## Public Facilities Financing Plan

Amended May 2006

THE CITY OF SAN DIEGO

(R-2004-914)

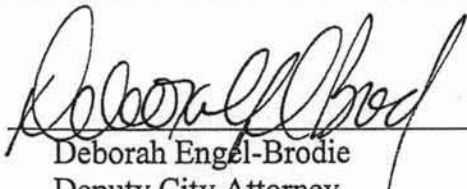

RESOLUTION NUMBER R- 299097

ADOPTED ON APR 19 2004

RESOLUTION OF THE COUNCIL OF THE CITY OF SAN  
DIEGO APPROVING THE 2004 LINDA VISTA PUBLIC  
FACILITIES FINANCING PLAN.

BE IT RESOLVED, by the Council of the City of San Diego, that it approves the  
document titled "Linda Vista Facilities Financing Plan, Fiscal Year 2004," a copy of which is on  
file in the office of the City Clerk as Document No. RR- 299097.

RESOLUTION NUMBER R- 301499  
DATE OF FINAL PASSAGE JUN 07 2006

BE IT RESOLVED, that The Council of the City of San Diego hereby authorizes the amendment of the Linda Vista Public Facilities Financing Plan for Fiscal Year 2004 by increasing Project No. P3, Carson Elementary School – Joint Use Improvements, by \$50,000 in Development Impact Fee eligible funding.

BE IT FURTHER RESOLVED, that the amended DIF fee for Residential Property as identified in the Linda Vista Development Impact Fee Schedule (attached as Exhibit A), is declared to be an appropriate and applicable DIF fee for all Residential Properties within the Linda Vista area.

BE IT FURTHER RESOLVED, that the Docket Supporting Information, including the Executive Summary Sheet and all exhibits and attachments thereto, and the text contained in the Linda Vista Public Facilities Financing Plan, Fiscal Year '04, as adopted and approved on April 19, 2004, by Resolution No. R-299097 [R-2004-914], are incorporated by reference into this Resolution as support and justification for satisfaction of findings required pursuant to California Government Code sections 66001(a) and 66001(b) for imposition of DIFs. Specifically, it is determined and found that this documentation:

1. Identifies the purpose of the DIF;
2. Identifies the use to which the DIF is to be put;
3. Demonstrates how there is a reasonable relationship between the DIF's use and the type of development project on which the DIF is imposed; and

4. Demonstrates how there is a reasonable relationship between the need for the public facility and the type of development project on which the DIF is imposed.

BE IT FURTHER RESOLVED, that The Council of the City of San Diego finds that this activity is not subject to the California Environmental Quality Act [CEQA] because it does not constitute a project pursuant to CEQA Guidelines section 15378(c).

RESOLUTION NUMBER R- 301501

DATE OF FINAL PASSAGE JUN 07 2006

BE IT RESOLVED, by The Council of the City of San Diego, that the Mayor, or designee, is authorized to make an application to the State of California for a Land and Water Conservation Fund Program grant for the Linda Vista Community Park Picnic Area [the Project].

BE IT FURTHER RESOLVED, that the Mayor, or designee, is authorized and empowered to conduct all negotiations and execute and submit all documents, including, but not limited to, applications, contracts, amendments, payment requests, and compliance with all applicable current state and federal laws which may be necessary for the completion of the aforementioned Project.

BE IT FURTHER RESOLVED, that The Council of the City of San Diego hereby certifies that the Project is compatible with the land use plans of those jurisdictions immediately surrounding the Project.

BE IT FURTHER RESOLVED, that The Council of the City of San Diego certifies that the City of San Diego has matching funds for the Project from the following sources: Linda Vista Development Impact Fees, Fund No. 79503, and can finance 100 percent of the Project, half of which will be reimbursed to Fund 79503 upon receipt of grant funds.

BE IT FURTHER RESOLVED, that the City Auditor and Comptroller is authorized to accept, appropriate, and expend grant funds if grant funding is secured.

BE IT FURTHER RESOLVED, that the City Auditor and Comptroller is authorized to establish a special interest-bearing account for the grant funds if grant funding is secured.

BE IT FURTHER RESOLVED, that the addition of CIP No. 29-908.0, Linda Vista Community Park Picnic Area, to the Fiscal Year 2007 Capital Improvements Program, is hereby authorized.

BE IT FURTHER RESOLVED, that the Fiscal Year 2007 Capital Improvements Program Budget is amended by increasing CIP No. 29-908.0, Linda Vista Community Park Picnic Area by \$153,000, contingent upon receipt of a fully executed grant agreement.

BE IT FURTHER RESOLVED, that the City Auditor and Comptroller is authorized to transfer an amount not to exceed \$153,000 from Linda Vista Development Impact Fees, Fund No. 79503 to CIP No. 29-908.0, Linda Vista Community Park Picnic Area, contingent upon receipt of a fully executed grant agreement.

BE IT FURTHER RESOLVED, that the City Auditor and Comptroller is authorized to appropriate and expend an amount not to exceed \$153,000 from CIP No. 29-908.0, Linda Vista Community Park Picnic Area, for the purpose of developing a picnic area at Linda Vista Community Park, contingent upon receipt of a fully executed grant agreement.

BE IT FURTHER RESOLVED, that The Council of the City of San Diego finds that this Project is exempt from the California Environmental Quality Act [CEQA] pursuant to State CEQA Guidelines Section 15303(d) because the Project involves the conversion of an existing small structure.

RESOLUTION NUMBER R- 299098

(R-2004-915)

ADOPTED ON APR 19 2004

RESOLUTION OF THE COUNCIL OF THE CITY OF SAN  
DIEGO APPROVING THE DEVELOPMENT IMPACT FEE  
SCHEDULE FOR PROPERTIES WITHIN LINDA VISTA.

BE IT RESOLVED, by the Council of the City of San Diego, that it rescinds the existing Development Impact Fees [DIF] for the Linda Vista Community.

BE IT FURTHER RESOLVED, that the DIF fee schedule contained in the Linda Vista Public Facilities Financing Plan, Fiscal Year 2004, as adopted and approved on APR 19 2004, by Resolution No. R- 299097 [R-2004-914], is declared to be an appropriate and applicable DIF fee schedule for all properties within the Linda Vista Community area.

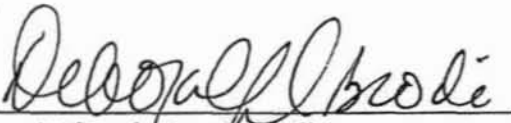

BE IT FURTHER RESOLVED, that the Docket Supporting Information [City Manager's Report No. 04-047 ], including all exhibits and attachments thereto, and the text contained in the Linda Vista Public Facilities Financing Plan, Fiscal Year 2004, a copy of which is on file in the office of the City Clerk as Document No. RR- 299097 are incorporated by reference into this Resolution as support and justification for satisfaction of findings required pursuant to California Government Code sections 66001(a) and 66001(b) for imposition of DIFs. Specifically, it is determined and found that this documentation:

1. Identifies the purpose of the DIF;
2. Identifies the use to which the DIF is to be put;

3. Demonstrates how there is a reasonable relationship between the DIF's use and the type of development project on which the DIF is imposed; and

4. Demonstrates how there is a reasonable relationship between the need for the public facility and the type of development project on which the DIF is imposed.

# **Linda Vista Summary**

## **General**

The PROGRESS GUIDE AND GENERAL PLAN for the City of San Diego recommends the division of the City into planning areas, which are designated as Urbanized, Planned Urbanizing and Future Urbanizing areas. Urbanized areas include the central portion of San Diego as well as the remaining older sections of the City. Planned Urbanizing areas consist of newly developing communities. Future Urbanizing areas include land which is primarily undeveloped.

The Linda Vista Community Planning area is an Urbanized area. This document is the first Public Facilities Financing Plan update, which sets forth the major public facilities needed in the areas of transportation (streets, storm drains, traffic signals, etc.), park and recreation, fire stations, and libraries.

The facilities listed in this Financing Plan will be needed over the next approximately twenty years. The Linda Vista Public Facilities Financing Plan is a guide for future development within the community and serves to determine the public facility needs reflected in this document. The City Council has adopted a Development Impact Fee to help mitigate the cost of the public facilities necessitated by development in the community. Development Impact Fees for residential development were adopted on August 4, 1987, by Resolution # R-269019, while commercial/industrial Development Impact Fees were adopted on September 14, 1987, by Resolution #R-269274. On December 1, 1998 the City Council adopted the first Linda Vista Public Facilities Financing Plan. This document reflects the first update to that plan and provides the basis for a revision of the impact fees for the Linda Vista Community.

## **Development Forecast and Analysis**

The Linda Vista Community Plan is a comprehensive policy guide for the physical development of the community. The Linda Vista Community is generally bounded on the south by Friars Road, on the west by Interstate 5, on the north by Tecolote Canyon and Mesa College Drive, and on the east by State Route 163.

The Linda Vista Community, totaling approximately 2,400 acres, is developing in accordance with the Linda Vista Community Plan, adopted in 1998. Currently, the Linda Vista Community contains approximately 5,446 single family detached units, 5,508 multiple family dwelling units, and 217 mobile homes with a population of approximately 32,886.

An analysis of present and projected development, and using the Linda Vista Community Plan as a guide, indicates that, over the next twenty-year period, approximately 582 additional residential dwelling units will be constructed and an additional 300,000 square feet of non-residential development will take place.

Accordingly, it is estimated that combined residential and non-residential development will result in an increase of approximately 20,000 Average Daily Trips from 290,000 existing to approximately 310,000 Average Daily Trips at community build-out.

### **Periodic Revision**

To ensure that this program maintains its viability, this plan is to be periodically revised to include, but not necessarily limited to City Council changes (amendments) to the Community Plan.

## **Existing Public Facilities & Future Needs**

### **Transportation**

Linda Vista is served by a transportation network, which consists of automobile and public transportation systems, a bicycle system, and a pedestrian circulation system. Provision of adequate transportation facilities has been a continuing process of providing those facilities to support the needs of existing and future development.

Transportation improvements in Linda Vista are dictated by traffic volumes, level-of-service, and completion of street systems. Improvements will be funded through a combination of Development Impact Fees (DIF), grants and other funding sources yet to be determined. Additional details on Transportation Improvements are provided in Table 1 and in Appendix A.

### **Park and Recreation**

Linda Vista is currently served by the following population-based parks: Kearny Mesa Community Park, Linda Vista Community Park, Tecolote Community Park, Kelly Street Neighborhood Park, Mission Heights Neighborhood Park, and Silver Terrace Neighborhood Park.

Based on the City of San Diego Progress Guide and General Plan guidelines for population-based park acreage, the current population of 32,886 residents has sufficient acreage. However, the south central and southwest areas do not meet city standards for distance of the park to the population served. The Silver Terrace Neighborhood Park, located adjacent to the police sub-station in the southwest portion of the community, was recently constructed and now provides a small park facility to help satisfy the need for a recreational facility in proximity to that portion of the community.

As additional dwelling units are constructed, the increased number of residents will require recreational facilities to serve them. The possibility of developing joint-use facilities with the San Diego Unified School District is encouraged. These facilities could be located at Twain Elementary, Carson Elementary, Chesterton Elementary and Linda Vista Elementary. The Park and Recreation Department and the San Diego Unified School District have recently established standards which require that the minimum size of a joint-use area must contain two useable acres to accommodate turf in a configuration acceptable for softball and multi-sports use.

## **Fire Protection**

Fire protection for the Linda Vista Community is provided by Station No. 23, located at 2190 Comstock Street. In addition, the area is also served by surrounding community Stations No. 25 located at 1972 Chicago Street, No. 28 located at 3880 Kearny Villa Road, and No. 36 located at 5855 Chateau Drive, but not limited to these station units since San Diego Fire-Rescue employs the practice of the closest unit responding.

An additional fire station is proposed in the southwestern portion of the community. This station will provide for balanced fire protection and allow staff to meet a minimum six minute response time established throughout the City. This second facility would also serve the communities of Mission Valley (West) and Old Town.

## **Library**

The Linda Vista Community is served by the Linda Vista Branch Library located at 2160 Ulric Street. Based upon the current population of 32,886 and at projected build out, it is recommended this 10,000 square foot library be expanded by 5,000 square feet to meet the community's needs.

## **Police Protection**

The Linda Vista Community is served by the Western Division Police Station located at 5215 Gaines Street. In addition to this police station, a storefront is located next to Chesterton Elementary school at 7345 Linda Vista Road, Suite A.

## **Community Center**

A Community Center is proposed in the Redevelopment Area of Linda Vista, at the corner of Comstock Street and Linda Vista Road. This facility would provide a variety of City services, including additional meeting rooms to help reduce the overburdened schedule of the community meeting room in the Linda Vista Branch Library.

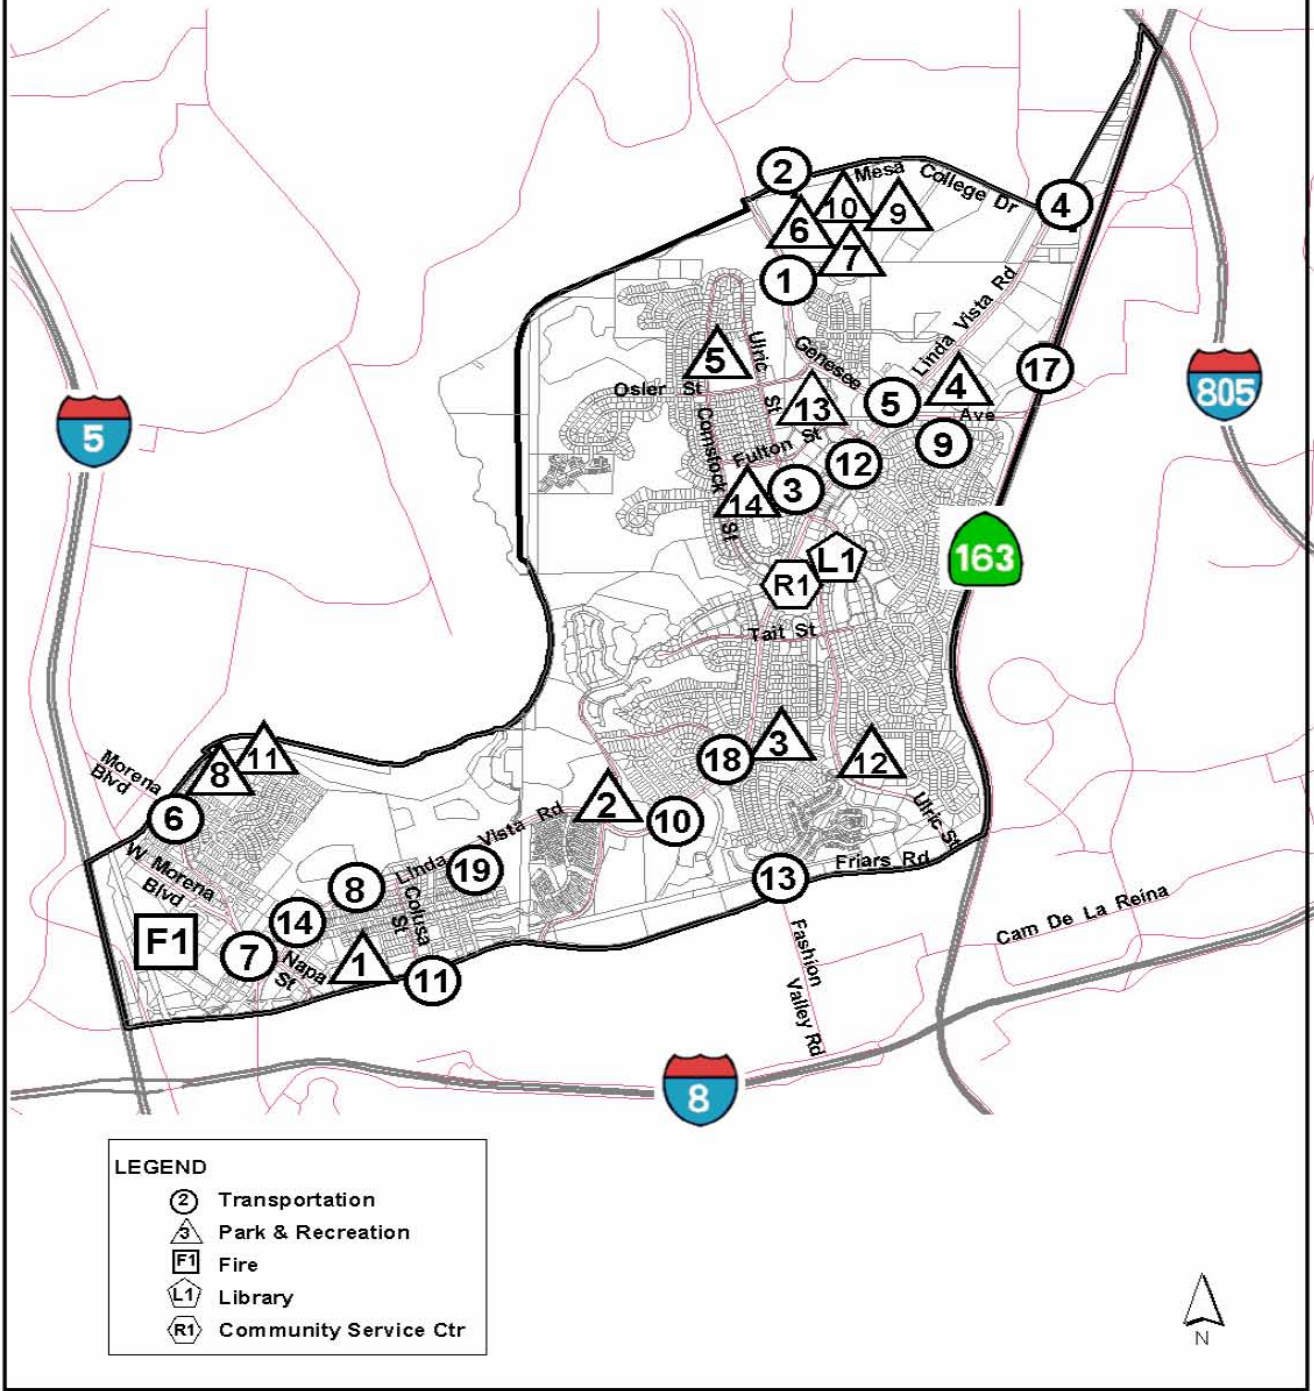

## **Summary of Public Facilities Needs**

Figure 2 illustrates general locations for the Linda Vista Community projects described. Table 1 reflects both long range needs and those needs reflected in the current City Council adopted Capital Improvements Program (CIP). These projects are more fully described in Appendix A.

The projects listed in Table 1 are subject to annual revisions in conjunction with City Council adoption of the Annual Capital Improvements Program Budget. Depending on priorities and availability of resources, substantial changes to these projects are possible from year to year.

# Linda Vista - Public Facilities Financing Plan

## Financing Strategy

The City of San Diego has a variety of potential funding sources for financing public facilities. A portion of the funding for the needed facilities will be provided as a part of the subdivision process by developers and by impact fees. Potential methods for financing public facilities are described below:

- A. DEVELOPMENT IMPACT FEES (DIF)
- B. SPECIAL PARK FEE (SPF)
- C. TRANSNET, GAS TAX
- D. ASSESSMENT DISTRICTS
- E. LANDSCAPING AND LIGHTING ACTS
- F. GENERAL OBLIGATION BOND ISSUES
- G. CERTIFICATES OF PARTICIPATION (COP)
- H. LEASE REVENUE BONDS
- I. BUSINESS LICENSE TAX REVENUE\*
- J. CAPITAL OUTLAY (LEASE REVENUE)
- K. COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)
- L. FRANCHISE FEE REVENUE\*
- M. LOCAL TRANSPORTATION FUND
- N. MOTOR VEHICLE LICENSE FEE (MVLF) REVENUE\*
- O. PARKING VIOLATION REVENUE\*
- P. PARKING METER REVENUE\*
- Q. PARK SERVICE DISTRICT FEES (PSD)
- R. PROPERTY TAX REVENUE\*
- S. TRANSIENT OCCUPANCY TAX (TOT)\*
- T. ANNUAL ALLOCATIONS
- U. PRIVATE CONTRIBUTIONS
- V. UTILITY USERS TAX
- W. SPECIAL TAXES FOR FIRE AND POLICE PROTECTION
- X. SPECIAL TAXES FOR PUBLIC LIBRARIES
- Y. PARK AND PLAYGROUND ACT OF 1909
- Z. GRANTS

\*These funds are currently allocated for general City operations, but may be used for capital improvements.

- A. DEVELOPMENT IMPACT FEES (DIF)** - Development Impact Fees are a method whereby the impact of new development upon the infrastructure is assessed, and, a fee system developed and imposed on developers to mitigate the impact of new development. DIF cannot be used for existing development's share. Impact fees are collected at the time of building permit issuance. Funds collected are deposited in a special interest bearing account and can only be used for identified facilities

serving the community in which they were collected. As sufficient funds are collected, the City proceeds with a construction program. Use of impact fees is one of the financing methods recommended for Linda Vista.

- B. SPECIAL PARK FEE (SPF)** - Special Park Fees are a method whereby the impact of residential development upon the Park and Recreation infrastructure is assessed, and, a fee system developed and imposed on developers to mitigate the impact of development. Special Park Fees are collected at the time of building permit issuance. Funds collected are deposited in a special interest bearing account and can only be used for identified Park and Recreation facilities serving the community in which they were collected. As sufficient funds are collected, the City proceeds with a Park and Recreation construction program.
- C. TRANSNET, GAS TAX,** and other programs such as a state-local partnership program may provide funds for community transportation projects. These funds will be allocated annually and may be used to fund a portion of the long-range capital need for future transportation improvements in Linda Vista.
- D. ASSESSMENT DISTRICTS** - Special assessment financing, using 1913/1915 Assessment Acts or a Mello-Roos District could be used as a supplementary or alternative method of financing some facilities. A Mello-Roos District requires a 2/3 voter approval for passage. Other assessment districts generally require the support of the majority of the community. If an assessment is subject to Proposition 218, then it would require a 2/3 vote.
- E. LANDSCAPING AND LIGHTING ACTS** - Funds may be used for parks, recreation, open space, installation/construction of planting and landscaping, street lighting facilities, and maintenance. These ballot measures require a 2/3 voter approval for passage.
- F. GENERAL OBLIGATION BOND ISSUES** - Cities, counties and school districts may issue these bonds to finance land acquisition and capital improvements. The bonds are repaid with the revenues from increased property taxes. Bond issuance requires 2/3-voter approval for passage.
- G. CERTIFICATES OF PARTICIPATION (COP)** - These funds may only be used for land acquisition and capital improvements. City Council approval is required and a funding source for Debt Service must be identified.

- H. LEASE REVENUE BONDS** - These funds may be only used for capital improvements. City Council approval is required.
- I. BUSINESS LICENSE TAX REVENUE** - These funds are currently allocated for general City operations; but may be used for capital improvements. City Council approval is required.
- J. CAPITAL OUTLAY (LEASE REVENUE)** - These funds are to be used for capital improvements. City Council approval is required.
- K. COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)**  
This is a Federal grant that is applied for annually. Applications are reviewed annually; City Council and HUD approval are required.
- L. FRANCHISE FEE REVENUE** - The City collects franchise funds from San Diego Gas and Electric and cable companies for use of City right-of-way. These funds are currently allocated for general City operations and the City's Underground Utility Program; but may be used for capital improvements. City Council approval is required.
- M. LOCAL TRANSPORTATION FUND** - These funds are applied for and are used only for bikeway projects. City Council and Federal approval are required.
- N. MOTOR VEHICLE LICENSE FEE (MVLFF) REVENUE** - The State allocates a portion of vehicle license fee revenue to local governments. These funds are currently allocated for general City operations; but may be used for capital projects. City Council approval is required.
- O. PARKING VIOLATION REVENUE** - These funds are currently allocated for general City operations; but may be used for capital improvements. City Council approval is required.
- P. PARKING METER REVENUE** - These funds are currently allocated for general City operations; but may be used for capital improvements. City Council approval is required.
- Q. PARK SERVICE DISTRICT FEE (PSD)** - This fee is charged at the subdivision level and can only be used for parks and park improvements. City Council approval is required.
- R. PROPERTY TAX REVENUE** - Property owners are taxed one percent of the assessed value of the property. The City receives approximately 17 percent of the one percent. These funds are

currently allocated for general City operations; but may be used for capital improvements. City Council approval is required.

- S. TRANSIENT OCCUPANCY TAX (TOT)** - The City's hotel tax is 10.5 percent and is currently allocated annually to eligible (tourist-related) organizations that request funding and to tourist-related City activities; but may be used for capital improvements. City Council approval is required.
- T. ANNUAL ALLOCATIONS** - In the years prior to the passage of Proposition 13, the City was able to respond to community facility needs by using a portion of sales tax revenue to support the Capital Improvements Program. This has been impossible for some time. However, if other revenues are increased, annual allocations could again be used to fund some capital facilities. This is a recommended method of funding some Park and Recreation facilities and Transportation improvements. City Council approval is required.
- U. PRIVATE CONTRIBUTIONS** - Any private donations received by the City for capital improvements. City Council approval is required.
- V. UTILITY USERS TAX** - These funds may be used for any general City operation or capital improvement. These require 2/3 voter approval for passage.
- W. SPECIAL TAXES FOR FIRE AND POLICE PROTECTION**  
These funds may only be used for fire and police activities. These require 2/3 voter approval for passage.
- X. SPECIAL TAXES FOR PUBLIC LIBRARIES** - These funds may only be used for libraries and library improvements. These require 2/3 voter approval for passage.
- Y. PARK AND PLAYGROUND ACT OF 1909** - These funds may be used for parks, urban open-space land, playground, and library facilities. These require 2/3 voter approval for passage.
- Z. GRANTS** - Grants are available and applied for from the Federal government, State and other agencies.

## **General Assumptions and Conditions**

In connection with the application of the above methods of financing, the following general assumptions and conditions would apply:

1. Developers will be required to provide facilities normally provided within the subdivision process as a condition of subdivision approval, including but not limited to traffic signals.
2. Abutting property owners are responsible for frontage improvements such as sidewalks, curbs and gutters.
3. The developer will pay the DEVELOPMENT IMPACT FEE at the time of building permit issuance.
4. DEVELOPMENT IMPACT FEE funds collected will be placed in a separate trust fund with interest earnings accumulated for use in the community planning area for identified facilities.

## **Development Impact Fee Determination**

### **Background**

In late 1987, staff developed and recommended impact fees for 28 urbanized communities. The City Council adopted the recommended fees, including those for the Linda Vista Community planning area, to mitigate the impact of new development on public facilities. On December 1, 1998 the City Council adopted the first Linda Vista Public Facilities Financing Plan. This document reflects the first update to that plan and provides the basis for a revision of the impact fees for the Linda Vista Community. All undeveloped or underdeveloped parcels are subject to development impact fees. Monies collected are placed in a City interest-accruing fund, to be used only for capital improvements serving the Linda Vista Community.

The Linda Vista Community plan area is almost fully developed. Thus, the majority of the required public improvements will have to be provided through special funding mechanisms other than Development Impact Fees (DIF).

### **Distribution of Project Costs and Fee Determination**

Development of the actual DIF to be imposed is based on the extent or degree to which each type of development generates a demand for, or receives benefit from the various existing public facilities. For example, all development generates vehicular traffic and thus, on an equitable basis, should share in the cost of transportation projects.

Development Impact Fees were determined for the various categories of needed public facilities on the basis of total amount of development at community plan build-out and on the basis of additional public facilities needed at community plan build-out. The impact fee base includes all eligible project needs except those identified as subdivider funded. The fees also include an 8% charge to cover City administrative costs.

## **Transportation**

There is a clear relationship between the use of transportation facilities and the generation of vehicular trips based upon land use. In the report “San Diego Traffic Generators”, authorized by CALTRANS and SANDAG, the traffic generated by various classes of use is detailed. This report summarizes data collected at major regional traffic generators as well as neighborhood and local traffic generators in the San Diego area. Traffic counts taken at each facility are related to various characteristics of the facility such as size, type of use, number of employees, floor area, parking spaces, or number of persons. For impact fee purposes, multi-family residential development is assumed for Linda Vista (and all other urbanized communities). The residential portion of the impact fee reflects an average daily trip factor (ADT) of seven (7) as a basis for determining the impact fee. A considerable range has been found for traffic generation in non-residential developments depending on the character and use of the property. For non-residential development in the Linda Vista Community, average daily trips as generated by the projected facilities usage were used.

Using the approved land use intensity and trip generation rates, the total number of trips at community plan build-out is estimated to be 310,000. An analysis of the DIF eligible street improvements required at community build-out (estimated costs in Fiscal Year 2004 dollars) totaling \$28,255,000 indicates that cost per average daily trip for transportation facilities, including administrative costs, is \$98 per trip and \$689 per dwelling unit. The fee per dwelling unit is calculated using the average daily trip rate factor of seven. These amounts will be paid by all future development.

## **Park and Recreation**

Park and Recreation needs are based on population derived from the number of dwelling units in the community. The Park and Recreation Department has identified projects needed in the Linda Vista Community at build-out. These are shown in Table 1 and in detail in Appendix A.

Allocating the total park and recreation facility costs of \$5,720,316 to the residential development at build-out of 11,753 units, results in an impact fee, including administrative costs, of \$526 per unit. This amount will be paid by all future residential development.

## **Fire Facilities**

The Fire Station portion of the impact fee relates to the cost of constructing fire facilities to adequately provide fire protection services to both residential and non-residential development within the community. Residential impact fees are based on an average cost per dwelling unit. The average cost per 1,500 square feet of gross building is used to determine fees for non-residential development.

The additional Fire Station proposed in the southwest portion of the community, would also provide protection to the adjacent communities of Old San Diego and Mission Valley. Thus, only a portion of the station cost can be fairly allocated to Linda Vista. All development benefits from fire protection and thus is expected to participate in the fire portion of DIF.

Using the total amount of development, both residential and non-residential (14,229,500 square feet), and the Linda Vista proportionate share of needed facilities totaling \$1,653,750, results in an impact fee of \$188 per residential dwelling unit and \$188 per 1,500 square feet of non-residential development. This amount will be paid by all future development.

## **Library**

Library needs are based on population, which is derived from the number of dwelling units estimated at build-out. Therefore, only residential developments are charged development impact fee for libraries.

Based upon General Plan guidelines and a forecast of total population in Linda Vista at build-out it is determined that the existing branch library of 10,000 square feet will need to be expanded by 5,000 square feet. The estimated cost of expansion is \$3,200,000 which allocated to the 11,753 dwelling units results in a fee including administrative costs of \$294 per unit.

## **Community Center**

The Community Center will fulfill the Linda Vista Community need for a facility which provides space for meeting rooms, daycare, police storefront and other similar services.

Because the facility serves both residential and non-residential development, the methodology used is the same as that used for the fire facility which was based on square footage. The cost of \$798,628 allocated to 14,229,500 square feet of development at build-out results in a fee including administrative costs, of \$91 per 1,500 square feet or per residential dwelling unit.

**TITLE:** GENESEE AVENUE WIDENING - OSLER STREET TO COMMUNITY BOUNDARY

**DEPARTMENT:** E&CP: TRANSPORTATION ENGINEERING

**PROJECT:** T1

**CIP NO.:**

**COUNCIL DISTRICT:** 6

**COMMUNITY PLAN:** LINDA VISTA

**DESCRIPTION:** THIS PROJECT PROVIDES FOR WIDENING GENESEE AVENUE TO A FOUR-LANE MAJOR. IMPROVEMENTS SUCH AS CURB, GUTTER AND SIDEWALK AND CENTER MEDIAN WILL BE INCLUDED AS PART OF THIS PROJECT.

**JUSTIFICATION:** GENESEE AVENUE IS CLASSIFIED AS A 4-LANE MAJOR STREET IN THE LINDA VISTA COMMUNITY PLAN. TRAFFIC VOLUMES AT BUILD OUT WILL BE BEYOND THE DESIRABLE CAPACITY OF THE EXISTING FACILITIES. IMPROVEMENT TO FULL-WIDTH COLLECTOR STREET STANDARDS WOULD ASSURE THE SAFE AND EFFICIENT MOVEMENT OF TRAFFIC.

**SCHEDULE:** DESIGN AND CONSTRUCTION WILL BE SCHEDULED WHEN FUNDING IS IDENTIFIED.

**TITLE:** NAPA STREET TRAFFIC IMPROVEMENTS

**DEPARTMENT:** E&CP: TRANSPORTATION ENGINEERING

**PROJECT:** T7

**CIP NO.:** 52-430.0

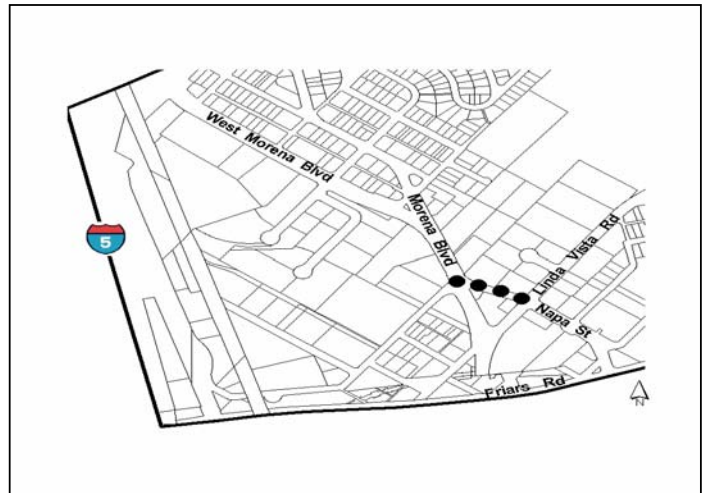

**COUNCIL DISTRICT:** 6

**COMMUNITY PLAN:** LINDA VISTA

**DESCRIPTION:** THIS PROJECT WILL IMPROVE TRAFFIC FLOW AT THE NAPA STREET - LINDA VISTA ROAD INTERSECTION. THE PROJECT SCOPE IS NOW UNIDENTIFIED PENDING THE COMPLETION OF THE FEASIBILITY STUDY. THIS PROJECT DESCRIPTION IS PRELIMINARY AND THE AMOUNTS SHOWN BELOW ONLY REFLECT THE FUNDING CURRENTLY PROGRAMMED. THE TOTAL FUNDING NEEDS OF THE PROJECT WILL BE DETERMINED, ONCE A FINAL SCOPE OF WORK IS ESTABLISHED.

**JUSTIFICATION:** NAPA STREET IS CLASSIFIED AS A MAJOR STREET IN THE LINDA VISTA COMMUNITY PLAN. CURRENT TRAFFIC VOLUMES IN EXCESS OF 19,000 AVERAGE DAILY TRIPS ARE BEYOND THE DESIRABLE CAPACITY OF THE EXISTING FACILITY, WHICH IS ONLY 40 FEET, CURB TO CURB. THE PROPOSED ROUNDABOUT WOULD ELIMINATE CONGESTION BY IMPROVING THE INTERSECTION LEVEL OF SERVICE FROM F TO B DURING THE EVENING PEAK PERIOD AND LEVEL OF SERVICE A AT ALL OTHER TIMES OF THE DAY.

**SCHEDULE:** SINCE THE PROJECT DESCRIPTION IS PRELIMINARY AND THE SCOPE OF WORK IS NOT ESTABLISHED, ONLY PLANNING AND OTHER PRELIMINARY ACTIVITIES HAVE BEEN PERFORMED TO DATE. THE PROJECT SCHEDULE FOR THE DESIGN AND CONSTRUCTION WILL BE ESTABLISHED, ONCE THE SCOPE OF WORK IS APPROVED AND THE REMAINING FUNDING IDENTIFIED.

## CITY OF SAN DIEGO FACILITIES FINANCING PROGRAM

**TITLE:** FIRE STATION #45 - MISSION VALLEY (WEST)

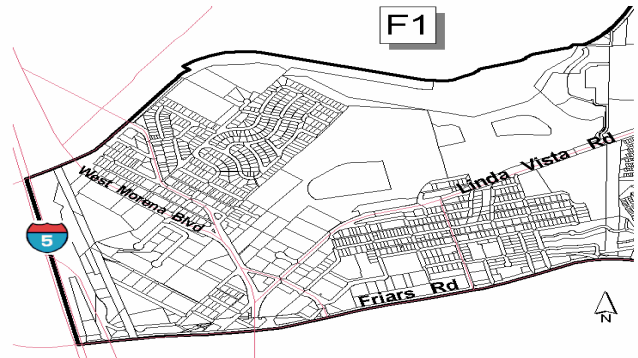

**DEPARTMENT:** FIRE  
**CIP NO.:**

**PROJECT:** F1  
**COUNCIL DISTRICT:** 6  
**COMMUNITY PLAN:** LINDA VISTA

**DESCRIPTION:** THIS PROJECT PROVIDES FOR A FIRE STATION AT AN UNDETERMINED LOCATION TO SERVE THE COMMUNITIES OF MISSION VALLEY (50%), LINDA VISTA (25%), AND OLD SAN DIEGO (25%).

**JUSTIFICATION:** THIS PROJECT WOULD PROVIDE AN INCREASED LEVEL OF SERVICE TO MISSION VALLEY (WEST), LINDA VISTA AND OLD TOWN AREAS. SIX MINUTES IS THE COUNCIL-APPROVED RESPONSE GOAL. THIS NEW FACILITY WOULD IMPROVE THE NUMBER OF DEMAND ZONES THAT COULD BE REACHED WITHIN SIX MINUTES.

**SCHEDULE:** DESIGN AND CONSTRUCTION WILL BE SCHEDULED WHEN FUNDING IS IDENTIFIED.

**TITLE:** LINDA VISTA BRANCH LIBRARY EXPANSION

**DEPARTMENT:** LIBRARY

**PROJECT:** L1

**CIP NO.:**

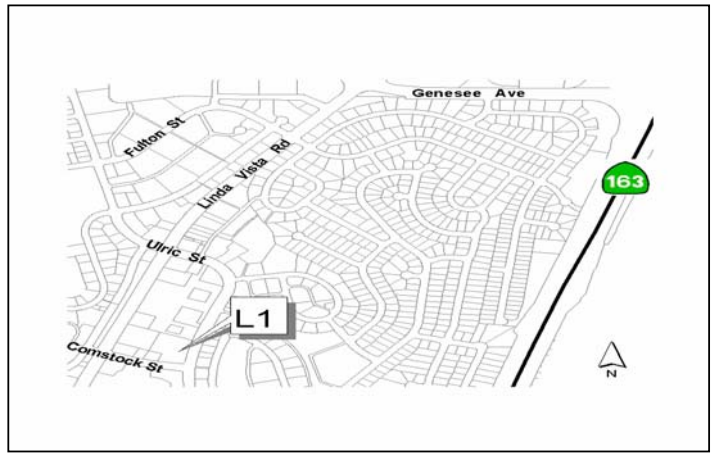

**COUNCIL DISTRICT:** 6

**COMMUNITY PLAN:** LINDA VISTA

**DESCRIPTION:** THIS PROJECT PROVIDES FOR A 5,000 SQUARE FOOT LIBRARY EXPANSION TO THE CURRENT 10,000 SQUARE FOOT FACILITY IN THE LINDA VISTA COMMUNITY PLANNING AREA.

**JUSTIFICATION:** THE EXISTING LIBRARY IS TOO SMALL TO PROVIDE ADEQUATE LIBRARY SERVICES TO THIS COMMUNITY AT BUILD OUT. IT NEEDS A LARGER COMMUNITY ROOM AND COMPUTER LAB. THIS PROJECT IS CONSISTENT WITH THE LINDA VISTA COMMUNITY PLAN AND IS IN CONFORMANCE WITH THE CITY'S PROGRESS GUIDE AND GENERAL PLAN.

**SCHEDULE:** DESIGN AND CONSTRUCTION WILL BE SCHEDULED WHEN FUNDING IS IDENTIFIED.
