

Standard 4 -Inch | Mulch

Ingredient

100% recycled
yard trimmings

Product Uses & Specifications

Mulch is a reliable, cost-effective product for weed suppression, water retention, and erosion control. Mulch is made from 100% recycled yard trimmings from local residents and businesses. Mulch is ideal for slope stabilization, agricultural soil retention, and as a decorative top dressing.

Manufacturing Description

- 4 -Inch Mulch is processed for 15 days in a composting windrow
- Standard sizing is 1/2” – 5 ”
- Material undergoes pathogen and weed seed elimination by reaching temperatures above 140°F during processing
