- Department Summary

- Department Expenditures
- Significant Budget Adjustments

- Revenue and Expense Statement

Department Description

This is a brief overview of the department that describes its history and the services the department provides. It also includes the department's mission statement.

Goals and Objectives

This section of the budget describes the goals and objectives that make up the action plan for the department. Strategic goals are broad, multi-year areas of focus, while strategic objectives are articulated aims that support the identified goals.

NOTE: New goals and objectives for Fiscal Year 2011, performance measures, and sizing/workload data have not been included because of changes resulting from mid-year budget reductions and ones being made to the City Strategic Plan. Implementation of changes resulting from mid-year budget reductions will occur in phases during the remainder of Fiscal Year 2010, making it difficult to provide reliable projections of service levels and performance targets. In addition, current efforts to update the City Strategic Plan will likely result in new City's goals, objectives, strategies, and performance measures.

Service Efforts and Accomplishments

This is a narrative describing major efforts and accomplishments. Programs, grants, and other major activities not included in the tactical plan were included at the discretion of the department. This section is appropriate for describing milestones met, services provided, accomplishments, awards and special recognitions.
