Assessment Engineer's Report

Hillcrest Maintenance Assessment District

Preamble

Pursuant to the provisions of the "San Diego Maintenance Assessment District Ordinance" (being Division 2, Article 5, Chapter VI beginning at Section 65.0201 of the San Diego Municipal Code), provisions of the "Landscaping and Lighting Act of 1972" (being Part 2 of Division 15 of the California Streets and Highways Code), applicable provisions of "Proposition 218" (being Article XIID of the California Constitution), and provisions of the "Proposition 218 Omnibus Implementation Act" (being California Senate Bill 919) (the aforementioned provisions are hereinafter referred to collectively as "Assessment Law"), in connection with the proceedings for the HILLCREST BOULEVARD MAINTENANCE ASSESSMENT DISTRICT (hereinafter referred to as "District"), EFS ENGINEERING, INC., as Assessment Engineer to the City of San Diego for these proceedings, submits herewith this report for the District as required by California Streets and Highways Code Section 22565.

FINAL APPROVAL, BY RESOLUTION NO. _____ ,
ADOPTED BY THE CITY COUNCIL OF THE CITY OF SAN
DIEGO, COUNTY OF SAN DIEGO, CALIFORNIA, ON THE
_____ DAY OF _____, 2014.

Elizabeth Maland, CITY CLERK
CITY OF SAN DIEGO
STATE OF CALIFORNIA

Executive Summary

Project: Hillcrest Maintenance Assessment District

Apportionment Method: Linear Frontage Foot (LFF)

	FY 2014	FY 2015 ⁽¹⁾	Maximum ⁽²⁾ Authorized
Total Parcels Assessed:	41	41	--
Total Estimated Assessment:	\$16,296	\$16,885	--
Total Number of LFF:	3,272.24	3,272.24	--
Assessment per LFF:	\$4.98	\$5.16	\$5.16 ⁽³⁾

⁽¹⁾ FY 2015 is the City's Fiscal Year 2015, which begins July 1, 2014 and ends June 30, 2015. Total Parcels Assessed, Total Estimated Assessment, and Total Number of LFF may vary from fiscal prior year values due to parcel changes.

⁽²⁾ Maximum authorized annual amounts subject to cost-indexing provisions as set forth in this Engineers Report.

⁽³⁾ Prior fiscal year's maximum authorized annual assessment increased by cost-indexing factor of 1.71%.

District History: In Fiscal Year 2001, by a ballot proceeding, majority property owners approved the formation of the District, Fiscal Year 2001 and maximum authorized assessments for subsequent years, and provisions for annual cost-indexing.

Annual Cost-Indexing: The maximum authorized assessment rate has been increased based on the approved annual cost-indexing provisions.

Bonds: No bonds will be issued in connection with this District.

Background

The Mid-City Maintenance Assessment District (Mid-City District) was established in July 1987. The original Assessment Engineer's Report is on file in the City of San Diego (City) Clerk's office. The Mid-City District has primarily funded maintenance costs associated with trees and shrubs, landscaped medians, benches, and additional enhanced streetlights located within business district areas. This annual Assessment Engineer's Report is for the Hillcrest Maintenance Assessment District (District), formerly known as Sub-District #12 of the Mid-City District.

In June 1997, the Mid-City District boundary and apportionment methodology were reviewed and re-formulated, primarily for purposes of increasing assessments, annexing additional areas, adding provisions for cost-indexing of all assessments, and complying with Proposition 218. By a mail ballot proceeding, property owners approved the re-engineering. The Assessment Engineer's Report, preliminarily accepted by Resolution Number R-289040 on August 5, 1998, proposed Fiscal Year 1999 assessments, maximum authorized assessments for subsequent years, and provisions for annual cost-indexing of the maximum authorized assessments.

Recently, the Mid-City District consisted of three (3) separate sub-districts located along Adams Avenue, El Cajon Boulevard, Park Boulevard, and University Avenue. The sub-districts were located as follows:

- ◆ **Sub-District #4:** Adams Avenue (from Mission Cliff Drive to Florida Street) and Park Boulevard (from Adams Avenue to Mission Avenue).
- ◆ **Sub-District #12:** University Avenue (from 10th Avenue to Herbert Street).
- ◆ **Sub-District #13:** El Cajon Boulevard (from I-805 to 54th Street); divided into two zones: I-805 to 44th Street (Zone 1), and 44th Street to 54th Street (Zone 2).

Over the years, sub-districts were annexed into and de-annexed out of the Mid-City District. Many de-annexed sub-districts were annexed into other districts. **Table 1** chronicles the annexations and de-annexations since 1987.

TABLE 1: Sub-District History

Sub-District Number	Description	Formed	Modified	Current District
1	University Ave (Fairmount Ave to Marlborough Ave)	1989	2005 (De-annexed)	City Heights
2	University Ave (37th St to Wilson Ave)	1988	2005 (De-annexed)	City Heights
3	Adams Ave	1988	1996 (De-annexed)	Adams Ave
4	Adams Ave (Mission Cliff Dr to Florida St) & Park Blvd (Adams Ave to Mission Ave)	1993	1994 (parcels added)	Mid-City
5	North Park	1988	1996 (De-annexed)	North Park
6	Adams Ave	1988	1996 (De-annexed)	Adams Ave
7	Adams Ave	1989	1996 (De-annexed)	Adams Ave
8*	El Cajon Blvd (Van Dyke Ave to 44th St)	1992	2000 (De-annexed)	--
9	North Park	1992	1996 (De-annexed)	North Park
10*	El Cajon Blvd (37th St to 39th St)	1993	2000 (De-annexed)	--
11*	El Cajon Blvd (I-805 to 37th St)	1997	2000 (De-annexed)	--
12	University Ave (10th Ave to Herbert St)	1999	--	Mid-City
13	El Cajon Blvd (I-805 to 54th St)	2000	--	Mid-City

* De-annexed and incorporated into Sub-District #13 as part of the Fiscal Year 2001 proceedings.

District Proceedings for Fiscal Year 2015

This District is authorized and administered under the provisions of the “San Diego Maintenance Assessment District Procedural Ordinance of 1986” (being Division 2, Article 5, Chapter VI beginning at Section 65.0201 of the San Diego Municipal Code), provisions of the “Landscaping and Lighting Act of 1972” (being Part 2 of Division 15 of the California Streets and Highways Code), applicable provisions of “Proposition 218” (being Article XIID of the California Constitution), and provisions of the “Proposition 218 Omnibus Implementation Act” (being California Senate Bill 919) (the

aforementioned provisions are hereinafter referred to collectively as “Assessment Law”). This report has been prepared in compliance with Assessment Law.

The purpose of the proposed proceedings and this Assessment Engineer's Report is to update the District budget and assessments for Fiscal Year 2015. The Fiscal Year 2015 assessments proposed within this Assessment Engineer's Report are equal to or less than the maximum authorized assessment. Therefore, the vote requirements of Section 4 of Article XIID do not apply to these proceedings.

A public hearing will be scheduled where public testimony will be heard by the Council, and the Council may, at its discretion, adopt a resolution ordering the levying of the proposed assessments.

Bond Declaration

No bonds will be issued in connection with this District.

District Boundary

The Boundary Map and Assessment Diagram for the District are on file in the Maintenance Assessment Districts Section of the Park and Recreation Department of the City of San Diego and by reference are made a part of this report. The Boundary Map and Assessment Diagram for the District are available for public inspection during normal business hours. The District boundary is depicted in **Exhibit A**.

Project Description

The project to be funded by the proposed assessments is the maintenance costs associated with landscaped and hardscaped medians, and median gutter sweeping. All improvements to be maintained by the District fall within the dedicated City public rights-of-way.

The engineering drawings for the improvements maintained by the District (City drawing number D-28376) are on file at Map Records in the City Engineer's office and are incorporated herein. Additional details related to specific District improvements are contained in documents incorporated by reference into prior Assessment Engineer's

Reports prepared for purposes of District formation.

The improvements and services provided by the District will be maintained in accordance with specifications and contracts on file with the Park and Recreation Department. These documents are available for public inspection during normal business hours.

Separation of General and Special Benefits

The identified improvements/services provide benefits to the parcels located within the District. Some of these benefits are “special benefits,” benefits that are above and beyond the City’s standard level of service, and exclusive of those “general benefits” provided to the public at large or properties located outside the District. Under Assessment Law, only “special benefits” are assessable. As such, isolation and quantification of the “special benefits” associated with the improvements/services are paramount, and illustrated in the following equations:

$$\text{Special Benefits} = \text{Total Benefits} - \text{General Benefits}$$

$$\text{General Benefits} = \text{City Standard} + \text{External Benefits}$$

$$\text{Special Benefits} = \text{Total Benefits} - [\text{City Standard} + \text{External Benefits}]$$

In these equations, “Total Benefits” refers to the cost of providing the total benefits of the improvements/services; “City Standard” represents the cost of providing the City’s standard level of service; and “External Benefits” refers to the cost of those additional benefits accruing to the public at large or properties located outside the District. In order to isolate the “Special Benefits,” it is necessary to quantify the amount of “General Benefits” associated with the improvements/services.

City Standard

As a “general benefit” (not funded by assessments), the District will continue to receive the standard level of service provided to the public at large under City-funded and administered programs for maintenance and servicing of public facilities and improvements (e.g., medians,

open space, street lights, street trees, sidewalks, parks, etc.), including street sweeping and graffiti removal on public property. Consistent with City policy for the public at large, the City will provide the District with standard service levels and annual contributions from the Gas Tax Fund for median maintenance (28.03¢ per square foot of landscaped median). These levels of service and cost allocations, reviewed and adjusted annually by the City, are “general benefits” administered by the District.

External Benefits

Assessment Law prohibits levying assessments to pay for “general benefits” conferred to the public at large or properties located outside the District. Based on a review of the spatial limits of the District and the proposed improvements/services, it has been determined that the maintenance and servicing of the improvements has the potential to confer benefits to others outside the District.

It is estimated as much as 11.1% of the total benefit (in excess of the City standard) may accrue to the public at large or properties located outside the District (with an estimated 0.0% accruing directly to properties located outside the District, and the remaining 11.1% accruing to the general public as indirect/incidental beneficiaries passing through the District or utilizing District-provided amenities). The estimated costs associated with these “general benefits” have been quantified and will not be funded by assessments.

Cost Estimate

Estimated Costs

Estimated Fiscal Year 2015 annual expenses, revenues, reserves, and assessments (provided by the City) are included as **Exhibit B** hereto.

Annual Cost-Indexing

With the passage of Proposition 218, any proposed increase in assessments must be placed for approval before the property owners by a mail ballot and a public hearing process, similar to these proceedings. A majority of ballots received must be affirmative for the

City Council to confirm and levy the increased assessments. For small assessment districts or districts with relatively low dollar assessments, the cost of an engineer's report, balloting, and the public hearing process can potentially exceed the total cost of the increase. These incidental costs of the proceedings can be added to the assessments, resulting in even higher assessments.

Indexing assessments annually to the San Diego Consumer Price Index for Urban Consumers (SDCPI-U), as approved by the District property owners, allows for minor increases for normal maintenance and operating cost escalation without incurring the costs of the Proposition 218 ballot proceedings. Any significant change in the assessment initiated by an increase in service provided or other significant changes to the District would still require the Proposition 218 proceedings and property owner approval.

The maximum authorized assessment established in the Fiscal Year 2000 proceedings are authorized to be indexed (increased or decreased) annually by the factor published in the SDCPI-U. The annual change in second half SDCPI-U values, as compiled by the U.S. Bureau of Labor Statistics (see www.bls.gov), for the prior year period was from 257.285 to 261.679 (a 1.71% increase). In accordance with the approved cost-indexing provisions, the maximum authorized assessment rates contained within this Assessment Engineer's Report have been increased by 1.71%.

Method of Apportionment

Estimated Benefit of the Improvements

The Transportation Element of the City's General Plan and the general policy recommendations found in the local Community Plan establish several goals for the community's transportation system. The improvements being maintained by the District are consistent with the plans' goals for safety and pleasing aesthetics. All benefits assessed to the District are special to this District and are distinct from other parcels in the City.

The improvements (enhanced landscape, streetscape, medians, benches, and additional street lighting) benefit parcels by enhancing the visual aesthetics of the business districts, establishing a continuity

of business district appearance, increasing land and business values, promoting public safety and a sense of security for the clientele and employees through increased night lighting, reducing graffiti problems, and creating a sense of community identity and pride.

Apportionment Methodology

It is estimated that the benefit received by each parcel is directly proportional to the linear front footage of each parcel fronting the improvements. The total cost has been divided by the total linear front footage of all parcels within the District to determine the unit assessment rate, or cost per linear frontage foot (LFF).

Sample Calculations

As described above, assessments have been calculated for each parcel based the linear front footage (LFF) of the property along the improvement/service corridor.

$\text{LFF} = \text{Linear Front Footage}$
--

Shown below are LFF calculations for various sample parcels.

- **Property with 50-foot frontage**
LFF = 50.00 LFF
- **Property with 140-foot frontage**
LFF = 140.00 LFF
- **10-unit Condominium Property with 100-foot frontage**
LFF (per condo unit) = 100.00 LFF / 10 units = 10.00 LFF

The total assessment for each parcel in the District is based on the calculated LFF for the parcel and the applicable unit assessment rate, as shown in the following equation:

$\text{Total Assessment} = \text{Total LFF} \times \text{Unit Assessment Rate}$

Summary Results

The District boundary is presented in **Exhibit A**.

An estimate of the costs of the improvements provided by the District is included as **Exhibit B** to this report.

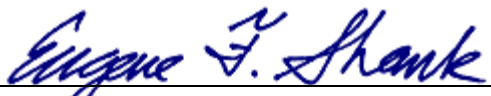

The assessment methodology utilized is as described in the text of this report. Based on this methodology, the LFF and Fiscal Year 2015 District assessment for each parcel were calculated and are shown in the Assessment Roll (**Exhibit C**).

Each lot or parcel of land within the District has been identified by unique County Assessor's Parcel Number on the Assessment Roll and the Boundary Map and Assessment Diagram referenced herein. The net assessment for each parcel for Fiscal Year 2015 can be found on the Assessment Roll.

⁽¹⁾ In Fiscal Year 2013, the additional water cost was due to a change in date which delayed the landscape takeover from the developer.

⁽²⁾ Special assessments revenue adjusted to reflect latest parcel information and applicable cost-indexing provisions.

⁽³⁾ City contributions in Fiscal Year 2015 are subject to change pending approval of new rate per square foot/acreage.

⁽⁴⁾ The Fiscal Year 2013 annual transfer of \$1,000 for the maintenance of the Normal Street Median was delayed until Fiscal Year 2014..

EXHIBIT C

ASSESSMENT ENGINEER'S REPORT
ASSESSMENT ROLL

The undersigned, pursuant to the "Maintenance Assessment Districts Ordinance" (Division 2, Article 5, Chapter VI beginning at Section 65.0201 of the San Diego Municipal Code), the "Landscaping and Lighting Act of 1972" (Part 2, Division 15 of the California Streets and Highways Code), applicable provisions of "Proposition 218" (Article XIII D of the California Constitution), and the "Proposition 218 Omnibus Implementation Act" (California Senate Bill 919) (the aforementioned provisions are hereinafter referred to collectively as "Assessment Law"), does hereby submit the following:

1. Pursuant to the provisions of Assessment Law and the Resolution of Intention, we have assessed the costs and expenses of the works of improvement (maintenance) to be performed in the Assessment District upon the parcels of land in the Assessment District benefited thereby in direct proportion and relation to the estimated benefits to be received by each of said parcels. For particulars as to the identification of said parcels, reference is made to the Assessment Diagram and Boundary Map on file in the Maintenance Assessment Districts section of the Park and Recreation Department of the City of San Diego. The District boundary is depicted in the Assessment Engineer's Report as **Exhibit A**.
2. The Assessment Diagram included in this report shows the Assessment District, as well as the boundaries and dimensions of the respective parcels and subdivisions of land within the Assessment District, the same as existed at the time of the passage of the Resolution of Intention, each of which subdivisions of land or parcels or lots respectively have been given a separate number upon the Assessment Diagram and in the Assessment Roll (**Exhibit C**).
3. By virtue of the authority contained in said Assessment Law, and by further direction and order of the legislative body, we hereby make the following assessment to cover the costs and expenses of the works of improvement (maintenance) for the Assessment District based on the costs and expenses as set forth in the Assessment Engineer's Report.

For particulars as to the individual assessments and their descriptions, reference is made to the Assessment Roll (**Exhibit C**) attached hereto.
