Description: This project provides for the expansion of the existing San Diego Convention Center. The expansion will increase the existing leasable space by approximately 225,000 square feet of exhibit hall, 101,000 square feet of meeting rooms, and 80,000 square feet of ballrooms for an approximate total of 405,000 square feet.

Justification: The existing facility cannot accommodate some of the larger major events, which leads to the loss of events to other venues. The expansion is expected to increase the attendance and numbers of events held at the facility and provide significant economic benefits to the region such as tax revenues and permanent jobs.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Centre City community plan and is in conformance with the City's General Plan.

Schedule: A concept design is currently being developed. Design and construction of the facility will be scheduled as a financing plan is approved and funds become available.

Summary of Project Changes: This is a newly published project for Fiscal Year 2013.
