REPORT TO THE HEARING OFFICER

HEARING DATE: January 21, 2015
REPORT NO. HO 15-006

ATTENTION: Hearing Officer

SUBJECT: GEORGE’S AT THE COVE
PROJECT NUMBER 362807

LOCATION: 1250 Prospect Street

APPLICANT: Mark Steele

SUMMARY

Issue(s): Should the Hearing Officer approve, deny or modify a Coastal Development Permit to increase a roof dining terrace by 797 square feet by converting other roof area to dining terrace at 1250 Prospect Street in the La Jolla Planned District-1A zone of the La Jolla Community Plan area?

Staff Recommendation(s) - Approve Coastal Development Permit No. 1276152.

Community Planning Group Recommendation - The La Jolla Community Planning Association voted 10:4:1 on September 4, 2014 to recommend approval of the project.

Environmental Review - The project was determined to be exempt pursuant to California Environmental Quality Act (CEQA) Guidelines Section 15301. Section 15301 allows additions to existing structures that would not result in more than a fifty percent increase of the floor area of the structure before the addition. None of the exceptions listed in CEQA Guidelines Section 15003.2 apply, therefore this exemption is applicable to the proposed project. This project is not pending an appeal of the environmental determination. The environmental exemption determination for this project was made on December 18, 2013 and the opportunity to appeal that determination ended January 5, 2014.

BACKGROUND

The site is located in the La Jolla community and is designated by the La Jolla Community Plan Community Commercial use (Attachment 1). The approximately 0.55 acre site is located at 1250 Prospect Street and is presently developed with three commercial buildings (Attachment 2). The existing neighborhood is developed with other commercial structures (Attachment 3). The site is
located in the La Jolla Planned District-1A Zone, Coastal and Coastal Height Overlay Zones within the La Jolla Community Plan area. The site presently has three buildings, all of which were constructed in 1962. The building of the subject proposal was modified in 1991 with the addition of a kitchen and a bar on the roof of the building.

Over 150 acres of total net land in La Jolla is used for commercial purposes, representing about 4 million square feet of commercial space. The commercial core of La Jolla is known as the “village” or “downtown.” This area is the prime business, office and retail commercial center of the community. The village area, generally bounded by Prospect Street, Torrey Pines Road, La Jolla Boulevard and Pearl Street, contains such uses as specialty shops, hotel and motel services, restaurants and corporate offices. The area also serves as the cultural and heritage center of the community and includes significant community landmarks such as the La Jolla Recreation Center, the La Jolla Woman's Club, the Atheneum, the San Diego Museum of Contemporary Art as well as other historically designated structures. In addition, the village area contains both public and private schools, churches and recreation areas, such as Ellen B. Scripps Park and La Jolla Cove which are located along Coast Boulevard. Some residential uses are also located within the village area, including single and multiple dwelling unit homes. All of the commercial areas, and some of the non-commercial areas, in the community are covered by a planned district ordinance which contains special regulations pertaining to property development and permitted uses. The development regulations for the village area and neighborhood retail areas are contained in the La Jolla Planned District Ordinance, which was adopted by City Council in 1983.

The La Jolla Shores Planned District Ordinance, adopted in 1974, governs both commercial and residential property development in the La Jolla Shores area. The overall purpose of both the La Jolla and La Jolla Shores Planned District Ordinances has been to maintain a balanced land use pattern within commercially designated areas, to protect scenic vistas of the ocean, shoreline and hillside areas, and to beautify the overall streetscape of commercial streets and retail corridors.

Visual resources to the Pacific Ocean are a very important resource to be protected in the community. The La Jolla Community Plan, Figure 9, identifies these specific resources and the type of resource. The project site is not identified on Figure 9 as having any public vantage points to visual resources identified by the La Jolla Community Plan.

DISCUSSION

The George’s at the Cove project proposes to increase a roof dining terrace by 797 square feet by converting other roof area to dining terrace (Attachment 4). No other improvements would result from the approval of the project.

The parking requirements are satisfied by the services of a parking valet service licensed to operate by the City of San Diego. The proposed project would require four additional parking spaces to be available to patrons of the restaurant. The draft CDP addresses this requirement in condition number 19. The total operation of the restaurant at this site requires 14 parking spaces, 10 for the existing operation and an additional four for the conversion of roof area to dining area.
Required Approvals

The project requires a Coastal Development Permit (CDP) to allow for the intensification of use on the site. The site is presently developed and no environmentally sensitive lands are present.

Historic Review

The existing building was constructed in 1962. Any building over 45 years of age must be reviewed for possible historic significance. The applicant has provided information in the form of historical architectural renderings and plans, along with a detailed narrative documenting that the building has been substantially altered from the original Modernist design. The original 1962 building, designed by Master Architect William Lumpkins, was a Contemporary modern design. However, the original building has been altered through a number of additions and modifications to appear Spanish in design. Due to these previous alterations, the property does not retain its historical integrity and does not meet the local criteria to be designated as an individually significant resource under any adopted Historical Resources Board criteria.

Conclusion

Staff has reviewed the proposed project and all issues identified through the review process have been resolved in conformance with adopted City Council policies and regulations of the Land Development Code. Staff has provided draft findings to support approval of the proposed Coastal Development Permit (Attachment 5). The draft Coastal Development Permit No. 1276152 is provided as Attachment 6. Staff recommends the Hearing Officer approve the project as proposed.

ALTERNATIVES

1. **Approve** Coastal Development Permit No. 1276152, **with modifications**.

2. **Deny** Coastal Development Permit No. 1276152, **if the findings required to approve the project cannot be affirmed**.

Respectfully submitted,

John S. Fisher  
Development Project Manager  
Development Services Department

**GENERAL NOTES:**

1. Prior to the issuance of any construction permit, the Owner/Permittee shall prepare a Construction Permit Application and submit it to the City of San Diego for approval. The Construction Permit Application shall be submitted in accordance with the procedures set forth in the City's Construction Code.

2. Prior to the issuance of any construction permit, the Owner/Permittee shall prepare a Site Plan for the site. The Site Plan shall be submitted in accordance with the procedures set forth in the City's Site Plan Regulations.

3. Prior to the issuance of any construction permit, the Owner/Permittee shall prepare a Waste Water Control Plan. The Waste Water Control Plan shall be submitted in accordance with the procedures set forth in the City's Waste Water Control Plan Regulations.

4. Prior to the issuance of any construction permit, the Owner/Permittee shall prepare a Storm Water Control Plan. The Storm Water Control Plan shall be submitted in accordance with the procedures set forth in the City's Storm Water Control Plan Regulations.

5. Prior to the issuance of any construction permit, the Owner/Permittee shall prepare a Traffic Impact Analysis. The Traffic Impact Analysis shall be submitted in accordance with the procedures set forth in the City's Traffic Impact Analysis Regulations.

6. Prior to the issuance of any construction permit, the Owner/Permittee shall prepare a Sustainability Plan. The Sustainability Plan shall be submitted in accordance with the procedures set forth in the City's Sustainability Plan Regulations.

No SURVEY DATA FOR THIS AREA DUE TO NEIGHBORING STRUCTURE.
WHEREAS, 1250 PROSPECT STREET L.P., a California limited liability partnership, Owner/Permittee, filed an application with the City of San Diego for a permit to increase a roof dining terrace by 797 square feet by converting other roof area to dining terrace (as described in and by reference to the approved Exhibits “A” and corresponding conditions of approval for the associated Permit No. 1276152), on portions of an approximately 0.55 acre site;

WHEREAS, the project site is located at 1250 Prospect Street in the La Jolla Planned District-1A zone of the La Jolla Community Plan area;

WHEREAS, the project site is legally described as those portions of Lots 27, 28 and 29, Block 59 of La Jolla Park, according to Map thereof No. 352, filed March 22, 1887;

WHEREAS, on V13 - DATE, the Hearing Officer of the City of San Diego considered Coastal Development Permit No. 1276152 pursuant to the Land Development Code of the City of San Diego;

WHEREAS, on [INSERT DATE], the City of San Diego, as Lead Agency, through the Development Services Department, made and issued an Environmental Determination that the project is exempt from the California Environmental Quality Act (CEQA) (Public Resources Code section 21000 et. seq.) under CEQA Guideline Section 15301 and there was no appeal of the Environmental Determination filed within the time period provided by San Diego Municipal Code Section 112.0520;

NOW, THEREFORE,

BE IT RESOLVED by the Hearing Officer of the City of San Diego as follows:

That the Hearing Officer adopts the following written Findings, dated V19 - DATE.

FINDINGS:

Coastal Development Permit - Section 126.0708

A.

1. The proposed coastal development will not encroach upon any existing physical accessway that is legally used by the public or any proposed public accessway identified in a Local Coastal Program land use plan; and the proposed coastal development will enhance and protect public views to and along the ocean and other scenic coastal areas as specified in the Local Coastal Program land use plan. The George's at the Cove project (Project) proposes to increase a roof dining terrace by 797 square feet by converting other roof area to dining terrace on a 0.55 acre site at 1250 Prospect Street in the La Jolla Planned District-1A zone of the La Jolla Community Plan area. The Project will be developed entirely within the private property and will not encroach upon any existing physical accessway legally used by the public or any proposed public accessway identified in the Local Coastal Program land use plan.
public or any proposed public accessway identified in a Local Coastal Program land use plan in as much as there is no existing physical access way legally used by the public or any proposed public accessways located on the private property. The Project will be constructed completely within the boundaries of the private property.

Visual resources to the Pacific Ocean are a very important resource to be protected in the community. The La Jolla Community Plan, Figure 9, identifies these specific resources and the type of resource. The project site is not identified on Figure 9 as having any public vantage points to visual resources identified in the La Jolla Community Plan. The proposed coastal development will have no effect upon public views to and/or along the ocean and/or other scenic coastal areas as specified in the Local Coastal Program land use plan. Furthermore, there are no public views to and along the ocean and other scenic coastal areas as specified in the Local Coastal Program land use plan from this site or across this site to these visual resources. As such the Project will have no effect upon any existing physical access way legally used by the public or any proposed public accessway and will have no affect on public views to and along the ocean.

2. The proposed coastal development will not adversely affect environmentally sensitive lands. The George’s at the Cove project (Project) proposes to increase a roof dining terrace by 797 square feet by converting other roof area to dining terrace on a 0.55 acre site at 1250 Prospect Street in the La Jolla Planned District-1A zone of the La Jolla Community Plan area. The site is a developed suburban property. The site does not contain any environmentally sensitive lands or environmentally sensitive resources and as such the proposed coastal development will not adversely affect any environmentally sensitive lands.

3. The proposed coastal development is in conformity with the certified Local Coastal Program land use plan and complies with all regulations of the certified Implementation Program. The George’s at the Cove project (Project) proposes to increase a roof dining terrace by 797 square feet by converting other roof area to dining terrace on a 0.55 acre site at 1250 Prospect Street in the La Jolla Planned District-1A zone of the La Jolla Community Plan area. The adopted La Jolla Community Plan designates this site for Community Commercial uses and the Project is consistent with this designation. The Project complies with all regulations of the certified Implementation Program for the adopted La Jolla Community Plan.

4. For every Coastal Development Permit issued for any coastal development between the nearest public road and the sea or the shoreline of any body of water located within the Coastal Overlay Zone the coastal development is in conformity with the public access and public recreation policies of Chapter 3 of the California Coastal Act. The George’s at the Cove project (Project) proposes to increase a roof dining terrace by 797 square feet by converting other roof area to dining terrace on a 0.55 acre site at 1250 Prospect Street in the La Jolla Planned District-1A zone of the La Jolla Community Plan area. The site is not located between the nearest public road and the sea or the shoreline of any body of water located within the Coastal Overlay Zone. As such the Project and approval of the coastal development permit will have no effect upon the public access and public recreation policies of Chapter 3 of the California Coastal Act.

BE IT FURTHER RESOLVED that, based on the findings hereinbefore adopted by the Hearing Officer, Coastal Development Permit No. 1276152 is hereby GRANTED by the Hearing Officer to the referenced...
Owner/Permittee, in the form, exhibits, terms and conditions as set forth in Permit No. 1276152, a copy of which is attached hereto and made a part hereof.

John S. Fisher  
Development Project Manager  
Development Services

Adopted on: V27 - DATE OF APPROVAL

Job Order No. 24004516
COASTAL DEVELOPMENT PERMIT NO. 1276152
Amending Coastal Development Permit/La Jolla Planned District Permit No. 90-0891
GEORGE'S AT THE COVE PROJECT NO. 362807
HEARING OFFICER

This Coastal Development Permit No. 1276152, amending Coastal Development Permit/La Jolla Planned District Permit No. 90-0891, is granted by the Hearing Officer of the City of San Diego to 1250 PROSPECT STREET L.P., a California limited liability partnership, Owner/Permittee, pursuant to San Diego Municipal Code section 126.0708. The approximately 0.55 acre site is located at 1250 Prospect Street in the La Jolla Planned District-1A zone of the La Jolla Community Plan area. The project site is legally described as those portions of Lots 27, 28 and 29, Block 59 of La Jolla Park, according to Map thereof No. 352, filed March 22, 1887.

Subject to the terms and conditions set forth in this Permit, permission is granted to Owner/Permittee to increase a roof dining terrace by 797 square feet by converting other roof area to dining terrace described and identified by size, dimension, quantity, type, and location on the approved exhibits [Exhibit “A”] dated [INSERT Approval Date], on file in the Development Services Department.

The project shall include:

a. Conversion of 797 square feet of roof area to increase a roof dining terrace;

b. Off-street parking;

c. Public and private accessory improvements determined by the Development Services Department to be consistent with the land use and development standards for this site in accordance with the adopted community plan, the California Environmental Quality Act [CEQA] and the CEQA Guidelines, the City Engineer’s requirements, zoning
regulations, conditions of this Permit, and any other applicable regulations of the SDMC.

STANDARD REQUIREMENTS:

1. This permit must be utilized within thirty-six (36) months after the date on which all rights of appeal have expired. If this permit is not utilized in accordance with Chapter 12, Article 6, Division 1 of the SDMC within the 36 month period, this permit shall be void unless an Extension of Time has been granted. Any such Extension of Time must meet all SDMC requirements and applicable guidelines in effect at the time the extension is considered by the appropriate decision maker. This permit must be utilized by [ENTER DATE including the appeal time].

2. This Coastal Development Permit shall become effective on the eleventh working day following receipt by the California Coastal Commission of the Notice of Final Action, or following all appeals.

3. No permit for the construction, occupancy, or operation of any facility or improvement described herein shall be granted, nor shall any activity authorized by this Permit be conducted on the premises until:
   a. The Owner/Permittee signs and returns the Permit to the Development Services Department; and
   b. The Permit is recorded in the Office of the San Diego County Recorder.

4. While this Permit is in effect, the subject property shall be used only for the purposes and under the terms and conditions set forth in this Permit unless otherwise authorized by the appropriate City decision maker.

5. This Permit is a covenant running with the subject property and all of the requirements and conditions of this Permit and related documents shall be binding upon the Owner/Permittee and any successor(s) in interest.

6. The continued use of this Permit shall be subject to the regulations of this and any other applicable governmental agency.

7. Issuance of this Permit by the City of San Diego does not authorize the Owner/Permittee for this Permit to violate any Federal, State or City laws, ordinances, regulations or policies including, but not limited to, the Endangered Species Act of 1973 [ESA] and any amendments thereto (16 U.S.C. § 1531 et seq.).

8. The Owner/Permittee shall secure all necessary building permits. The Owner/Permittee is informed that to secure these permits, substantial building modifications and site improvements may be required to comply with applicable building, fire, mechanical, and plumbing codes, and State and Federal disability access laws.
9. Construction plans shall be in substantial conformity to Exhibit “A.” Changes, modifications, or alterations to the construction plans are prohibited unless appropriate application(s) or amendment(s) to this Permit have been granted.

10. All of the conditions contained in this Permit have been considered and were determined necessary to make the findings required for approval of this Permit. The Permit holder is required to comply with each and every condition in order to maintain the entitlements that are granted by this Permit.

If any condition of this Permit, on a legal challenge by the Owner/Permittee of this Permit, is found or held by a court of competent jurisdiction to be invalid, unenforceable, or unreasonable, this Permit shall be void. However, in such an event, the Owner/Permittee shall have the right, by paying applicable processing fees, to bring a request for a new permit without the “invalid” conditions(s) back to the discretionary body which approved the Permit for a determination by that body as to whether all of the findings necessary for the issuance of the proposed permit can still be made in the absence of the “invalid” condition(s). Such hearing shall be a hearing de novo, and the discretionary body shall have the absolute right to approve, disapprove, or modify the proposed permit and the condition(s) contained therein.

11. The Owner/Permittee shall defend, indemnify, and hold harmless the City, its agents, officers, and employees from any and all claims, actions, proceedings, damages, judgments, or costs, including attorney’s fees, against the City or its agents, officers, or employees, relating to the issuance of this permit including, but not limited to, any action to attack, set aside, void, challenge, or annul this development approval and any environmental document or decision. The City will promptly notify Owner/Permittee of any claim, action, or proceeding and, if the City should fail to cooperate fully in the defense, the Owner/Permittee shall not thereafter be responsible to defend, indemnify, and hold harmless the City or its agents, officers, and employees. The City may elect to conduct its own defense, participate in its own defense, or obtain independent legal counsel in defense of any claim related to this indemnification. In the event of such election, Owner/Permittee shall pay all of the costs related thereto, including without limitation reasonable attorney’s fees and costs. In the event of a disagreement between the City and Owner/Permittee regarding litigation issues, the City shall have the authority to control the litigation and make litigation related decisions, including, but not limited to, settlement or other disposition of the matter. However, the Owner/Permittee shall not be required to pay or perform any settlement unless such settlement is approved by Owner/Permittee.

ENGINEERING REQUIREMENTS:

12. Prior to the issuance of any building permit, the Owner/Permittee shall obtain an Encroachment Maintenance and Removal Agreement for the enhanced paving and canopy located within Prospect Street right-of-way, satisfactory to the City Engineer.

13. Prior to the issuance of any building permit, the Owner/Permittee shall enter into a Maintenance Agreement for the ongoing permanent BMP maintenance, satisfactory to the City Engineer.
14. Prior to the issuance of any building permit, the Owner/Permittee shall incorporate any construction Best Management Practices necessary to comply with Chapter 14, Article 2, Division 1 (Grading Regulations) of the Municipal Code, into the construction plans or specifications.

15. Prior to the issuance of any building permit, the Owner/Permittee shall submit a Water Pollution Control Plan (WPCP). The WPCP shall be prepared in accordance with the guidelines in Appendix E of the City’s Storm Water Standards.

**PLANNING/DESIGN REQUIREMENTS:**

16. A topographical survey conforming to the provisions of the SDMC may be required if it is determined, during construction, that there may be a conflict between the building(s) under construction and a condition of this Permit or a regulation of the underlying zone. The cost of any such survey shall be borne by the Owner/Permittee.

17. All signs associated with this development shall be consistent with sign criteria established by the City-wide sign regulations.

18. All private outdoor lighting shall be shaded and adjusted to fall on the same premises where such lights are located and in accordance with the applicable regulations in the SDMC.

**TRANSPORTATION REQUIREMENTS:**

19. No fewer than 14 off-street parking spaces shall be provided by valet service for the restaurant/business.

20. Prior to the issuance of a building permit, a current contract with an approved valet service, with a valid valet permit issued by the City of San Diego, shall be provided to the Development Services Department. All conditions and requirements of the contract and valid valet permit must be adhered to, and be verifiable upon request, satisfactory to the Development Services Department in accordance with the San Diego Municipal Code.

**INFORMATION ONLY:**

- The issuance of this discretionary use permit alone does not allow the immediate commencement or continued operation of the proposed use on site. The operation allowed by this discretionary use permit may only begin or recommence after all conditions listed on this permit are fully completed and all required ministerial permits have been issued and received final inspection.

- Any party on whom fees, dedications, reservations, or other exactions have been imposed as conditions of approval of this Permit, may protest the imposition within ninety days of
the approval of this development permit by filing a written protest with the City Clerk pursuant to California Government Code-section 66020.

- This development may be subject to impact fees at the time of construction permit issuance.

APPROVED by the Hearing Officer of the City of San Diego on [INSERT Approval Date] by HEARING OFFICER RESOLUTION NO. [Approved Resolution Number].

PROJECT NO.:  362807
PROJECT TITLE:  George's at the Cove

PROJECT LOCATION-SPECIFIC:  The project is located at 1250 Prospect Street La Jolla, CA 92037, within the La Jolla Community Plan area.

PROJECT LOCATION-CITY/COUNTY:  San Diego/San Diego

DESCRIPTION OF NATURE AND PURPOSE OF THE PROJECT:  Coastal Development Permit (CDP) to make improvements to an existing restaurant by converting a flat rooftop area into a 797 square foot dining terrace. The proposed terrace would include a new open-air dining area and bar. The proposed expansion complies with height and bulk regulations and is located on a project site that is currently developed and all public utilities are in place to serve the restaurant.
