## ***I. PBID SUMMARY***

**Overview:** The Downtown Property & Business Improvement District (PBID) was established by property owners in the downtown area to provide a local, ongoing funding source to keep public sidewalks, landscaping and other public areas in downtown San Diego clean, safe and well maintained.

**Services Funded:** The PBID funds the following services which are overseen by an independent oversight committee comprised of local property owners:

- *Sidewalk cleaning, litter removal, graffiti abatement*
- *Landscaping and tree maintenance*
- *Public safety and security programs and patrols*
- *Enhanced lighting*
- *Public information and management of the PBID*

**PBID Oversight:** The PBID assessments are overseen by the City of San Diego and are managed by the Property and Business Improvement District Management Committee, a 15-member committee of the Downtown San Diego Partnership. (The Partnership is a private non-profit business organization with over 325 property owners in the downtown area as members.)

**Location:** The District encompasses the majority of downtown San Diego and is generally situated east of Pacific Highway, South of I-5, West of I-5 and North of Commercial and Harbor Drive. It includes the neighborhoods of Cortez, Downtown Core/Columbia, East Village, Gaslamp Quarter, and Marina.

**PBID History:** The PBID was originally formed in February 2000 after a weighted majority of property owners in the PBID approved the proposed assessments in a property owner ballot proceeding. The PBID assessments have been used since this time to fund street cleaning, graffiti abatement, safety patrols and other services throughout the downtown area. These assessments have a maximum 5-year statutory life and will expire on June 30, 2005.

**District Renewal:** This Engineer's Report and Management Plan provides an outline of the enhanced services and proposed assessments for the renewal of the PBID assessments. The proposed renewal of the PBID assessments including a new 10-year term and provisions for annual cost indexing of up to 5% per year are scheduled to be decided by PBID

property owners in an assessment ballot proceeding planned for the beginning of 2005.

**Proposed Assessments:** The proposed assessment rates and total assessments for FY2005-06 are summarized below. These increased rates are needed in order to provide sufficient funding for continued and improved maintenance, landscaping, safety patrols, lighting and other services funded in the PBID by the assessments.

**Apportionment Method:** Lot/Building Square Footage (SF)  
Linear Foot of Street Frontage (LF)

|                                    | FY 2004-05  |           |         | FY 2005-06  |           |

| Marina                             | 6,894,950   | 26,520    | 2,354   | 6,952,996   | 26,640    |
| <b>Unit Assessment Rates:</b>      | \$/SF       | \$/LF     |         | \$/SF       | \$/LF     |
| Core/Columbia                      | \$0.0271    | \$6.4918  |         | \$0.0422    | \$8.5378  |
| Cortez                             | \$0.0134    | \$2.0727  |         | \$0.0512    | \$6.3277  |
| East Village                       | \$0.0271    | \$3.6685  |         | \$0.0746    | \$6.3355  |
| Gaslamp Quarter                    | \$0.0977    | \$12.4895 |         | \$0.2161    | \$24.0003 |
| Marina                             | \$0.0235    | \$3.9856  |         | \$0.0666    | \$11.5807 |

**Annual Cost Indexing:** If the assessments are renewed, in future years the assessment rate may not increase by more than 5% per year. In addition the assessment for any property may change, up or down, if the total building area for the parcel increases or decreases.

**Bonds:** No bonds will be issued in connection with this PBID.

## **II. INTRODUCTION**

On February 22, 2000, the Downtown Property & Business Improvement District (PBID or District) was established to enhanced services to properties in the PBID, including public safety, enhanced maintenance and lighting programs, and other services above and beyond those currently provided by the City of San Diego (City).<sup>1</sup> The Year 2000 PBID has a 5 year term and will expire on June 30, 2005. The PBID encompasses areas previously included in the Downtown Maintenance Assessment District that was formed in 1997.

This Engineer's Report and Management Plan ("Report") was prepared to provide a framework and requirements for the renewal of the PBID assessments, to establish the budget for the services that would be funded by the proposed assessments, to summarize the benefits received by property in the PBID from the services and improvements funded by the assessments and to establish the method of assessment apportionment of the assessment to lots and parcels in the PBID.

The improvements and activities funded by the PBID are generally described as follows:

- Maintenance Programs: to increase the scope and frequency of landscaping, sidewalk, litter and graffiti cleanup.
- Public Safety Programs: to support crime prevention, reduce the incidence of nuisance crimes, productively address the challenges associated with downtown's street populations, and generally make downtown streets more hospitable.
- Enhanced Lighting: to provide electricity and maintenance for mid-block lighting throughout downtown.
- Public Information, Program Management & Reserves: Public Information, Program Management and Reserves to ensure professional and accountable deployment of improvements and activities.

If approved by property owners in the PBID, the renewed assessments would have a maximum term of 10 years (commencing July 1, 2005). In addition, the expenditure of the PBID assessments will be managed by the Downtown San Diego Partnership in accordance with an operating agreement to be established between the City of San Diego and the Downtown San Diego Partnership.

The PBID boundary for the renewed district is the same as the former Downtown Maintenance Assessment District and year 2000 PBID. The boundary includes most of downtown San Diego south and west of Interstate 5. For service provision, budgeting and benefit apportionment purposes, the PBID has been divided into the following five zones: Core/Columbia, Cortez, East Village, Gaslamp Quarter, and Marina. The PBID

---

<sup>1</sup> . The purpose and formational framework of the year 2000 PBID are set forth in the Management Plan for the Downtown San Diego Property-Based Business Improvement District (dated June 1999) prepared by Progressive Urban Management Associates, Inc. and Hormann & Associates.

boundary and zones are depicted in Exhibit A. The Boundary Map for the PBID will be filed with the City of San Diego and will be recorded with the County Recorder.

Upon preliminary approval of this report by the City Council, this report will be filed with the City Clerk, a time and place for a public hearing will be set and the mailing of notices and ballots to all property owners in the PBID will be requested. After this Council action, the notices and ballots will be prepared and mailed. A minimum 45-day period must be provided for the return of the ballots prior to the public hearing which will conclude the balloting period.

A public hearing will be scheduled where public testimony will be heard by the City Council. The public hearing will include presentation and consideration of this report, hearing of public testimony, and recordation of affirmative and protest votes. After conclusion of the public hearing, a tabulation of affirmative and protest votes will be declared.

If a majority of ballots cast by parcel owners, weighted in accordance with the proposed PBID assessment for each parcel, are affirmative, the City Council may, at its discretion, proceed to confirm the new assessments and order the assessments to be levied as proposed in this Report. If the assessments are so confirmed and levied, they will be submitted to the County Auditor and will provide funding for the services described in this Report.

### **III. PLANS & SPECIFICATIONS**

The work and improvements proposed to be undertaken by the District and the cost thereof paid from the levy of the annual assessment provide special benefit to Assessor Parcels within the District as defined in the Method of Assessment herein. Following is a summary of the activities, services and improvements to be funded by the PBID assessments. The activities and improvements specified in the Property and Business Improvement District Law of 1994 from the Streets and Highways Code are incorporated by reference.

The activities, services and improvements (collectively, the "Services") proposed to be funded by the District and the cost thereof paid from the levy of the assessments provide special benefit to parcels within the Assessment District as defined in the Method of Assessment herein. In addition to the definitions provided by the Property and Business Improvement District Law of 1994 from the Streets and Highways Code, (the "Law") the work and improvements are generally described as follows:

Maintenance, installation, improvement, activities and servicing of public areas and public facilities, property owned or property rights, easements and/or rights of entry, of property within the boundaries of the PBID. Services shall include all incidental expenses.

"Improvement" means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years or more including, but not limited to, the following: parking facilities; benches, booths, kiosks, display cases, pedestrian shelters and signs; trash receptacles and public restrooms; lighting and heating facilities; decorations; parks; fountains; planting areas; closing, opening, widening, or narrowing of existing streets; facilities or equipment, or both, to enhance security of persons and property within the area; ramps, sidewalks, plazas, and pedestrian malls; rehabilitation or removal of existing structures.

"Activities" means, but is not limited to, all of the following: promotion of public events which benefit businesses or real property in the district; furnishing of music in any public place within the district; promotion of tourism within the district; marketing and economic development, including retail retention and recruitment; providing security, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality; activities which benefit businesses and real property located in the district.

Any further plans and specifications for these Services will be filed with the City and are incorporated herein by reference.

## Maintenance Services

The PBID provides resources for a variety of maintenance service activities as shown in Table 1.

**TABLE 1: Estimated Level of Service by Zone**

| MAINTENANCE SERVICE                                          | PBID Zone               |                         |                         |                         |                         |
|--------------------------------------------------------------|-------------------------|-------------------------|-------------------------|-------------------------|-------------------------|
|                                                              | Core/<br>Columbia       | Cortez                  | Gaslamp<br>Quarter      | East Village            | Marina                  |

| <b>Estimated Deployment</b><br>(# of workers/hours per week) | 12.0 / 600 hrs          | 3.0 / 120 hrs           | 6.0 / 240 hrs           | 12.0 / 600 hrs          | 4.0 / 160 hrs           |

Maintenance activities are monitored and adjusted by the PBID Advisory Board and individual Zone Committees.

## Public Safety Programs

Three types of public safety programs were proposed for the PBID:

♦ **Safety Ambassadors, Bicycle Patrols:** To enhance the City's conventional police services visible Safety Ambassadors on bicycle patrols will be provided. The Safety Ambassadors will be concentrated on downtown streets during daylight and early evening hours with flexibility to support events and other special needs. Safety Ambassadors would wear bright identifiable uniforms, reinforcing the overall image of downtown. Safety Ambassadors would be trained to assist pedestrians, customers, workers, visitors and other PBID users. In addition, the Safety Ambassadors on bicycle patrols act as the "eyes and ears" of local police.

♦ **Safety Ambassadors, Foot Patrols:** Similar to the Safety Ambassadors on bicycle patrols, safety ambassadors on foot would be deployed on foot in areas with high pedestrian use, near visitor destinations and in public spaces such as parks. Such Safety Ambassadors would assist downtown pedestrians and also act as the “eyes and ears” of local police.

### **Enhanced Lighting**

The PBID will fund public lighting in the PBID areas. Pursuant to citywide policy, property owners are required to pay for costs associated with mid-block lighting. These costs include electricity, maintenance and repair. The PBID collects assessments for downtown lighting, and then contracts with the City to manage the enhanced lighting services.

### **Public Information, Program Management & Reserves**

**Public Information:** Clean and safe public information programs are intended to inform both PBID ratepayers and downtown pedestrians on the services and benefits provided by PBID-financed maintenance, public safety, and lighting. A full time communications manager plus a web page, newsletters, maps and other handouts is budgeted.

**Program Management:** PBID programs are administered by the Downtown San Diego Partnership. Funds are allocated for PBID oversight, accounting and bookkeeping, office and supplies, insurance and other administrative expenses. City and County administrative costs associated with collection, disbursement, and accounting of PBID funds have also been included in the PBID budget.

**Program Reserves:** A 7.5% program reserve has been included to account for uncollectables, future development impacts, and other program contingencies. The program reserve may be reduced if assessments and/or service contracts are secured from the state and federal governments.

#### **IV. FISCAL YEAR 2005-06 ESTIMATE OF COST AND BUDGET**

The Downtown Property and Business Improvement District (District) was established as a self-managed District in fiscal year 2001 to fund sidewalk and landscape maintenance, public safety programs, enhanced street lighting, public information services and administration. The non-profit Downtown San Diego Partnership (Corporation) manages the District. The District assessments have been effectively used to enhance the cleanliness, safety and aesthetic appeal of the downtown areas. The proposed renewed assessments would provide funding for further enhanced services as described in this Report. The following table summarizes the total costs and fund balances for the District.

| <b>Downtown PBID</b>             | <b>FY 05-06<br/>PROPOSED</b> |
|----------------------------------|------------------------------|
| <b>BALANCE</b>                   |                              |
| <b>Revenue</b>                   |                              |
| Assessments                      | <b>\$5,803,550</b>           |
| City Contribution - Gas Tax      | <b>\$15,000</b>              |
| <b>TOTAL OPERATING REVENUE</b>   | <b>\$5,818,550</b>           |
| <b>TOTAL REVENUE AND BALANCE</b> | <b>\$5,818,550</b>           |
| <b>Expense</b>                   |                              |
| Personnel                        | <b>\$2,513,106</b>           |
| Contractual                      | <b>\$388,000</b>             |
| Incidental                       | <b>\$2,228,030</b>           |
| Utilities                        | <b>\$535,000</b>             |
| Contingency Reserve              | <b>\$139,414</b>             |
| <b>TOTAL EXPENSE</b>             | <b>\$5,803,550</b>           |
| <b>BALANCE</b>                   | <b>\$15,000</b>              |

#### **Annual Cost Indexing**

In future years, assessments may change, up or down, if square footage information changes and / or PBID budgets. Annual assessments may be adjusted by the Downtown San Diego PBID Advisory Board and its Zone Committees up to 5% per year. Assessment adjustments may differ within each zone reflecting the service needs identified by the PBID Advisory Board and Zone Committees, the cost of services and the fund balances. The following table presents the maximum assessment rates by Zone that may be levied during the 10 year term of the proposed assessments.

**Table 2****Downtown San Diego PBID Maximum Assessment Adjustments during the next 10-year Term.**

|         | Core   |         | Gaslamp |         | East Village |        | Cortez |        | Marina |         |

**Budget Adjustment**

Any annual budget surplus or deficit will be rolled over into the following year's PBID budget. Assessments will be set accordingly, within the constraints of the annual adjustment, to adjust for surpluses or deficits that are carried forward.

**Time and Manner for Collecting Assessments**

As provided for by state law, the PBID assessment will appear as a separate line item on the annual property tax bills prepared by the County of San Diego. Property tax bills are delivered in the fall and payment is generally made in two installments. Existing laws for enforcement and appeal of property taxes apply to the PBID assessments.

**Government Assessments**

This report assumes that the City of San Diego, County of San Diego, and State of California will pay assessments for the special benefits conferred to government-owned properties within the PBID boundaries as provided for in Proposition 218. Furthermore, it assumes that the federal government will pay assessments for the special benefits conferred to federally-owned properties within the PBID boundaries as provided for through executive order and adopted policies.

**Detailed Budget for Fiscal Year 2005–06**

The detailed budget and estimate of cost for fiscal year 2005-06 is provided on the following page.

## **V. METHOD OF APPORTIONMENT**

This section includes an explanation of the special benefits to be derived from the services and improvements funded by the assessments and the methodology used to apportion the total assessments to properties within the District.

The method used for apportioning the assessments is based upon the proportional special benefits to be derived by the properties in the District over and above general benefits conferred on real property or to the public at large. The apportionment of special benefit is a two step process: the first step is to identify the types of special benefits arising from the services and improvements to be funded by the assessments; and the second step is to allocate the assessments to property based on the estimated relative special benefit for each type of property.

### **A. Special Benefit Factors**

The following benefit categories summarize the types of special benefit to residential, commercial, industrial and other lots and parcels resulting from the services and improvements to be provided with the assessment proceeds. These categories of special benefit are derived from the statutes passed by the California Legislature and other studies which describe the types of special benefit received by property from services and improvements such as those proposed by the City of San Diego Central Commercial Maintenance Assessment District.

In fact, the determination of special benefits to property in downtown areas from the PBID assessments is well established by the State Legislature:

*The Legislature finds and declares all of the following:*

*(a) Businesses located and operating within the business districts of this state's communities are economically disadvantaged, are underutilized, and are unable to attract customers due to inadequate facilities, services, and activities in the business districts.*

*(b) It is in the public interest to promote the economic revitalization and physical maintenance of the business districts of its cities in order to create jobs, attract new businesses, and prevent the erosion of the business districts.*

*(c) It is of particular local benefit to allow cities to fund property related improvements, maintenance, and activities through the levy of assessments upon the real property that benefits from those improvements.*

*(d) Assessments levied for the purpose of providing improvements and promoting activities that benefit real property are not taxes for the general benefit of a city, but are assessments for the improvements and activities which confer special benefits upon the real property for which the improvement and activities are provided.<sup>2</sup>*

---

<sup>2</sup> . Property and Business Improvement District Law of 1994, Streets and Highways Code Section 36600, et. seq.

These types of special benefit are summarized as follows:

- A. Protection of views, scenery and other resources values and environmental benefits enjoyed by residents, customers and guests and preservation of public assets maintained by the District.
- B. Increased economic opportunity, creation of jobs and enhanced business and commercial activity.
- C. Reduced cost of local government in law enforcement, public health care, and fire prevention.
- D. Enhanced safety and reduced liability risk.
- E. Enhanced quality of life and desirability of the area.
- F. Specific enhancement of property values.

These benefit factors, when applied to property in the District, specifically increase the desirability, utility and value of the land within the District. For example, the increased assessments will provide funding to employ contract security personnel and to improve the cleanliness and attractiveness of public areas in the PBID. The enhanced public safety and security afforded by such services, during the early morning and evening hours when maintenance personnel are not present, enhance the overall safety, quality and desirability of the properties. In turn, property values are specifically enhanced by the availability of security services in the area. In addition, the street lighting maintenance affords greater pedestrian safety and security, which specifically enhances the value of the properties in the District.

### ***B. General versus Special Benefit***

The proceeds from the PBID will be used to fund activities, services, improvements within the PBID that, in absence of the PBID, otherwise would not be provided. Properties in the PBID directly and specifically benefit from the Services, while properties outside the PBID do not receive the benefit of the Services funded by the PBID. Therefore, the assessments provide special benefit to property in the various Districts over and above the general benefits conferred by the general facilities of the City, and the Services funded by the PBID are determined to be exclusively of distinct and special benefit to properties in the PBID. The State Legislature has made a similar finding as shown previously: *“Assessments levied for the purpose of providing improvements and promoting activities that benefit real property or businesses are not taxes for the general benefit of a city, but are assessments for the improvements and activities which confer special benefits upon the real property or businesses for which the improvements and activities are provided.”*<sup>3</sup>

The City provides the PBID with services, resources and contributions including, but not limited to street sweeping, landscape/tree maintenance (from the Gas Tax Fund), roadway and stormdrain improvement and maintenance, regular trash removal, graffiti

---

<sup>3</sup> . Property and Business Improvement District Law of 1994, Streets and Highways Code Section 36601(d).

removal, parks maintenance and improvement, street lighting, and security, traffic controls and public signage, street medians, public safety and other public services and improvements. Many of these City Services are considered to be incremental services for which the City could charge additional fees or could choose to provide at a reduced level. These City Services and contributions are considered to be a contribution towards property in the PBID and any potential general benefits from the Services. In addition, properties owned by the City and the City Redevelopment Agency in the PBID area are assessed and contribute over \$450,000 per year in additional funding for the PBID Services. This is another form of City contribution for any general benefits. In summary, the Services funded by the PBID are determined to be of special benefit to properties in the PBID. Any general benefits from the Services are determined to be minimal and are more than offset by the significant other services contributions the City provides to property in the PBID.

### ***C. Zones of Benefit***

PBID services are provided and budgeted within five areas or zones of benefit. These zones are depicted on the PBID boundary and zones map and are summarized as follows:

- Core/Columbia
- Cortez
- Gaslamp Quarter
- East Village
- Marina

### ***D. Assessment Apportionment***

In preparing the previous Assessment Engineer's Report for the Downtown Maintenance Assessment District, the Engineers concluded that the special benefit to each parcel is proportional to the linear street frontage of each parcel plus the area of the parcel and/or the square footage of the improvements constructed upon the parcel.

The special benefits derived from the Services funded by the assessments are conferred on property and are not based on a specific property owner's use and/or enjoyment of the Services. However, it is ultimately people who value the special benefits described in this Report. Further, it is ultimately people who control property values by placing a value on the special benefits from the Services. In other words, the benefits conferred to property are related to the average number of people who could potentially live on, work at, or otherwise could use a property, not how the property is currently used by the present owner. Therefore, the number of people who could or potentially live on, work at or otherwise use a property is an indicator of the relative level of special benefit received by a property. Building size/parcel area and linear frontage are directly correlated with the population density and current or potential usage of property. Therefore, the Services are reasonably related to building size and linear frontage because these factors reflect the relative population density and use of properties.

Since an improved, better maintained and safer downtown benefits the occupants of buildings to a somewhat greater degree than the street frontage being maintained; placing greater weight on buildings as opposed to linear frontage is reasonable.

Therefore, 60% of the assessments are allocated based on area and 40% are allocated based on street frontage.

This apportionment of costs recognizes the relationship between the amount of maintenance work required on those parcels with large frontages relative to smaller frontages, and therefore levies a proportionally greater assessment on those parcels with a greater frontage than on parcels with a lesser frontage. Recognizing the impacts which those parcels with extensive improvements (and higher occupancy/use) place on the district, a portion of the assessment has based upon building square footage or parcel area, whichever is greater, since those parcels with extensive improvements receive a greater benefit from the enhanced maintenance services funded by the assessment.

We find that this apportionment approach reasonably allocates the assessments based on the special benefit received by each parcel. Therefore, assessments have been apportioned to each benefiting parcel within each zone utilizing an assessment apportionment methodology consistent with the year 2000 PBID assessments. The renewal year assessments and cost of Services are allocated based on the following schedule:

- Forty percent (40%) of the total amount assessed apportioned to each parcel within a zone based upon linear feet of street frontage; and
- Sixty percent (60 %) of the total amount assessed spread to each parcel within a zone based upon the parcel's area or building square footage, whichever is greater.

This methodology is deemed to be appropriated for the maintenance and lighting services and the public safety services to be funded in the PBID.

An assessment has been levied upon each publicly owned parcel in the same manner as privately owned property. Each publicly owned parcel, except parks or designated open space area, has been assessed on the same basis as other parcels within the District.

Assessments are apportioned within each Zone based on a formula that includes the specific estimated costs for the Zone, the linear footage of each parcel fronting the improvements and a square footage factor for the parcel which is the greater of the lot area or the building area on the lot multiplied times the relevant rates for each Zone.

**VI. CERTIFICATES**

1. The undersigned respectfully submits the enclosed Engineer's Report Management Plan and does hereby certify that this Engineer's Report, and the Assessment and Assessment Diagram herein, have been prepared by me in accordance with the order of the City Council of the City of San Diego.

\_\_\_\_\_  
Engineer of Work, License No. C052091

2. I, the Clerk of the City Council, City of San Diego, County of San Diego, California, hereby certify that the enclosed Engineer's Report and Management Plan, together with the Assessment and Assessment Diagram thereto attached, was filed and recorded with me on \_\_\_\_\_, 2004.

\_\_\_\_\_  
Clerk of the City Council

3. I, the Clerk of the City Council, City of San Diego, County of San Diego, California, hereby certify that the Assessment in this Engineer's Report and Management Plan was approved and confirmed by the City Council on \_\_\_\_\_, 2005, by Resolution No. \_\_\_\_\_.

\_\_\_\_\_  
Clerk of the City Council

4. I, the Clerk of the City Council of the City of San Diego, County of San Diego, California, hereby certify that a copy of the Assessment Roll and Assessment Diagram was filed in the office of the County Auditor of the County of San Diego, California, on \_\_\_\_\_, 2005.

\_\_\_\_\_  
Clerk of the City Council

## ***VII. Appeals and Interpretation***

Any property owner who feels that the assessment levied on the subject property is in error as a result of incorrect information being used to apply the foregoing method of assessment, may file a written appeal with the Project Manager of the City of San Diego Community and Economic Development Department (the "Project Manager") or his or her designee. Any such appeal is limited to correction of an assessment during the then current or, if before July 1, the upcoming fiscal year. Upon the filing of any such appeal, the Project Manager or his or her designee will promptly review the appeal and any information provided by the property owner. If the Project Manager or his or her designee finds that the assessment should be modified, the appropriate changes shall be made to the assessment roll. If any such changes are approved after the assessment roll has been filed with the County for collection, the Project Manager or his or her designee is authorized to refund to the property owner the amount of any approved reduction. Any property owner, who disagrees with the decision of the Project Manager or her or his designee, may refer their appeal to the City Council of the City of San Diego and the decision of the City Council of the City of San Diego shall be final.

ASSESSMENT DIAGRAM

## **IX. ASSESSMENT & ASSESSMENT ROLL**

The undersigned, pursuant to the "Property and Business Improvement District Law of 1994" (being Part 7 of Division 18 of the California Streets and Highways Code), applicable provisions of "Proposition 218" (Article XIID of the California Constitution), and the "Proposition 218 Omnibus Implementation Act" (California Senate Bill 919) (the aforementioned provisions are hereinafter referred to collectively as "Assessment Law"), does hereby submit the following:

1. Pursuant to the provisions of Assessment Law and the Resolution of Intention, we have assessed the costs and expenses of the works of improvement (maintenance) to be performed in the PBID upon the parcels of land in the PBID in accordance with the approved apportionment methodology. For particulars as to the identification of said parcels, reference is made to the Assessment Diagram and Boundary Map on file in the Maintenance Assessment Districts section of the Park and Recreation Department of the City of San Diego. The PBID boundary and zones are depicted in the Assessment Engineer's Report.

2. The Assessment Diagram included in this report shows the PBID, as well as the boundaries and dimensions of the respective parcels and subdivisions of land within the PBID, the same as existed at the time of the passage of the Resolution of Intention, each of which subdivisions of land or parcels or lots respectively have been given a separate number upon the Assessment Diagram and in the Assessment Roll

3. By virtue of the authority contained in said Assessment Law, and by further direction and order of the legislative body, we hereby make the following assessment to cover the costs and expenses of the works of improvement (maintenance) for the PBID based on the costs and expenses as set forth in the Assessment Engineer's Report.

For particulars as to the individual assessments and their descriptions, reference is made to the Assessment Roll on file with the City.

## ***X. Property and Business Improvement District Management Committee***

The Management Committee is proposed as a 15 member committee of the Downtown San Diego Partnership {to manage and administer the PBID}.

Members of the committee shall be appointed by the Chair of the Partnership and shall include the President of the Partnership and 2 members at large. The remaining 12 members shall be allocated commensurate with the overall financial contribution to the PBID from each zone composed of property and business owners. Members should be sought with a mix of business and property segments. At least one member must be a business licensee who is not a property owner. Based upon the current PBID budget, Positions should be allocated as follows:

| <b><i>Area</i></b> | <b><i>% of Budget</i></b> | <b><i>Members</i></b> |
|--------------------|---------------------------|-----------------------|
| East Village       | 28%                       | 3 members             |
| Gaslamp Quarter    | 17%                       | 2 members             |
| Core/Columbia      | 32%                       | 4 members             |
| Cortez             | 10%                       | 1 members             |
| Marina             | 13%                       | 2 members             |

Each committee member will serve for a two year term; except that for the calendar year beginning January 1, 2002, the Partnership Chair shall appoint 7 members for a one year term and 7 members for a two year term. Positions allocated to each zone shall be adjusted every two years, proportionate to the overall financial contributions to the PBID from each zone.

The Chair of the Partnership shall appoint the Chair of the PBID Management Committee. This committee Chair shall be a committee member holding a position allocated to a zone and be a member of the Board of Directors of the Partnership.

The Chair of the Partnership may appoint agency or association representatives as ex officio members of the committee.

## ***XI. Proposed Board Delegation to the Property and Business Improvement District Management Committee***

Powers to be delegated to the Property and Business Improvement District Management Committee:

1. Provide direction to staff regarding operational issues of the Property and Business Improvement District Program, with meetings to be held no less frequently than once each month.
2. Oversee all personnel issues of the Property and Business Improvement District staff excepting there from:
  - A. The replacement of the Property and Business Improvement District Executive Director to be reserved for decision by the President (subject to approval of the Partnership Chair).
  - B. Implementation of any employee benefits programs to be reserved for decision by the Partnership Board of Directors.
3. Recommend to the Partnership Board an annual budget and exercise control over all expenditures of the Property and Business Improvement District Program to stay within the approved budget.
4. Assure compliance with the Operating Agreement between the City and Partnership and take all necessary action in that regard.
5. Comply with the Brown Act and other applicable state law requirements for all Property and Business Improvement District deliberations.
6. Report at least quarterly to the Board of Directors on the status of the Property and Business Improvement District operations and regarding all significant decisions.

Powers reserved to the Board of Directors and Chair of the Board:

1. Approval of annual report to the City Council and Program Budget (Board).
2. Any Modification, renewal, or amendment to the Operating Agreement with the City (Board).
3. Any change in the position or duties of the Property and Business Improvement District Executive Director (Board).

4. Appointment of a Partnership Board member as Chair of the Property and Business Improvement District Management Committee and other members of the Committee (Chair of the Board).
5. Determination of the size and make-up of the Property and Business Improvement District Management Committee (Board).
6. Review of any issues the Partnership Chair determines should be brought to the Board of Directors for decision.
7. Approval of any proposed expenditure that will result in any material deviation from the approved annual program budget.
