Police Range Refurbishment / S10118

Council District: 3	Priority Score: N/A
Community Plan: City Heights	Priority Category: N/A
Project Status: Created	Contact Information: Darvishi, Ali
Duration: 2011 - 2014	619-533-5328
Improv Type: Betterment	adarvishi@sandiego.gov

Description: This project will provide for the repair, replacement and maintenance of the existing police shooting range located on Federal Boulevard. The project includes the demolition of dilapidated bullet back stops, removal of lead contaminated soil berms, hauling of excess soil off site, drainage improvements, installation of retaining walls and the installation of new bullet recovery systems.

Justification: This project will provide for the repair and maintenance of the existing police shooting range.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mid-City: City Heights Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2011 and is scheduled to be completed in Fiscal Year 2012. Construction is schedule to begin in Fiscal Year 2013.

Summary of Project Changes: This project was originally created as a sublet of the annual allocation for City Facility Improvements, with a budget of \$326,266. In Fiscal Year 2010, per Council Resolution 305163, dated July 28, 2009, Deferred Maintenance funds in the amount of \$400,000 were allocated to the project increasing its total appropriation to \$726,266. These funds are being expended for the design of the project. It was anticipated in Fiscal Year 2011 that the project's budget would increase by \$4,046,734 for construction. This action necessitated the creation of a standalone capital improvement project. Unfortunately, this construction funding was not realized. For Fiscal Year 2012, the project has been budgeted to receive \$1,822,864 in Pueblo Land Sales proceeds for the purpose of funding the start of the project construction. The remaining \$2,223,870 will be appropriated in the project when financing becomes available to complete the project construction. Future resolution is needed to move the design expenditures not showing in this project.

Public Safety Training Institute / S00816

Council District: 2	Priority Score: N/A
Community Plan: Peninsula	Priority Category: N/A
Project Status: Released	Contact Information: Garcia, Alex
Duration: 2003 - 2014	619-533-4640
Improv Type: Replacement	agarcia@sandiego.gov

Description: The City Council approved a Joint Powers Authority between the City of San Diego, County of San Diego and San Diego Community College District for the development, financing and administration of the Regional Public Safety Training Institute (RPSTI). This project provides for an Emergency Vehicle Operations Course (EVOC) training facility in the Camp Nimitz area of the former Naval Training Center. The Naval Training Center Reuse Plan, approved by the Department of the Navy and City Council, set aside 24.7 acres for the purpose of a public safety training facility. The City's projected share of the total cost of the project will be funded jointly by the San Diego Fire-Rescue and Police Departments.

Justification: The expansion of the campus at Miramar College has required the relocation of law enforcement training, specifically the EVOC, to QUALCOMM Stadium. Construction of an EVOC will allow for consistent training of all emergency responders countywide.

Operating Budget Impact: The impact on the Police Department's operating budget cannot be determined at this time due to the unavailability of detailed project information. This project would impact the operating budget of the Police and Fire-Rescue Departments.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2003 and is scheduled to be completed in 2014. The project description is preliminary and the scope of work is not established; only planning and other preliminary activities have been performed to date. The project schedule for the design and construction will be established once the scope of work is approved and the remaining funding identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2012.
