### Maintenance Assessment District

---

#### Preamble

Pursuant to the provisions of the "San Diego Maintenance Assessment District Ordinance" (being Division 2, Article 5, Chapter VI beginning at Section 65.0201 of the San Diego Municipal Code), provisions of the "Landscaping and Lighting Act of 1972" (being Part 2 of Division 15 of the California Streets and Highways Code), applicable provisions of "Proposition 218" (being Article XIID of the California Constitution), and provisions of the "Proposition 218 Omnibus Implementation Act" (being California Senate Bill 919) (the aforementioned provisions are hereinafter referred to collectively as "Assessment Law"), in connection with the proceedings for the CALLE CRISTOBAL MAINTENANCE ASSESSMENT DISTRICT (hereinafter referred to as "District"), EFS ENGINEERING, INC., as Assessment Engineer to the City of San Diego for these proceedings, submits herewith this report for the District as required by California Streets and Highways Code Section 22565.

FINAL APPROVAL, BY RESOLUTION NO. \_\_\_\_\_ ,  
ADOPTED BY THE CITY COUNCIL OF THE CITY OF SAN  
DIEGO, COUNTY OF SAN DIEGO, CALIFORNIA, ON THE  
\_\_\_\_\_ DAY OF \_\_\_\_\_, 2014.

---

Elizabeth Maland, CITY CLERK  
CITY OF SAN DIEGO  
STATE OF CALIFORNIA

## Executive Summary

**Project:** Calle Cristobal  
 Maintenance Assessment District

**Apportionment Method:** Equivalent Benefit Unit (EBU)

	<b>FY 2014</b>	<b>FY 2015 <sup>(1)</sup></b>	<b>Maximum <sup>(2)</sup> Authorized</b>
<b>Total Parcels Assessed:</b>	2,359	2,422	--
<b>Total Estimated Assessment:</b>	\$195,831	\$217,538	--
<i>Zone 1</i>	\$124,142	\$138,380	--
<i>Zone 2</i>	\$56,144	\$60,458	--
<i>Zone 3</i>	\$16,776	\$18,700	--
<b>Total Number of EBUs:</b>	1,590.92	1,585.42	--
<i>Zone 1</i>	1,008.48	1,008.48	--
<i>Zone 2</i>	446.15	440.65	--
<i>Zone 3</i>	136.30	136.30	--
<b>Assessment per EBU: <sup>(3)</sup></b>	\$123.10	\$137.22	\$137.22 <sup>(4)</sup>

<sup>(1)</sup> FY 2015 is the City's Fiscal Year 2015, which begins July 1, 2014 and ends June 30, 2015. Total Parcels Assessed, Total Estimated Assessment, and Total Number of EBUs may vary from prior fiscal year values due to parcel changes and/or land use re-classifications.

<sup>(2)</sup> Maximum authorized annual amounts subject to cost-indexing provisions as set forth in this Assessment Engineer's Report.

<sup>(3)</sup> The Location Factor applied to parcels located in Zones 2 and 3 (included in the EBU calculation), effectively results in a 50% reduction in the Assessment Rate applicable to such parcels.

<sup>(4)</sup> Prior fiscal year's maximum authorized annual assessment increased by cost-indexing factor of 1.71%.

**Proposition 218 Compliance:** The District was re-engineered in Fiscal Year 1998 for compliance with Proposition 218. By a ballot proceeding, majority property owners (64.33% of the weighted vote) approved Fiscal Year 1998 assessments, Fiscal Year 1999, maximum authorized assessments for subsequent years, and provisions for annual cost-indexing.

**Annual Cost-Indexing:** The maximum authorized assessment rate has been increased based on the approved annual cost-indexing provisions.

**Bonds:** No bonds will be issued in connection with this District.

---

## Background

The Calle Cristobal Maintenance Assessment District (District) was established in July 1987. The original Assessment Engineer's Report is on file in the City of San Diego (City) Clerk's office. The District improvements include maintenance of street trees and shrubs, landscaped medians, vegetated sound barriers, landscaped rights-of-way, decorative medians, and gutter sweeping.

In anticipation of the developer completing his maintenance obligation through a two-year establishment period and the City accepting the maintenance of the improvements, an assessment was levied in Fiscal Year 1989. However, by the end of Fiscal Year 1989 the developer had not yet completed the improvements and the assessments were halted. By Fiscal Year 1994 a significant portion of the improvements had been completed and accepted by the City causing the re-establishment of the assessments.

In June 1997, Boyle Engineering Corporation (Boyle) was retained by the City to evaluate their existing assessment districts for compliance with new substantive and procedural requirements set forth in Proposition 218. Boyle prepared and submitted to the City an Assessment Engineer's Report for the District in compliance with Proposition 218.

By that time, the areas being maintained by the District had doubled and the developer's maintenance obligation had expired for those improvements located in the western area of Zone 1. As a result, the proposed unit rate of assessment for the District was roughly twice what it once was. The District was balloted in accordance with the new procedural requirements of Proposition 218. However, the proposed formation of the District was defeated by majority protest.

At the request of Calle Cristobal community leaders and the City, Boyle was subsequently retained to re-evaluate and re-ballot the District. Various factors (not included in the previous Assessment Engineer's Report) were considered which affected the calculation of proposed assessments. The factors included are these:

1. Community leaders reviewed the level of services and the District budget. Through a coordinated effort of community leaders and City staff, the level of service and estimated District annual

maintenance costs were reduced from approximately \$145,000 to \$122,000 for Fiscal Year 1998, although projected to increase to approximately \$146,000 at the ultimate build-out of the community. For Fiscal Year 1998 this produced a reduction of approximately nineteen percent (19%) in estimated costs and corresponding unit rates of assessment.

2. Calle Cristobal is a developing community. Developers are still constructing medians and planting medians and rights-of-way. These areas (in various stages development) have been and will be added to the District at future dates. The Assessment Engineer's Report should project the ultimate development potential of the community (dwelling units) and the ultimate areas and estimated costs for maintenance at build-out of the entire community. A maximum authorized assessment should be established to allow for various stages of development through community build-out. The benefits of this are twofold: (1) the District would not require re-balloting unless there is a significant change in the level of service, and (2) developers could disclose maximum assessments on lots and homes to prospective buyers before the time of sale.
3. In the previous Assessment Engineer's Report (dated June 1997), parcels in Zone 2 were not proposed to be assessed on the basis that the developers were still constructing and maintaining the improvements in Zone 2. This was consistent with prior Assessment Engineer's Reports. Subsequent to the majority protest and the failure of the District, some developers in Zone 2 expressed their concern for the continuation of the District and also recognized receipt of benefit from the improvements maintained by the District. As a result, Zone 2 parcels would be assessed.

The re-engineering of the District in Fiscal Year 1998 for compliance with Proposition 218 (described above) was ultimately approved by a mail ballot proceeding of property owners, with 64.3% of weighted votes supporting the proposed assessments. Over 46.1% of property owners responded to the mail ballot.

The Assessment Engineer's Report, preliminarily accepted by Resolution Number R-289318 on October 17, 1997, proposed Fiscal Year 1998 assessments, Fiscal Year 1999 assessments, maximum authorized assessments for subsequent years, and provisions for annual cost-indexing of the maximum authorized assessments. The

Assessment Engineer's Report was approved and assessments confirmed by Resolution Number R-288781 on December 9, 1997.

---

## District Proceedings for Fiscal Year 2015

This District is authorized and administered under the provisions of the "San Diego Maintenance Assessment District Ordinance" (being Division 2, Article 5, Chapter VI beginning at Section 65.0201 of the San Diego Municipal Code), provisions of the "Landscape and Lighting Act of 1972" (being Part 2 of Division 15 of the California Streets and Highways Code), applicable provisions of "Proposition 218" (being Article XIID of the California Constitution), and provisions of the "Proposition 218 Omnibus Implementation Act" (being California Senate Bill 919) (the aforementioned provisions are hereinafter referred to collectively as "Assessment Law"). This report has been prepared in compliance with Assessment Law.

The purpose of the proposed proceedings and this Assessment Engineer's Report is to update the District budget and assessments for Fiscal Year 2015. The Fiscal Year 2015 assessments proposed within this Assessment Engineer's Report are equal to or less than the maximum authorized assessment. Therefore, the vote requirements of Section 4 of Article XIID do not apply to these proceedings.

A public hearing will be scheduled where public testimony will be heard by the Council, and the Council may, at its discretion, adopt a resolution ordering the levying of the proposed assessments.

### Bond Declaration

No bonds will be issued in connection with this District.

---

## District Boundary

The Boundary Map & Assessment Diagram for the District (revised October 1997) are on file in the Maintenance Assessment Districts Section of the Park & Recreation Department of the City of San Diego and by reference are made a part of this report. The Boundary Map and Assessment Diagram for the District are available for public inspection during normal business hours. A reduced copy of the Boundary Map, which illustrates the District boundary, the boundaries

of the three zones and the locations of the improvements maintained by the District is included as **Exhibit A** hereto.

---

## Project Description

The project to be funded by the proposed assessments is the maintenance of street trees and shrubs, landscaped medians, landscaped public rights-of-way, sound barrier vegetation, median and roadside gutter sweeping, and decorative concrete median maintenance.

The improvements are along portions of Calle Cristobal, Camino Ruiz, and Camino Santa Fe. Maintenance elements along Calle Cristobal between the eastern side of Canyon Parks Villas to Camino Ruiz include landscaped medians and landscaped public rights-of-way as well as a small turf landscaped parkway to the west of Acama Court. Maintenance elements along Camino Sante Fe from approximately 100 feet south of Lopez Canyon bridge, north to Calle Cristobal and then east to the eastern edge of Canyon Parks Villas include these activities: maintenance of the decorative concrete medians, gutter sweeping and weed removal along the public right-of-way and the median. Maintenance elements along a small portion of Camino Ruiz within the District include landscaped public rights-of-way and median maintenance. The District improvements are generally located as shown in **Figure 1**.

The engineering construction drawings detailing the location and nature of the improvements are on file in the Maps and Records division of the City's Development Services Department and are incorporated herein by reference. The improvements and services provided by the District will be maintained in accordance with specifications and contracts on file with the Park and Recreation Department. These documents are available for public inspection during normal business hours.

---

## Separation of General and Special Benefits

The identified improvements/services provide benefits to the parcels located within the District. Some of these benefits are "special benefits," benefits that are above and beyond the City's standard level of service, and exclusive of those "general benefits" provided to the

# Maintenance Areas in Calle Cristobal MAD

FIGURE 1

	Calle Cristobal MAD
	Zones
	Landscaped Street Medians
	Paved Street Medians
	Right Of Way
	Mini Park
	Open Space
	Roads

public at large or properties located outside the District. Under Assessment Law, only “special benefits” are assessable. As such, isolation and quantification of the “special benefits” associated with the improvements/services are paramount, and illustrated in the following equations:

$$\text{Special Benefits} = \text{Total Benefits} - \text{General Benefits}$$

$$\text{General Benefits} = \text{City Standard} + \text{External Benefits}$$

$$\text{Special Benefits} = \text{Total Benefits} - [\text{City Standard} + \text{External Benefits}]$$

In these equations, “Total Benefits” refers to the cost of providing the total benefits of the improvements/services; “City Standard” represents the cost of providing the City’s standard level of service; and “External Benefits” refers to the cost of those additional benefits accruing to the public at large or properties located outside the District. In order to isolate the “Special Benefits,” it is necessary to quantify the amount of “General Benefits” associated with the improvements/services.

### City Standard

As a “general benefit” (not funded by assessments), the District will continue to receive the standard level of service provided to the public at large under City-funded and administered programs for maintenance and servicing of public facilities and improvements (e.g., medians, open space, street lights, street trees, sidewalks, parks, etc.), including street sweeping and graffiti removal on public property. Consistent with City policy for the public at large, the City will provide the District with standard service levels and annual contributions from the Gas Tax Fund for median maintenance (28.03¢ per square foot of landscaped median and 4.43¢ per square foot of hardscaped median). These levels of service and cost allocations, reviewed and adjusted annually by the City, are “general benefits” administered by the District.

## External Benefits

Assessment Law prohibits levying assessments to pay for “general benefits” conferred to the public at large or properties located outside the District. Based on a review of the spatial limits of the District and the proposed improvements/services, it has been determined that the maintenance and servicing of the improvements has the potential to confer benefits to others outside the District.

It is estimated as much as 5.1% of the total benefit (in excess of the City standard) may accrue to the public at large or properties located outside the District (with an estimated 0.0% accruing directly to properties located outside the District, and the remaining 5.1% accruing to the general public as indirect/incidental beneficiaries passing through the District or utilizing District-provided amenities). The estimated costs associated with these “general benefits” have been quantified and will not be funded by assessments.

---

## Cost Estimate

### Estimated Costs

Estimated Fiscal Year 2015 annual expenses, revenues, reserves, and assessments (provided by the City) are included as **Exhibit B** hereto.

### Annual Cost-Indexing

With the passage of Proposition 218, any proposed increase in assessments must be placed for approval before the property owners by a mail ballot and a public hearing process, similar to these proceedings. A majority of ballots received must be affirmative for the City Council to confirm and levy the increased assessments. For small assessment districts or districts with relatively low dollar assessments, the cost of an engineer's report, balloting, and the public hearing process can potentially exceed the total cost of the increase. These incidental costs of the proceedings can be added to the assessments, resulting in even higher assessments.

Indexing assessments annually to the San Diego Consumer Price Index for Urban Consumers (SDCPI-U), as approved by the District property owners in Fiscal Year 1998, allows for minor increases for normal

maintenance and operating cost escalation without incurring the costs of the Proposition 218 ballot proceedings. Any significant change in the assessment initiated by an increase in service provided or other significant changes to the District would still require the Proposition 218 proceedings and property owner approval.

The maximum authorized assessment established in the Fiscal Year 1998 proceedings are authorized to be indexed (increased or decreased) annually by the factor published in the SDCPI-U. The annual change in second half SDCPI-U values, as compiled by the U.S. Bureau of Labor Statistics (see [www.bls.gov](http://www.bls.gov)), for the prior year period was from 257.285 to 261.679 (a 1.71% increase). In accordance with the approved cost-indexing provisions, the maximum authorized assessment rates contained within this Assessment Engineer's Report have been increased by 1.71%.

---

## Method of Apportionment

### Estimated Benefit of the Improvements

The improvements provided by this District are associated with the maintenance of street rights-of-way and street medians. The District improvements provide many benefits including enhanced visual aesthetics of the main entrance corridor into the community, increased land values, clean and litter-free streets, reduced graffiti by sound barrier vegetation, and a sense of community identity and pride.

Calle Cristobal/Sorrento Valley Boulevard, Camino Ruiz, and Camino Santa Fe are the backbone of the street network within the community. They serve as the primary access routes in and out of the community and for cross-community trips, and thus serve all parcels within the community. All parcels benefit from the enhancement of these streets and the enhanced community image provided by the improvements being maintained by this District.

The Transportation Element of the City's General Plan and the General Policy Recommendations found in the Mira Mesa Community Plan, (which includes the Calle Cristobal community), establish several goals for the community's streets. The improvements being maintained by this District are consistent with the Plans' goals for safety and pleasing aesthetics. The installation of these improvements

is often funded by developers as conditions of development. The maintenance for these enhanced assets (above the City's minimum standard), since installation, has been funded through the District. The General Plan also supports the establishment of community landscape improvement and maintenance districts, such as this District, to accomplish these goals.

### Apportionment Methodology

The total cost for maintenance of the improvements funded by the district will be assessed to the various parcels in the District in proportion to the estimated Equivalent Benefit Units (EBUs) assigned to a parcel in relationship to the total EBUs of all the parcels in the District. Parcels determined to receive no benefit from maintenance of the improvements will be assigned zero (0) EBUs.

EBUs for each parcel have been determined as a function of three factors, a Land Use Factor, a Benefit Factor, and a Location Factor, related as shown in the following equation:

$\text{EBUs} = (\text{Acres or Units}) \times \text{Land Use Factor} \times \text{Benefit Factor} \times \text{Location Factor}$
--

Each of these factors is discussed below.

### Land Use Factor

Since the improvements to be maintained by the District are primarily associated with the Transportation Element of the General and Community Plans, trip generation rates for various land use categories (as previously established by the City's Transportation Planning Section) have been used as the primary basis for the development of Land Use Factors. While these trip generation rates strictly address only vehicular trips, they are also considered to approximately reflect relative trip generation for other modes of transportation (e.g., pedestrian trips, bicycle trips, etc.), and are considered the best available information for these other transportation modes.

The special benefits of landscape improvements maintained by the District are linked to trip generation primarily by the public safety and aesthetic enhancement enjoyed by travelers through the community. Thus, trip generation rates provide the required nexus and basis for

assigning ratios of maximum potential benefit to the various land use/zoning classifications as defined by the City's Municipal Code.

Land use/zoning classifications have been grouped with averaged trip generation rates assigned to establish the Land Use Factors. Land Use Factors are summarized as shown in **Table 1**.

**TABLE 1: Land Use Factors**

Land Use/Zoning	Code	Land Use Factor
Residential – Single Family (detached)	SFD	1.0 per dwelling unit
Residential – Condominium	CND	0.7 per dwelling unit
Agricultural	AGR	0.02 per acre
Open Space (designated)	OSP	0.0 per acre
Park – Developed	PKD	5.0 per acre
Park – Undeveloped	PKU	0.5 per acre
Recreational Facility	REC	3.0 per acre
Street/Roadway	STR	0.0 per acre

Designated Open Space serves primarily to preserve natural landscape and habitat. While access for study and passive recreation is sometimes permitted, these activities are usually allowed only to the limited extent consistent with the primary purpose of natural preservation. Since this land is essentially “unused” in the customary terms of land use (which relate to human use, not use by nature), the trip generation rate is zero. Therefore, the designated Open Space receives no benefit from the Transportation Element and has been assigned a Land Use Factor of zero.

The Recreational Facility category includes those which consist primarily of concentrated facilities, such as swimming pools, gymnasiums, racquetball clubs, etc. Generally for a facility of this nature, the area of significant human use is small in comparison with the overall size of the facility. Therefore, a land use factor of 3.0 per acre has been assigned.

Recreational facilities of a more dispersed nature, such as undeveloped and developed parks, are categorized separately. A significant portion of most parks is primarily designated for human use. Land use factors of 5.0 and 0.5 per acre have been assigned to the developed parks and undeveloped parks, respectively.

While people traveling the streets and roadways enjoy the improvements maintained by the District during their travel, the actual benefit of this enjoyment accrues to the lands at the origins and destinations of their trips, not to the lands of the streets and roadways, themselves. Streets and roadways themselves generate no trips. Accordingly, streets and roadways receive no benefit and have been assigned a Land Use Factor of zero.

### Benefit Factor

The Land Use Factor described above reflects the relative intensity of use (or potential use) of the various parcels of land to be assessed. It does not address the relationship of this use to the specific improvements to be maintained by the District. This relationship is reflected in the Benefit Factor utilized in the assessment methodology.

In determining the Benefit Factor for each land use category, the sub-components of the benefits of District improvements considered may include some or all of the following: public safety, view corridors and aesthetics, and enhancement of community identity. As Benefit Factors and their subcomponents are intended to reflect the particular relationships between specific land uses within a district and the specific improvements maintained by the district, Benefit Factors will generally vary from one district to another, based on the specific details of the applicable land uses and improvements provided.

The components and resultant Benefit Factors for the various Land Use/Zoning categories are summarized as shown in **Table 2**.

**TABLE 2: Benefit Factors by Land Use**

<b>Land Use/Zoning</b>	<b>Public Safety (max. 0.3)</b>	<b>Aesthetics (max. 0.7)</b>	<b>Composite Benefit Factor (max. 1.0)</b>
Residential – All	0.3	0.7	1.0
Agricultural	0.3	0.0	0.3
Open Space (designated)	0.3	0.0	0.3
Park – Developed	0.3	0.0	0.3
Park – Undeveloped	0.3	0.0	0.3
Recreational Facility	0.3	0.2	0.5
Street/Roadway	0.3	0.0	0.3

**Public Safety.** All land uses are considered to receive the maximum available benefit from the public safety element of District improvements. Public safety is essential to all land uses, and even to lands, such as designated Open Space, held in stewardship with only incidental human use.

**Aesthetics.** The degree of benefit received from the aesthetic qualities of landscaped roadway medians and rights-of-way maintained or provided by the District varies among land use categories. Generally, by nature of their use, residential lands receive the greatest benefit from the reduced traffic congestion, reduced noise levels, greater separation from traffic and generally more tranquil environment provided by landscaped roadway medians and rights-of-way.

Lands in the Open Space, and Street/Roadway, categories are considered to receive no significant benefit from the aesthetic elements of District improvements, as enhanced aesthetic quality of other lands in their vicinity does not affect their function, use, or value. Lands in the Park category are in themselves an aesthetic benefit to the community and receive no significant benefit from the aesthetic elements of District improvements.

**Location Factor**

The District is divided into three zones as shown in **Exhibit A**. The three zones account for the different level of services provided in each

zone. Each zone has been assigned a unique Location Factor to apportion the costs associated with the benefit that each zone uniquely receives. Following is a detailed description of the benefits each zone receives.

All parcels in Zones 1, 2, and 3 receive the common benefit of maintenance of enhanced landscape and hardscape medians and median gutter sweeping. Although there is varying types of median improvements at various reaches of the major streets all parcels are judged to enjoy the enhancements in common as all parcels receive access through traversing these major streets. The costs associated with median maintenance have been apportioned to all parcels within the boundaries of Zones 1, 2, and 3 through a base Location Factor of 0.5.

**Zone 1:** In addition to the base enhanced median maintenance, the right-of-way parkways in Zone 1 are maintained by the District. The cost per EBU for maintenance of the parkways in Zone 1 (Zone 1 parkway maintenance costs divided by number of EBUs in Zone 1) is approximately equal to the cost per EBU of the base median maintenance (base median maintenance costs for all three zones divided by number of EBUs in all three zones). Summing the cost per EBU for base median maintenance and the cost per EBU for parkway maintenance in Zone 1 results in a Location Factor of 1.0 for Zone 1 (2 x 0.5 base Location Factor for medians only).

**Zone 2:** A Location Factor of 0.5 (the full base Location Factor) has accordingly been applied for Fiscal Year 2015. In addition to the base median maintenance, Zone 2 will in the future receive the additional benefit of maintenance of a Tot-Lot Park. The cost per EBU in Zone 2 of this additional Tot-Lot Park maintenance is approximately 0.2 times the cost per EBU of the base median maintenance among all zones. Accordingly, a Location Factor of 0.6 (1.2 x 0.5 base Location Factor for medians only) is assigned to Zone 2 for Buildout Conditions, when the Tot-Lot Park maintenance will be provided by the District.

**Zone 3:** Zone 3 receives only the benefit of the base median maintenance and, therefore, receives a Location Factor of 0.5 (1.0 x 0.5 base Location Factor).

**Table 3** summarizes the Location Factors for Fiscal Year 2014, Fiscal Year 2015 and at Ultimate Buildout (when the Tot-Lot Park will be maintained by the District).

**TABLE 3: Location Factors by Fiscal Year**

Zone	FY 2014 (max. 1.0)	FY 2015 (max. 1.0)	Ultimate Buildout (max. 1.0)
Zone 1	1.0	1.0	1.0
Zone 2	0.5	0.5	0.6
Zone 3	0.5	0.5	0.5

### Sample Calculations

As described above, the number of Equivalent Benefit Units (EBUs) assigned to each parcel in the District has been calculated based on each parcel's land use and the identified apportionment factors, as shown in the following equation:

$\text{EBUs} = (\text{Acres or Units}) \times \text{Land Use Factor} \times \text{Benefit Factor} \times \text{Location Factor}$
--

Shown below are sample EBU calculations for several common land uses found in the District.

- **1 Single-Family Residence in Zone 1**  

$$\text{EBUs} = 1 \text{ unit} \times 1.00 \times 1.00 \times 1.00 = 1.00 \text{ EBUs}$$
- **1 Condominium in Zone 2**  

$$\text{EBUs} = 1 \text{ unit} \times 0.70 \times 1.00 \times 0.50 = 0.35 \text{ EBUs}$$
- **5-acre Park without Recreation Center in Zone 3**  

$$\text{EBUs} = 5.00 \text{ acres} \times 0.50 \times 0.30 \times 0.50 = 0.38 \text{ EBUs}$$

The total assessment for each parcel in the District is based on the calculated EBUs for the parcel and the applicable unit assessment rate, as shown in the following equation:

$\text{Total Assessment} = \text{Total EBUs} \times \text{Unit Assessment Rate}$
--

Based on the above formula, the EBUs calculated for each property, can be found in the Assessment Roll (**Exhibit C**).

---

## Summary Results

The District Boundary Map is shown in **Exhibit A**.

An estimate of the maintenance costs associated with District improvements is shown in **Exhibit B**.

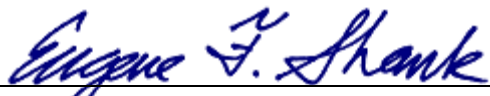

The assessment methodology utilized is as described in the text of this report. Based on this methodology, the EBUs and Fiscal Year 2015 District assessment for each parcel were calculated and are shown in the Assessment Roll (**Exhibit C**).

Each lot or parcel of land within the District has been identified by unique County Assessor's Parcel Number on the Assessment Roll and the Boundary Map and Assessment Diagram referenced herein. The net assessment for each parcel for Fiscal Year 2015 can be found on the Assessment Roll.

This report has been prepared and respectfully submitted by:

Year End Operating Reserves	<b>\$ 175,939.35</b>	<b>\$ 117,760.51</b>	<b>\$ 106,775.52</b>

<sup>(1)</sup> Special assessments revenue adjusted to reflect latest parcel information and applicable cost-indexing provisions.

<sup>(2)</sup> Please see the Assessment Engineer's Report for further detail on the Assessment Rate calculation methodology.

<sup>(3)</sup> The Location Factor applied to parcels located in Zones 2 and 3 (included in the EBU calculation), effectively results in a 50% reduction in the Assessment Rate applicable to such parcels.

<sup>(4)</sup> City contributions each Fiscal Year are subject to change pending Council approval of new rate per square foot/acreage.

# **EXHIBIT C**

**ASSESSMENT ENGINEER'S REPORT  
ASSESSMENT ROLL**

The undersigned, pursuant to the "Maintenance Assessment Districts Ordinance" (Division 2, Article 5, Chapter VI beginning at Section 65.0201 of the San Diego Municipal Code), the "Landscaping and Lighting Act of 1972" (Part 2, Division 15 of the California Streets and Highways Code), applicable provisions of "Proposition 218" (Article XIII D of the California Constitution), and the "Proposition 218 Omnibus Implementation Act" (California Senate Bill 919) (the aforementioned provisions are hereinafter referred to collectively as "Assessment Law"), does hereby submit the following:

1. Pursuant to the provisions of Assessment Law and the Resolution of Intention, we have assessed the costs and expenses of the works of improvement (maintenance) to be performed in the Assessment District upon the parcels of land in the Assessment District benefited thereby in direct proportion and relation to the estimated benefits to be received by each of said parcels. For particulars as to the identification of said parcels, reference is made to the Boundary Map & Assessment Diagram on file in the Maintenance Assessment Districts Section of the Park and Recreation Department of the City of San Diego. A copy of the Boundary Map is included in the Assessment Engineer's Report as **Exhibit A**.
2. The Assessment Diagram included in this report shows the Assessment District, as well as the boundaries and dimensions of the respective parcels and subdivisions of land within the Assessment District, the same as existed at the time of the passage of the Resolution of Intention, each of which subdivisions of land or parcels or lots respectively have been given a separate number upon the Assessment Diagram and in the Assessment Roll (**Exhibit C**).
3. By virtue of the authority contained in said Assessment Law, and by further direction and order of the legislative body, we hereby make the following assessment to cover the costs and expenses of the works of improvement (maintenance) for the Assessment District based on the costs and expenses as set forth in the Assessment Engineer's Report.

For particulars as to the individual assessments and their descriptions, reference is made to the Assessment Roll (**Exhibit C**) attached hereto.

DATED: June 13, 2014
