

Green Grind | Mulch

Ingredients

Woody brush
Tree trimmings
Green leaves
Bark

Product Uses & Specifications

Green Grind Mulch is an effective ground cover for weed suppression, water retention and landscape beautification. Green Grind Mulch is made from source-separated non-curb-side brush and tree trimmings. No grass clippings, palm fronds, or succulents are used to make this product. Green Grind Mulch is ideal for planter beds, unpaved pathways, and blower truck applications.

Manufacturing Description

- Green Grind Mulch is custom made per order
- Standard sizing is 3/8" – 3"
- Mulch is processed for 15 days in a windrow composting method
- Material undergoes pathogen and weed seed kill at temperatures above 140°F
