

November 14, 2011

Mr. Leon Gaidis
Executive Director
San Diego Regional Energy CTR
1510 Tenth Way
San Diego, CA 92121

Dear Mr. Gaidis:

Addressing regional energy issues is critical to the business community in Concord and the economic stability of the region. The San Diego Regional Energy Infrastructure Study is a useful tool in the construction of a more vibrant and growing region and has the potential to meet the region's growing energy needs. This report provides the assessment of water, energy and other infrastructure that the region needs to meet energy infrastructure for the future.

Our study indicates that it is clear that the San Diego region will soon reach a point where delivery of energy services for energy. For Diego Gas & Electric is a critical infrastructure for the region's energy consumption. Infrastructure for the region's energy needs is a critical piece of infrastructure that has been highlighted in our report. The Council of Leaders of Concord strongly urges you to support this energy and infrastructure program.

I hope this report will be a key step in your work. The Concord Chamber of Commerce would like to join hundreds of organizations and individuals throughout the region in support of the Valley Water Infrastructure. At the Concord Chamber of Commerce, we are committed to supporting the region's economic prosperity and growth.

Sincerely,

By: Gerald R.
Executive Director
Council of Chamber of Commerce
