21-865.0 Sewer Lateral Replacement for Balboa Park

Council District: 3

Community Plan: Balboa Park

Description: This project would provide for televising and then, as necessary, replacing and repairing the sewer laterals that go to all Balboa Park facilities. The number of laterals is greater than 150. Phase I of the project includes the televising and repair of the first 50 laterals; Phase II includes the televising and repair of the next 50 laterals and Phase III is the televising and repair of the remaining 50 laterals. Phase IV may be necessary to complete any additional laterals found.

Justification: Existing sewer laterals are, in many cases, 65 years old and prone to blockage, misalignment, and cracks. This has the potential to cause spills into the canyons, streets, buildings and storm drains.

Operating Budget Effect: None.

Relationship to General and Community Plans: This project implements the recommendations found in the Balboa Park Master Plan, and it is in conformance with the City's Progress Guide and General Plan.

Scheduling: Phase I design began in Fiscal Year 2004 and is scheduled to be completed in Fiscal Year 2005. Phase I construction is scheduled to be completed in Fiscal Year 2006.

20-010.0 Annual Allocation - Resource-Based Open Space Parks

Council District: Citywide **Community Plan:** Citywide

Description: This annual allocation provides for developing public facilities within the City's resource-based open space parks including Los Penasquitos Canyon Preserve, Mission Trails Regional Park, Marian Bear Memorial Park, Tecolote Canyon Natural Park and other open space parks such as Black Mountain. Other open space systems may be included as additional acquisitions are completed.

Justification: The City's open space acquisitions have resulted in increased interest by citizens, elected representatives and State/federal agencies in commencing development of open space public facilities, which are consistent with open space concepts such as trails, signs, historic site improvements, picnic facilities, and entry points.

Operating Budget Effect: The operating budget effect will be determined based upon the individual project.

Relationship to General and Community Plans: All projects will implement the recommendations found in the community plan requirements for open space parks and the concepts relative to specific open space systems, and they will be in conformance with the City's Progress Guide and General Plan.

Scheduling: Design and construction will be phased in accordance with the scope of various projects.

29-671.0 Kumeyaay Lakes Berm Restoration and Dredging

Council District: 7

Community Plan: Mission Trails Regional Park

Description: This project provides for the dredging of two lakes and reconstruction of a lake berm within the Kumeyaay Lake system at Mission Trails Regional Park.

Justification: A berm that surrounds the lakes was breached during the 1995-96 rainy season. Since that time, the San Diego River's flow has been redirected through the Kumeyaay Lakes, to the detriment of the lakes. Impacts include sedimentation of the lakes, the introduction of exotic invasive aquatic plants and the decline of an adjacent state wetland mitigation site through which the river once flowed.

Operating Budget Effect: The operating budget effect will be determined upon completion of the project.

Relationship to General and Community Plans: This project implements the recommendations found in the Mission Trails Regional Park Master Plan, and it is in conformance with the City's Progress Guide and General Plan.

Scheduling: Planning began in Fiscal Year 2003. Design and construction will be scheduled contingent upon identification of funding.

52-533.0 Mission Beach - Boardwalk Widening

Council District: 2

Community Plan: Mission Beach, Pacific Beach

Description: Phase I of this project completed the widening of 1.34 miles of boardwalk along Oceanfront Walk and Ocean Boulevard from Santa Barbara Place to Thomas Avenue. This included: widening of the existing concrete boardwalk by nine feet; installation of a landscape buffer zone in the twelve-foot wide strip of property immediately to the east of, and adjacent to, the boardwalk; and acquisition of right-of-way where it is not currently City-owned. Phase II, which is complete, included a safety study. Phase III provides for the acquisition of the right-of-way at Santa Rita Place and from Pacific Beach Drive to Oliver Avenue. Phase IV will complete the widening from Santa Rita Place to Thomas Avenue.

Justification: This project will enhance public access to this section of beach.

Operating Budget Effect: The operating budget effect for this project will be determined upon completion of each phase.

Relationship to General and Community Plans: This project implements the recommendations found in the Mission Beach Precise Plan and Pacific Beach Community Plans, and it is in conformance with the City's Progress Guide and General Plan.

Scheduling: Phase I was completed in Fiscal Year 2004. Phase II followup safety study is complete. Additional phases will be scheduled when funding is identified.

29-667.0 North Chollas Community Park - Master Plan and Development

Council District: 4

Community Plan: Mid-City

Description: This project provides for design and development of North Chollas Community Park, located on College Grove Drive midway between 54th Street and College Avenue. Phase I improvements, which were completed in Fiscal Year 2002, consist of a sports field, parking area, and access road. The next phase will include a comfort station with concession area. Future phases may include the following: additional sports and multi-purpose fields, play area, basketball courts, picnic areas, additional parking areas, creek enhancement, trails, a gymnasium and a dog run.

Justification: This project will provide for development of a community/regional park/athletic facility. The surrounding area is not currently served by a community park. The region is deficient in sports facilities and open park areas based on General Plan Guidelines.

Operating Budget Effect: The operating budget effect will be determined upon completion of each phase of design.

Relationship to General and Community Plans: This project implements the recommendations found in the Mid-City Communities Plan, and it is in conformance with the City's Progress Guide and General Plan.

Scheduling: Construction of the comfort station is scheduled in Fiscal Year 2006. Additional construction will be scheduled as funding is identified.

The proposed location, in Pacific Highlands Ranch, is immediately east and adjacent to the proposed senior high/middle school. If joint use of the school recreational facilities is obtained, then this project will be reduced to a 13 useable-acre park.

Justification: This project will contribute to satisfying the population-based park acreage requirements set forth in the City of San Diego's Progress Guide and General Plan.

Operating Budget Effect: The operating budget effect will be determined upon completion of the project.

Relationship to General and Community Plans: This project implements the recommendations found in the Pacific Highlands Ranch Subarea Plan and the Del Mar Mesa Specific Plan, and it is in conformance with the City's Progress Guide and General Plan.

Scheduling: The schedule of this project is dependent upon the actual rate of development in the Pacific Highlands Ranch community.

29-684.0 Park de la Cruz/38th Street Canyon and Future Phases

Council District: 3

Community Plan: Mid-City

Description: This project provides for an approximately six-acre park as the result of the State Route 15 freeway expansion. Phase I improvements are complete and included a children's play area, a play field, paved walkways, landscaping and site furnishings. Phase II of the project will include adding approximately two acres of additional passive park land in the 38th Street canyon area of the park. Future phases will include a monument sign, community identification theme element, bollards and additional parking, curb, gutter and sidewalk and various park amenities.

Justification: The park amenities will supplement the basic park improvements to be provided by CalTrans as mitigation for the State Route 15 freeway expansion and contribute towards satisfying the population-based park acreage requirements per the City's Progress Guide and General Plan.

Operating Budget Effect: The operating budget effect will be determined upon completion of project.

Relationship to General and Community Plans: This project implements the recommendations found in the Mid-City Communities Plan, and it is in conformance with the City's Progress Guide and General Plan.

Scheduling: Phase I is complete. Phase II design is scheduled to begin in Fiscal Year 2005. Schedule is contingent upon funding availability.

Council District: 7

Community Plan: Rancho Encantada

Description: This project provides for design and construction by developer of approximately 35,000 lineal feet (lf), or 6.5 miles of hiking and riding trails to be located throughout the community in accordance with the precise plan. The trail system will consist of a network of paved (8,000 lf), improved multi-purpose (13,000 lf) and unpaved (14,000 lf) trails, and will provide access into the MSCP preserve area of Sycamore Canyon.

Justification: The system of trails has been incorporated as an integral component of the Rancho Encantada Precise Plan and provides linkage to existing, adjacent trail systems.

Operating Budget Effect: The operating budget effect will be determined upon the completion of the project.

Relationship to General and Community Plans: This project implements the recommendations found in the Rancho Encantada Precise Plan, and it is in conformance with the City's Progress Guide and General Plan.

Scheduling: Funding for this project has been phased to coincide with the acquisition and or development of the right-of-way and open space parcels in which the trails will be located. The system of trails will be completed by developer prior to buildout of the community.

29-685.0 Teralta Neighborhood Park - Development

Council District: 3

Community Plan: Mid-City

Description: Phase I improvements are complete and include a children's play area, basketball courts, paved walkways, landscaping and site furnishings. Phase II of the project will include the addition of a comfort station to the park and the development of Central Avenue as a pedestrian and bicycle corridor from the park to University Avenue (History Lane). Future phases of the park include the development of Polk Avenue as a pedestrian corridor from Central Avenue to 41st Street (Children's Mall).

Justification: The approved General Development Plan for Teralta Park includes a comfort station to serve park users. History Lane will contribute to the north/south bike route through the Mid-City community. Children's Mall will contribute toward the community goal of establishing Polk Avenue as a pedestrian corridor.

Operating Budget Effect: The operating budget effect will be determined upon completion of the project.

Relationship to General and Community Plans: This project implements the recommendations found in the Mid-City Communities Plan, and it is in conformance with the City's Progress Guide and General Plan.

Scheduling: Phase I is complete. Phase II design is scheduled to begin in Fiscal Year 2005. Phase II construction is scheduled to begin in Fiscal Year 2007. Future phases are contingent upon funding availability.

12-157.0 San Diego River Dredging, Qualcomm Way to State Route 163 - Phase One

Council District: 6

Community Plan: Mission Valley

Description: This project provides for the first phase of dredging within the San Diego River between Qualcomm Way and State Route 163. The first phase will remove a small island of sediment located at the Murray Creek outfall near the western end of Hazard Center Drive. Other phases of dredging within the project area may be required in the future, pending funding identification.

Justification: This project will protect adjacent property from potential flooding during rain events.

Operating Budget Effect: Soundings of the river and other ancillary costs related to dredging are part of the maintenance obligations of the First San Diego River Improvement Project Maintenance Assessment District.

Relationship to General and Community Plans: This project implements the recommendations found in the Mission Valley Master Plan and the First San Diego River Improvement Project Natural Resource Management Plan (adopted by the City Council on February 2, 2004 per Resolution R-298839), and it is in conformance with the City's Progress Guide and General Plan.

Scheduling: Design and environmental studies for the removal of sediment from the Murray Creek outfall in the San Diego River are scheduled to begin in late Fiscal Year 2005 and continue into Fiscal Year 2006. Dredging of this area is scheduled to begin during the winter season of Fiscal Year 2006. Additional phases will be scheduled contingent upon funding availability.

52-736.0 Black Mountain Road from Canyonside Community Park North to Park Village Road

Council District: 1

Community Plan: Rancho Penasquitos

Description: This project would provide for the upgrade of the existing concrete median to a landscaped median along Black Mountain Road from Canyonside Community Park north to Park Village Road.

Justification: To beautify the primary arterial into the Park Village Neighborhood and Rancho Penasquitos Community Planning Area.

Operating Budget Effect: The Park Village Maintenance Assessment District will maintain this median after the required developer maintenance period is completed. Maintenance of this median is identified as an improvement in the Park Village MAD Assessment Engineer's Report.

Relationship to General and Community Plans: This project implements the recommendations found in the Rancho Penasquitos Community Plan, and it is in conformance with the City's Progress Guide and General Plan.

Scheduling: Design is complete, and construction is expected to occur in late Fiscal Year 2005 and early Fiscal Year 2006.
