

Department Description

The OneSD Support Department is a new department that was created to provide a support structure for the new Enterprise Resource Planning (ERP) system, also known as OneSD.

The ERP system consolidates a wide range of financial, logistics, and human resource functions into a single integrated system. Operational use of the ERP system marks a new era in the City by replacing a collection of custom-built, non-integrated software applications with an enterprise-wide, commercial off-the-shelf (COTS), integrated software solution, which will be the foundation for the City's core business processes for many years to come.

The Department is based on the Business Application Competency Center (BACC) model. The administrative, functional, development, and technical resources required for on-going operations and maintenance are co-located in the same facility dedicated to supporting the enterprise-wide suite of Systems Applications and Products in Data Processing (SAP) applications. This is an industry-proven model for providing high quality and cost-effective support.

The Department's mission is:

To provide the highest quality ERP support services in order to maximize the efficiency of City operations, enable the delivery of business processes, and to enhance the quality of services

Goals and Objectives

The following goals and objectives represent the action plan for the Department.

Goal 1: Provide exceptional customer service

The Department will move toward accomplishing this goal by focusing on the following objectives.

- Provide accurate and timely response to user requests
- Provide continuous SAP knowledge empowerment to stakeholders

OneSD Support

Goal 2: Increase business value from the City's ERP

The Department will move toward accomplishing this goal by focusing on the following objectives.

- Enable continuous process improvement

Goal 3: Create and maintain a sustainable, business focused organization

The Department will move toward accomplishing this goal by focusing on the following objectives.

- Identify and use a governance framework to provide strategic direction and prioritization of ERP initiatives
- Implement best practices for SAP support

Goal 4: Develop and maintain a skilled technical and functional workforce

The Department will move toward accomplishing this goal by focusing on the following objectives.

- Recruit and retain skilled technical and functional staff

Service Efforts and Accomplishments

The Finance and Logistics (FILO) modules of the OneSD system were successfully implemented on July 1, 2009. Interim achievements toward this accomplishment included:

- FILO Integration Testing continued in April 2009
- FILO Training (May/June 2009)
- FILO 'Go Live' (July 1, 2009)
- FILO Stabilization Phase (July 2 – mid-August 2009)
- The OneSD Team held a Year-End Closing Forum with Directors and financial management staff on May 28, 2009.
- The OneSD Team held a Readiness Conference on June 1, 2009 at the Mayor's Management Team meeting
- FILO SAP training began on May 26, 2009 and continued through July 2009. More than 2,000 employees were trained at multiple City training facilities throughout the City.
