REPORT NO. HO 14-068

PTS PROJECT NUMBER: 368185
LOCATION: 7698 Friars Road
APPLICANT: Javier Faudoa

Issue(s): Should the Hearing Officer approve a Conditional Use Permit to allow the sales of beer and wine in accordance with a Type 20 liquor license within a convenience store on a site developed with existing service station in the Mission Valley Community Plan area?

Staff Recommendation - APPROVE Conditional Use Permit No. 1305279.

Community Planning Group Recommendation - On August 6, 2014, Mission Valley Planning Group voted 10-5-0 to recommend approval of the project (Attachment 9).

Environmental Review - The proposed activity is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15301 (Interior or exterior alterations) of the State CEQA Guidelines in that the proposed project is a Conditional Use Permit for the sales of alcohol. This project is not pending an appeal of the environmental determination. The environmental exemption determination for this project was made on September 2, 2014, and the opportunity to appeal that determination ended on September 16, 2014.

BACKGROUND

The project proposes the off-site sales of beer and wine within a service station (Hazard Center Auto Mart), in an existing 2,404 square-foot structure on a 0.54-acre site located at 7698 Friars Road in the MV-CR zone of the Mission Valley Planned District of the Mission Valley Community Plan Area. The site is surrounded by commercial retail/office uses to the north, east, and south, and I-163 to the west. The associated service station was permitted under 363-PC in 1972 permitting a service station with accessory sales and incidental accessory uses which may be determined and approved by the Planning Director (Attachment 8)
DISCUSSION

The project proposes the off-site sales of beer and wine within a 2,404 square-foot convenience store/automotive structure. A Conditional Use Permit for the offsite sale of beer and wine is pursuant to Section 141.0502(c) of the Land Development Code. The sales of beer and wine will be required to be limited between the hours of 8:00 a.m. to 12:00 midnight, each day as conditioned from the San Diego Police Department.

Section 141.0502(b) determines when the sale of alcohol is permitted by right or, when a Conditional Use Permit is required in accordance with a Process Three (Hearing Officer) decision. The sale of alcohol requires a Conditional Use Permit in the following instances:

- Within a census tract, or within 600 feet of a census tract, where the general crime rate exceeds the citywide average general crime rate by more than 20 percent;
- Within a census tract, or within 600 feet of a census tract, where the ratio of alcohol beverage outlets exceeds the standards established by California Business and Professional Code;
- Within an adopted Redevelopment Project Area.
- Within 600 feet of a public or private accredited school, a public park, a playground or recreational area, a church, a hospital, or a San Diego County welfare district office; and
- Within 100 feet of residentially zoned property.

City staff has reviewed the subject project which includes changing an existing alcohol beverage license from a Type 20 (beer and wine sales) to a Type 21 (general liquor). Staff has determined a Conditional Use Permit is required for the following reasons:

1. The project is within a census tract, or within 600 feet of a census tract, where the general crime rate exceeds the citywide average general crime rate by more than 20 percent. The site is within census tract 87.02. Statistics provided by the San Diego Police Department for Federal Census Tract No. 87.02 show the area to be 160 percent of the citywide average.

2. The project is within a census tract, or within 600 feet of a census tract, where the ratio of alcohol beverage outlets exceeds the standards established by California Business and Professional Code section 23958.4. Census Tract No. 87.02 allows up to 3 alcoholic beverage outlets, and 4 currently exist in the census tract.

The San Diego Police Department (SDPD) reviewed the proposed project and found that the project provides a public convenience and necessity and recommends approval with conditions for the Conditional Use Permit (Attachment 6). Conditions within the draft permit include restriction for types of wine and beer to be sold, container limitation, and that no more than 15-
percent of the floor space shall be allocated for the display of alcohol. All Police Department conditions have been added to the draft permit (Attachment 6). The San Diego Police Department's Vice Unit will work with the applicant and the Department of Alcoholic Beverage Control to place additional conditions on the alcohol license to minimize the law enforcement concerns, if necessary.

CONCLUSION

Staff has determined that the project complies with the development regulations of all applicable sections of the Land Development Code. Staff has also considered the alcoholic beverage outlet statistics from the Alcoholic Beverage Control and the recommendation of the San Diego Police Department-Vice Operations. Staff has determined that the required findings can be made as the project meets the applicable San Diego Municipal Code regulations and requirements. Staff recommends approval of the project as proposed.

ALTERNATIVES

1. Approve Conditional Use Permit No. 1305279, with modifications or;

2. Deny Conditional Use Permit No. 1305279, if the findings required to approve the project cannot be affirmed.

Respectfully submitted,

The project shall include:

a. Operation of an alcoholic beverage outlet within a service station market conditioned upon the issuance of a Type 20 license from the State Department of Alcoholic Beverage Control;

b. Sales of alcoholic beverage shall be permitted between the hours of 8:00 a.m. and 12:00 midnight each day of the week.
STANDARD REQUIREMENTS:

1. This permit must be utilized within thirty-six (36) months after the date on which all rights of appeal have expired. If this permit is not utilized in accordance with Chapter 12, Article 6, Division 1 of the SDMC within the 36 month period, this permit shall be void unless an Extension of Time has been granted. Any such Extension of Time must meet all SDMC requirements and applicable guidelines in effect at the time the extension is considered by the appropriate decision maker. This permit must be utilized by November 26, 2017.

2. This Conditional Use Permit [CUP] and corresponding use of this site shall expire on November 26, 2034. Upon expiration of this Permit, the facilities and improvements described herein shall be removed from this site and the property shall be restored to its original condition preceding approval of this Permit.

3. The utilization of this CUP is contingent upon the approval of a license to sell alcohol at this location by the California Department of Alcoholic Beverage Control [ABC]. The issuance of this CUP does not guarantee that the ABC will grant an alcoholic beverage license for this location.

4. No permit for the construction, occupancy, or operation of any facility or improvement described herein shall be granted, nor shall any activity authorized by this Permit be conducted on the premises until:
   a. The Owner/Permittee signs and returns the Permit to the Development Services Department; and
   b. The Permit is recorded in the Office of the San Diego County Recorder.

5. While this Permit is in effect, the subject property shall be used only for the purposes and under the terms and conditions set forth in this Permit unless otherwise authorized by the appropriate City decision maker.

6. This Permit is a covenant running with the subject property and all of the requirements and conditions of this Permit and related documents shall be binding upon the Owner/Permittee and any successor(s) in interest.

7. The continued use of this Permit shall be subject to the regulations of this and any other applicable governmental agency.

8. Issuance of this Permit by the City of San Diego does not authorize the Owner/Permittee for this Permit to violate any Federal, State or City laws, ordinances, regulations or policies including, but not limited to, the Endangered Species Act of 1973 [ESA] and any amendments thereto (16 U.S.C. § 1531 et seq.).
9. The Owner/Permittee shall secure all necessary building permits. The Owner/Permittee is informed that to secure these permits, substantial building modifications and site improvements may be required to comply with applicable building, fire, mechanical, and plumbing codes, and State and Federal disability access laws.

10. Construction plans shall be in substantial conformity to Exhibit “A” of Conditional Use Permit No. 1305279. Changes, modifications, or alterations to the construction plans are prohibited unless appropriate application(s) or amendment(s) to this Permit have been granted.

11. All of the conditions contained in this Permit have been considered and were determined necessary to make the findings required for approval of this Permit. The Permit holder is required to comply with each and every condition in order to maintain the entitlements that are granted by this Permit.

If any condition of this Permit, on a legal challenge by the Owner/Permittee of this Permit, is found or held by a court of competent jurisdiction to be invalid, unenforceable, or unreasonable, this Permit shall be void. However, in such an event, the Owner/Permittee shall have the right, by paying applicable processing fees, to bring a request for a new permit without the "invalid" conditions(s) back to the discretionary body which approved the Permit for a determination by that body as to whether all of the findings necessary for the issuance of the proposed permit can still be made in the absence of the "invalid" condition(s). Such hearing shall be a hearing de novo, and the discretionary body shall have the absolute right to approve, disapprove, or modify the proposed permit and the condition(s) contained therein.

12. The Owner/Permittee shall defend, indemnify, and hold harmless the City, its agents, officers, and employees from any and all claims, actions, proceedings, damages, judgments, or costs, including attorney’s fees, against the City or its agents, officers, or employees, relating to the issuance of this permit including, but not limited to, any action to attack, set aside, void, challenge, or annul this development approval and any environmental document or decision. The City will promptly notify Owner/Permittee of any claim, action, or proceeding and, if the City should fail to cooperate fully in the defense, the Owner/Permittee shall not thereafter be responsible to defend, indemnify, and hold harmless the City or its agents, officers, and employees. The City may elect to conduct its own defense, participate in its own defense, or obtain independent legal counsel in defense of any claim related to this indemnification. In the event of such election, Owner/Permittee shall pay all of the costs related thereto, including without limitation reasonable attorney’s fees and costs. In the event of a disagreement between the City and Owner/Permittee regarding litigation issues, the City shall have the authority to control the litigation and make litigation related decisions, including, but not limited to, settlement or other disposition of the matter. However, the Owner/Permittee shall not be required to pay or perform any settlement unless such settlement is approved by Owner/Permittee.

BE IT RESOLVED by the Hearing Officer of the City of San Diego as follows:

That the Hearing Officer adopts the following written Findings, dated November 12, 2014.

FINDINGS:

Conditional Use Permit - Section 126.0305

1. The proposed development will not adversely affect the applicable land use plan.

The project proposes a Conditional Use Permit for a Type 20 liquor license to allow the off-site sales of beer and wine within a convenience store associated with a service station. The site is located at 7698 Friars Road in the MV-CR zone of the Mission Valley Planned District of the Mission Valley Community Plan Area.
The proposed use is to allow the sale of off-site beer and wine within a convenience store. A goal of the Mission Valley Community Plan is to provide neighborhood/convenience commercial facilities near, or as part of, residential developments.

The proposed use in connection with its retail establishment is located in a Multiple-Use designation within the Mission Valley Community Plan. The plan states that there is a need for necessity goods for convenience of adjacent residential neighborhoods. Currently there are multi-family residences to the south of the site. Therefore, the proposed use, the limited sales of alcoholic beverages within a convenience store, implements a recommendation of the Community Plan. Therefore, the proposed development will not adversely affect the applicable land use plan.

2. The proposed development will not be detrimental to the public health, safety, and welfare.

The project proposes a Conditional Use Permit for a Type 20 liquor license to allow the off-site sales of beer and wine within a convenience store associated with a service station. The site is located at 7698 Friars Road in the MV-CR zone of the Mission Valley Planned District of the Mission Valley Community Plan Area.

City staff has reviewed the subject project and determined a Conditional Use Permit is required for the following reasons:

1. The project is within a census tract, or within 600 feet of a census tract, where the general crime rate exceeds the citywide average general crime rate by more than 20 percent. The site is within census tract 87.02. Statistics provided by the San Diego Police Department for Federal Census Tract No. 87.02 show the area to be 160 percent of the citywide average.

2. The project is within a census tract, or within 600 feet of a census tract, where the ratio of alcohol beverage outlets exceeds the standards established by California Business and Professional Code section 23958.4. Census Tract No. 87.02 allows up to 3 alcoholic beverage outlets, and 4 currently exist in the census tract.

Alcoholic beverage sales for off-site consumption has been determined to serve a public convenience or necessity by the San Diego Police Department (SDPD). The SDPD staff has determined that the proposed off-site sales of beer and wine is a small component of the convenience store and is not the principal sales product. The products sold at the convenience store vary in diversity and will serve mostly residential and pedestrian traffic. The San Diego Police Department supports the limited sale of alcoholic beverages as conditioned by the Conditional Use Permit to ensure that the sale of alcoholic beverages is maintained as an incidental part of the convenience store. Conditions within the permit include restriction to types of wine and beer to be sold, container limitation, no more than 15-percent of the square footage of the premises will be used for the display of alcoholic beverages, and restrictions for adequate illumination, signs to restrict loitering, and provisions to maintain the property in a neat and orderly fashion. The project was determined to be exempt from the California Environmental Quality Act (CEQA) 15301 (Existing facilities).

All Police Department requirements have been added to the draft permit as conditions. The San Diego Police Department’s Vice Unit will work with the applicant and the Department of Alcoholic Beverage
Control to place additional conditions on the alcohol license to minimize the law enforcement concerns, if necessary. Therefore, the proposed development would not be detrimental to the public health, safety and welfare. The SDPD has determined that the proposed off-site sales of beer and wine at the proposed site would not be detrimental to the public health, safety, and welfare.

3. The proposed development will comply with the regulations of the Land Development Code including any allowable deviations pursuant to the Land Development Code.

The project proposes a Conditional Use Permit for a Type 20 liquor license to allow the off-site sales of beer and wine within a convenience store associated with a service station. The site is located at 7698 Friars Road in the MV-CR zone of the Mission Valley Planned District of the Mission Valley Community Plan Area.

The site is designated for Multiple-Use within the Mission Valley Community Plan which in general recommends retail sales of convenient items. The proposed sales of alcoholic beverages within a convenience store will be in accordance with the California Building Code and Municipal Code and is contingent upon the issuance of a license by the State of California Alcohol Beverage Control Board [ABC]. The SDPD has reviewed the project and concluded the proposed use will provide a public convenience or necessity.

The addition of a 140 square-foot walk-in cooler is the only tenant improvement for the project and will be constructed within the existing footprint of the building. Given all the information set forth above, the proposed development will comply with the regulations of the Land Development Code.

4. The proposed use is appropriate at the proposed location.

The project proposes a Conditional Use Permit for a Type 20 liquor license to allow the off-site sales of beer and wine within a convenience store associated with a service station. The site is located at 7698 Friars Road in the MV-CR zone of the Mission Valley Planned District of the Mission Valley Community Plan Area.

The proposed use (off-site sale of beer and wine as an accessory use to a convenience store) is consistent with the existing commercial use of the property and implements the Multiple-Use land use designation of the Community Plan. The convenience store is not located near a park, church, or school. The San Diego Police Department (SDPD) made the public need or convenience determination to recommend approval of the project. The SDPD staff has determined that the proposed off-site sales of beer and wine is a component of the grocery store and is not the principal sales product. The SDPD has determined that the proposed off-site sales of alcohol at the proposed site would not be detrimental to the public health, safety, and welfare. The permit prepared for this project includes various conditions which include restriction to types of wine and beer to be sold, container limitation, and that no more than 15 percent of the square footage of the premises will be used for the display of alcoholic beverages.

The proposed use is located within an existing service station approved under 363-PC allowing incidental accessory uses to be determined and approved by the Planning Director. The SDPD has determined the proposed use is appropriate at this location due to the proximity to other alcohol beverage outlets and the

Page 3 of 4
fact the site is not located near schools or public parks in the area. Therefore the proposed use is appropriate at the proposed location.

BE IT FURTHER RESOLVED that, based on the findings hereinbefore adopted by the Hearing Officer, Conditional Use Permit No. 1305279 is hereby GRANTED by the Hearing Officer to the referenced Owner/Permittee, in the form, exhibits, terms and conditions as set forth in Permit No. 1305279, a copy of which is attached hereto and made a part hereof.

Bob,
Thanks for your presentation at the August MVPG meeting. Following is the section of the MVPG DRAFT minutes that covers your project.

1. Hazard Center Auto Mart, 7698 Friars Road in San Diego- CUP-type 20 Beer & Wine license - Robert Faudoa reviewed the conditional use permit (CUP) application for a type 20 - Alcoholic Beverage Control (ABC) Off Sale Beer and Wine license which authorizes the sale of beer and wine for consumption off of the premises. The existing footprint of the building would remain the same with the interior reconfigured to add approximately 174 s.f. of a new walk-in/reach in cooler. Phase 2 of the project would modernize and upgrade the exterior and grounds of the property.

There was discussion regarding:
- The Homeless Problem around Hazard Center
- Adding an additional facility to purchase beer and wine in Mission Valley
- Proximity of business to entrance to HWY 163
- Congestion at corner of Frazee Road and Friars Road
- The project being divided into two phases, with the type 20 beer and wine license being separate from the modernization of the property.

Karen Ruggels moved to approve the conditional use permit for a new beer and wine ABC license at Hazard Center Auto Mart, 7698 Friars Road in San Diego with the conditions that the project return to update the MVPG on the substantial conformance review of the modernization phase of the project and that the project does not conflict with the revisions to HWY 163 and Friars Road. Josh Weiselberg seconded the motion. Motion was approved 10 - 5 - 0,

COMMENTS/OTHER FACTORS CONSIDERED:
The applicant is applying for a Conditional Use Permit for a Convenience Store with a Type 20 Beer & Wine license at 7698 Friars Road.

Between 01/01/2012 to 12/31/2013, there were twelve (12) calls for service at the location which resulted in a total police out of service time (OST) of 12.5 hours. There were no arrests and one (1) crime case at the location, but there were 121 arrests and 96 crime cases within a 0.2-mile radius of the location. The major police issue in the area is the homeless population. The intersection of Friars Road and Frazee Road are directly in front of the requesting business. At any given time during the day there are homeless people with signs asking for money.

The Police Department's resources are already stretched thin dealing with the existing issues of transient's abusing alcohol. There is the issue of intoxicated persons crossing the street and standing in the center divider asking for money. They will walk into traffic lanes to obtain any money given to them. The speed limit is 45 MPH along Friars Road, so the risk to pedestrians being hit by a passing vehicle is a problem.

The license will add to the number of licenses in the area. There are currently four (4) alcohol license existing in this census tract and three (3) are allowed. There is a Ralphs and a Bevmo's selling alcohol in the strip mall just east of this location.

The San Diego Police Department will support the issuance of this Type-20 license with the following conditions.
1. Sales of alcoholic beverages shall be permitted only between the hours of 8:00 AM and 12:00 Midnight each day of the week.

2. Beer, malt beverages or wine cooler products, regardless of container size, must be sold in manufacturers, pre-packaged, multi-unit quantities of 3 or greater (No single items).

3. Wine shall not be sold in bottles or containers smaller than 750 ml and shall not have an alcoholic content greater than 15% by volume, except for “Dinner Wines” which have been aged two years or more.

4. The petitioner(s) shall post and maintain a professional quality sign facing the premises parking lot(s) that reads as the following: NO LOITERING, NO LITTERING, NO DRINKING OF ALCOHOLIC BEVERAGES. VIOLATORS ARE SUBJECT TO ARREST. The sign shall be at least two feet square with two inch block lettering. The sign shall be in English and in Spanish.

5. Any graffiti painted or marked upon the premises or on any adjacent area under the control of the licensee(s) shall be removed or painted over within 48 hours of being applied.

6. There shall be no amusement machines or video game devices on the premises at any time.

7. No pay telephone will be maintained on the interior or exterior of the premises.

8. Proper illumination will be maintained in the parking lot.

9. Video surveillance system that monitors, records and stores for a minimum of 15 days, the interior, exterior and parking lot area in control of Hazard Automart and is readily accessible to law enforcement.

10. No more than 15% of floor space shall be allocated for the display of alcohol.
