JOBTOBERFEST flyers.**

**MEMORANRUM**

**DATE:** July 31, 2009  
**TO:** Citizens Equal Opportunity Commissioners  
**FROM:** Rebecca Llewellyn, Chairperson  
Citizens Equal Opportunity Commissioner  
**SUBJECT:** Recommendation for Standardized EOC Staff Reports

---

Since statistical data has only recently been presented, and because the CEOC has repeatedly requested information about the funding of City projects and award data, I would request consideration by my fellow Commissioners of the following recommendation.

I would recommend that at all future meetings, and no less than monthly beginning this month (mid-August meeting, if held) that EOC staff prepare and submit in writing 72 hours before our scheduled meetings on the first Wednesday of the month, a standardized report that includes the following data:

- (1) The names and number of contracts awarded (including amendments) during the preceding month, beginning with July 2009 by type: Construction, consultants/professional services and commodities
- (2) Dollar values and funding source for each contract awarded
- (3) Type of contract: Design/Build, Minor Construction, General Requirement Contract, SCOPE for construction; RFQ or RFP for consultants; and bids/quotes for commodities, etc.
- (4) Committed dollar value and certification type (D/DV/M/WBE) for each contract award (prime & subs)
- (5) Number of SCOPE contracts closed-out and number of Final Summary Reports received in last 30 days.
- (6) Current status of the Bidder Registration System
- (7) A brief description of any waivers issued or complaints filed by firms or individuals doing business with the City of San Diego
- (8) A brief, general summary of any compliance violations found by staff during EOC's routine monitoring activities.

The requested data will better acquaint all Commissioners with the City's contracting activities, and accommodate an ongoing assessment of the results of existing programs in encouraging opportunities for a diverse pool of contractors, consultants and vendors. This monthly tool will also enable the CEOC to better meet its charge in advising the Mayor and Council on Equal Opportunity-related issues.

I urge your support of this recommendation and welcome Commissioner comment and feedback. I also hope to have EOC staff's cooperation in preparing accurate and timely reports.
