shall conform to
requirements in accordance with the City of San Diego Municipal Code in a manner satisfactory to the City Engineer.

21. Prior to the issuance of any building permit, Owner/Permittee shall assure by permit and bond the installation of new sidewalk within the proposed pedestrian easement, behind the existing driveway on Villa La Jolla Drive, satisfactory to the City Engineer.

22. Prior to the issuance of any construction permit, Owner/Permittee shall incorporate and show the type and location of all post construction Best Management Practices (BMP's) on the final construction drawings, consistent with the approved Water Quality Technical Report.

**LANDSCAPE REQUIREMENTS:**

23. Prior to issuance of any construction permit for grading, construction documents for the revegetation and hydroseeding of all disturbed land shall be submitted in accordance with the Landscape Standards and to the satisfaction of the Development Services Department. All plans shall be in substantial conformance to this permit (including Environmental conditions) and Exhibit 'A,' on file in the Office of the Development Services Department.

24. Prior to issuance of any construction permit for right-of-way improvements, complete landscape construction documents for right-of-way improvements shall be submitted to the Development Services Department for approval. Improvement plans shall show, label and dimension a 40 square foot area around each tree which is unencumbered by utilities. Driveways, utilities, drains, water and sewer laterals shall be designed so as not to prohibit the placement of street trees.

25. Prior to issuance of any building permit, complete landscape and irrigation construction documents consistent with the Landscape Standards shall be submitted to the Development Services Department for approval. The construction documents shall be in substantial conformance with Exhibit 'A,' Landscape Development Plan, on file in the Office of the Development Services Department. Construction plans shall provide a 40 square foot area around each tree which is unencumbered by hardscape and utilities as set forth under LDC 142.0403(b)(5).

26. The Owner/Permittee shall be responsible for the maintenance of all landscape improvements shown on the approved plans, including in the right-of-way, consistent with the Landscape Standards unless long-term maintenance of said landscaping will be the responsibility of a Landscape Maintenance District or other approved entity.

27. All required landscape shall be maintained in a disease, weed and litter free condition at all times. Severe pruning or "topping" of trees is not permitted unless specifically noted in this Permit.

28. If any required landscape (including existing or new plantings, hardscape, landscape features, etc.) indicated on the approved construction document plans is damaged or removed during demolition or construction, it shall be repaired and/or replaced in kind and equivalent size.
per the approved documents to the satisfaction of the Development Services Department within 30 days of damage or Certificate of Occupancy.

**PLANNING/DESIGN REQUIREMENTS:**

29. A topographical survey conforming to the provisions of the SDMC may be required if it is determined, during construction, that there may be a conflict between the building(s) under construction and a condition of this Permit or a regulation of the underlying zone. The cost of any such survey shall be borne by the Owner/Permittee.

30. Incorporation of sustainable building techniques sufficient to achieve Leadership in Energy and Environmental Design (LEED) Silver Certification.

31. All signs associated with this development shall be consistent with City-wide sign regulations.

32. All private outdoor lighting shall be shaded and adjusted to fall on the same premises where such lights are located and in accordance with the applicable regulations in the SDMC.

**TRANSPORTATION REQUIREMENTS:**

33. No fewer than 721 off-street parking spaces shall be permanently maintained within the approximate location shown on Exhibit "A", including 14 disabled accessible (2 van accessible), 14 motorcycle, 14 bicycle and two loading areas. Further, all on-site parking stalls and aisle widths shall be in compliance with requirements of the City’s Land Development Code, and shall not be converted and/or utilized for any other purpose, unless otherwise authorized in writing by the Director of Development Services.

34. Prior to the issuance of the first building permit, Owner/Permittee shall provide a fair-share contribution of 2.6% of the total cost of widening eastbound approach of Villa La Jolla Drive/La Jolla Village Drive intersection to construct a second right-turn lane on the eastbound approach while maintaining right-turn overlap phase, satisfactory to the City Engineer.

**PUBLIC UTILITIES DEPARTMENT REQUIREMENTS:**

35. Prior to the issuance of any building permit, Owner/Permittee shall apply for a plumbing permit for the installation of appropriate private back flow prevention device(s), on each water service (domestic, fire and irrigation), in a manner satisfactory to the Director of Public Utilities and the City Engineer. BFPDs shall be located above ground on private property, in line with the service and immediately adjacent to the right-of-way.

36. Prior to the issuance of any building permit, Owner/Permittee shall assure, by permit and bond, the design and construction of all public water and sewer facilities are to be in accordance with established criteria in the most current City of San Diego Water and Sewer Design Guides.
37. All proposed private water and sewer facilities located within a single lot are to be designed to meet the requirements of the California Uniform Plumbing Code and will be reviewed as part of the building permit plan check.

38. No trees or shrubs exceeding three feet in height at maturity shall be installed within ten feet of any water and sewer facilities.

39. Prior to the issuance of any building permit, Owner/Permittee shall assure, by permit and bond, to cap (abandon) at the property line any existing unused sewer lateral and install new sewer lateral(s) which must be located outside of any driveway or vehicular use area.

40. Prior to the issuance of any building permit, Owner/Permittee shall assure, by permit and bond, to remove (kill) at the main any existing unused water service.

INFORMATION ONLY:

• The issuance of this discretionary use permit alone does not allow the immediate commencement or continued operation of the proposed use on site. The operation allowed by this discretionary use permit may only begin or recommence after all conditions listed on this permit are fully completed and all required ministerial permits have been issued and received final inspection.

• Any party on whom fees, dedications, reservations, or other exactions have been imposed as conditions of approval of this Permit, may protest the imposition within ninety days of the approval of this development permit by filing a written protest with the City Clerk pursuant to California Government Code-section 66020.

• This development may be subject to impact fees at the time of construction permit issuance.

• The 6.78-acre site is located at 8910 Villa La Jolla Drive within subarea 71 (La Jolla Professional Center) as identified in Table 3 of the Development Intensity Element in the University Community Plan. Subarea 71 is assigned a specific development intensity of 168,382 square feet of office/bank use and 21,533 square feet of restaurant use. This allocation is based upon the trip generation rates of the assigned uses in terms of Average Daily Trips (ADT’s). The proposed demolition of 8,320 square feet of restaurant use and development of 15,000 square feet of additional office use would result in a net decrease of approximately 82 ADT’s for the site. The project has been determined to be consistent with the land use and development intensity assigned to subarea 71 based upon the overall mix of uses that would exist on-site and no net increase in ADT’s for subarea 71.

APPROVED by the Hearing Officer of the City of San Diego on August 20, 2014, and approved Resolution No. HO-XXXX.
Site Development Permit No. 1099918
Date of Approval: August 20, 2014

RESOLUTION NUMBER HO-XXXX

LJVPC MEDICAL OFFICE BUILDING - PROJECT NO. 313148 [MMRP]

ADOPTED on August 20, 2014

WHEREAS, on May 7, 2013, La Jolla Village Professional Center Associates, submitted an application to Development Services Department for a Site Development Permit for the LJVPC Medical Office Building (Project); and

WHEREAS, the matter was set for a public hearing to be conducted by the Hearing Officer of the City of San Diego; and

WHEREAS, the issue was heard by the Hearing Officer on August 20, 2014; and

WHEREAS, the Hearing Officer considered the issues discussed in Mitigated Negative Declaration No. 313148 (Declaration) prepared for this Project; NOW THEREFORE,

BE IT RESOLVED, by the Hearing Officer that it is certified that the Declaration has been completed in compliance with the California Environmental Quality Act of 1970 (CEQA) (Public Resources Code Section 21000 et seq.), as amended, and the State CEQA Guidelines thereto (California Code of Regulations, Title 14, Chapter 3, Section 15000 et seq.), that the Declaration reflects the independent judgment of the City of San Diego as Lead Agency and that the information contained in said Declaration, together with any comments received during the public review process, has been reviewed and considered by the Hearing Officer in connection with the approval of the Project.

BE IT FURTHER RESOLVED, that the Hearing Officer finds on the basis of the entire record that project revisions now mitigate potentially significant effects on the environment previously identified in the Initial Study, that there is no substantial evidence that the Project will
have a significant effect on the environment, and therefore, that said Declaration is hereby adopted.

BE IT FURTHER RESOLVED, that pursuant to CEQA Section 21081.6, the Hearing Officer hereby adopts the Mitigation Monitoring and Reporting Program, or alterations to implement the changes to the Project as required by this Hearing Officer in order to mitigate or avoid significant effects on the environment, which is attached hereto as Exhibit A.

BE IT FURTHER RESOLVED, that the Declaration and other documents constituting the record of proceedings upon which the approval is based are available to the public at the office of the Development Services Department, 1222 First Avenue, San Diego, CA 92101.

BE IT FURTHER RESOLVED, that Development Services staff is directed to file a Notice of Determination with the Clerk of the Board of Supervisors for the County of San Diego regarding the Project.

By:
Laura C. Black, AICP
Development Project Manager

ATTACHMENT: Exhibit A, Mitigation Monitoring and Reporting Program
This Mitigation Monitoring and Reporting Program is designed to ensure compliance with Public Resources Code Section 21081.6 during implementation of mitigation measures. This program identifies at a minimum: the department responsible for the monitoring, what is to be monitored, how the monitoring shall be accomplished, the monitoring and reporting schedule, and completion requirements. A record of the Mitigation Monitoring and Reporting Program will be maintained at the offices of the Entitlements Division, 1222 First Avenue, Fifth Floor, San Diego, CA, 92101. All mitigation measures contained in the Mitigated Negative Declaration No. 313148 shall all be made conditions of Site Development Permit as may be further described below.

A. GENERAL REQUIREMENTS – PART I Plan Check Phase (prior to permit issuance)

1. Prior to the issuance of a Notice To Proceed (NTP) for a subdivision, or any construction permits, such as Demolition, Grading or Building, or beginning any construction related activity on-site, the Development Services Department (DSD) Director’s Environmental Designee (ED) shall review and approve all Construction Documents (CD), (plans, specification, details, etc.) to ensure the MMRP requirements are incorporated into the design.

2. In addition, the ED shall verify that the MMRP Conditions/Notes that apply ONLY to the construction phases of this project are included VERBATIM, under the heading, “ENVIRONMENTAL/MITIGATION REQUIREMENTS.”

3. These notes must be shown within the first three (3) sheets of the construction documents in the format specified for engineering construction document templates as shown on the City website: http://www.sandiego.gov/development-services/industry/standtemp.shtml

4. The TITLE INDEX SHEET must also show on which pages the “Environmental/Mitigation Requirements” notes are provided.

5. SURETY AND COST RECOVERY – The Development Services Director or City Manager may require appropriate surety instruments or bonds from private Permit Holders to ensure the long term performance or implementation of required mitigation measures or programs. The City is
authorized to recover its cost to offset the salary, overhead, and expenses for City personnel and programs to monitor qualifying projects.

B. GENERAL REQUIREMENTS – PART II Post Plan Check (After permit issuance/Prior to start of construction)

1. PRE CONSTRUCTION MEETING IS REQUIRED TEN (10) WORKING DAYS PRIOR TO BEGINNING ANY WORK ON THIS PROJECT. The PERMIT HOLDER/OWNER is responsible to arrange and perform this meeting by contacting the CITY RESIDENT ENGINEER (RE) of the Field Engineering Division and City staff from MITIGATION MONITORING COORDINATION (MMC). Attendees must also include the Permit holder’s Representative(s), Job Site Superintendent and the following consultants: Not applicable.

NOTE: Failure of all responsible Permit Holder’s representatives and consultants to attend shall require an additional meeting with all parties present.

CONTACT INFORMATION:

a) The PRIMARY POINT OF CONTACT is the RE at the Field Engineering Division – 858-627-3200

b) For Clarification of ENVIRONMENTAL REQUIREMENTS, applicant is also required to call RE and MMC at 858-627-3360

2. MMRP COMPLIANCE: This Project, Project Tracking System (PTS) Number 313148 and/or Environmental Document Number 313148, shall conform to the mitigation requirements contained in the associated Environmental Document and implemented to the satisfaction of the DSD’s Environmental Designee (MMC) and the City Engineer (RE). The requirements may not be reduced or changed but may be annotated (i.e. to explain when and how compliance is being met and location of verifying proof, etc.). Additional clarifying information may also be added to other relevant plan sheets and/or specifications as appropriate (i.e., specific locations, times of monitoring, methodology, etc).

NOTE: Permit Holder’s Representatives must alert RE and MMC if there are any discrepancies in the plans or notes, or any changes due to field conditions. All conflicts must be approved by RE and MMC BEFORE the work is performed.

3. OTHER AGENCY REQUIREMENTS: Evidence of compliance with all other agency requirements or permits shall be submitted to the RE and MMC for review and acceptance prior to the beginning of work or within one week of the Permit Holder obtaining documentation of those permits or requirements. Evidence shall include copies of permits, letters of
resolution or other documentation issued by the responsible agency: **Not Applicable**

4. **MONITORING EXHIBITS:** All consultants are required to submit, to RE and MMC, a monitoring exhibit on a 11x17 reduction of the appropriate construction plan, such as site plan, grading, landscape, etc., marked to clearly show the specific areas including the **LIMIT OF WORK**, scope of that discipline’s work, and notes indicating when in the construction schedule that work will be performed. When necessary for clarification, a detailed methodology of how the work will be performed shall be included.

**NOTE:** Surety and Cost Recovery – When deemed necessary by the Development Services Director or City Manager, additional surety instruments or bonds from the private Permit Holder may be required to ensure the long term performance or implementation of required mitigation measures or programs. The City is authorized to recover its cost to offset the salary, overhead, and expenses for City personnel and programs to monitor qualifying projects.

5. **OTHER SUBMITTALS AND INSPECTIONS:** The Permit Holder/Owner’s representative shall submit all required documentation, verification letters, and requests for all associated inspections to the RE and MMC for approval per the following schedule:

<table>

<tr>
<td>Bond Release</td>
<td>Request for Bond Release Letter</td>
<td>Final MMRP Inspections Prior to Bond Release Letter</td>
</tr>
</tbody>
</table>

**C. SPECIFIC MMRP ISSUE AREA CONDITIONS/REQUIREMENTS**

**CIRCULATION / TRANSPORTATION**

In order to avoid significant transportation impacts the following mitigation measures shall be implemented by the project applicant. Compliance with the mitigation measures shall be the responsibility of the applicant:

Prior to the issuance of the first building permit, the Owner/Permittee shall provide a fair-share contribution of 2.6 percent of the total cost of widening the eastbound approach of Villa La Jolla Drive / La Jolla Village Drive intersection to construct
a second right-turn lane on the eastbound approach while maintaining the right-turn overlap phase, satisfactory to the City Engineer.

The above mitigation monitoring and reporting program will require additional fees and/or deposits to be collected prior to the issuance of building permits, certificates of occupancy and/or final maps to ensure the successful completion of the monitoring program.
LA JOLLA VILLAGE PROFESSIONAL CENTER

LJVPC MEDICAL OFFICES
8910 VILLA LA JOLLA DR.
SAN DIEGO, CA 92037

SDP - SUSTAINABLE BUILDING EXPEDITED PROGRAM - 04/16/2014
The applicant proposes to construct a two-story medical office building in the vicinity of the La Jolla Village Professional Center. The building will be located at 8810 La Jolla Blvd. in San Diego, CA 92037.

The proposed medical office building is designed to comply with the City of San Diego's development regulations and to meet the requirements of the La Jolla Village Professional Center. The building will be designed to accommodate medical offices and to provide parking and other facilities necessary for the operation of a medical office building.

The site plan for the proposed building includes the following:
- Building occupancy: medical office
- Number of floors: 2
- Number of stories: 2
- Total building area: 13,213 square feet
- Total number of parking spaces: 12
- Building setback:
  - Front: 10 feet
  - Side: 10 feet
  - Rear: 10 feet
- Building height: 30 feet
- Building orientation: South

The building will be designed to meet the requirements of the La Jolla Village Professional Center and to comply with the City of San Diego's development regulations. The building will be constructed to provide adequate parking and other facilities necessary for the operation of a medical office building.

# Ownership Disclosure Statement

**Project Title:** JVPCC Medical Office Building  
**Project Address:** 8910 Villa La Jolla Drive, Suite B107, La Jolla, CA 92037

**Part 1:** To be completed when property is held by Individual(s)

By signing the Ownership Disclosure Statement, the owner(s) acknowledge that an application for a permit has been made. The application will be filed with the City of San Diego on the above property, with the intent to record an encumbrance against the property. The list below the owner(s) and tenant(s) (if applicable) of the above referenced property. The list includes the names and addresses of all persons who have an interest in the property, regardless of whether they hold title to the property or not. A signature is required of at least one of the property owners. Attach additional pages if needed. A signature from the Assistant Executive Director of the San Diego Redevelopment Agency shall be required for all project sales for which a Disposition and Development Agreement (D&DA) has been approved and executed by the City Council. The applicant is responsible for notifying the Project Manager at least thirty days prior to any public hearing on the subject property. Failure to provide accurate and current ownership information could result in a delay in the hearing process.

DS-218 (5-06)
Part II - To be completed when property is held by a corporation or partnership

Legal Status (please check):

☐ Partnership

By signing the Ownership Disclosure Statement, the owner(s) acknowledges that an application for a permit, map or other matter, as identified above, will be filed with the City of San Diego on the subject property with the intent to request an encumbrance against the property. Please list below the names, titles and addresses of all persons who have an interest in the property, recorded or otherwise, and state the type of property interest (e.g., tenants who will benefit from the permit, all corporate officers, and all partners in a partnership who own the property). A signature is required of at least one of the corporate officers or partners who own the property. Attach additional pages if needed. Note: The applicant is responsible for notifying the Project Manager of any changes in ownership during the time the application is being processed or considered. Changes in ownership are to be given to the Project Manager at least thirty days prior to any public hearing on the subject property. Failure to provide accurate and current ownership information could result in a delay in the hearing process. Additional pages attached  ☐ Yes  ☐ No

DATE OF NOTICE: August 6, 2014

NOTICE OF PUBLIC HEARING
HEARING OFFICER
DEVELOPMENT SERVICES DEPARTMENT

DATE OF HEARING: August 20, 2014
TIME OF HEARING: 8:30 A.M.
LOCATION OF HEARING: Council Chambers, 12th Floor, City Administration Building, 202 C Street, San Diego, California 92101
PROJECT TYPE: Site Development Permit, Mitigated Negative Declaration Process Three
PROJECT NO: 313148
PROJECT NAME: LJIVPC MEDICAL OFFICE BUILDING
APPLICANT: Daniel Robinson, Gensler
COMMUNITY PLAN AREA: University
COUNCIL DISTRICT: District One
CITY PROJECT MANAGER: Laura C. Black, AICP, Development Project Manager
PHONE NUMBER/E-MAIL: (619) 236-6327 / lblack@sandiego.gov

As a property owner, tenant, or person who has requested notice, please be advised that the Hearing Officer will hold a public hearing to approve, conditionally approve, or deny an application for the demolition of an existing vacant, 8,320 square foot restaurant and the construction of a new, 2-story, 14,750 square foot medical office building, on a 6.783 acre site that is developed with an existing 167,672 square foot office building, a 13,213 square foot restaurant and an 8,320 square foot restaurant (to be demolished). The total proposed Gross Floor Area (GFA) after demolition of the restaurant and construction of the medical office building will be 195,635 square feet for the entire premise of the 6.783 acre site. The project is located at 8910 Villa La Jolla Drive, southeast corner of Villa La Jolla Drive and Villa Norte within the CO-1-2 Zone, Coastal Height Limitation Overlay Zone, Community Plan Implementation Overlay Zone (CPIOZ Type A), Parking Impact Overlay Zone (Campus Impact Area), and the University Community Plan Area. The project shall be consistent with council policy 600-27 and 900-14. The project has a sustainability goal of Leadership in Energy and Environmental Design (LEED) Silver Certification. This application was filed on May 7, 2013.

The decision of the Hearing Officer is final unless appealed to the Planning Commission. In order to appeal the decision you must be present at the public hearing and file a speaker slip concerning the application or
must be made within 10 working days of the Hearing Officer's decision. Please do not e-mail appeals as they will not be accepted. See Information Bulletin 505 “Appeal Procedure”, available at www.sandiego.gov/development-services or in person at the Development Services Department, located at 1222 First Avenue, 3rd Floor, San Diego, CA 92101

The decision made by the Planning Commission is the final decision by the City.

If you wish to challenge the City’s action on the above proceedings in court, you may be limited to addressing only those issues you or someone else have raised at the public hearing described in this notice, or written in correspondence to the City at or before the public hearing. If you have any questions after reviewing this notice, you can call the City Project Manager listed above.

This information will be made available in alternative formats upon request. To request an agenda in alternative format or to request a sign language or oral interpreter for the meeting, call Support Services at (619) 321-3208 at least five working days prior to the meeting to insure availability. Assistive Listening Devices (ALD's) are also available for the meeting upon request.

Internal Order Number: 24003570
