Evan V. Jones Parkade Parking Equipment Upgrade / S11034

Council District: 2	Priority Score: N/A
Community Plan: Centre City	Priority Category: N/A
Project Status: Created	Contact Information: Garcia, Alex
Duration: 2010 - 2013	619-533-4640
Improv Type: Betterment	agarcia@sandiego.gov

Description: The project provides for the furnishing and installation of fully automated parking garage equipment upgrades which will allow visitors to utilize self-service pay machines or credit card pay-in-lane. New basic equipment will include ticket machines; pay-on-foot and pay-in-lane machines; credit card machine; and intercoms.

Justification: The project will improve ingress and egress to the parking facility. It will improve the overall traffic flow. It will reduce time to exit due to transactions occurring in advance, i.e. prior to the parker retrieving their vehicle, which only requires submission of the paid ticket to the acceptor at the exit gate. It also centralizes the supervision via a command center operation. Intercoms will also allow immediate response to customer service issues and monitoring of entrance and exit gate activity.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Centre City Community Plan and is in conformance with the City's General Plan.

Schedule: This project is scheduled to begin in Fiscal Year 2011 and to be completed in Fiscal Year 2012.

Summary of Project Changes: An additional \$100,000 is proposed to be added to this project in Fiscal Year 2012.
