Assessment Engineer's Report Black Mountain Ranch South Maintenance Assessment District

Preamble

Pursuant to the provisions of the "San Diego Maintenance Assessment District Ordinance" (being Division 2, Article 5, Chapter VI beginning at Section 65.0201 of the San Diego Municipal Code), provisions of the "Landscaping and Lighting Act of 1972" (being Part 2 of Division 15 of the California Streets and Highways Code), applicable provisions of "Proposition 218" (being Article XIID of the California Constitution), and provisions of the "Proposition 218 Omnibus Implementation Act" (being California Senate Bill 919) (the aforementioned provisions are hereinafter referred to collectively as "Assessment Law"), in connection with the proceedings for the BLACK MOUNTAIN RANCH SOUTH MAINTENANCE ASSESSMENT DISTRICT (hereinafter referred to as "District"), EFS ENGINEERING, INC., as Assessment Engineer to the City of San Diego for these proceedings, submits herewith this report for the District as required by California Streets and Highways Code Section 22565.

FINAL APPROVAL, BY RESOLUTION NO. _____ ,
ADOPTED BY THE CITY COUNCIL OF THE CITY OF SAN
DIEGO, COUNTY OF SAN DIEGO, CALIFORNIA, ON THE
_____ DAY OF _____, 2015.

Elizabeth Maland, CITY CLERK
CITY OF SAN DIEGO
STATE OF CALIFORNIA

Executive Summary

Project: Black Mountain Ranch South
 Maintenance Assessment District

Apportionment Method: Equivalent Benefit Unit (EBU)

	FY 2015	FY 2016 ⁽¹⁾	Maximum ⁽²⁾ Authorized
Total Parcels Assessed:	1,765	1,765	--
Total Estimated Assessment:	\$457,094	\$457,094	--
Total Number of EBUs:	1,945.08	1,945.08	--
Assessment per EBU:	\$235.00	\$235.00	\$759.52 ⁽³⁾

⁽¹⁾ FY 2016 is the City's Fiscal Year 2016, which begins July 1, 2015 and ends June 30, 2016. Total Parcels Assessed, Total Estimated Assessment, and Total Number of EBUs may vary from prior fiscal year values due to parcel changes and/or land use re-classifications.

⁽²⁾ Maximum authorized annual amounts subject to cost-indexing provisions as set forth in this Assessment Engineer's Report.

⁽³⁾ Prior fiscal year's maximum authorized annual assessment increased by cost-indexing factor of 4.28%.

District History: In Fiscal Year 2005, by a ballot proceeding, majority property owners approved the formation of the District, Fiscal Year 2005 and maximum authorized assessments for subsequent years, and provisions for annual cost-indexing.

Annual Cost-Indexing: The maximum authorized assessment rate has been increased based on the approved annual cost-indexing provisions.

Bonds: No bonds will be issued in connection with this District.

Background

Black Mountain Ranch (Subarea 1 of the North City Future Urbanizing Area) is located east of Fairbanks Ranch and north of the Torrey Highlands. The City of San Diego (City) retained Boyle Engineering Corporation to prepare an Assessment Engineer's Report for the formation of the Black Mountain Ranch South Maintenance Assessment District (District), encompassing the southern portion of Subarea 1. The Assessment Engineer's Report proposed Fiscal Year 2005 assessments, maximum authorized assessments for subsequent years, and provisions for annual cost-indexing of the maximum authorized assessments. The Assessment Engineer's Report was approved and assessments confirmed in Fiscal Year 2005.

District Proceedings for Fiscal Year 2016

This District is authorized and administered under the provisions of the "San Diego Maintenance Assessment District Ordinance" (being Division 2, Article 5, Chapter VI beginning at Section 65.0201 of the San Diego Municipal Code), provisions of the "Landscaping and Lighting Act of 1972" (being Part 2 of Division 15 of the California Streets and Highways Code), applicable provisions of "Proposition 218" (being Article XIII D of the California Constitution), and provisions of the "Proposition 218 Omnibus Implementation Act" (being California Senate Bill 919) (the aforementioned provisions are hereinafter referred to collectively as "Assessment Law"). This report has been prepared in compliance with Assessment Law.

The purpose of the proposed proceedings and this Assessment Engineer's Report is to update the District budget and assessments for Fiscal Year 2016. The Fiscal Year 2016 assessments proposed within this Assessment Engineer's Report are equal to or less than the maximum authorized assessment. Therefore, the vote requirements of Section 4 of Article XIII D do not apply to these proceedings.

A public hearing will be scheduled where public testimony will be heard by the Council, and the Council may, at its discretion, adopt a resolution ordering the levying of the proposed assessments.

Bond Declaration

No bonds will be issued in connection with this District.

District Boundary

The Boundary Map and Assessment Diagram for the District are on file in the Maintenance Assessment Districts section of the Park and Recreation Department of the City of San Diego and by reference are made a part of this report. The Boundary Map and Assessment Diagram for the District are available for public inspection during normal business hours. A reduced copy of the Boundary Map is included as **Exhibit A**.

Project Description

The project to be funded by the proposed assessments is the maintenance of specified landscaped and hardscaped medians, landscaped rights-of-way, adjacent slopes, sidewalks, gutters, open space, and brow ditches within the District. The areas to be maintained generally consist of a drought-tolerant, semi-native landscape palette that requires a limited amount of water (approximately 15 inches of annual irrigation).

Maintenance activities include, but are not limited to, the following: litter control; fertilizing; irrigation and maintenance of irrigation system components; weed control; pest control; pruning; edging, and tree maintenance as necessary for the health and appearance of the plant material; gutter, sidewalk, and hardscape cleaning; cleaning of brow ditches; and activities necessary to address safety concerns. Due to the complexity of the drought-tolerant, semi-native grassland plant palette, some landscaping activities require high levels of maintenance. Brush management of City-owned open space in accordance with the Municipal Code §142.0412 is performed by the City's General Fund. The maintenance areas (as generally shown in **Figure 1**) are located along three primary corridors: Carmel Valley Road, Camino Del Sur, and San Dieguito Road.

The District may also fund minor capital improvements to the extent such improvements are consistent with the current apportionment methodology.

The engineering drawings for the improvements to be maintained by the District are on file at Maps and Records in the Development Services Department office. The improvements and services provided by the District will be maintained in accordance with specifications and contracts on file with the Park and Recreation Department. These

documents are available for public inspection during normal business hours.

Separation of General and Special Benefits

The identified improvements/services provide benefits to the parcels located within the District. Some of these benefits are “special benefits,” benefits that are above and beyond the City’s standard level of service, and exclusive of those “general benefits” provided to the public at large or properties located outside the District. Under Assessment Law, only “special benefits” are assessable. As such, isolation and quantification of the “special benefits” associated with the improvements/services are paramount, and illustrated in the following equations:

$$\text{Special Benefits} = \text{Total Benefits} - \text{General Benefits}$$

$$\text{General Benefits} = \text{City Standard} + \text{External Benefits}$$

$$\text{Special Benefits} = \text{Total Benefits} - [\text{City Standard} + \text{External Benefits}]$$

In these equations, “Total Benefits” refers to the cost of providing the total benefits of the improvements/services; “City Standard” represents the cost of providing the City’s standard level of service; and “External Benefits” refers to the cost of those additional benefits accruing to the public at large or properties located outside the District. In order to isolate the “Special Benefits,” it is necessary to quantify the amount of “General Benefits” associated with the improvements/services.

City Standard

As a “general benefit” (not funded by assessments), the District will continue to receive the standard level of service provided to the public at large under City-funded and administered programs for maintenance and servicing of public facilities and improvements (e.g., medians, open space, street lights, street trees, sidewalks, parks, etc.), including street sweeping and graffiti removal on public property. Consistent with City policy for the public at large, the City will provide the District with standard service levels annual contributions from the Gas Tax Fund for median maintenance (28.34¢ per square foot of

landscaped median and 5.79¢ per square foot of hardscaped median) and from the Environmental Growth Fund for open space maintenance (\$68.66 per acre). These levels of service and cost allocations, reviewed and adjusted annually by the City, are “general benefits” administered by the District.

External Benefits

Assessment Law prohibits levying assessments to pay for “general benefits” conferred to the public at large or properties located outside the District. Based on a review of the spatial limits of the District and the proposed improvements/services, it has been determined that the maintenance and servicing of the improvements has the potential to confer benefits to others outside the District.

It is estimated as much as 6.7% of the total benefit (in excess of the City standard) may accrue to the public at large or properties located outside the District (with an estimated 0.0% accruing directly to properties located outside the District, and the remaining 6.7% accruing to the general public as indirect/incidental beneficiaries passing through the District or utilizing District-provided amenities). The estimated costs associated with these “general benefits” have been quantified and will not be funded by assessments.

Cost Estimate

Estimated Costs

Estimated Fiscal Year 2016 annual expenses, revenues, reserves, and assessments (provided by the City) are included as **Exhibit B** hereto.

Annual Cost-Indexing

With the passage of Proposition 218, any proposed increase in assessments must be placed for approval before the property owners by a mail ballot and a public hearing process, similar to these proceedings. A majority of ballots received must be affirmative for the City Council to confirm and levy the increased assessments. For small assessment districts or districts with relatively low dollar assessments, the cost of an engineer's report, balloting, and the public hearing process can potentially exceed the total cost of the increase. These

incidental costs of the proceedings can be added to the assessments, resulting in even higher assessments.

Indexing assessments annually to the San Diego Consumer Price Index for Urban Consumers (SDCPI-U) plus 3%, as approved by the District property owners in Fiscal Year 2005, allows for minor increases for normal maintenance and operating cost escalation without incurring the costs of the Proposition 218 ballot proceedings. Any significant change in the assessment initiated by an increase in service provided or other significant changes to the District would still require the Proposition 218 proceedings and property owner approval.

The maximum authorized assessment established in the Fiscal Year 2005 proceedings are authorized to be indexed (increased or decreased) annually by the factor published in the SDCPI-U plus 3%. The annual change in second half SDCPI-U values, as compiled by the U.S. Bureau of Labor Statistics (see www.bls.gov), for the prior year period was from 261.679 to 265.039 (a 1.28% increase). In accordance with the approved cost-indexing provisions, the maximum authorized assessment rates contained within this Assessment Engineer's Report have been increased by 4.28%.

Method of Apportionment

Estimated Benefit of Improvements

The Transportation Element of the City's General Plan and the general policy recommendations found in the Black Mountain Ranch Subarea Plan establish several goals for the community's transportation system. The improvements to be maintained by the District are consistent with the goals for safety and pleasing aesthetics. The City's General Plan also supports the establishment of community landscape improvement and maintenance districts, such as this District, to fund maintenance of enhanced improvements and services.

The major and arterial streets within the District (i.e., Carmel Valley Road, Camino Del Sur, and San Dieguito Road) are the backbone of the local street network. These streets serve as the primary access routes for inter-community and intra-community trips and thus serve all parcels within the District. All parcels within the District, receiving direct and immediate access from the improvement (maintenance) corridors, benefit from the enhancement of these streets and frontages maintained by the District.

Adjacent communities (outside the District) have undertaken similar maintenance obligations commensurate with their respective improved corridors.

Apportionment Methodology

The total cost for maintenance of District improvements will be assessed to the various parcels in the District in proportion to the estimated Equivalent Benefit Units (EBUs) assigned to a parcel in relationship to the total EBUs of all the parcels in the District.

EBUs for each parcel have been determined as a function of two factors, a Land Use Factor and a Benefit Factor, related as shown in the following equation:

$\text{EBUs} = (\text{Acres or Units}) \times \text{Land Use Factor} \times \text{Benefit Factor}$

Each of these factors is discussed below. Parcels determined to receive no benefit from maintenance of the District improvements have been assigned zero (0) EBUs.

Land Use Factor

Since the improvements to be maintained by the District are primarily associated with the Transportation Element of the General and Community Plans, trip generation rates for various land use categories (as previously established by the City's Transportation Planning Section) have been used as the primary basis for the development of Land Use Factors. While these trip generation rates strictly address only vehicular trips, they are also considered to approximately reflect relative trip generation for other modes of transportation (e.g., pedestrian trips, bicycle trips, etc.), and are considered the best available information for these other transportation modes.

The special benefits of landscaped and hardscaped improvements maintained by the District are linked to trip generation primarily by the public safety and aesthetic enhancement of the circulation element. Trip generation rates provide the required nexus and basis for assigning relative proportionality of potential benefit to the various land use/zoning classifications (as defined by the City's Municipal Code) within the District.

Land use/zoning classifications have been grouped with averaged trip generation rates assigned to establish the Land Use Factors as shown in **Table 1**.

TABLE 1: Land Use Factors

Land Use/Zoning	Code	Land Use Factor ⁽¹⁾
Residential – Detached Single Family	SFD	1.0 per dwelling unit
Residential – Condominium	CND	0.7 per dwelling unit
Residential – Multi-Family & Apartment	MFR	0.7 per dwelling unit
Agricultural	AGR	0.02 per acre
Commercial – Office & Retail	COM	45.0 per acre
Educational – Primary & Secondary	EPS	5.0 per acre
Fire/Police Station	FPS	15.0 per acre
Golf Course	GLF	0.8 per acre
House of Worship	CRH	2.8 per acre
Industrial	IND	15.0 per acre
Open Space (designated)	OSP	0.0 per acre
Park – Developed	PKD	5.0 per acre
Park – Undeveloped	PKU	0.5 per acre
Recreational Facility	REC	3.0 per acre
Street/Roadway	STR	0.0 per acre
Undevelopable	UND	0.0 per acre
Utility Facility	UTL	3.0 per acre

⁽¹⁾ Proportional to trip generation rates contained in the City of San Diego *Trip Generation Manual* dated September 1998.

Designated Open Space serves primarily to preserve natural landscape and habitat. While access for study and passive recreation is often permitted, these activities are allowed only to the extent they are consistent with the primary purpose of natural preservation. Since this land is essentially “unused” in the customary terms of land use (which relate to human use and development), the trip generation rate is zero. Therefore, the designated Open Space itself receives no benefit from the District improvements and has been assigned a Land Use Factor of zero.

The Recreational Facility category includes those parcels that consist primarily of concentrated facilities, such as swimming pools, gymnasiums, racquetball clubs, etc. Recreational facilities of a more dispersed nature (e.g., parks, golf courses) have been

categorized separately.

While those traveling the streets and roadways visually enjoy the enhanced improvements being maintained by the District, the actual benefit accrues to the lands at the origins and destinations of their trips, not to the lands of the streets and roadways, themselves. Accordingly, the Streets/Roadways category receives no benefit and has been assigned a Land Use Factor of zero.

The Utility Facility category applies to utility infrastructure facilities, such as water tanks, pump stations, electric power transformer stations, communications facilities, etc. Utility company administrative offices are not included in this category.

Benefit Factor

The Land Use Factor described above establishes a proportionality of relative intensity of use (or potential use) for the various parcels of land within the District. It does not address the relationship of this use to the specific improvements to be maintained by the District. This relationship is reflected in the Benefit Factor utilized in the assessment methodology.

In determining the Benefit Factor for each land use category, the subcomponents of the benefits of District improvements may include some or all of the following: public safety, view corridors and aesthetics, enhancement of community identity, drainage corridors, and recreational potential. Public safety and aesthetics are the components used for this District.

As Benefit Factors and their subcomponents are intended to reflect the particular relationships between specific land uses within a district and the specific improvements maintained by the district, Benefit Factors will generally vary from one district to another, based on the specific character and nature of the applicable land uses and improvements being maintained.

For a given land use, the overall Benefit Factor is equal to the sum of the subcomponent values. If a land use category receives no benefit from a subcomponent, then a value of zero is assigned to that subcomponent. A composite Benefit Factor of 1.0 indicates that full benefit is received. A decimal fraction indicates that less than full benefit is received.

The applicable benefit subcomponents and resultant composite Benefit Factors determined for the various land use/zoning categories within this District are as shown in **Table 2**.

TABLE 2: Benefit Factors by Land Use

Land Use/Zoning	Public Safety (Max. 0.4)	Aesthetics (Max. 0.6)	Benefit Factor (Max. 1.0)
All Residential	0.4	0.6	1.0
Agricultural	0.4	0.0	0.4
Commercial – Office & Retail	0.4	0.3	0.7
Educational – Primary & Secondary	0.4	0.3	0.7
Fire/Police Station	0.4	0.3	0.7
Golf Course	0.4	0.0	0.4
House of Worship	0.4	0.3	0.7
Industrial	0.4	0.3	0.7
Open Space (designated)	0.4	0.0	0.4
Park – Developed	0.4	0.0	0.4
Park – Undeveloped	0.4	0.0	0.4
Recreational Facility	0.4	0.3	0.7
Street/Roadway	0.4	0.0	0.4
Undevelopable	0.4	0.0	0.4
Utility Facility	0.4	0.0	0.4

Public Safety. All land uses are considered to receive the maximum available benefit from the public safety element of District improvements. Public safety is essential to all land uses, and even to lands, such as designated Open Space, held in stewardship with only incidental human use.

Aesthetics. The degree of benefit received from the aesthetic qualities of landscaped and hardscaped improvements maintained by the District varies among land use categories. Generally, by nature of their use, residential lands receive the greatest benefit from the reduced traffic congestion, reduced noise levels, greater separation from traffic, and generally more tranquil environment provided by landscaped and hardscaped roadway medians and rights-of-way. Commercial and institutional uses, on the other hand, often thrive on higher densities, greater traffic access, and a higher level of activity in the vicinity of their enterprises. These uses, accordingly, receive a lesser degree of benefit from the

general insulation and separation provided by the aesthetic elements of District improvements.

Lands in the Agricultural, Golf Course, Open Space, Parks, Street/Roadway, and Utility Facility categories are considered to receive no significant benefit from the aesthetic elements of District improvements, as enhanced aesthetic quality of other lands in their vicinity does not affect their function, use, or value.

Sample Calculations

As described above, the number of Equivalent Benefit Units (EBUs) assigned to each parcel in the District has been calculated based on each parcel's land use and the identified apportionment factors, as shown in the following equation:

$$\text{EBUs} = (\text{Acres or Units}) \times \text{Land Use Factor} \times \text{Benefit Factor}$$

Shown below are sample EBU calculations for several common land uses found in the District.

- **1 Single-Family Residence**
EBUs = 1 unit x 1.00 x 1.00 = 1.00 EBUs
- **1 Condominium**
EBUs = 1 unit x 0.70 x 1.00 = 0.70 EBUs
- **10-unit Apartment Complex**
EBUs = 10 units x 0.70 x 1.00 = 7.00 EBUs
- **½-acre Commercial Property**
EBUs = 0.50 acres x 45.00 x 0.70 = 15.75 EBUs

The total assessment for each parcel in the District is based on the calculated EBUs for the parcel and the applicable unit assessment rate, as shown in the following equation:

$$\text{Total Assessment} = \text{Total EBUs} \times \text{Unit Assessment Rate}$$

Based on the above formula, the EBUs calculated for each property, can be found in the Assessment Roll (**Exhibit C**).

Summary Results

The Boundary Map for the District is shown in **Exhibit A**.

An estimate of the costs of the improvements provided by the District is included as **Exhibit B** to this report.

The assessment methodology utilized is as described in the text of this report. Based on this methodology, the EBUs and Fiscal Year 2016 District assessment for each parcel were calculated and are shown in the Assessment Roll (**Exhibit C**).

Each lot or parcel of land within the District has been identified by unique County Assessor's Parcel Number on the Assessment Roll and the Boundary Map and Assessment Diagram referenced herein. The net assessment for each parcel for Fiscal Year 2016 can be found on the Assessment Roll.

ASSESSMENT ENGINEER'S REPORT
ASSESSMENT ROLL

The undersigned, pursuant to the "Maintenance Assessment Districts Ordinance" (Division 2, Article 5, Chapter VI beginning at Section 65.0201 of the San Diego Municipal Code), the "Landscaping and Lighting Act of 1972" (Part 2, Division 15 of the California Streets and Highways Code), applicable provisions of "Proposition 218" (Article XIII D of the California Constitution), and the "Proposition 218 Omnibus Implementation Act" (California Senate Bill 919) (the aforementioned provisions are hereinafter referred to collectively as "Assessment Law"), does hereby submit the following:

1. Pursuant to the provisions of Assessment Law and the Resolution of Intention, we have assessed the costs and expenses of the works of improvement (maintenance) to be performed in the Assessment District upon the parcels of land in the Assessment District benefited thereby in direct proportion and relation to the estimated benefits to be received by each of said parcels. For particulars as to the identification of said parcels, reference is made to the Assessment Diagram and Boundary Map on file in the Maintenance Assessment Districts section of the Park and Recreation Department of the City of San Diego. A copy of the Boundary Map is included in the Assessment Engineer's Report as **Exhibit A**.
2. The Assessment Diagram included in this report shows the Assessment District, as well as the boundaries and dimensions of the respective parcels and subdivisions of land within the Assessment District, the same as existed at the time of the passage of the Resolution of Intention, each of which subdivisions of land or parcels or lots respectively have been given a separate number upon the Assessment Diagram and in the Assessment Roll (**Exhibit C**).
3. By virtue of the authority contained in said Assessment Law, and by further direction and order of the legislative body, we hereby make the following assessment to cover the costs and expenses of the works of improvement (maintenance) for the Assessment District based on the costs and expenses as set forth in the Assessment Engineer's Report.

For particulars as to the individual assessments and their descriptions, reference is made to the Assessment Roll (**Exhibit C**) attached hereto.
